Section C – Objectives and activities

Summary of the objects of the charity set out in its governing document:

The objectives of the Work Rights Centre are to prevent and relieve poverty for the public benefit, breaking the vicious cycle of precarious work, insecure housing, and social isolation issues which affects UK and EU workers in insecure jobs in Britain.

Summary of the main activities undertaken for the public benefit in relation to these objects:

The core of the Work Rights Centre activities consists of our Employment Rights Clinics: free, multilingual and confidential service, where UK and EU nationals can access professional help in challenging exploitative work conditions. Every week our advisers assist cases of people who were unpaid, unfairly dismissed, or pushed by their employers to work informally, without any of the protections inscribed in an employment contract. We take the time to understand the problem, describe the rights associated with their employment status, and walk them through every step of the employment justice process.

Section D – Achievements and performance

Over 2019-20, the Work Rights Centre has continued to grow:

- Since the opening of our first employment rights clinic in London we advised over 950 clients (June 2016 March 2020)
- We opened the second Employment Rights Clinic in Manchester (January 2019)
- We increased our service provision hours in the London Clinic, which is now open 6 days a week
- By the end of March 2020 we recovered over £51,000 of unpaid wages for clients, who reported feeling more confident when looking for work (91%) and assessing their employment rights (92%)
- A total of 68% of our monitored clients found better employment
- 93% of monitored clients are either very satisfied or satisfied with the assistance they received.

Section E – Financial review

The charity's funds were used largely to support our service provision at the Employment Rights Clinic: to pay the salaries of the staff advising at the Clinic, volunteer expenses and rent. This was possible thanks to two major long-term grants we have secured from Trust for London and Tudor Trust. Part-time positions of a development manager, charity director and finance and fundraising manager were supported by the Wembley Park Community Fund.

Charity income has grown from circa £55k in 2018/19 to over £85k in 2019/20. This was possible due to a combination of restricted and unrestricted grants, as well as a growing amount of donations. These have grown from £2,556 in 2018/19 to £7,285 in 2019/20.

The charity was also able to fulfil its goals of growing our unrestricted cash reserves – from £1,085 at the end of March 2019 to £16,298 at the end of March 2020.

<u>Charity's policy on reserves</u>: We aim to hold an equivalent of 3 months' worth of our base running costs in unrestricted funds reserves to be available at all times.

Principal source of funding: Grants

Other sources of funding: Donations
