Section C

Objectives and activities

Summary of the objects of the charity set out in its governing document

To provide medical equipment to hospitals in Africa and train healthcare professionals for the benefit of the locals.

We expanded our mission and vision this year which are still in line with our governing document

Our Mission

To improve access to healthcare and health education in Sub-Saharan Africa.

Our Vision

To eliminate the disparity in healthcare in Sub-Saharan Africa and the developed world

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

All events and activities carried out this year were in association with our constitution and the guidance issued by the charities commission.

No fundraising events were carried out this year.

Following our restructure in 2018, we contacted a variety of hospitals in Nigeria to help start work on developing guidelines till November 2018. In November, we made contact with a primary healthcare center in Kuje, Abuja, Nigeria. They were very receptive and we proceeded to begin groundwork. Meetings were held with key players in the Federal Ministry of Health (FMOH) in Nigeria in the non communicable diseases sector to help tailor our guidelines to local and national needs.

We planned a project to create a new guideline and provide training on Hypertension working with both the FMOH and a local government area called Kuje in Abuja, Nigeria.
