Furthermore, at every Annual General Meeting any Trustee who has held their position for three years must retire from office. A retiring member is eligible for re-election.

The trustees have paid due regard to guidance issued by the Charity Commission and the Office of the Scottish Charity Regulator (OSCR) in deciding what activities the company should undertake.

TRUSTEES' REPORT (INCLUDING DIRECTORS' REPORT) (CONTINUED)

Objectives and activities (continued)

Word of Life Ministries UK Ltd carry out the following main activities annually -

Running summer residential holidays, with funds raised to allow for children of refugee families to attend, as well as raising funds which pay for children to attend from families that could not normally afford to send them anywhere in the

Carrying out of Puppet shows in school assemblies aiding those schools in meeting their religious observance

Running free family shows during the Edinburgh Fringe Festival in the summer.

Achievements and performance

Throughout the 2019-20 year, WOL UK has continued to develop the ways in which it can assist churches, schools, and communities, with new connections being made. Through the raising of additional funds, we have been able to provide places at our residential events for young people from underprivileged backgrounds, as well as enabling a number of children from refugee families to attend. Furthermore, we have assisted schools in meeting their religious observance requirements through participation in school assemblies with our puppet team.

We continue to ensure our events are safe and accessible for youth and children, regardless of background. We continue to see people from many regional, cultural and ethnic backgrounds attending our events throughout the year. Our volunteers from across the UK continue to show the utmost care and consideration toward those they are working with, as we meet their emotional, mental, physical, spiritual, and social needs.

At the close of this year, along with much of the world, we started to see the impact of COVID-19 on our work. With the lockdown, and other restrictions, in place for much of the 2020-21 period, most of our annual events have been postponed until the UK situation stabilises. We have sought to carry out activities online, where possible, and to maintain contact with our volunteers during this time, as well as carrying out planning toward the 2021-22 period. We have not seen much of an impact on donations coming in for the supporting of staff and running costs, furthermore, we do not have any overheads that would normally result from having facilities and property, and so will be well placed to continue operating beyond the end of the pandemic. The Trustees are satisfied that the chartity has sufficent funds to meet its needs for at least 12 months from the date of signing the financial statements, and as such, the financial statements continue to be prepared on a going concern basis.

Financial review

As WOLUK approaches 40 years of activity the organisation continues to operate debt free. WOLUK has been able to maintain income streams and protect long-term investments that help to ensure the ongoing work.

The trustees feel that they would be able to continue the current activities of the organisation in the event of a significant drop in funding. It would obviously be necessary to consider how the funding would be replaced or activities changed accordingly. At the year end, the unrestricted funds were £73,762 (2019 - £83,240).

The charity's policy is to build up reserves to a level sufficient to meet planned expenditure requirements for the next year. 2020/2021 is expected to be an unusual year, due to the Covid-19 pandemic, but will give an opportunity to review the activities of the ministry and make plans for successive years. Staff costs compared to incomes for their salaries are predicted to remain stable, with staff raising donations to cover their costs, rather than relying on income from the events and activities of the charity. Total funds of £73,762 are held, of which £1,456 are held as tangible assets, and £67,654 is held as investments, therefore £4,652 is available to meet planned expenditure requirements for next year. Trustees and staff are continuing to keep a close watch on income and expenditure going forward, with the aim of ensuring our finances remain stable. Due to the nature of our work, any new staff that come into the charity will likely have raised enough in donations to cover their employment, and any additional costs that might occur.

This report has been prepared in accordance with the special provisions of Part 15 of the Companies Act 2006 relating to small companies.

Restrictions arise when specified by the donor or when funds are raised for particular restricted purposes.

1.10 Financial instruments

The Company has elected to apply the provisions of Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instruments Issues' of FRS 102 to all of its financial instruments.

Financial instruments are recognised when the company becomes party to the contractual provisions of the instrument.

Basic financial assets

Basic financial assets, which include debtors and cash and bank balances, are measured at transaction price.

Other financial assets

Other financial assets, including investments in equity instruments which are not subsidiaries, associates, or joint ventures, are initially measured at fair value, which is normally the transaction price. Such assets are subsequently carried at fair value and the changes in fair value are recognised in income and expenditure.

In the application of the company's accounting policies, the directors are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised where the revision affects only that period, or in the period of the revision and future periods where the revision affects both current and future periods.

The trustees consider that there are no estimates and underlying assumptions which has significant risk of causing a material adjustment to the carrying amount of assets and liabilities.
