**OBJECTIVES AND ACTIVITIES**

**Objectives and aims**

Our **vision** is for the effective and widespread use of football as a tool for tackling poverty and disease, and promoting development, in the world's poorest communities.

Our **mission** is to develop and deliver highly effective and innovative development through football programs that address social disadvantage among children and youth and provide opportunities and inspiration for them to transform their lives and achieve their potential.

These efforts are focused in Lesotho in providing opportunities to transform the lives of disadvantaged young people through delivering health education, HIV testing, life-skills development, mentoring and support towards education, employment and sustainable livelihoods for orphans and vulnerable children

Our principal objectives are:

1. The relief of poverty, hardship and distress throughout the world by the provision of financial and/or material assistance of those in need and by the collection, collation and public distribution of related information. And
2. The preservation and protection of good health throughout the world, in particular in relation to issues surrounding HIV/Aids, by the provision of information and advice to those at risk or who are suffering the effects of HIV/Aids and, at the discretion of the Trustees, by the provision of financial assistance to those affected.

The Charity is organised so that the trustees meet regularly to manage its affairs.

**PUBLIC BENEFIT STATEMENT**

Kick 4 Life has supported the good works of Kick 4 Life Trust in Lesotho which delivers a programme of health education, HIV testing, life-skills development, mentoring and support towards education and employment for orphans and vulnerable children. for the Year Ended 31 December 2019**

**FINANCIAL REVIEW**

**Financial, investment and reserves**

**Introduction**

- Kick4Life is a Charitable Trust registered in the UK in 2005.
- The trustees are governed by the Trustee Act 2000 which sets out the general power of investment.

**Organisational objectives**

In line with the founding objectives around the global relief of poverty and the preservation and protection of good health, Kick4Life aims to support the good works of Kick4Life Trust, a charity registered in Lesotho, southern Africa. In doing so Kick4Life uses the power of sport to transform the lives of orphans and vulnerable children in Lesotho. This includes health education and HIV prevention, voluntary HIV testing, life-skills development, mentoring & support towards education and employment.

This support of Kick4Life Trust is manifested in direct financial assistance and support with fundraising, promotion and management and strategic support including Monitoring & Evaluation and Human Resources. Kick4Life's support is focused on capacity-building Kick4Life Trust for the long-term success of the organisation in achieving its objectives and in achieving growth and financial sustainability.

**Investment objectives & Reserves strategy**

- Kick4Life aims to grow reserves at a level of six months combined operational turnover for Kick4Life and Kick4Life Trust. This is in line with widespread guidance about good financial practice, and will put both organizations in a strong position to pursue their common objectives.
- In doing so the charity seeks to produce the best financial return within an acceptable level of risk to be determined by trustees when selecting investment products.

**Risk management**

- 85% of the charity's assets should be held in cash, near-cash and low risk investments denominated in Sterling.
- The remaining 15% may be invested in strategic opportunities that support the objectives of the charity and the work it supports in Lesotho. These may be higher risk investments.
- The charity's cash balances should be deposited with institutions with a minimum rating of A- or invested in a diversified money market fund.
- The Trustees will seek to invest in a combination of longer-term investments offering high levels of return as well as investments which allow the majority of reserves to be accessed within a one month period as may be required from time to time.

The trustees have a duty to identify and review the risks to which the charity is exposed and to ensure appropriate controls are in place to provide reasonable assurance against fraud and error. In accordance with current best practice the Trustees regularly review the actual and potential risks which affect the operations and administration of the charity and are satisfied with the procedures and other safeguards they have put in place to minimise those risks..

**Management, Reporting & Monitoring**

- The trustees monitor the performance of all investments on a quarterly basis with updates from the Chief Executive.
- The investment policy will be reviewed on an annual basis at the end-of-year Board meeting with any required changes made in time for the following year.

**Reserves policy**

The charity's policy on reserves is compliant with that of the Charity Commission. Kick 4 Life's long-term goal is to achieve reserves that amount to six months of operational turnover in the UK to consolidate and strengthen the organisation for its long-term success and stability. The charity also aims to hold reserves that represent six months operational turnover of Kick 4 Life Trust to strengthen the financial position of our partner organisation and to provide financial assistance if required. The trustees set annual targets for increasing reserves towards target levels and review progress against these targets on a regular basis. They also review the reserves policy on an annual basis at the end of year board meeting in December when the budget for the following year is set.

**Financial review**

The Trustees are satisfied with the charity's incoming resources of £250,030, outgoing expenditure of £223,198 and a net income of £26,832.

The trustees are responsible for preparing the Report of the Trustees and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice) including Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland"

The law applicable to charities in England and Wales, the Charities Act 2011, Charity (Accounts and Reports) Regulations 2008 and the provisions of the trust deed requires the trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charity and of the incoming resources and application of resources, including the income and expenditure, of the charity for that period. In preparing those financial statements, the trustees are required to

- select suitable accounting policies and then apply them consistently;

- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in business.

**NOTES TO THE FINANCIAL STATEMENTS  
for the Year Ended 31 December 2019**

**1. ACCOUNTING POLICIES**

**Basis of preparing the financial statements**

The financial statements of the charity, which is a public benefit entity under FRS 102, have been prepared in accordance with the Charities SORP (FRS 102) 'Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)', Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Charities Act 2011. The financial statements have been prepared under the historical cost convention.

The Trustees consider there are no material uncertainties about the Charity's ability to continue as a going concern. The most significant area of estimation and judgement is that of securing grant funding and donations and the trustees have no concerns that this flow of income will not continue.

**Income**

All income is recognised in the Statement of Financial Activities once the charity has entitlement to the funds, it is probable that the income will be received and the amount can be measured reliably.

Income from donations and fundraising activities is recognised on a receivable basis and when any conditions for receipt are met.

Gift Aid receivable and other income is included in income based on the amount recoverable at the balance sheet date.

Grants are recognised when the charity has been notified in writing of both the amount and settlement date. In the event that the grant is subject to conditions that require a level of performance before the charity is entitled to the funds, the income is deferred and not recognised until those conditions are fully met, or the fulfilment of those conditions will be fulfilled in the reporting period.

Consultancy income is the value of services provided. Income is recognised on a percentage degree of completion basis calculated by reference to the time expended compared to the anticipated time.

Interest on funds held on deposit is included when receivable and the amount can be measured reliably by the charity; this is normally upon notification of the interest paid or payable.

**Expenditure**

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

**Governance costs**

Support costs have been allocated between governance costs and other support. Governance costs comprise all costs involving public accountability of the charity and its compliance with regulation and good practice.

**Tangible fixed assets**

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

|                     |               |
|---------------------|---------------|
| Plant and machinery | - 20% on cost |
| Computer equipment  | - 33% on cost |

**Fund accounting**

Unrestricted funds can be used in accordance with the charitable objectives at the discretion of the trustees.

### **NOTES TO THE FINANCIAL STATEMENTS - continued** **for the Year Ended 31 December 2019**

#### **1. ACCOUNTING POLICIES - continued**

##### **Fund accounting**

Restricted funds can only be used for particular restricted purposes within the objects of the charity. Restrictions arise when specified by the donor or when funds are raised for particular restricted purposes.

##### **Pension costs and other post-retirement benefits**

The charity operates a defined contribution pension scheme. Contributions payable to the charity's pension scheme are charged to the Statement of Financial Activities in the period to which they relate.

##### **Current asset investments**

Investments are a form of basic financial instrument and are initially recognised at their transaction value and subsequently measured at their fair value as at the balance sheet date using the closing market price. The statement of financial activities includes the net gains and losses arising on revaluation and disposals during the year.

The Charity does not acquire put options, derivatives or other complex financial instruments.

##### **Debtors**

Short term debtors are measured at transaction price, less any impairment.

##### **Creditors**

Short term creditors are measured at the transaction price.

##### **Provisions**

Provisions are set up only where it is probable that a present obligation exists as a result of an event prior to the balance sheet date and that a payment will be required in settlement that can be estimated reliably. Where material, provisions are calculated on a discounted basis.

##### **Financial instruments**

The charity only enters into basic financial instruments transactions that result in the recognition of financial assets and liabilities like trade and other debtors and creditors, loans from banks and other third parties, loans to related parties and investments in non-puttable ordinary shares.

**18. EVENTS AFTER THE REPORTING DATE**

Coronavirus

As at the Charity's year-end, 31 December 2019, China had alerted the World Health Organisation (WHO) of several cases of an unusual form of pneumonia in Wuhan. However, substantive information about what has now been identified as coronavirus (or COVID-19) only came to light in early 2020. The Trustees do not consider that any adjustments are necessary to the financial statements as a result of the existence of the Covid-19 virus.

The Charity is focusing on supporting Kick4Life Trust and applying for emergency funds on their behalf. The trustees are aware of the potential long-term impact on income from tours and the wider economic impact which could affect available future funding in the UK. For this reason the board are planning to review the fundraising approach as well as consolidating the charity's position further where possible, including further diversifying the charity's income and identifying new funding streams. The board is in regular contact with the Chief Executive to assess the situation and respond to ongoing developments.

**19. DEFERRED GRANT**

Grant income of £19,235 received 24 December 2019 is deferred on the basis that income was received in advance of a two-year project commencing 1 January 2020.
