TRUSTEES AND DIRECTORS REPORT

FOR THE YEAR ENDED 31 JULY 2019

The Directors, who are the trustees of the charity, present their annual report and independently examined financial statements for the Year ended 31 July 2019.

Structure, Governance and Management

Bahr Academy is a school which operates in the form of a Charity and a company limited by guarantee. It is governed by its Memorandum and Articles of Association dated 24th February 2010. It is registered as a charity with the Charity Commission.

The Board have the power to make bye laws and rules governing the affairs of the charity.

With a view to effectively govern, the Board authorises a committee of trustees to serve as the Office Bearers which includes the Chair, Vice Chair, General Secretary and the Treasurer. The Office Bearers maintain a close link with centre management to oversee the overall operation. In addition, the Board also elects sub- committees for the effective monitoring of different services and taking the lead on its behalf on matters relating to the services to ensure the best interest of the beneficiaries. The Board also, occasionally, sets up ad hoc working groups to look at specific matters and to report back.

Appointment of Directors and Trustees

The Directors, who are majority of the Trustees, are appointed by members in general meeting and are collectively known as the Board.

The Trustees who served during the year, together with any changes up to the date of approving this report are listed in the company information page.

Organisation

The Board, which must not be less than three members, administers the Charity and meets as necessary. Besides the Office Bearers and the sub-committees, the Board also, occasionally, sets up ad hoc working groups to look at specific matters and to report back.

The day to day operations of the Charity are the responsibility of the Centre Manager, to whom the Trustees delegate authority for operational matters including finance, employment and development, within the overall strategy agreed by the Board.

Risk Management

The Trustees have undertaken a review of the major risks to which the school is exposed, and systems have been established to mitigate those risks. Periodic reviews are made to ensure that the charity continues to identify and mitigate any major risk that may arise.

Student fees remain adequate to fund teaching and general administration costs. However, major financial risks facing the charity remain in connection with:

- Raising enough funds to finance building maintenance, security and continue with the expansion of facilities;
 - Uncertainty about the continuing financial capacity of some of the regular funders to continue to support this work;
 - The short-term nature of project funding which is in the form of donations and short-term interest free loans from individuals as opposed to bank finance. New providers of interest free loans and donations are most welcome for this purpose.

Ensuring our work delivers our aims and objectives

Bahr Academy is a school which endeavours to provide an education that fulfils the needs of our students. Ensuring that each student receives the attention and care needed to achieve the best results. Our Teachers take extra care in lesson preparation. Homework is consistent to ensure a balance is maintained between classroom and independent study.

We believe that faith plays a key role in the nurturing of each child; it breeds an understanding and a sense of maturity towards other faiths as well as one valuing their own faith. A sense of community and friendship is formed which aids the atmosphere of learning; it promotes confidence, resulting in the spiritual and emotional welfare re of the pupils.

The academy is strongly placed to provide a model example of education with a distinctive religious paradigm coinciding with mainstream education, a key combination lacking in modern British society.

Bahr Academy is a non-profitable institute and School founded and run by people committed to reviving a balanced way of life with a quality education that is taught in a way that is dynamic and applicable to people living in Newcastle upon Tyne and the United Kingdom as a whole.

The institute understands the need for balanced education and strives to maintain a cultural legacy, constitute a positive moral force in today's world, and how it can serve humanity at large. There is a real need for this provision of quality education that is taught in a conducive environment, thus ensuring that the future generation is successful in both the worlds.

In particular, the trustees refer to the guidance contained in the Charity Commission's general guidance on public benefit when considering how planned activities will contribute to the Charity objectives and aims.

Review of progress/ Achievements

Recent years have seen growth in the number of students attending the school and the Academy seeks to manage expansion in a professional manner with the assistance of a professional project management consultants. Investment to provide more facilities has been substantial and further projects to remain under review for the next year

Other Projects/Activities

The core service is that of teaching. The other major project remains that of the maintenance, expansion and improvement of facilities and of acquiring the funds to achieve this aim.

How our activities deliver public benefit

The key beneficiaries of our work are the communities in the catchment that we serve. Predominantly, our users come from the local Bangladeshi, Pakistani, Kashmiri, African and the Afghanistan communities; however, the Equal Opportunities Policy that we abide by ensures that no individual is discriminated against. Our focus has been on all age groups, and both men and women. Our service users come from all over the North East of England.

The various ad-hoc projects are all designed to benefit the respective sections of the community. The academy being at the heart of the community allows the user groups and the local community to meet, discuss, consult and run cohesion activities.

Financial Review

A determined focus on balancing the books, tighter controls on costs and a review of the entire operational structure helps the organization to match income with expenditure each year

There is a healthy free reserve (unrestricted funds not designated) which could be used to cover running costs in the event of unforeseen curtailment of income in the coming year.

For Financial year end of 2019 there has been a deficit incurred due to a low amount of donations coming through. The reserves of the organisation have had to help the Academy for this year.

Plans for the next 12-24 months

The plan for the next 12-24 is to expand the school facilities into the refurbished premises.
