

## **H&W FR Charity Commission Report 2019**

During the year 2019 up to nine responders attended more than 400 incidents over an area from Hadlow Down to Punnetts Town and beyond, and from Mayfield to Horam. The Trustees would record their appreciation of the sterling efforts of the team leaders (Theo Parfitt who has retired as such and been succeeded by Hannah Crush), their deputy Andy Bodkin, trainer Andy McGarvey and the other Responders who dedicated so much of their time to this important service to the community.

The Trustees plan to recruit, train and equip additional Responders eventually to bring the operating strength of the organisation to fifteen. We shall concentrate on improving training with specialised equipment to meet the increasing skill-sets now demanded. We shall continue to give public demonstrations of Cardio-Pulmonary Resuscitation and to contribute to the installation of defibrillators within the community, an intent supported by a generous grant raised by the Co-op.

Where appropriate and agreed with the Parish Councils of Heathfield and Warbleton, we also maintain in good working order certain defibrillators in the Heathfield and Warbleton areas raised by public donation.

The requirements of the Charity Commission have been met.

The Trustees wish to record their appreciation of the continuing encouragement we receive from so many organisations within the community.

T G Williams  
Chairman

Heathfield and Waldron First Responder scheme
