### **PUBLIC BENEFIT**

In setting objectives, developing strategies and undertaking activities, the Trustees have given careful consideration to the Charity Commission's general guidance on public benefit.

The charity makes grants to individuals and organisations who in turn deliver public benefit and so public benefit is carefully considered at the grant approval decision stage. Some grants are specifically restricted to ensure public benefit and all grants are monitored to ensure the public benefit requirement is satisfied.

# **GRANTS POLICY**

The Trustees actively review and consider all appeals for funding received from individuals and other charitable organisations operating in the areas covered by the charity.

# **GOING CONCERN**

These accounts have been prepared on a going concern basis subject to the impact that the COVID-19 pandemic might have on the operations of the charity which is unknown at this time. In the opinion of the Trustees, the charity is deemed to be a going concern and will realise its assets and meet its liabilities under the normal course of operation.

# **TRUSTEES' RESPONSIBILITIES**

The Trustees, who are also the directors of Paul and Louise Cooke Endowment for the purposes of company law, are responsible for preparing the Trustees' Report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Company law requires the Trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charity and of the incoming resources and application of resources, including the income and expenditure, of the charitable company for that year.

In preparing these financial statements, the Trustees are required to select suitable accounting policies and then apply them consistently, observe the methods and principles in the Charities SORP, make judgements and estimates that are reasonable and prudent. The Trustees must also prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue its activities.

The Trustees are responsible for keeping adequate accounting records which disclose with reasonable accuracy at any time the financial position of the charity and to enable them to ensure that the financial statements comply with the Companies Act 2006. The Trustees are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

# INDEPENDENT EXAMINER'S REPORT TO THE TRUSTEES OF PAUL AND LOUISE COOKE ENDOWMENT ('the Company')

I report to the charity trustees on my examination of the financial statements of the Company for the year ended 30 April 2020.

# Responsibilities and basis of report

As the charity trustees of the Company (and also its directors for the purposes of company law) you are responsible for the preparation of the financial statements in accordance with the requirements of the Companies Act 2006 ('the 2006 Act').

Having satisfied myself that the financial statements of the Company are not required to be audited under Part 16 of the 2006 Act and are eligible for independent examination, I report in respect of my examination of your charity's account as carried out under section 145 of the Charities Act 2011 ('the 2011 Act'). In carrying out my examination I have followed the Directions given by the Charity Commission under section 145(5)(b) of the 2011 Act.

# Independent examiner's statement

I have completed my examination. I confirm that no matters have come to my attention in connection with the examination giving me cause to believe:

- 1. Accounting records were not kept in respect of the Company as required by section 386 of the 2006 Act; or
- 2. The financial statements do not accord with those records; or
- 3. The financial statements do not comply with the accounting requirements of section 396 of the 2006 Act other than any requirement that the financial statements give a 'true and fair view which is not a matter considered as part of an independent examination; or
- 4. The financial statements have not been prepared in accordance with the methods and principles of the Statement of Recommended Practice for accounting and reporting by charities [applicable to charities preparing their financial statements in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)].

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the financial statements to be reached.

# NOTES TO THE FINANCIAL STATEMENTS

# YEAR ENDED 30 APRIL 2020

### 1. ACCOUNTING POLICIES

#### Basis of accounting

The financial statements are prepared on the historical cost basis, with the exception of investments which are stated at market value, and in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their financial statements in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019) – (Charities SORP (FRS 102)), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and the Companies Act 2006.

The financial statements are prepared in sterling, which is the functional currency of the charity and are rounded to the nearest  $\pounds$ .

Paul and Louise Cooke Endowment is a company limited by guarantee domiciled and incorporated in England and Wales. The entity is also a registered charity. The registered office is Cardinal House, 46 St Nicholas Street, Ipswich IP1 1TT. The charity is a Public Benefit Entity as defined by FRS 102.

#### Going concern

These accounts have been prepared on a going concern basis subject to the impact that the COVID-19 pandemic might have on the operations of the charity which is unknown at this time. In the opinion of the Trustees, the charity is deemed to be a going concern and will realise its assets and meet its liabilities under the normal course of operation.

#### Unrestricted funds

Unrestricted funds are donations and other income received or generated for the objects of the charity without further specified purpose and are available as general funds.

#### Expendable endowment

The expendable endowment was created by gifts. The income generated may be used for the objects of the charity without further specified purpose and is available as general funds. The capital may be spent if the Trustees so determine.

#### Income

All incoming resources are included in the Statement of Financial Activities when the charity is entitled to the income and the amount can be quantified with reasonable accuracy. The following specific policies are applied to particular categories of income:

- Voluntary income is received by way of donations and gifts and is included in full in the Statement of Financial Activities when receivable.
- Investment income and interest receivable are included when receivable.

#### Expenditure

Expenditure is recognised on an accruals basis as a liability is incurred. Expenditure includes VAT:

- Charitable expenditure comprises grants made by the charity which are accounted for when a constructive obligation arises.
- Governance costs include those costs associated with meeting the constitutional and statutory
  requirements of the charity and include examiner's fees and costs linked to the strategic management of
  the charity.
- All costs are allocated directly between the expenditure categories of the Statement of Financial Activities.

#### Other assets

Other assets are stated at cost less any required impairment.

#### Foreign currency

Monetary assets and liabilities denominated in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are recorded at the rate ruling at the date of the transaction. All differences are taken to the profit and loss account.

# NOTES TO THE FINANCIAL STATEMENTS

# YEAR ENDED 30 APRIL 2020

### 1. ACCOUNTING POLICIES continued

#### **Fixed asset investments**

Fixed asset investments are initially measured at transaction price excluding transaction costs, and are subsequently measured at fair value at each reporting date. Changes in fair value are recognised in net income/(expenditure) for the year. Transaction costs are expensed as incurred.

#### **Financial instruments**

Financial instruments are recognised in the balance sheet when the charity becomes party to the contractual provision of the instrument.

Financial assets and liabilities are offset, with the net amounts presented in the financial statements, when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

#### Basic financial assets

Basic financial assets, which include debtors and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Financial assets classified as receivable within one year are not amortised.

#### Other financial assets

Other financial assets, including investments in equity instruments which are not subsidiaries, associates or joint ventures are initially measured at fair value, which is normally the transaction price. Such assets are subsequently carried at fair value and the changes in fair value are recognised in net income/(expenditure), except that investments in equity instruments that are not publicly traded and whose fair values cannot be measured reliably are measured at cost less impairment.

#### Basic financial liabilities

Basic financial liabilities, including creditors and bank loans are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest. Financial liabilities classified as payable within one year are not amortised.

Debt instruments are subsequently carried at amortised cost, using the effective interest rate method. Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of operations from suppliers. Amounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade creditors are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method. **Derecognition of financial liabilities** 

Financial liabilities are derecognised when the charity's contractual obligations expire or are discharged or cancelled.

#### Critical accounting estimates and judgements

In the application of the charity's accounting policies, the Trustees are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised where the revision affects only that period, or in the period of the revision and future periods where the revision affects both current and future periods.

#### Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held at call with banks, other short-term liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.
