Border Collie Trust (Great Britain)

Report of the Trustees for the year ended 31 March 2020 (continued)

Structure, Governance and Management

Governing Document

To rescue and provide care and shelter for lost, abandoned, neglected and ill treated dogs and with particular regard to dogs of the Border Collie breed and other working dogs and to find new homes for such animals wherever possible. The company was established under a Memorandum of Association (revised in 2009) which established the objects and powers of the charitable company and is governed under its Articles of Association. In the event of the company being wound up members are required to contribute an amount not exceeding £1.

Recruitment and Appointment of the Board of Management

The directors of the company are also charity trustees for the purposes of charity law and under the company's Articles are known as members of the Board of Management. Under the requirements of the Memorandum and Articles of Association the members of the Board of Management may be appointed for a fixed term as specified in the resolution by which they are appointed.

Trustees Mrs. S Wilkes, Mr. M Baker, Mr. T Condra and Mr. B Wilkes were due for re-election in 2019. All were prepared to stand for a further period and were duly re-elected.

The charity's work focuses on the re-homing of rescued collies. The Board of Management seeks to ensure that the well being of these dogs are appropriately reflected through the diversity of the trustee body. To enhance the potential pool of Trustees, the charity has sought to identify suitable supporters who would be willing to become members of the Trust and by using their own experience assist the charity.

The more traditional business skills are well represented on the Board of Management. In an effort to maintain this broad skill mix, members of the Board of Management are requested to provide a list of their skills (and update it each year) and in the event of particular skills being lost due to retirements, individuals are approached to offer themselves for election to the Board of Management.

Trustee Induction and Training

Most Trustees are already familiar with the practical work of the charity having been encouraged to assist in projects to promote the charity. Additionally, potential new Trustees are invited by the chairman to observe the day-to-day operation of the charity to familiarise them with the context within which it operates. Prior to being appointed a Trustee the following subjects are explained to prospective Trustees:

- The obligations of Board of Management members.
- The Memorandum of Association and Articles of Association.
- The current financial position as set out in the latest published accounts.
- Future plans and objectives.

The Charity Commission's guide "the Essential Trustee" is distributed to all new Trustees along with The Memorandum of Association and Articles of Association and the latest financial statements.

Border Collie Trust (Great Britain)

Report of the Trustees for the year ended 31 March 2020 (continued)

Organisational Structure

Border Collie Trust GB has a Board of Management of up to 12 members who meet at intervals between 6 to 8 weeks and are responsible for the strategic direction and policy of the charity. At the year end the Committee had nine members from a variety of backgrounds relevant to the work of the charity.

Key Management Personnel

The Directors consider the Board of Management, who are the Charity's Trustees, and the Senior Management Team comprise the key management personnel of the charity in charge of running and operating the charity on a day to day basis.

Trustee, Miss R Corden is employed by the charity as Kennel Manager to provide specific services to the charity, these services are above normal trustees duties. Her salary is reviewed annually and set by reference to similar roles in the rehoming sector. This appointment is permitted by the charity's Memorandum of Association sections 5(i) (a) (b) (c) (d) (e) and (f). Miss Corden's gross pay, employers national insurance and pension for the year totalled £25,585.

All other Directors give of their time freely and no other Director received any remuneration in the year. Details of Director's expenses and related party transactions are disclosed in note 10 to the accounts.

A scheme of delegation is in place and day-to-day responsibility for the provision of the services rest with the Senior Management Team. The Chair is responsible for ensuring that the charity delivers an acceptable standard of service. The Kennel Manager has responsibility for the day-to-day operational management of the Centre, individual supervision of the staff team and also ensuring that the team continues to develop their skills and working practices in line with good practice.

Subsidiary Company

The Charity has a wholly owned trading subsidiary, BCT Enterprises Limited, registered company number 3232507. The results of this company are detailed in note 5 to the financial statements.

Risk Management

The Board of Management has conducted a review of the major risks to which the charity is exposed. A risk register has been established and is updated at least annually. Where appropriate, systems or procedures have been established to mitigate the risks the charity faces. Internal control risks are minimized by the implementation of procedures for authorisation of all major transactions and projects. Procedures are in place to ensure compliance with health and safety of staff, volunteers, clients and visitors to the centre.

Border Collie Trust (Great Britain)

Report of the Trustees for the year ended 31 March 2020 (continued)

Objectives and Activities

The company's objects and principal activities are:

- To provide accommodation for the temporary/full time kennelling of dogs rescued or recovered by the Company
- To provide veterinary serviced/kennels.
- To promote awareness of the Company and its objects and activities by means of any information, data, communications, publications or other publicity material as the Board of Management shall decide from time to time by any medium which is or may in the future become available (including electronic communication).
- To raise funds and to invite and receive contributions from any person or persons whatsoever by way of subscription, donation or otherwise and to convert any donated goods to liquid or other funds provided that this shall be without prejudice to the ability of the Company to disclaim any gift, legacy or bequest in whole or in part in such circumstances as the Company may think fit and to carry on any lawful trading activities in raising funds for the Company's charitable objects, whether directly through the Company or through any one or more subsidiaries (whether partly or wholly owned by the Company).

The main objectives are to rescue and provide care and shelter for lost, abandoned, neglected and ill treated dogs and with particular regard to dogs of the Border Collie breed and other working dogs and to find new homes for such animals wherever possible. By doing this it is hoped the number of stray dogs will be reduced.

In 2019/2020 the Trust carried out 488 rehoming, during the period 2018/2019, rehoming totalled 447, the intention of the Trust is to re-home within this range.

This will be achieved by cultivating our good reputation within the dog rescue world which leads to word of mouth recommendation, promoting dogs in need of a home on our website and having a physical presence at various dog related events.

Achievements and Performance

The main areas of charitable activity are the provision of kennels for dogs until suitable homes can be found, to provide advice and information to prospective new dog owners and provide back up support once a dog has been re-homed.

Dog Kennels

The rescue centre consists of 40 kennels and reception area, a Special Needs and Puppy block with 7 kennels, socialisation room and laundry. There is also a separate block of 14 kennels which offer boarding facilities. The centre has 1 full time employee and 12 part time employees. The rescue kennels house an average of 30 dogs at any one time.

Volunteers

Volunteers are an important part of any charitable organisation and the Trust has always welcomed volunteer support. The continued support from volunteers and fundraisers has seen a continued high profile in volunteer support across various sectors of our work and especially in our fundraising activities. During the financial year the volunteers have offered support in the following manner.

We have benefited from 77 volunteer dog walkers providing in excess of 1,300 hours walking and socialising dogs throughout the financial year. Trustees recognise the immense value this provides to the work of the trust and extend their grateful thanks for the time and effort devoted by volunteers

Border Collie Trust (Great Britain)

Report of the Trustees for the year ended 31 March 2020 (continued)

Advice and Information

Prospective new owners complete an adoption form which outlines their personal circumstances, experience with dogs and in particular collies. Outlines of all the dogs we have for rehoming are then shown and together with staff those dogs which meet their criteria and are considered suitable are then shown to the prospective new owner. Time can be spent with each or any dog and in the event that all circumstances are suitable the homing procedure can be completed. Any history both prior to arrival and during its time at the centre is discussed and information concerning collies is offered. Owners are offered support at any time after homing by phone, email or if necessary they may visit the centre to discuss any problems.

Public Benefit

- Identifiable benefit.

112 dogs have been admitted directly from their own home, providing not only refuge for those dogs but also help and assistance to members of the public who often find themselves in difficult circumstances. With limited other options available to them our work provides the help they need. In addition 192 dogs have been admitted from other rescues, releasing valuable kennel space at other rescues, allowing them to provide help and assistance to other members of the public. In addition the Trust has offered support to members of the public who have found a dog straying outside the operating hours of local authority dog warden services locally. 3 dogs were kennelled on a temporary basis until the owner could be contacted or the dog collected by the local authority. Four dogs were provided welfare stay during the year due to owners ill health.

- The benefit must be to the public or an identifiable section of the public

Our assistance is available to all sections of the community throughout the UK and further afield when necessary.

- People on low incomes must be able to benefit.

Whilst we do ask for a donation for any dog admitted from its own home, this is purely a voluntary donation and so does not exclude those with low income.

- Any private benefit must be incidental.

Private benefit is extremely unlikely and rare.

Covid19

As the financial year drew to a close, the world wide effects of coronavirus began to reach all aspects of life. From mid- March we began to see boarding bookings being cancelled and a growing concern about visits to the centre. We introduced an appointment only system from the 16th March but with further restrictions introduced by the UK Government we closed to all visitors on the 23rd March. The potential impact on our work at this point was unclear, Unable to rehome any dogs, allowing only real emergency admissions we revised our staff rota to a minimum in order to reduce the risk of contamination and allow us the ability to maintain our level of care for the dogs in the centre. All admin staff began to work from home. The real financial and practical effects will be realised in the next financial year.

Border Collie Trust (Great Britain)

Report of the Trustees for the year ended 31 March 2020 (continued)

BCT Enterprises Limited

All fundraising activities are undertaken through BCT Enterprises Limited, a subsidiary of Border Collie Trust (Great Britain), which operates from the registered office of Border Collie Trust (Great Britain). Full details of the results of BCT Enterprises Ltd are given in note 5 to the accounts.

BCT Enterprises Limited raised funds in the following manner (all figures exclusive of VAT):

- Boarding Kennels, another successful year raising £38,007
- Sale of goods through mail order raised £12,728
- Other activities – Sales of items and food from the centre raised over £5,861

Careful management and continued economies in operating the boarding kennels without affecting the quality of service, has maximised on profits.

Savings Accounts

In order to protect our financial assets Trustees maintained three further savings accounts with Teachers Building Society, Shawbrook Bank and a CAF Gold Account. They have performed to our expectations whilst allowing ease of access to funds. Following a number of legacies trustees made further decisions regarding savings. In light of the announcement in early 2013 of the proposed route of the High Speed Rail (HS2), Trustees recognised the potential effect this may have on the centre and that in the worst case scenario could make the centre unfit for purpose. In order to safeguard the future of the Trust and also maximise the income from financial resources, Trustees sought independent advice from Zenith Asset Management, Cannock. At 31 March 2020, these investments had a market value of £270,793.

Overview

Calls for the assistance of the Trust have seen a gradual rise over the past few years as awareness of our work increases. The year in question saw a continuation of this effect. The ability of the Trust to offer support in rehoming collies is of course dependent on available kennel space and suitable prospective new owners providing homes. Maximum use of available kennels has been made by careful management, allowing support to be offered to other rescues in UK and Ireland but we have also been able to continue to offer rehoming support to an individual owners. Trustees will continue to monitor all areas of income and expenditure.

Financial Review

With the aid of sound financial management and the backing of the staff and supporters the Trust has maintained a positive financial position for the period. A very good year in respect of legacies provided unexpected income.

Reserves Policy

Funds at 31 March 2020 totalled £2,466,632, of which £442,633 were represented by fixed assets and £14,717 represented restricted funds, hence free reserves at 31 March 2020 totalled £2,009,282.

The Board of Management has examined the charity's requirements for reserves in light of the main risks to the organisation. It has established a policy whereby the unrestricted funds should be 6 to 9 months of the expenditure. Expenditure for 2020/21, not including any potential re-location, is expected to be in the region of £300,000 and therefore the target is £150,000 to £200,000 in general funds. This level of reserves is needed to meet the working capital requirements of the charity and the Board of Management are confident that at this level they would be able to continue the current activities of the charity in the event of a significant drop in funding. In addition Trustees have considered future financial planning strategies in the short to medium term aims and medium to long term aims.

Border Collie Trust (Great Britain)

Report of the Trustees for the year ended 31 March 2020 (continued)

The announcement in January 2013 of the preferred route for the proposed High Speed Rail and its close location to our property has presented the Trust with concerns about the effect this development could have on the ability of the rescue centre to provide the environment required for the type of dogs we rescue. These genuine concerns have led to Trustees accepting this may require a future Board of Management to feel their only option is to re-locate. Therefore our long term reserves policy now has to take account of this.

In respect of short/medium term plans, these include distinct isolation facilities within the rescue kennels to provide a higher level of infection control when such situations arise. Estimated costs for upgrading the existing rescue kennels to provide suitable isolation facilities is currently estimated to be £55,000. In view of the current uncertain situation as a result of HS2, any such plans are temporarily on hold.

In the medium to long term, the need for further assistance for the Border Collie breed throughout the UK will result in consideration of an additional rescue centre suitably located to increase the area in which the charity can have the greatest impact. This aim is of course now linked directly to the future progress of the high speed rail project. The strategy is to continue to build reserves to fund future aims through planned operating surpluses.

Principal Funding Sources

Aside from the income generated by Border Collie Enterprises Limited, the trading arm of Border Collie Trust GB, the principal funding sources for the charity are currently by way of regular monthly donations, by standing order or direct debit, from members of the Border Collie Support Scheme and Sponsor A Dog Scheme. Funding is also received from donations at the time of rehoming dogs, the Gift Aid Scheme, various fundraising areas, grant applications, bank interest and investment growth. Legacies for this financial year amounted to £206,923.

Income from these sources has supported the objectives of the charity by making it possible to provide shelter, veterinary care for the dogs and support to people who have taken on the responsibility of re-homing a rescue dog.

Investment Policy

Following a number of legacies in 2013 trustees took the decision that aside from retaining a prudent amount in easily accessible reserves, funds were now available for long term investment in addition to the various savings accounts. Further advice was taken for longer term investments. Trustees recognised that investments of this type carried with it risks as follows

There are two main risks to capital:

- **Loss of capital:** The main risk arising directly from investments is that they could lose capital and/or income as the value of those investments change. All investments involve some degree of risk because their value can go down as well as up. Generally speaking risk and return go together. The more risky the investment, the higher the possible return, but also the greater the possibility of losing money.
- **Volatility risk:** This is the existence of variability in the price of an asset like a share. Some asset types are more volatile than others, which needs to be taken into account when selecting an investment and considering its place in the overall investment portfolio.

Border Collie Trust (Great Britain)

Report of the Trustees for the year ended 31 March 2020 (continued)

Managing capital risks

Capital risk can be mitigated by having a diversified portfolio of assets - if the investment return from one asset class falls, the losses may be offset by better investment returns in a different asset class. A diverse portfolio can help:

- reduce the risk that the loss from a single investment, or type of investment, could significantly harm the charity's viability
- protect the charity's investments from sudden variations in the market by balancing the levels of risk and return in the portfolio; and
- ensure that the charity's needs for both income and capital growth are met, particularly where permanent endowment is involved.

Trustees recognise that they must keep their investment portfolio under regular review. Reviews must cover:

- how investments are performing
- the service provided by Zenith Asset Management.

They will also monitor and review their internal arrangements for managing the charity's investments. During the financial year the investments performed in line with the expectations.

Plans for Future Periods

The charity plans continuing the activities outlined above in the forthcoming years subject to satisfactory funding arrangements.

Responsibilities of the Board of Management

The trustees (who are also directors of Border Collie Trust (Great Britain) for the purposes of company law) are responsible for preparing the Trustees' Annual Report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Company law requires the trustees to prepare financial statements for each financial year, which give a true and fair view of the state of affairs of the charitable company and of the incoming resources and application of resources, including the income and expenditure, of the charitable company for that period. In preparing these financial statements, the trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP (FRS 102);
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charitable company will continue in operation.

The trustees are responsible for keeping adequate accounting records that disclose with reasonable accuracy at any time the financial position of the charitable company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Border Collie Trust (Great Britain)

Report of the Trustees for the year ended 31 March 2020 (continued)

Members of the Board of Management

Members of the Board of Management, who are directors for the purpose of company law and trustees for the purpose of charity law, who served during the year and up to the date of this report are set out on page 2.

Small Company Exemptions

This report is prepared in accordance with the special provisions relating to small companies within part 15 of the Companies Act 2006.

This report has been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland effective 1 January 2019.

Approved by the Board of Management on 29 October 2020 and signed on its behalf by:

B Wilkes

Independent Examiner's Report to the Trustees of Border Collie Trust (Great Britain)

I report to the charity trustees on my examination of the accounts of the company for the year ended 31 March 2020 which are set out on pages 12 to 19.

Responsibilities and basis of report

As the charity trustees of the company (and also its directors for the purposes of company law) you are responsible for the preparation of the accounts in accordance with the requirements of the Companies Act 2006 ('the 2006 Act').

Having satisfied myself that the accounts of the company are not required to be audited under Part 16 of the 2006 Act and are eligible for independent examination, I report in respect of my examination of your company's accounts as carried out under section 145 of the Charities Act 2011 ('the 2011 Act'). In carrying out my examination I have followed the Directions given by the Charity Commission under section 145(5)(b) of the 2011 Act.

Independent examiner's statement

Since the company's gross income exceeded £250,000 your examiner must be a member of a body listed in section 145 of the 2011 Act. I confirm that I am qualified to undertake the examination because I am a member of the ICAEW, which is one of the listed bodies.

I have completed my examination. I confirm that no matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

1. accounting records were not kept in respect of the company as required by section 386 of the 2006 Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the accounting requirements of section 396 of the 2006 Act other than any requirement that the accounts give a 'true and fair view' which is not a matter considered as part of an independent examination; or
4. the accounts have not been prepared in accordance with the methods and principles of the Statement of Recommended Practice for accounting and reporting by charities [applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)].

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

Company Registration Number 03159703

Border Collie Trust (Great Britain)

(A company limited by guarantee)

Notes to the financial statements for the year ended 31 March 2020

1 Accounting policies

Basis of preparation

The financial statements have been prepared under the historic cost convention, except for listed investments which are included at market value.

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland effective 1 January 2019, the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102), the Companies Act 2006 and the Charities Act 2011 and applicable regulations.

The charity constitutes a public benefit entity as defined by FRS 102.

There is no statutory requirement to prepare group accounts.

These financial statements refer only to the parent undertaking.

The principal accounting policies adopted in the preparation of the financial statements are as follows:

Income from donations and grants is included in income when receivable.

Investment income is included when receivable.

Income from charitable activities is recognised as earned.

Legacy income is included in the Statement of Financial Activities when there is certainty, entitlement and it can be reliably measured.

Expenditure is included on an accruals basis.

Tangible fixed assets

Depreciation is provided in respect of motor vehicles and equipment at the rate of 25% on a reducing balance basis.

Depreciation has been charged in respect of the freehold property at the rate of 2% on a straight line basis.

2 Legal status of the company

The company is limited by guarantee and has no share capital. In the event of the company being wound up, members are required to contribute an amount not exceeding £1.

Border Collie Trust (Great Britain)**(A company limited by guarantee)****Notes to the financial statements for the year ended 31 March 2020****3 Donations and legacies**

Border Collie Trust (Great Britain)**(A company limited by guarantee)****Notes to the financial statements for the year ended 31 March 2020****10 Trustees remuneration and expenses and related party transactions**

Ms R Corden, trustee, is employed as kennel manager.

Staff costs include payments totalling £25,585 (2019 - £24,067) to Ms Corden.

The authority for this is found in section 5 of the Memorandum of Association.

Travelling expenses of £29 were paid to one trustee during the year. (2019 - nil)

Animal welfare regulations require the rescue centre to be manned at all times.

Mr B Wilkes and Mrs S Wilkes, who are both trustees, live on site rent and rates free in a house, which belongs to the Charity.

Mr B Wilkes is a committed volunteer, who provides administration assistance to the charity.

11 Taxation

As a charity, Border Collie Trust (Great Britain), is exempt from tax on income falling within s505 of the Taxes Act 1088 to the extent that it is applied to its charitable objects.

No tax charge arises in respect of the year ended 31 March 2020 (2019 £nil).
