Trustees' Report

for the Year Ended 31 October 2019

The trustees who are also directors of the charity for the purposes of the Companies Act 2006, present their report with the financial statements of the charity for the year ended 31 October 2019. The trustees have adopted the provisions of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2015).

OBJECTIVES AND ACTIVITIES

Objectives and aims

The principal activities of the charity continue to be to:

- Protect the natural beauty of the River Thames, adjacent lands and buildings of historic interest
- Promote nature conservation
- Support and contribute to the efforts of other organisations with similar interest in the river
- Preserve and extend amenities which allow and encourage the use of the river for all purposes

Achievements and performance

During the year the Society undertook a range of activities in support of our aims to protect and promote the Thames.

We worked with many other bodies, including the Environment Agency, Port of London Authority, Thames Path Partnership, Thames & London Waterways Forum and the Thames Rivers Trust.

We kept in touch with MPs in riparian constituencies, relevant Ministers and " Shadow " Ministers on matters affecting the river.

Social,cultural and educational activities were organised. Our River Wardens continued to monitor the Thames Path and we maintained the length of river bank we own near Marlow.

Public benefit

The Directors took note of the Charity Commissioners' guidance on public benefit by providing a range of talks, displays, information stands and a quarterly magazine to inform the public on the ways the Society safeguards the river. A large amount of information was given on request to members of the public, broadcasting and educational bodies. We continued to make annual awards to individuals and organisations making a significant contribution to the river and gave grants to a range of youth, sporting and environmental bodies.

Financial review

The Statement of Financial Activities for the year on page 7 shows net income for the Society of £961 (2018 £14,237). All of the funds received during the year were unrestricted funds and which could be used to enable the charity to meet its running costs and to allow the trustees to utilise funds for relevant charitable purposes.

During the year the trust generated the following income;

- 1) Donations and subscriptions totalling £18,978 (2018- £22,531, plus a £10,000 legacy) were raised.
- 2) Income generated from the Thames Guardian magazine and merchandise sales totalled £7,167 (2018 - £7,319).
- 3) Events realised income of £12,508 (2018 - £10,924).
- 4) Investment income in the form of bank interest totalled £1,462 (2018 - £973). The increase in value of the COIF Units in the Charities Ethical Investment Fund was £4,292 (2018 - £1,688).

The Thames Guardian magazine realised a surplus of £1,410 towards charitable activities, with the added advantage that it also saves the cost of a separate members newsletter. Included in charitable expenditure is £6,125 defrayed on grants is shown in note 5 to the financial statements, which reflects a considerable increase on the previous year.

There were no movements in fixed assets in the year, save depreciation on existing assets.

As at 31 October 2019 total generated funds were £174,284 (2018 - £173,323); The restricted funds previously held for the specific purpose the New Wardens Scheme were defrayed in 2017 and as no further restricted income has been received a nil balance is carried forward at the balance sheet date.

OBJECTIVES AND ACTIVITIES

Investment performance

The charitable company's basic investment objective is to maintain the real value of its investments and to maximise income. In order to do this, the charity has invested surplus funds in the COIF Charities Ethical Investment Fund Accumulation Units, with further excess funds being placed in a deposit account which is both a safe investment and gives a reasonable rate of return, although at present the return is impacted by the low rates of interest on offer from Banks & Building societies.

Reserves policy and going concern

The charitable company's net income for the year ended 31 October 2019 totalled £961 (2018 £14,237). This includes accumulated unrealised profits on investments of £4,292. The balance on the unrestricted income fund at 31 October 2019 was £174,284 (2018 £173,323). As detailed in the Financial Review there was no balance held on restricted funds.

The Directors regularly review the reserves policy, based upon current levels of expenditure and income, and are actively seeking to make grants to worthy individuals and organisations which fall within the charitable company's remit. The policy is to ensure unused surplus funds do not accumulate whilst allowing for risks to income flows resulting from damage to reputation and the effects of a severe recession reducing membership and donations. The River Thames Society does not intend to be a reserves-rich charity and in any event, the Society's current activities do not require this. The trustees consider that adequate resources will continue to be available to fund the activities of the Society for the foreseeable future and view the charity as a going concern.

FUTURE PLANS

The future aims of the Society are to extend current activities, develop educational work, increase our presence at river-related events and support for initiatives of benefit to the wider river community.

STRUCTURE, GOVERNANCE AND MANAGEMENT

Governing document

The financial statements comply with the Charities Act 2011, the Companies Act 2016 and the Memorandum and Articles of Association. The trustees have adopted the provisions of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard 102 (effective 1 January 2015).

Trustee directors and other appointments

The trustee directors serving on the River Thames Society Council are shown on page 1.

The Chairman of the Council is Peter Finch.

The president and vice presidents (which are non-directorship appointments) serve three-year terms. The year in which they become due for re-election is published in each year's notice of Annual General Meeting. The elective directors also serve three-year terms. The year in which their terms of office cease are published in each year's notice of Annual General Meeting. All other directors are elected annually.

Organisation and structure

River Thames Society is a registered charity and is a registered company limited by guarantee. The company was incorporated and is governed by its memorandum and articles of association dated 22 August 1983. The charity was registered with the Charity Commission on 23 January 1984.

The Society consists of five branches covering the whole of the river from the source to the sea. It is governed by a council, which consists of the chair of each branch and members elected for a term of office at each Annual General Meeting by the members.

Notes to the Financial Statements
for the Year Ended 31 October 2019

1. ACCOUNTING POLICIES

Basis of preparation

The financial statements of the charitable company, which is a public benefit entity under FRS 102, have been prepared in accordance with the Charities SORP (FRS 102) 'Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2015)', Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Companies Act 2006. The financial statements have been prepared under the historical cost convention with the exception of investments which are included at market value, as modified by the revaluation of certain assets.

The accounts are prepared on the going concern basis.

Income

All income is recognised in the Statement of Financial Activities once the charity has entitlement to the funds, it is probable that the income will be received and the amount can be measured reliably.

For legacies, entitlement is taken as the earlier of:

- the date on which the charity is aware that probate has been granted;
- the estate has been finalised and notification has been made by the executor(s) to the Trust that a distribution will be made; or
- when a distribution is received from the estate.

Donated services and facilities are recognised as income when the charity has control over the item. On receipt, donated services and facilities are recognised on the basis of the value of the gift to the charity and a corresponding amount is then recognised in expenditure.

Expenditure

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

Costs of Generating Funds - Fundraising costs represent the costs of raising funds and include the costs of annual fundraising dinners and events and relevant administration costs.

Irrecoverable VAT - Irrecoverable VAT is charged to the Statement of Financial Activities in the period in which it arises.

Charitable expenditure - Charitable expenditure comprises the costs of carrying out the Society's Activities and includes the costs of producing the Thames Guardian magazine and charitable grants.

Central administration & Governance costs - Central administration costs not directly attributable to any particular activity are spread equally between fundraising and publicity and charitable expenditure. Governance costs are split in proportion to direct costs in a similar manner.

Grants offered subject to conditions which have not been met at the year end date are noted as a commitment but not accrued as expenditure.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Freehold property	- not provided
Equipment	- at variable rates on reducing balance
Cutter	- 15% on reducing balance
