Trustees' Annual Report (continued)

Year ended 31 March 2020

Structure, governance and management

Background and legal structure

The Trust was inspired by the late Sir William Trower as a small contribution to the post war problem of inadequate stipends for the parochial clergy of the Church of England. It was constituted by a trust deed dated 8 May 1952, the original trustees being Messrs H E Seir, G G Parkinson and W G Trower, Sir James Rait Brown and the Venerable Archdeacon G F Townley, the last two mentioned having been nominated by the Archbishop of Canterbury and the Archbishop of York respectively; the Archbishops continue to enjoy this power of nomination in the replacement of those original trustees and their successors. The Trust is registered with the Charity Commissioners under No. 287022.

The Trustees meet at least annually, usually in November, at which they consider grant making, reports from Dioceses regarding previous grants, investments and performance, capital and income account balances, income review, budgets, cash flow, reserves and risk management policies.

Trustees are appointed by the unanimous agreement of existing Trustees. Prior to appointment, prospective Trustees are invited to a meeting to observe. On appointment, the new Trustee is provided with a copy of the Trust Deed and the most recent report and accounts. Copies of previous Trustees' meeting minutes are available to the new Trustee.

The Trustees who served during the year are named on page 1. The Trustees have wide powers of investment in accordance with the provisions of the Trustee Act 2000.

Objectives and activities

Objects

The Trust Fund is held at the discretion of the Trustees, without distinction between capital and income, for the following purposes, namely the augmentation of the stipends of parsons, vicars, curates and ministers officiating in the churches and chapels of the Church of England, for the relief of poverty among such parsons and the advancement of religion generally in accordance with the faith and doctrine of the Church of England.

Grant-making policy

In pursuit of the objects of the Trust, the Trustees make grants, via the diocesan bishop, to dioceses which, on the basis of assessment of resources and needs (based on information from the Archbishops' Council) are demonstrably deserving of further financial assistance. Such cases are mainly focussed in areas of severe urban deprivation and as a consequence a large proportion of the Trustees' grants are concentrated in the Province of York. The Trustees have instituted procedures to satisfy themselves that the grants have been expended in accordance with the Trust's objectives.

Trustees' Annual Report (continued)

Year ended 31 March 2020

Achievements and performance

Total incoming resources for the year amounted to £85,650 (2019: £93,914).

Secretarial expenses together with investment management fees and other expenditure (excluding Grants) increased by £1,566 (2019: Decrease £2,374). For the year ended 31 March 2020, total net outgoing resources were £47,979 (2019: £36,149) after taking into account distributions by the Trustees of £115,000 (2019: £113,000) in pursuance of their objectives among beneficiaries in the 18 Dioceses of the Provinces of Canterbury and York, as shown in the Statement of Financial Activities on page 7. The net movement in funds taking account of the profits and losses on investments on Capital Account was an overall deficit of £313,775 (2019: Surplus £103,102). The net assets of the trust at 31 March 2020 were £2,907,825 (2019: £3,221,600).

Public benefit

In carrying out their activities the Trustees have complied with the duty under section 17(5) of the Charities Act 2011 to have regard to the Charity Commission's guidance on public benefit. In particular, in deciding on the award of grants, the Trustees consider inter-alia information available to the Archbishops' Council on diocesan resources, clergy numbers and areas of deprivation. This process enables the Trustees to make grants to dioceses in support of the Trust's charitable objectives and the Trustees are satisfied that in awarding their grants, the Charity is fulfilling its fundamental objects and so provide public benefit.

Financial review

Reserves

As shown in the Statement of Financial Position on page 8, the vast majority of the Trust's funds are represented by its fixed assets, mainly investments. The Trust relies completely upon return generated from these investments to fund its charitable expenditure. It is the Trustees policy to control its investments and charitable expenditure so as to provide a stable base for the charity's continuing activities while at the same time ensuring excessive funds are not accumulated.

Investment policy

The Trust's investments are managed on a discretionary basis by the Investment Managers listed on page 1. A formal review is carried out on an annual basis, whilst the Trustees receive regular valuations and details of any transactions.

The primary objective of the investment policy is to achieve a total return of both capital and income that will allow the Trustees to maintain and grow over time their support of the Trust's beneficiaries. The Trustees are looking to distribute approximately 3.75% of the value of the fund as at 5 April 2013 adjusted for inflation. The distribution policy will be reviewed annually in view of current market conditions and inflation.

The Trustees as far as practical adhere to the ethical investment policy developed by the Church of England's Ethical Investment Advisory Group.

Risk review

The Trustees have reviewed the major risks to which the charity is exposed. The Trustees consider volatility and the security of investments to constitute the charity's major risk and are satisfied that systems are in place to mitigate the Charity's exposure thereto.

Independent Examiner's Report to the Trustees of Church of England Clergy Stipend Trust

Year ended 31 March 2020

I report to the trustees on my examination of the financial statements of Church of England Clergy Stipend Trust ('the Charity') for the period ended 31 March 2019.

Responsibilities and basis of report

As the trustees of the Charity you are responsible for the preparation of the financial statements in accordance with the requirements of the Charities Act 2011 ('the Act').

I report in respect of my examination of the Charity's financial statements carried out under section 145 of the 2011 Act and in carrying out my examination I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

Independent examiner's statement

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

- accounting records were not kept in respect of the Charity as required by section 130 of the Act; or
- 2. the financial statements do not accord with those records; or
- the financial statements do not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a 'true and fair' view which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

Notes to the Financial Statements

Year ended 31 March 2020

1. General information

The Charity is a public benefit entity and a registered charity in England and Wales and is unincorporated. The address of the principal office is 23 Moseley Road, Cheadle Hulme, Cheadle, Cheshire, SK8 5HJ.

2. Statement of compliance

These financial statements have been prepared in compliance with FRS 102, 'The Financial Reporting Standard applicable in the UK and the Republic of Ireland', the Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (Charities SORP (FRS 102)) and the Charities Act 2011.

3. Accounting policies

Basis of preparation

The financial statements have been prepared on the historical cost basis, as modified by the revaluation of certain financial assets and liabilities and investment properties measured at fair value through income or expenditure.

The financial statements are prepared in sterling, which is the functional currency of the entity.

Going concern

There are no material uncertainties about the charity's ability to continue.

Disclosure exemptions

The entity satisfies the criteria of being a qualifying entity as defined in FRS 102. As such, advantage has been taken of the following disclosure exemptions available under paragraph 1.12 of FRS 102:

- (a) No cash flow statement has been presented for the company.
- (b) Disclosures in respect of financial instruments have not been presented.

Judgements and key sources of estimation uncertainty

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported. These estimates and judgements are continually reviewed and are based on experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Notes to the Financial Statements (continued)

Year ended 31 March 2020

3. Accounting policies (continued)

Fund accounting

Unrestricted funds are available for use at the discretion of the trustees to further any of the charity's purposes.

Designated funds are unrestricted funds earmarked by the trustees for particular future project or commitment.

Restricted funds are subjected to restrictions on their expenditure declared by the donor or through the terms of an appeal, and fall into one of two sub-classes: restricted income funds or endowment funds.

Incoming resources

All income is included in the statement of financial activities when entitlement has passed to the charity, it is probable that the economic benefits associated with the transaction will flow to the charity and the amount can be reliably measured.

Resources expended

Expenditure is recognised on an accruals basis as a liability is incurred. Expenditure includes any VAT which cannot be fully recovered, and is classified under headings of the statement of financial activities to which it relates:

expenditure on charitable activities includes all costs incurred by a charity in undertaking
activities that further its charitable aims for the benefit of its beneficiaries, including those
support costs and costs relating to the governance of the charity apportioned to charitable
activities.

All costs are allocated to expenditure categories reflecting the use of the resource. Direct costs attributable to a single activity are allocated directly to that activity. Shared costs are apportioned between the activities they contribute to on a reasonable, justifiable and consistent basis.

Investments

Listed investments are measured at fair value with changes in fair value being recognised in income or expenditure.

Notes to the Financial Statements (continued)

Year ended 31 March 2020

3. Accounting policies (continued)

Financial instruments

A financial asset or a financial liability is recognised only when the entity becomes a party to the contractual provisions of the instrument.

Basic financial instruments are initially recognised at the amount receivable or payable including any related transaction costs, unless the arrangement constitutes a financing transaction, where it is recognised at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Current assets and current liabilities are subsequently measured at the cash or other consideration expected to be paid or received and not discounted.

Where investments in shares or preference shares are publicly traded or their fair value can otherwise be measured reliably, the investment is subsequently measured at fair value with changes in fair value recognised in income and expenditure. All other such investments are subsequently measured at cost less impairment.
