STRUCTURE, GOVERNANCE AND MANAGEMENT

Governing Document

DM Charitable Trust is a charity governed by a trust deed dated 4 July 2005.

Organisation

The day to day affairs of the Charity are administered by the Trustees whose Chairman is Mr S J Goldberg.

Where there is a requirement for new Trustees, these would be identified and appointed by the remaining Trustees. The Chairman of the Trustees would be responsible for the induction of any new Trustee, which involves awareness of a Trustee's responsibilities, the governing document, administrative procedures, the history and philosophical approach of the Charity. A new Trustee would receive copies of the previous year's annual report and accounts with detailed explanation thereof.

All trustees give their time voluntarily and no benefit or expenses were paid to them in the year.

Risk Management

The Trustees have identified and reviewed the major risks to which the Charity is exposed, in particular those related to the operations and finance of the Charity, and are satisfied that systems are in place to mitigate those risks.

It is recognised that systems can only provide reasonable but not absolute assurance that major risks have been adequately managed.

TRUSTEES' ANNUAL REPORT (continued)

YEAR ENDED 30 JUNE 2019

OBJECTIVES AND ACTIVITIES

The objectives of the Charity are:

- (a) the advancement of the Orthodox Jewish Religion in accordance with the determination from time to time of the Court of the Chief Rabbi,
- (b) the advancement of education both religious and secular, and
- (c) the relief of the poor, sick, feeble and frail.

The Trustees confirm their compliance with the duty to have due regard to the public benefit guidance published by the Charity Commission when reviewing the Charity's aims and objectives and in planning future activities and setting the grant making policy for the year.

It has concentrated its activities on supporting religious Jewish educational institutions and charitable organisations, by making donations and grants available to them.

Grant Making Policy

The Trustees are approached for donations by a wide variety of charitable institutions operating in the United Kingdom and abroad. The Trustees consider all requests which they receive and make donations based on the level of funds available.

ACHIEVEMENTS AND PERFORMANCE

During the year the Charity was involved in philanthropic activities and support of educational and other charitable institutions both in Great Britain and abroad. The aggregate of donations made during the year was £1,036,419 (2018: £1,544,924). No change in activities is envisaged in the immediate future. The funds were granted to institutions providing religious and general education and vocational studies, and charitable organisations that carry out charitable activities in accordance with the charity's objectives, such as provision of food and other basic necessities to the needy and support of the sick.

FINANCIAL REVIEW

Financial Position

The trustees consider the financial performance of the charity to be satisfactory.

The free reserves of the Charity at the balance sheet date were £1,565,467 (2018: £2,549,118).

Reserves Policy

It is the policy of the Charity to maintain unrestricted funds, which are the free reserve of the Charity, at a level which the Trustees think appropriate after considering the future commitments of the Charity and the likely administrative costs of the Charity for the next year. A proportion of the reserves is held in readily realisable form to cover on-going grant-making activities arising from additional calls made upon the charity for the support of organisations in times of need. The Charity's reserves are represented by unrestricted funds arising from past operating results. The Trustees are satisfied that the present balance of distributable reserves is sufficient to support anticipated expenditure.

Principal Funding Sources

The Charity's principal funding source in the year was voluntary donations.

INDEPENDENT EXAMINER'S REPORT TO THE TRUSTEES OF THE DM CHARITABLE TRUST

YEAR ENDED 30 JUNE 2019

I report to the trustees on my examination of the financial statements of The DM Charitable Trust ('the charity') for the year ended 30 June 2019.

RESPONSIBILITIES AND BASIS OF REPORT

As the trustees of the charity you are responsible for the preparation of the financial statements in accordance with the requirements of the Charities Act 2011 ('the Act').

I report in respect of my examination of the charity's financial statements carried out under section 145 of the 2011 Act and in carrying out my examination I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

INDEPENDENT EXAMINER'S STATEMENT

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

- accounting records were not kept in respect of the charity as required by section 130 of the Act; or
- 2. the financial statements do not accord with those records; or
- 3. the financial statements do not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a 'true and fair' view which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

The financial statements are prepared in sterling, which is the functional currency of the entity.

Going concern

There are no material uncertainties about the charity's ability to continue.

Judgements and key sources of estimation uncertainty

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported. These estimates and judgements are continually reviewed and are based on experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Fund accounting

General unrestricted funds comprise the accumulated surplus or deficit on income and expenditure account. They are available for use at the discretion of the Trustees in furtherance of the general objectives of the Charity.

Restricted funds are funds subject to specific restricted conditions imposed by donors. There are no restricted funds as at the Balance Sheet date.

Designated funds are funds which have been set aside at the discretion of the Trustees for specific purposes. There are no designated funds as at the Balance Sheet date.

Incoming resources

All income is included in the statement of financial activities when entitlement has passed to the charity, it is probable that the economic benefits associated with the transaction will flow to the charity and the amount can be reliably measured.

Income from donations or grants is recognised when there is evidence of entitlement to the gift, receipt is probable and its amount can be measured reliably.

NOTES TO THE FINANCIAL STATEMENTS (continued)

YEAR ENDED 30 JUNE 2019

3. ACCOUNTING POLICIES (continued)

Resources expended

Expenditure is recognised as soon as there is a present obligation committing the Charity to pay out resources, it is probable that a transfer of economic benefits will be required in settlement and the amount can be measured or estimated reliably.

Support costs

Support costs are those costs which are common to all areas of the organisation. These are allocated across all areas of activity on the basis of the number of service users for each activity.

Governance costs

Governance costs are associated with the governance arrangements of the charity and relate to the general running of the charity. These costs include audit, legal advice for Trustees and costs associated with meeting constitutional and statutory requirements such as the cost of Trustee meetings and the preparation of the statutory accounts.

Financial instruments

A financial asset or a financial liability is recognised only when the entity becomes a party to the contractual provisions of the instrument.

Basic financial instruments are initially recognised at the amount receivable or payable including any related transaction costs, unless the arrangement constitutes a financing transaction, where it is recognised at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Current assets and current liabilities are subsequently measured at the cash or other consideration expected to be paid or received and not discounted.

Debt instruments are subsequently measured at amortised cost.

Foreign currencies

Transactions in foreign currencies are recorded in sterling at the average rate of exchange for the year. Assets and liabilities in foreign currencies are expressed in sterling at the rates of exchange ruling on the balance sheet date. All exchange differences incurred in the year are taken to the Statement of Financial Activities.
