boltad	Report for the	aunnA 'essieuri'
Name of chief executive	or names of senior sta	ff members (Optional information)

Michelle Bolton – Manager of Little Achievers

# Section B Structure, governance and management

## Description of the charity's trusts

Type of governing document (eg. must deed, constitution)	Constitution dated 29.1.2018
How the charity is constituted (eg. must, association, company)	Charitable Incorporated Organisation
Trustee selection methods (eg. appointed by, elected by).	Appointed by existing Trustee Board

## Additional governance issues (Optional information)

The Trustees have considered the risk appetite of the charity. They have adopted a zero-risk tolerance to legal and regulatory risk. Their appetite for risk can be characterised as low reflecting the nature of the charitable organisation and their responsibilities to service users. The Trustees maintain and regularly review their risk register and take actions to reduce or eliminate risk where possible.

## **Section C**

# **Objectives and activities**

Summary of the objects of the charity set out in its governing document

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit) The object of the CIO is the relief of children with Down Syndrome or other additional needs, particularly by providing appropriate support to their parents or guardians, so that such children may achieve their full potential.

2019 represented the first full year of operational activity for DS Achieve having officially launched to the public on 2<sup>nd</sup> September 2018 following registration with the Charity Commission on 29<sup>th</sup> January 2018.

In order to plan and execute suitable activities which meet the charity's objectives, the Trustees have had regard to the guidance issued by the Charity Commission on public benefit. These guidelines were discussed and used to plan three main areas of activity for 2019:

1) Continuation of the pre-school teaching class for children with Down Syndrome aged five years or under, called Little Achievers

- Training sessions for parents and guardians of children with Down Syndrome and professionals working with children with Down Syndrome
- 3) The launch of **Young Achievers**, a monthly social skills and interaction programme for primary-aged children.

#### **Little Achievers**

Little Achievers is a weekly teaching class during term time for children, aged five years and under, with Down Syndrome. It focuses on early skills in the areas of literacy, numeracy, fine motor skills, physical development and communication. The teacher is a highly professional individual who has extensive experience in teaching and working with children and young people with Down Syndrome. Progress is monitored by the class teacher and reported at the end of the term.

The teaching class is accompanied by a wraparound 'Stay and Play' session which includes a number of focused developmental and fun play activities, as well as sing and sign sessions. Visiting professionals also join the Stay and Play at regular intervals to offer advice to parents.

From the Autumn term, DS Achieve were delighted to appoint two part time employees to support the group – a manager and a support worker.

Feedback from parents has been extremely positive with praise focusing on the highly organised nature of the class, the approachability of the staff and volunteers and the access to professionals that would otherwise prove difficult for families.

#### **Training sessions**

2019 saw the continuation of our high quality training events beginning with expert advice from a Specialist Advisory Teacher who delivered training on 'Supporting Children with Down Syndrome in an Educational Setting' and then on 'Encouraging Positive Behaviour and Social Interaction'.

Later in the year we held sessions on SEND law, delivered by IPSEA and Sensory Processing, led by an Occupational Therapist.

These courses were well attended and feedback was excellent.

#### **Young Achievers**

DOTO- ATT

non no Invi

Inteled by order increase

We were delighted to launch Young Achievers in October 2019 for primary-aged children with Down Syndrome. Young Achievers is a monthly programme of activities which are carefully designed to give children the ability to interact, develop social skills and have fun with peers. Two sessions were run during 2019 – the first focusing on arts and crafts and the second focusing on being active.

Although the Young Achievers programme is in its infancy, feedback from the children and parents has been extremely positive.

### Additional details of objectives and activities (Optional information)

The Trustees give their time voluntarily to run the charity and to support the delivery of services. In addition, the Trustees gratefully accepted voluntary support from the Board Secretary and other support from volunteers to help with the delivery of services described above.

# **Section D**

Summary of the main achievements of the charity during the year

## Achievements and performance

The Trustees of DS Achieve are delighted to report a number of key achievements during 2019.

- The appointment of two new Trustees.
- The employment of two part time members of staff to support Little Achievers.
- July 2019 saw the completion of the first full academic year of Little Achievers. The Little Achievers classes are now at maximum capacity with high levels of satisfaction from the families that the classes support.
- The continuation of our high quality training events.
- Engagement with our users to shape future services. These have been used to set the strategic and operational plan for 2020.
- The launch of Young Achievers in October 2019.

The Trustees of DS Achieve are extremely pleased with the achievements of the second year and the feedback from service users about the positive impact of services the charity has delivered.

# Section E

Brief statement of the charity's policy on reserves

## **Financial review**

the efforts life

DS Achieve aims to hold sufficient unrestricted reserves to ensure that any training courses committed to, alongside any administrative costs of the charity can be met for the following six months at any point in time.

It is expected that both the Little Achievers and Young Achievers programme will be largely funded by grant income and the delivery of the programmes will be dependent on successful grant applications. the Trustees were able to successfully secure grant funding for these programmes in 2019. Trustees will seek to secure grants in a timely manner to mitigate the risk of Little Achievers and Young Achievers not having sufficient funds to operate on a forward looking basis.

At the year end, unrestricted reserves totalled £13,318 thanks to the generosity of our donors ..

Details of any funds materially in deficit

Section F

Not applicable

### Further financial review details (Optional information)

#### RECEIPTS

Income has been received via three channels: donations, event income and grants.

#### Donations

DS Achieve were delighted to be the recipient of a number of generous donations during 2019. Total donations received amounted to £10,070. **Event income** 

Income was received from attendees to both the Little Achievers classes, Young Achievers sessions and training events. All events were subsidised by DS Achieve either through unrestricted reserves or specific grant awards. Grants

DS Achieve successfully applied for four grants (from Watford Borough Council, The Baily Thomas Charitable Fund, Local Giving and The WHSmith Community Fund) in 2019. The grant from Watford Borough Council was used to specifically fund two training events. The other three grants were all awarded to specifically fund the Young Achievers Programme. The grants were awarded for specific future periods reaching into 2020 and are all restricted funds, meaning they must be spent in accordance with each of their terms and conditions.

In addition, part of a grant awarded during 2018 was used to subsidise the Sensory Processing training event.

#### PAYMENTS

The majority of the expenditure of the charity fell into four areas: Event costs

These costs relate to four training events that were delivered over five days, and include trainer costs and expenses, refreshments, printing and venue hire.

#### **Little Achievers Classes**

Costs for the Little Achievers programme for the Spring, Summer and Autumn terms relate to venue hire, the teacher, visiting therapists, staff costs and salary, resources and assets including a sensory suitcase of equipment. Young Achievers Sessions

Costs were incurred for venue hire, the activity provider and refreshments. Administration

£49 of insurance costs relate to contents cover for Little Achievers equipment. This payment was met through restricted reserves. All other administration costs were met through unrestricted reserves and were necessary for the effective running of the charity.
