**TRUSTEES' REPORT**

The trustees present their report and accounts for the year ended 31/03/2020

The trustees intend that this Annual Report also serves as the Statutory Directors' Report. The financial statements comply with the Charities Act 2011, the Companies Act 2006, the Memorandum and Articles of Association and Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS102) (effective 1 January 2016).

**PRINCIPAL ACTIVITIES**

The principal activity of the charity in the year under review was to promote education, training and knowledge through multi media .

**REFERENCE AND ADMINISTRATIVE DETAILS**

Reference and administrative details are provided in these accounts on page 1.

**STRUCTURE GOVERNANCE AND MANAGEMENT**

The Charity is constituted as a company limited by guarantee, incorporated on 20 March 1987 and registered as a charity on 13 January 1988, and is therefore governed by a memorandum and articles of association and on the winding up of the Charity each member will contribute £1.

Ariel Trust Limited has a Committee of Trustees, which normally meets every six weeks. The Board sets out and approves the policies to be adopted to achieve the Charity's objectives. In setting these policies the trustees have considered the Charity Commission's guidance on public benefit. The policies and the day to day management of the Charity are implemented by the Executive Director. The charity has a Development Plan, which it is using to focus on immediate, medium and long term aims. The work programme as detailed in the plan is developed and delivered by the executive director and the assistant director, supported by the staff team and a number of professional support workers.

Recruitment of Trustees is based upon diversity and equal opportunities. As a Board the Trustees represent the voluntary, public and private sectors. The Trustees are from wide ranging professional backgrounds including education, human resources, administration, legal and business and marketing.

Induction of new Trustees involves a detailed introductory programme where the new Trustee receives copies of Strategic and Business Planning documents, the financial statements and all other relevant policies and issues of the organisation and has time to discuss these with the Board and Executive Management. Board Away Days are normally held at least once per year when strategy is on the agenda. The Away Day is also an opportunity for training and updating Trustees on important matters. When training needs are identified an action plan is put in place and appropriate training delivered.

**EQUAL OPPORTUNITIES**

The company is committed to the principle of equal opportunities, and is striving to become an equal opportunities employer and service provider.

**FOR THE YEAR ENDED 31/03/2020**

**TRUSTEES' REPORT**

Ariel recognises that it is necessary to take positive steps to ensure that all people benefit from equal opportunities, whether when acting as an employer, providing services or working with people as individuals or in groups.

Ariel is committed to the development and expansion of positive policies to promote equal opportunities in employment regardless of workers' colour, age, class, employment status, disability, gender, marital status, nationality, parental status, religious beliefs and sexual orientation. This principle will apply in respect of all conditions of work including rates of pay, hours of work, holiday entitlement, work allocation, guaranteed earning, sick pay, maternity pay, paternity pay, recruitment, training, promotion and redundancy.

Ariel has committed itself to adopting work practices which would enable people to attain a quality of life which is consistent with being equal members of society. Ariel requires that all of its staff and Trustees promote this equal opportunities policy through its work and services.

**TRUSTEES' REPORT**

- To promote for the benefit of the public and enable best practice and high standards in all aspects of sounds, television and multi-media production which is of cultural, artistic or educational value.

Ariel supplies up to date skills to all members of the public (with emphasis on the members of the public who are young or disadvantaged), responds to demand in the media industry, builds partnerships and helps to deliver employment and economic growth.

A review of the objects has been carried out in line with the development of the charity's activities and a new mission statement has been agreed:

- to improve the quality of education. We will develop models of best practice based on multimedia projects tackling social themes. At the heart of our work is an evidence-based approach designed to motivate and engage young people changing their attitudes, behaviour and levels of achievement.

Ariel Trust offers services to members of the public, with the emphasis on the members of the public who are young or disadvantaged to promote their knowledge and understanding of broadcasting in order to increase their chances of becoming economically active. The organisation does this by:

- i) Operating a programme of training courses
- ii) Providing information and advice to unemployed people and others
- iii) Making equipment, studio space and resources available to unemployed people and others
- iv) Liasing with broadcasters and others in order to increase opportunities for unemployed people
- v) Organising conferences, work placements and other initiatives
- vi) Delivering education projects to young people
- vii) Developing new ways to deliver education, training and media productions.

In delivering the activities the Charity is supported by a voluntary Board of Trustees. The Charity does not have any other volunteer programme.

**ACHIEVEMENTS AND PERFORMANCE**

Key Developments during 2019/20

2019/20 was a year of modest growth for Ariel. The National Lottery Communities Fund investment secured at the end of 2018/19 has allowed us to expand our staff team and to begin delivering regular face-to-face projects with young people across Merseyside. The new Project Officer has brought real strengths and energy to the staff team; she has a background in forum theatre, an approach that fits well with the approach taken in Ariel's skills-based resources and this is creating potential for adding value to existing programmes.

**FOR THE YEAR ENDED 31/03/2020**

**TRUSTEES' REPORT**

Delivery of the lottery programme has exceeded expectations with youth groups and schools signing up for the first 18 months of scheduled delivery within the first three months. Young people have engaged enthusiastically with the forum theatre-based approach and the project was set to exceed its Year 1 outcomes, however delivery was halted in late March by the impacts of Covid-19. Before this, though, the project was showing real strengths and had begun to add a new element to the delivery through the engagement of parents and carers as active participants in the project's performances.

In addition to the face-to-face work, our resource development and school engagement has continued to deliver significant reach and impacts. During 2019/20 we completed the third module of our 'Skills to Resist Radicalisation' programme and have engaged 65% of Wirral's primary schools in its delivery.

A key development in the year was the Government's support of Violence Reduction Partnerships with specific targets in relation to addressing gang violence and gun crime. Ariel were well positioned to help the Merseyside Partnership to address these issues as we had previously developed a pilot programme for primary schools called Grassing or Grooming. This allowed us to secure funding to test this content in a small number of schools and we also secured funding to develop this as a fully interactive online resource.

A second contract supported by Merseyside Violence Reduction Partnership has seen Ariel commissioned to develop a new resource for the Youth Offending Services across Merseyside, enabling them to deliver a consistent programme of engagement work with young offenders across the region.

**Key Issues in Next Period**

The end of 2019/20 was disrupted by the Covid-19 pandemic. This meant that all face-to-face work with young people was stopped as schools and youth provision shut down and led to a period of home-working for the staff team.

Ariel continued to work at full capacity during this period with our focus on the development of online resources, particularly the contract with the Youth Offending Services. This contract and emergency funding provided by Esmée Fairbairn Foundation, have allowed Ariel to manage the challenges of this period, to date. We have been able to review and reshape our offer through the lottery project so that we can now offer partners virtual programmes using online resources and Google Classrooms and are restarting the delivery of this project as schools reopen.

We have continued to work with the Violence Reduction Partnership. Funding in 2020/21 is devolved to the five local authorities, so we are targeting contracts with each of them during the second half of the year. Two have already been agreed, with a third in negotiation.

**FINANCIAL REVIEW**

The results for the year and the charity's financial position at the end of the year are shown in the attached financial statements. The Statement of Financial Activities is on page 12.

Total Incoming resources were £172,480 (2019 £104,432). Total resources expended were £138,703 (2019 £107,056). The net incoming resources for the year were £33,777 (2019 net outgoing resources of £2,624). The charity generated a surplus on the unrestricted funds of £6,154, (2019 £2,381) which has increased the accumulated surplus carried forward on the unrestricted fund to £38,904. Total funds on the Balance Sheet at 31 March 2020 are £82,527 being unrestricted funds £38,904 (2019 £32,750) and restricted funds of £43,623 (2019 £16,000).

**FOR THE YEAR ENDED 31/03/2020**

**TRUSTEES' REPORT**

The unrestricted funds comprise designated funds for redundancy payments of £22,860 and the general fund of £16,044.

**POLITICAL CONTRIBUTIONS**

During the year there were no political or charitable donations.

**FIXED ASSETS**

The movements on fixed assets are shown in the notes to the accounts.

**RESERVES POLICY**

The organisation is run on a not for profit basis but for prudent management and in accordance with the Statement of Recommended Practice Accounting and Reporting by Charities the Board aims to maintain a level of free reserves (that is those funds not tied up in fixed assets, designated or restricted funds) to establish a sustainable entity and guard against contingencies. The actual free reserves at 31 March 2020 were £16,033 (2019 £10,387). While unrestricted funds are £38,904 at 31 March 2020, exceeding these targets, a total of £22,860 has been designated for future redundancies leaving free reserves at £16,033 after allowing for £11 funds invested in fixed assets. .

**PLANS FOR FUTURE PERIODS**

Strategy for Long-term Sustainability

Our long term strategy continues to focus on maintaining a diverse income profile. The establishing of Violence Reduction Partnerships has provided new opportunities to win public sector contracts for delivering our work. Our aim is to grow the contracts that we are securing on Merseyside, building the evidence of our impacts, and using this as the basis to explore the potential for contracts with other partnerships in the North West.

We continue to maintain our European partnership with the Evens Foundation and have recently been short-listed for their 2020 Peace Education Prize. This has already led to discussions about a further project working with them to translate and roll out one of our resources in Germany, and we hope to develop this work into a larger transnational programme with EU funding support.

We continue to have an active strategy of fundraising from Trusts and Foundations, particularly in relation to Business Development. We have also begun to develop new project ideas using forum theatre techniques to improve the fidelity of the delivery of our resources by schools. This has allowed us to begin to develop a new model of teacher training that we are seeking to secure funding to fully develop. We received a positive response from funders, however the Covid-19 outbreak led to them putting their investment decisions on hold. We plan to revisit this area of work as funding streams begin to reopen.
