STRUCTURE, GOVERNANCE AND MANAGEMENT

Governing document

The charity is controlled by its governing document, a constitution and constitutes an unincorporated charity.

Risk management

The trustees have a duty to identify and review the risks to which the charity is exposed and to ensure appropriate controls are in place to provide reasonable assurance against fraud and error.

OBJECTIVES AND ACTIVITIES

Objectives and aims

Our objective firmly remains benefitting the public through helping relieve the suffering of cats in need of shelter, care, veterinary treatment, rehabilitation and eventual rehoming. The charity provides the infrastructure for such care in its main premises and increasingly through a volunteer fostering network across Greater London and North Kent.

In addition, the charity allocated significant human resource and time to educating the public in providing prompt and better care to owned cats, strays and ferals, with a view to controlling the numbers of cats in need. The charity has been very active at advocating and facilitating the logistics of neutering of all cats, as a means of preventing cruelty and suffering among cats and relieving the burden of care from well intended, under-resourced members of public; and actively facilitates logistics of neutering among stray and feral cat populations. The charity also helps poorly resourced cat charities, advocates neutering among stray and feral cat populations, provides advice, knowhow and hands-on help, with abandoned and street cats, some in need of specialist veterinary care, transferred, rehabilitated and adopted in the UK as a nominal gesture of assistance and compassion.

Strategic expansion to North London

The charity continued preparing the site in Palmers Green, North London to accommodate a charity-run cat veterinary clinic and enable the fostering of local homeless cats by the live-in volunteer at the location, always with a view to adoption. Planning issues with the South London Rehoming Hub hampered efforts and stalled progress on the North London site, given that the charity is heavily reliant on volunteer efforts and time. These were finally resolved by a favourable decision on the charity appeal to the Planning Inspectorate in December 2017.

REPORT OF THE TRUSTEES FOR THE YEAR ENDED 31 DECEMBER 2017

Volunteers

Volunteers are the driving force and key resource of the charity. We encourage all members of our charity to engage in some form of volunteering so that more can be achieved per £1 donated. The expanding community-based volunteer team of the charity is the key reason of the expansion of work and increase in the number of cats helped, neutered, rehabilitated and rehomed. All tasks and roles in the charity are volunteer based. The project management function is carried out by the founder Evina Koroni, who at the end of this year resigned as Trustee, effective January 1st 2018.

The charity has continued expanding its volunteer fostering network to more areas in Greater London, and has been thus enabled to help more cats in need. This was also facilitated by a continuous rotation of volunteer fosters and cat care volunteers.

Approved by order of the board of trustees on 08 March 2020 and signed on its behalf by:

A handwritten signature in black ink, appearing to be 'Evina Koroni', written over a faint, illegible stamp or background.
