Financial review

Brief statement of the charity's policy on reserves

The charity does not have a reserves policy.

Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

During this period the charity did not carry out any fundraising or apply for any grants. Minimal costs for insurance and IT were covered through the small cash donations received from its Trustees.

As agreed by the Trustees, the charity would be wound down at the end of 2019.

Section F Other optional information

Restyle was given free use of a central retail space in Coventry on a temporary lease. The unit was fitted out as a charity shop (with either donated or secondhand equipment) on the ground floor with storage and sorting space on the second floor. The unit was used as:

1. A central donation, sorting and storage point in Coventry for goods to be redistributed to other charities and partners delivering front line services.
2. A pop up charity shop selling donated goods that were not required for redistribution.
3. a base providing volunteering opportunities and retail work experience placements.

The temporary lease was ended in February 2015 as the economic climate had changed and the centre containing the unit was sold. The new owners planned a refurbishment for new shops, cafes and restaurants.

In an attempt to keep a base in Coventry, we took on a lease of a much smaller unit in another area of the city centre from the Council at a reduced rent, but unfortunately after six months the Trustees agreed that the unit did not have sufficient foot fall to provide the income required to cover the costs of rent, utilities etc.

Therefore since the end of May 2015, the charity has not been operating a charity shop but continued to seek to received and redistribute surplus goods (including the remainder of the donated stock from the charity shop), through its Storehouse programme.

The Charity being unable to acquire the necessary resources had ceased to function and the Trustees had agreed to officially close the charity down at the end of 2019.

Section G Declaration

The trustees declare that they have approved the trustees' report above.
