### Section C

### **Objectives and activities**

Summary of the objects of the charity set out in its governing document

The promotion of community participation in healthy recreation for the benefit of the inhabitants of Quorn and surrounding area by the provision of facilities for playing bowls.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

The club operated and maintained a 6 rink lawn bowls green, a changing pavilion and clubhouse, with associated grounds and car parking. These facilities were made available to club members who played social bowls and represented the club against other clubs. In addition the local community were able to use the facilities at other times, with several local community groups regularly booking the clubhouse. To support this facility the club provided free induction training and coaching for those new to the game, operated a membership scheme, organised teams, and held many fund raising activities. All trustees have completed and signed a Trustee Eligibility Declaration, and have received, read and accepted the Charity Commission guidance related to public benefit and the role/responsibilities of trustees.

#### Additional details of objectives and activities (Optional information)

The club is entirely run by volunteers. Most trustees have specific responsibilities within the organisation, but many club members who are not trustees help out with maintaining the green, its surrounds and the buildings. Others provide refreshments and social fundraising activities.

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

Achievements and performance Section D The club enrolled over 100 members for the first time in its history. A Summary of the main team representing the club now plays on 5 days in the week, including achievements of the charity this year for the first time 2 teams on a Monday. Social bowling on during the year Fridays and Tuesdays continued to be well subscribed. Facility bookings from other local community groups were also at record levels. Despite very wet conditions throughout the playing season making green maintenance difficult, almost 100 matches against other clubs were completed. The quality of the playing surface is now considered sufficiently good to host county matches in 2020 and 2021. Most of our fundraising was held in the winter months prior to our becoming a registered charity, and outside the period covered by this report, but the income raised from such events comfortably exceeded expenses and the proceeds have been transferred to the clubs financial reserves ahead of significant additional expenditure anticipated in 2020. Negotiations with the owners of the land on which our facilities are based have made much progress, and we are hoping to sign a long lease with them in 2020. This will give us the security of tenure, the lack of which has prevented us from accessing grants or planning long term development of our facilities.
