

## Annual Chairman's Report

Charity was functioning with the volunteer trustees, two full time employees and four regular volunteers, the charity is situated with a British Bangladeshi Community and the regulars who attend the mosque donated toward the upkeep of the charity and its activities.

As from last year we continued to meet our target for the continuous work. We achieved this by auctioning prayer mats for the cost of £577 each.

To deal with the demanding work and activities we increased our volunteers to 8.

The Mosque had taken the initiative to start our very own Hifz class (Memorising the holy Quran), Bangla Classes and a very successful monthly talk to encourage multi faith discussion in association with local church leaders. We also started a weekly elderly discussion groups.
