Trustees Report (2018 – 2019)

As always the last year has been an exciting time for us. We have seen our newest projects make solid progress, and improvements we have made to our existing projects are proving a success. As always, we are continuing to enjoy the patronage of AEP UK Ltd, enabling us to develop our services and low cost rent of premises to like minded organisations at 60 Gold Street, Northampton.

Friendship Zone has demonstrated and still demonstrates to the world that hard work and an innovative approach can be the basis for unparalleled success. Notwithstanding the tough involvement in a Charity as a non-profit organization, Friendship Zone has proven that an innovative business model based upon a firm belief in its product can outperform bigger competitors.

Our project Vote2Give is proving to be a success and has enabled us to distribute in excess of £62000 in micro grants to a range of registered charities across the UK, supporting an array of causes. By utilising social media websites such as Twitter and Facebook, we have been able to raise awareness of Vote2Give, the charities is has supported and also use our social media platform to help communicate the fundraising efforts of the public.

Our training and community centre at 60 Gold Street, in the town centre of Northampton continues to be a great success. Income generated by the rental revenues continues to secure our charity self-sufficient future, positively affecting cash flow and continuous investment into our main core social networking activities and increasing the amount of micro grants given out. The number of people benefiting from our superbly located community and training centre, which houses like minded organisations providing various types of community beneficial services reaches thousands. It is an excellent example of how a registered charity can survive without asking for money, but earning it by providing cost effective services for the benefit of the community.

We continue to enjoy the tenancy of Diversity Training in our training centre. Diversity Training sees hundreds of people to take part in, or enquire about the training programs and support they offer. Other tenants residing at our community and training centre offer community beneficial services of the following kind: immigration advice, music therapy, helping disabled people into employment and training, care support, improving personal health, employment and recruitment services, support of people in third countries through trade and children presents supply.
