Objectives and Activities

	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	 To relieve the needs of disabled people in Yorkshire and the surrounding area by providing opportunities to engage in socially interactive craft-based activities and to learn craft-based skills. The relief of poverty among disabled people in such parts of the world as the trustees shall from time to time determine, in particular but not exclusively through the provision of training in craft- based skills and the establishment of craft- based social enterprise organisations to provide training and employment opportunities for such people. These objects will be carried out in accordance with Christian principles of compassion, service and inclusion, for the benefit of people with disabilities of all faiths and none.

Contribution made by volunteers	Para 1.38	Artizan International is extremely grateful for the time, talents and abilities contributed by all our volunteers, all of whom do an excellent job. We are fortunate to have a large team of volunteers who help to support our disabled participants at UK craft sessions, provide support at public events and assist with fund-raising etc. We also value our overseas volunteers very much, without whom we would not be able to train and support the many people with disabilities that we are working with.

Achievements and Performance

	SORP	
	reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	This year Artizan International has continued to provide therapeutic craft workshops in the UK for adults with disabilities and/or learning disabilities, and for long-term hospital inpatients in Ripon and Leeds. These provide a fun and caring environment in which to learn new craft skills, gain confidence, improve motor skills, socialise and work together as a team. The sessions have been run weekly, during term time, in Harrogate, Ripon and Leeds. We also began running an after-school crafts club for children with special needs, meeting weekly in Harrogate. This has been of great benefit to the children and their carers, particularly as children with S.E.N. are often lacking in opportunities for social or extracurricular activities outside of school. In total, over 190 therapeutic crafts workshops have been provided, entirely free of charge to those attending, over the course of the year. Our 'Mosaics for Schools' project has also been a huge success this year, with phenomenally positive feedback from the teachers and children have learnt valuable new skills and, most importantly, have learnt to see differently-able people for their shared humanity and their abilities, rather than focussing on their differences and their disabilities. Artizan International has also continued its pioneering work amongst people with disabilities in Peru and has tripled the number of differently-able participants at our training centre in Ecuador. In Peru, we continued working with the Baptist Church in Arequipa until July this year, at which point they decided that they were now able to continue provided for them. We were pleased to see that they had the confidence to do this. We have let them know that we are always here to provide ongoing training and advice if they should request it from us. The church is doing a great job meeting the needs for social and therapeutic cativities for adults with learning disabilities living in poverty, who would be able to do skilled work with training and support, were still not being met. The

support for differently-abled people in Peru, so they are amongst the most marginalised, isolated and poorest in their communities. Therefore, we appointed a board of trustees and applied for Non- Governmental Organisation (NGO) status in Peru and completed the paperwork before the end of the year. We hired an office space in the city centre and provided weekly training for an initial group of 4 adults with physical disabilities, paying them for the work they then produced, working at home. This has provided them with an essential income to help support themselves and their families. The project welcomes people of all faiths and none, of both genders and all abilities, over the age of 18, in the city of Arequipa. We had been fundraising for a number of years to purchase a building in the heart of Arequipa for the project. Having become a registered NGO in Peru, (known as Artizan International – Peru), our local trustees were finally able to search for and identify a suitable property for the project. We plan to purchase this property at the beginning of 2020. It will become a centre that provides training and employment opportunities for adults with disabilities in Arequipa and will also include a shop to sell their work, plus a café staffed by deaf people. The shop and café will help the centre to become financially self-sufficient in the medium-term future.
This year, we welcomed two new groups of trainees to join our crafts project in Ecuador, bringing the total number of adults with disabilities to 16, with another 5 planning to join the project in early 2020. On completing 4-6 months training in paper-making and paper-products production, the graduating trainees are provided with everything they need to start their own paper-making workshops at home. Our project leaders then commit to purchasing a given quota of their work every week, to enable them to earn an income with which to support themselves and their families. Some of the participants have also been taught to make simple but high-quality textile-based jewellery. The paper crafts and jewellery are sold in local boutiques, in the capital Quito and here in the UK at exhibitions and events.

	Changing Attitudes in the UK , Peru and Ecuador : Artizan International's projects in Arequipa, Peru and Santo Domingo, Ecuador, are a sign to the community that people with disabilities are capable of working and contributing to their society. Already the families of trainees view them differently, as they have begun to realise their talents and see them earning a wage. Our presence at various public events in the UK such as those mentioned above, has also helped us to make a positive impact on

attitudes towards differently-able people in the community here.

Financial Review

Review of the charity's financial position at the end of the period	Para 1.21	We are grateful to have received enough funds in general donations this year, from fundraising events, from one-off individual donations and from regular givers, to enable us to deliver all the services that we do. In addition this year, we have benefited from receiving grants from Rope Charitable Trust (for our Ecuador project core costs), Resurrection Bikes (for our Peru volunteer's living costs), The Coop Community Fund (for our UK workshops) and the Imagination Foundation (for core UK costs). We are particularly appreciative of all the support we have received for our fundraising campaigns for the projects in Ecuador and Peru, including our regular donors who kindly support some of the costs of our overseas volunteers.
Statement explaining the policy for holding reserves stating why they are held	Para 1.22	The trustees are committed to ensure that Artizan International is well placed to manage its financial obligations, deliver on its commitments to all related stakeholders and remain financially solvent, whist fulfilling its objectives aligned to its charitable goals. Summary: Artizan International will secure funds from a wide range of sources including charitable donations, private giving, church donations, national and local charitable organisations and government funding. It is anticipated that expenditure commitments would be made only when funds are anticipated and that no attempt will be made to commit financial resources to our overseas projects without there being a confirmed source of funds to meet any committed expenditure. Cash balances are tracked monthly. They are reported and verified against bank statements on a monthly cycle. Any account that is not recorded and verified will be raised to the trustees for evaluation. Cash balances : It is the goal of the trustees to ensure that the charity remains an ongoing concern and that there are funds in hand to meet all obligations. To do this the charity has a policy on reserves which ensures that cash is available to pay salaries, fund on-going expenses and budgeted activities and additional funds are in place to anticipate material changes in unplanned expenditure.
		unrestricted managed accounts and has a policy on each of these types of funds

Amount of reserves held	Para 1.22	In addition to all restricted funds, Artizan International will continue with its regular activities, regardless of incoming funds, for a period of at least 6 months. This requires a regular review of budgeted outgoings including salaries and all other operational costs and Trustees will scrutinise appropriate financial reports at each meeting and take appropriate actions to protect the charity's financial sustainability.

On accounts for the year ended	31	12/2019		Charity no (if any)	1160494
Set out on pages	1		(ternamon :	io induce ine pagae s	ender of systems pression
	I report to the trustees on my examination of the accounts of the above charity ("the Trust") for the year ended				
Responsibilities and basis of report	As the charity's trustees, you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ("the Act").				
ی بر ۲	under section have followed	pect of my exami 145 of the 2011 all the applicabl 145(5)(b) of the	Act and in e Direction	carrying out m	
Independent examiner's statement	[The charity's gross income exceeded £250,000 and I am qualified to undertake the examination by being a qualified member of [insert name of applicable listed body]]. <i>Delete</i> [] <i>if not applicable</i> .				
	 I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination (other than that disclosed below *) which gives me cause to believe that in, any material respect: the accounting records were not kept in accordance with section 130 of the Charities Act; or the accounts did not accord with the accounting records; or the accounts did not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a 'true and fair' view which is not a matter considered as part of an independent examination. 				
	I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.
