

Annual Chairman's Report

Charity was functioning with the volunteer trustees, two full time employees and four regular volunteers, the charity is situated with a British Bangladeshi Community and the regulars who attend the mosque donated toward the upkeep of the charity and its activities.

This year has been a very challenging years for us all, we had to double our income donations compared to the previous years. We achieved this by auctioning prayer mats for the cost of £577 each.

This momentum need to carry on for at least another two years to complete out planning expenditures such as the body wash room, ablution, toilet area and new prayers carpet.
