The charity is independent of any other charitable or political organisation and collects its funds entirely from voluntary donors, local businesses and residents. The trustees also acknowledge the valuable help of volunteers who assist in the collections from time to time. The donations received amounted to £44,825 (2018 - £44,902), which includes

Financial review

The charity has also been successful in maintaining its regular monthly donations to a similar level to the prior year. This ensures that an appropriate level of funds is available for current and future maintenance work.

During the year the focus of the charity has been to maintain the centre as a safe and comfortable space for the local Islamic community to visit, and expenditure in the year has gone towards ensuring the centre remains fit for purpose.

Achievements and performance

The premises used for daily prayers are a conversion of a small shop, with a very narrow staircase. Unfortunately, we cannot accommodate women for prayers because due to limitations in the size and layout of the building, we are unable to provide separate facilities for both men and women in compliance with local laws and with Sharia law.

In planning activities for the year, we have had regard to the Charity Commission's guidance on public benefit. Our main activity remains the organisation of daily prayers and worship on main Muslim festival days of the year. This provides a centre for prayers and players on main Muslim festival days of the year. This provides a centre for players and worshippers of the Islamic community residing or working in central London.

The objects of the charity are for general charitable purposes, particularly for the care and support of the Islamic community of persons residing in central London.

Objectives and activities

There were no custodian trustees.

The trustees who served during the year and since the year are set out on page 3. Trustees are appointed by the existing trustees in a meeting and hold office until the appointment is terminated by the trustees or by resignation.

The charity is constituted under a trust deed dated 11 July 1977 and is a registered charity number 274284.

Structure, governance and management

These are set out on page 3.

The law applicable to charities in England and Wales requires the charity trustees to prepare financial statements for each year, which give a true and fair view of the state of affairs of the charity and of the income and application of resources of the charity for that period. In preparing the financial statements, the trustees are required to take account of the incoming resources and application of resources of the charity for the year and of the unrestricted funds available for the financial year.

Statement of Trustees responsibilities

As the charity has no restricted or endowed funds it is the policy of the charity to maintain unrestricted funds, which are the free reserves of the charity, at a minimum level equivalent to two to three months unrestrictive expenditure. This provides sufficient cover for day-to-day management and administration costs of the charity. The charity does not make any grants to any individuals or institutions.

The trustees endeavor to raise collections on this basis so that there are adequate funds to carry out the scheduled maintenance programme.

Total receivables were £1,203 (2018 - £1,357). The charity has a surplus of funds for the year of £6,037 (2018 - £14,288). There is annual planned maintenance for the building.
