Lee Crofts
Amy Hope

Promising Futures was established to support young people living, working or going to school on Castle Vale.

Trustees met consistently over the reporting period and ongoing work to establish the charity locally and spreading awareness within organisations that serve the target resulted in some notable donations from local organisations.

Our website presence has grown and we are active on social media.

We are pleased to report that we have been able to offer grants in both the main strands of funding. With regards to widening horizons young people benefitted from trips and visits that will have undoubtedly provided insightful experiences for those involved. Further to this we were able to offer funded places for performing arts projects that were well received by the two young people who attended. This is something we endeavour to do more of as the reward is huge for a relatively small outlay. With regards to supporting in hardship the funding of clothing and home safety measures for families will have made a measurable difference.

As ever we are keen to do more and look forward to building the charity and its reputation as time goes on. Thankfully we remain in a secure financial position for the coming year.
