

The people that we help are people within the industry who have had an injury or have fallen upon tough times and need some help or a little lift.

We send flowers for people that have died within the industry to show support.

Every May we hold an annual event for all our Veterans. The Annual Grips Veterans Lunch.

Every Christmas we send out Hampers to our Veterans and Families of members that have passed and are in financial need.

Recently we donated money to one of our members that became very ill with a rare spine cancer that left him wheelchair bound. The money we donated was towards a new wheelchair, which has change his life for the better.

We also recently donated to one of our members that fell ill, cancer again.
