OBJECTIVES AND ACTIVITIES

The Society of Antiquaries of London is charged by its Royal Charter of 1751 with 'the encouragement, advancement and furtherance of the study and knowledge of the antiquities and history of this and other countries'. The Society is an educational charity that promotes understanding of the human past and recognises distinction in this field through election to its Fellowship. The Society is composed of an elected college of more than 3,000 Fellows, drawn from scholars and practitioners working in the fields of archaeology, architectural and art history, museum studies, conservation and cultural resource management, together with ecclesiastical, documentary, heraldic, musical and linguistic study – the common theme being the study of the material past.

The Society's strategy for meeting its charitable objectives (set out in its Strategic Plan 2015-20) is to use the assets of the Society (its buildings, Library and museum collections, and grant programme) to aid the Fellowship and others in conservation and research of the remains of the past, and to communicate the importance of conservation and research to the public. The Society's strategy may thus be summarised as:

- conservation.
- research,
- dissemination.

This Report is therefore structured accordingly.

In order to achieve its objectives, the Society has prioritised the following activities:

- continue to engage with our landlord (the Ministry for Housing, Communities and Local Government MHCLG) to reach a satisfactory solution to our long-term tenure of Burlington House;
- continue to care for its Library and museum collections through a programme of regular conservation;
- improve digital and physical access to the Library by implementing the Library Strategic Plan;
- increase public understanding and support for our heritage by:
 - increasing public access to the museum collections through events, exhibitions and online initiatives;
 - involving more Fellows in explaining their work and the Society's collections to the public;

- help shape the heritage policies of the Government and other relevant organisations through the activities of the Policy Committee;
- deliver the Society's new vision for Kelmscott Manor the Kelmscott and Morris: Past,
 Present and Future Project;
- undertake sound business planning for the future and address the operating deficit by maximising income whilst controlling costs;
- continue to raise funds from external sources to support the Society's current and planned aims and activities.

The Society uses a range of criteria to assess the success of its activities. These include:

- financial performance:
 - income from investments, subscriptions, room hire, activities at Kelmscott and the Development Office.
 - o control of costs (staff and service supplier costs).
- library visitor statistics;
- public visitor numbers and feedback at Kelmscott and from public lectures, events and exhibitions at Burlington House;
- number of visits, viewings and downloads from our website and other digital resources.

In shaping the Society's objectives for the year and planning its activities, the Trustees have considered the Charity Commission's guidance on public benefit, including the guidance 'Public Benefit: Running a Charity' (PB2).

KEY ACHIEVEMENTS AND PERFORMANCE

Introduction

The Society is based at two sites:

- Burlington House, on Piccadilly, in London, where it hosts lectures, research seminars and events, and houses an Accredited Museum of over 45,000 objects and paintings, as well as a world-renowned library of over 130,000 books, manuscripts, prints and drawings.
- Kelmscott Manor, in Oxfordshire, the former summer home of William Morris, who was a Fellow of the Society.

In addition, the Society supports meetings of its Fellows in the UK regions and internationally.

Impacts from Coronavirus COVID-19

The global emergency caused by the COVID-19 pandemic had an impact on the Society during the final few weeks of March 2020, at the very end of the period covered by this report and thus the impact will be described in the Report of Council for next year, April 2020 -March 2021. However, a foretaste can be found under the "Future Plans" section of this report. In summary, following a change in Government advice and regulations on social distancing:

- The Society's Head Quarters at Burlington House and its library was closed from 18th March 2020 and all events were cancelled until September 2020 at the earliest;
- Kelmscott Manor was already closed to the public due to the major repair works being undertaken. However, the decision was taken to cancel the limited public open season that had been planned for the summer of 2020;
- All staff (except for some retail and catering staff at Kelmscott Manor who were enrolled on the government "furlough" scheme) have worked from home since the close-down of our buildings;
- The Anniversary meeting (the AGM) was postponed from 23rd April to 26th September 2020.

Prior to the Covid-19 emergency, the Society has had a successful year, and the notable achievements are described in more detail below.

Conservation

The Society undertook conservation of its own historic buildings, Library and museum collections at Burlington House and Kelmscott Manor.

Kelmscott Manor and Estate

Kelmscott Manor, located in West Oxfordshire, is at the forefront of the Society's vision to be an outward-facing heritage charity, engaging and informing the public about the past.

The 2019 Open Season was curtailed to only five months from April to the end of August in order to prepare the site for the major conservation, restoration and improvement works as part of the Kelmscott and Morris: Past, Present and Future (KMPPF) project funded by the National Lottery Heritage Fund and others.

August was especially busy with over 5,000 visitors in the month as people took the chance to see the Manor before the works commenced. The whole season attracted 17,182 visitors from the UK and around the world. Feedback via emails, letters and online remained very positive with high levels of satisfaction across all aspects of the business. Our support team of over 100 volunteer remains a key component of our success working alongside a dedicated staff team.

Although our visitors were down on the previous year, due to the shortened season, the recruitment of a member of staff in the ticket office showed a marked improvement in the number of Gift Aid tickets sold to visitors. Income from the shop and tearoom were both up on the previous year and shop stock was reduced substantially in preparation for the extended closed period.

In August we welcomed two interns from Oxford University to carry out further research into the collection. This was the sixth year we have worked with the University in giving interns valuable experience working in a historic visitor attraction and Accredited Museum.

Throughout the season we hosted a number of events for Friends, volunteers and visitors. These included special talks in the Morris Memorial Hall, several activity days at the Manor run by the volunteer education group as well as talks given by the members of the volunteer research group.

We have now been able to move our bank accounts from Lloyds Bank to Coutts Bank to ensure that administration of finances is uniform across the Society. We have also started working with Merlinsoft to supply a new visitor management system for the Manor as we move away from Merac.

In March 2020, we were approached by the Church Commissioners with an offer to sell to the Society the freehold of 10 acres of land which includes our visitor car park at the edge of the village. The Society is eager to conclude this purchase since it would safeguard the long-term future of the car park, which is presently held on a 20-year lease from the Church Commissioners.

Kelmscott and Morris: Past, Present & Future

The Delivery Phase of the Kelmscott And Morris: Past, Present & Future (KMPPF) project commenced in earnest this year, with our team of architects, engineers and quantity surveyors producing detailed designs and costings which led to the appointment of our contractors, Ken Biggs Ltd. to undertake the repair and construction work. Biggs started work at the Manor in November 2019. Progress has been very good, with work concentrating on extensive repairs to the barns and ancillary buildings which are used as the shop, café and a new visitor reception facility in the South Road Barn. A new thatched learning building is being constructed in the farmyard on the alignment of an original thatched "byre", which was demolished in the 20th century. Work on improvements to the visitor car park had to be delayed due to the Society having to lodge a planning appeal to the Planning Inspectorate regarding an overly restrictive and ambiguous condition imposed on our planning consent by the Local Authority. In January 2020, the Planning Inspector found in the Society's favour, amended the condition and awarded the Society full costs against the Local Authority. Progress on the car park has since been excellent. When the work on the barns has been completed, the focus will be to the Manor House itself in 2020. However, COVID-19 pandemic will inevitably have an impact on the project during the 2020-21 financial year.

Collections

The collections at Burlington House and Kelmscott Manor each hold Accredited Museum status. The collection of over 45,000 objects at Burlington House contains prehistoric, classical and medieval antiquities, seal matrices and impressions, and paintings as well as items relating to the history of the Society. The collection at Kelmscott Manor is primarily the contents of the house and comprises c.800 objects. There is a Collections Development Policy, Care and Conservation Policy, and Documentation Policy for the management and preservation of the collections.

Conservation work to the Society's unique Falling Ball Clock was completed in early summer 2019, with the timepiece, given to the Society in 1850 by Benjamin Lewis Vulliamy, unveiled at the Society's Summer Soiree.

Our beautifully restored L.F. Abbott portrait of Charles Marsh FSA (1735-1812) returned to Burlington House for the Christmas Miscellany after extensive conservation work to the canvas and frame, and the portrait now sits alongside our other 18th century fellows on the main library stairs.

The Society was successful in its application for a conservation grant from AIM for the conservation of its 8 historic wax-relief portraits, with further fundraising raising the remaining

funds needed for the project to begin. Remedial conservation will see the wax portraits and velvet mounting cleaned; the frames restored; and the frame backing replaced to create a stable microclimate.

Preventative conservation cleaning took place during the Burlington House closed period and saw high-level areas and collections spaces deep cleaned, with plans for this preventative conservation work to take place annually.

Arts Council England (ACE) paused the Accreditation scheme soon after lockdown began. The Society's museums at Burlington House and Kelmscott Manor have had their Accredited Status extended until April 2021, when ACE will announce new submission dates.

Research

The Society encourages research into all aspects of the material past by a programme of grants and through maintaining and developing a world-famous antiquarian library and associated collections.

Grant programme

The Society encourages research by awarding grants to a wide spectrum of researchers and students of the material past. During the reporting period, the Society awarded research grants to twenty nine projects amounting to £146,446 and eight travel grants amounting to £3,584. This is higher than previous years (2018-19: 16 research grants totalled £144,941), and the Society is now making a significant contribution to funding research in Britain and around the world. It demonstrates that the Society's long-term aim of increasing our research funds is making excellent progress. Funded projects in this period include 'Archaeology and memory of Jewish East London', 'Burning question: Fire-use at 400,000 years ago', 'The Archaeology of Early Islamisation in Oman', 'African textiles in Thomas Clarkson's 1780s chest', and 'Music in Roman Britain'.

Nineteen grants to support church conservation from the William and Jane Morris fund amounting to £38,000 were also awarded (2018-19: £43,850).

Library

Burlington House contains the largest antiquarian library in Britain, with an outstanding collection of more than 100,000 books dating from the fifteenth century to the present day, covering British and European archaeology, architectural history, medieval decorative arts, and other subjects based on the study of the material remains of the past. There are special collections of broadsides

and proclamations and 1,020 manuscripts, including the finely illuminated Lindsey Psalter of the early thirteenth century and a contemporary copy of the third revision of the Magna Carta of 1225. The Society also owns an outstanding collection of historical prints and drawings of British topography and antiquities. Together, the Library collections form a unique resource for Fellows, researchers and the public. Conserving and adding to the collection and making it more widely available for research lie at the heart of the Society's objectives. The Library and Museum Collections comprise the Society's major research resource for scholars from Britain and around the world.

Between 1 April 2019 and 31 March 2020, there were 1,652 research visits to the Library and 78 research visits to the Museum. Library and collections staff dealt with 1,818 enquiries, as well as 208 image requests. Fellows borrowed 567 books. The 698 registered users of OpenAthens now have access to nearly 80 online journals and electronic resources.

Dunia Garcia-Ontiveros was appointed as Head of Library and Museum Collections at the end of October 2019, succeeding Heather Rowland. The Society would like to thank Heather for her wonderful contribution during her 12 years as Head of Library and Museum Collections. Heather pioneered so many initiatives including our public summer exhibitions at Burlington House.

Library Strategic Plan

The main priority of Library Strategic Plan is to improve the visibility and accessibility of the Society's Library and Museum collections. In order to make our library materials, archive, and museum objects visible and discoverable to researchers, all the collections should be catalogued and made available through a single, cross-collection portal. Having commissioned consultants to carry out research into the cost and suitability of various solutions in 2018-19, in January 2020 the Society appointed a Library, Museum and Archives Systems Manager to deliver this ambitious project. In February three shortlisted vendors visited Burlington House to demonstrate their systems. In March two systems were selected and the aim is to link them with single search interface. Koha, hosted and maintained by PTFS Europe, was selected to be the new Library Management System, and Collections Index +, developed, hosted and maintained by System Simulation Ltd. was selected to be the new Archive and Museum collections system.

Other activities

In April the Library & Collections staff hosted the second workshop in the AHRC Network Grant funded 'Collective Wisdom project. The 2-day workshop included displays of materials from the Society's library and collections to illustrate the presentation. A report on the workshop can be found at https://collectivewisdom.uoregon.edu/2019/04/24/janaschusters-reflection-on-

<u>workshop-ii/</u>. Library staff also hosted a study day on the Winton Domesday for the Hampshire Cultural Trust Wintanceaster Project. The Study Day bought together academics and scholars to consider further research on the manuscript.

In June the Society hosted a one-day symposium on the digital *Vetusta Monumenta* Project which the library has been supporting for the last 8 years. A film crew from a French historical documentary series filmed for an episode on Mary I and filmed our portrait and other associate objects from the library and collections as well as interviewing John Cooper FSA.

In October the Library and Collections team held the 5th Postgraduate Open Day, which was very well attended.

Dissemination

The Society disseminates its work and that of its Fellows by means of exhibitions and loans, publications, lectures, seminars, and electronically through the web and email. As discussed under 'Conservation' and 'Research' (above), visitors to Kelmscott Manor and users of the Library at Burlington House are significant indicators of the Society's desire to impart to the public the importance of our heritage.

Loans from the Society's collections

The Society runs an active loans programme, supporting both national and international long-term and temporary loans. In this way, we ensure that the Society's collections can be accessed by the widest possible audience. Our 2019-2020 temporary loans programme saw 21 objects travelling to 7 venues across the UK, including the loan of our wonderful Old St Paul's diptych by John Gipkyn to the Guildhall Art Gallery in London and a loan to Oxfordshire Museums of skeins of wool, hand-dyed by William Morris. Our long-term loans programme continues to enable over 380 objects from the museum collection to be seen on display across 16 sites in the UK including the British museum; The National Museum of Wales, The Great North Museum, and the National Gallery.

Smaller scale displays continue to be exhibited in Burlington House drawing attention to little known aspects of the Library and collections. Highlights this year included a display of Society's collection of copperplates, watercolours of historic Dorking by John Hassell from the prints and drawings collection, and a display on the late Beatrice De Cardi FSA.

Publications: Antiquaries Journal

Volume 99 was published in January 2020, with copies despatched worldwide, mainly to Fellows. Work on Volume 100 for 2020 also continued.

Monograph programme

The Society's monograph programme has as its focus the publication of high-quality, peer-reviewed research, making this available in print and as Open Access (OA) via OAPEN and ADS to disseminate the research quickly and widely. The Society's Research Report no. 80, *The Staffordshire Hoard: An Anglo-Saxon Treasure* edited by Fellows C. Fern, T. Dickinson and L. Webster was published in November 2019. This major report was the result of a decade of intensive conservation and expert research on the Staffordshire Hoard. Work continues on the publication of *The Inventory of King Henry VIII* (vol. III, eds M. Hayward and D. Starkey), *Landscape and Settlement in the Vale of York* (S. Roskams and C. Neal) and *Isurium Brigantum: An Archaeological Survey of Roman Aldborough* (R. Ferraby and M. Millett).

Online dissemination of publications

The Society has 35 of its backlist Research Reports available as Open Access via OAPEN and 40 available via the Archaeology Data Service (ADS), with another five to be uploaded in the coming months, bringing key research to academics and the public in the UK and overseas.

Ordinary Meetings and seminar programme

Seventeen Ordinary Meeting lectures were held: 16 in Burlington House and 2 in our Regional Group areas- one in York and Cardiff. Our Burlington House lectures were attended by 818 people and our regional lectures attended by 115. Due to COVID 19 we had to reschedule all events from March 19th 2020.

Four conferences were sponsored, organised by the Communications Manager and Fellows of the Society. With the introduction of our New Researchers' Conference providing a focus on early career academics and postgraduate students, over 70 people attended this event. We welcomed speakers from across the country to discuss the history of collecting and the role of the Antiquary at Recovered from the Shipwreck of Time. Also in the Autumn, we held two hugely successful seminars: Publishing the Staffordshire Treasure: impact and implications and Respect and Protect: fulfilling the obligation to safeguard cultural property in the military context.

The Staffordshire Hoard colloquium, organised by Leslie Webster FSA, Tania Dickinson FSA and Sam Lucy FSA, was the culmination of a decade-long research project into the Hoard and coincided with the publication of The Staffordshire Hoard: An Anglo-Saxon Treasure. Our thanks

to Birmingham Trust Museum, The Potteries Museum & Art Gallery, and Historic England for their support throughout this project. 120 people attended this event and the recordings of the papers which are on our YouTube channel have proved to be extremely popular. Our second conference, Respect and Protect, – a joint event with Historic England, with support from the UK Blue Shield Committee and Newcastle University – was a huge success. 75 people attended this conference which was organised by Clive Cheesman FSA and Helen Forde FSA. Delegates heard about the creation of the Blue Shield, the Society's role in this, and current advances in this area. In Spring 2020 we held a seminar to mark International Women's Day and to celebrate the anniversary of the Society admitting females. 100 Years of Female Antiquaries was organised with support from Amara Thornton FSA, with speakers highlighting the role of women within the Society past and present. 65 people attended this event. Our conference Seals and the People of Britain had to be postponed until 2021 due to the outbreak of COVID 19.

Regional Fellows' Groups

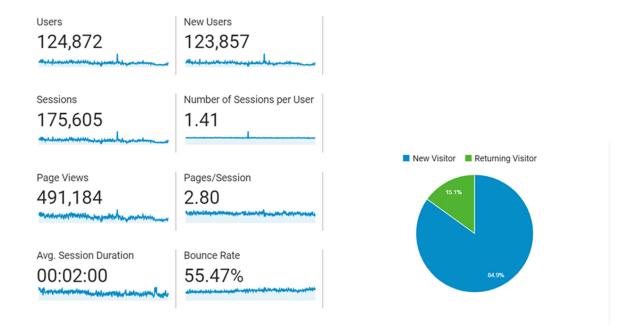

Our Regional Groups continue to be active and are now more supported in their activities by the Society. This year we have supported the York group with additional lectures and events throughout the year. We sponsored a joint seminar with the Exeter Group in February 2020. In November the Welsh group held a seminar on Raglan Castle which the Society supported through administration and marketing. We also sponsored a Fellow to travel to Australia to speak at an event organised by the Australasian Group which has been postponed until 2021.

Communications, social media and website

Mailings continue as scheduled. *Fellowship News* was sent twice last year in July and January. A new initiative this year was the creation of an event booklet to house all events that the Society runs. This was created due to the increase in public events and replaces the meetings cards and public lecture flyers that we used to create.

The Society completed its digital overhaul in March 2020 with our new website going live on March 5th. From April 2019 – March 2020 we had 491,184-page views from 124,827 users. 84.9% are new users, 56.9% use a desktop, 29.4% mobile and 13.7% on tablets. Our audience traffic is still predominantly from the UK with c. 68%, but we have seen a 10% increase from the USA with c. 20% traffic from there this year.

Website Analytics

The Society continued to publish *SALON*, its fortnightly e-newsletter, containing a digest of news about Fellows and their activities, new research findings and public debates on heritage policy. We have 3,271*SALON* subscribers with open rates higher than the average at c. 55% This is an increase of 5% on the last year. Twitter engagement spikes following the mailing of *SALON* each fortnight and regularly generates online discussion. Our audience is predominantly UK based.

Social media audiences continue to grow with 5,148 +likes on Facebook, 10,654 + Twitter followers and 3,160 +followers on Instagram.

Public lecture programme

The Society held 9 public lectures from April 2019-March 2020, which were attended by a total of 850 people. Many repeat attendees are seen at the lectures throughout the year. 6 public tours were held with 45 participants.

Electronic dissemination of lectures and seminars

The Society continues to host recordings of its lectures on YouTube. Views in this financial year were c. 18,000 with 220 + new subscribers.

Other public events

The Society held numerous public events during the year, including:

• A lecture (6 June) with the Arts and Humanities Research Council (AHRC), by Chris Skidmore MP FSA on *The Value of the Humanities to Universities and Contemporary Society*. Over 60 members of the heritage sector attended this event.

- A full house for our Summer Soirée (27 June), with 120 people attending. We had the exciting edition of the proposed new Lewis Chessman on display for this event.
- The annual Research Showcase (19 July) was a huge success, with over 700 people visiting the Society throughout the day. This event was part of the Burlington House Courtyard Late series, which saw all the Societies around the Courtyard opening their doors for the evening.
- For Open House London (19 Sept) we welcomed over 300 people to the Society. This
 year we offered an additional tour to widen access to those who would not otherwise be
 able to experience what the Society has to offer. This bespoke tour was delivered with
 VocalEyes, which specialises in bringing art and heritage to life for blind and partially
 sighted visitors.
- A book launch for our Research Report "The Staffordshire Hoard: An Anglo-Saxon Treasure" in September with over 50 people in attendance.
- Our Postgraduate Open Day In October now a key event in the calendar was a huge success, with 50 delegates taking the opportunity to get 'hands on' with our collections and network with Fellows.
- The first Burlington House Lecture was held in December 2019, a collaborative event between all the Burlington House Courtyard Societies. This event led by the Royal Society of Chemistry celebrated the International Year of the Periodic Table and was held in the RA with 220 in attendance.

These events raised public interest in, and awareness of, history and archaeology by showcasing significant research that either the Society has supported or some of the major exhibits in our collection.

Public policy and consultations

The Policy Committee, guided by the Society's Statement of Values, advises on and formulates the responses to public consultations and its public statements on other heritage issues of concern to the Society. The Committee has been very active and has proved an excellent forum for drawing on and collating the Fellowship's wide range of expertise and experience in heritage policy. On behalf of Council, the Policy Committee engaged in a number of consultations over government policy and guidance; these included the following:

- Heathrow Third Runway Preliminary Environmental Information Report (PEIR) and Preferred Masterplan
- Changes to the Treasure Act
- Historic England Tailored Review,

- Statements of Heritage Significance,
- UKRI National Infrastructure Roadmap,
- Managing the Marine Historic Environment

The main focus has been the production of a draft discussion paper on the Future of Archaeology in England by a small working party of the Policy Committee. This was discussed at a special Archaeology Forum meeting in August 2019, and responses have been received from the main archaeological organisations. A second draft will be produced in 2020.

Enabling the Society to Achieve its Objectives

In addition to the cost of maintaining and running Burlington House, the following key tasks were undertaken during the year.

Burlington House lease renewal

The Society's premises at Burlington House are currently occupied under a 10-year lease agreed with the then Office of the Deputy Prime Minister (ODPM) in 2005. The lease is renewable for a further seven 10-year periods. As described in the Annual Report of Council for 2018-19, the lease for 2015-2025 was signed and the back rent paid in March 2019, since the Society would have to vacate Burlington House if we had not done so. The rapidity of the rent increase (from £14,000 in 2013 to £150,917 in 2018) obviously poses severe problems of affordability for the Society.

Through 2019, in unison with the other four Courtyard Societies, we continued to hold constructive but confidential negotiations with our landlord, the Ministry for Housing, Communities and Local Government (MHCLG), about our future tenure at Burlington House on an affordable basis. However, a ministerial initiative in the spring of 2019 which looked promising was finally withdrawn by government at the end of 2019. The general election of December 2019 bought a new set of MHCLG ministers, and with the majority of the other courtyard societies in March 2020 we made a financial offer for a long leasehold interest on a 'best value' basis. We look forward to positive negotiations once the COVID-19 situation has stabilised. Meanwhile officials have proposed a smoothing of rent increases, at 8% per annum over the next five years. That is helpful, but increases at this level, linked to the ongoing rise in Mayfair office rents, are not sustainable for the Society.

Development Office

The Kelmscott and Morris: Past, Present and Future (KMPPF) project has reached the defined match-funding target with £1,147,167 from funders and in donations. The Campaign Group

began focusing its attention on the endowment target for Kelmscott Manor with fundraising for the exhibition 'A house that I love' William Morris and Kelmscott Manor". Volunteer Charlotte Bond supported the Head of Development in helping to raise £23,000 in sponsorship offers from Eden Tree Investments, SEIB and Morris & Co and £24,000 in gifts/pledges towards sponsorship of individual objects. The Art Fund offered to help the Society mount a national campaign to raise funds for the KMPPF project; the National Lottery Heritage Fund awarded £10,000 towards two 2 "Late" events at Burlington House and the Chelsea Arts Club sold tickets for 3 private views (£5,000). Unfortunately, the exhibition and events had to be postponed because of the Covid19 Emergency. We were sad to learn of the death of Claire Donovan FSA, who was an invaluable member of the Campaign Group.

We received £10,000 towards the conservation of the portrait of Charles Marsh and £2,680 for the conservation of the Society's 18th Century Wax Portraits. Fellow Pamela Joan Gordon left a bequest of £10,000 in her Will.

Governance

Ten ballots for new Fellows were held during the year, resulting in 100 new Fellows being elected. At the year-end, there were 3,101 Fellows (up from 3,065 at the previous year-end).

An Extraordinary General Meeting was held on 24th October 2019, at which Fellows considered a Resolution from Council to remove Mr Hubert Chesshyre from the Fellowship, This was in response to the outcome of a 'trial of the facts' that found Mr Chesshyre to have committed two acts of indecent assault on a child. Council considered that Mr Chesshyre's continued Fellowship was detrimental to the Society's reputation as a charity. Regrettably, a majority of those Fellows present did not see fit to support the Resolution. As a result, Council started work on a reform of the Statutes to allow for the establishment of an Ethical Conduct Panel that would consider such cases in future.

FINANCIAL REVIEW

The Consolidated Statement of Financial Activities shows a surplus of £312,846 (2019 - £274,764), which is £38,085 above last year's surplus. This is before losses on investments of £644,570 (2019 – a gain of £436,162) and actuarial losses £121,128 (2019 – 1,198). The surplus is a consolidation of the Society's activities including those of its wholly owned trading subsidiary, Lucerna Limited.

Income

The Society derives income from several sources, the principal being donations, grants & legacies, investment income, subscriptions & admissions, trading income from Kelmscott Manor and room hire at Burlington House. Total income for the year was £2,567,905 compared with £2,634,914 in the previous year – a decrease of £67,009 (2019 - an increase of £371,094). Major variances to last year were;

- no legacies were received in the year under review. In 2019 an unrestricted legacy of £62,768 was received from Stephen Croad;
- there were no bequests toward Library book purchases this year. Last year we received
 a restricted bequest from Vera Ivy Evison for Library book purchases amounting to
 £50,000;
- final receipt from the Estate of Beatrice de Cardi of £53,935 (Endowment Fund) was received last year. They were no endowment receipts in 2020;
- restricted donations and grants for KM PPF were £868,127 up from last year at £635,404;
- in the current year restricted grants for publications were £20,390 (Staffordshire Hoard: £10,390 and Roman Aldborough: £10,000), compared to last year of £57,000 (Staffordshire Hoard: £52,000; Isurium Brigantum: £5,000);
- Other income: £15,112, which is down from last year of £42,573.

Investment income consists of income from the listed investments and from rental income from the Society's four cottages at Kelmscott. These are split between restricted and unrestricted funds. During the year there was no capital drawdown (2019 - £655,000 was drawn from the unrestricted investment portfolio). Investment income was marginally up at £558,458 compared to last year at £551,109 (Note 5 on page 41).

Income from the restricted listed portfolio increased compared to last year from £314,988 to £321,921. The restricted rental income from the Kelmscott cottages is up at £48,235 from £41,985. One of the vacant cottages was rented out during the year.

The marginal increase in the subscription income was as a result of a combination of the Annual Fellowship Subscription and admissions into the Fellowship. The subscription was increased in January 2020 from £178 to £184 per annum. The number of Fellows at year-end was slightly more than that at 31 March 2019 as reported under 'Governance' on page 14, which resulted in a higher subscription income of £472,998, up from £459,413 last year. Gift aid was marginally lower at £74,459 compare to £75,796 last year.

Income from publications and merchandise was higher than the previous year at £66,290 from £44,486. This was mainly due to royalties from the digital archives which was better than last year.

In the previous year a refund of £37,000 for rates relating to prior years stretching from 2011 account for the bulk of other income of £44,917 compared to the current year's other income of £15,428.

Expenditure

Consolidated expenditure has decreased by £105,091 in the year, to £2,255,059 from £2,360,150 in 2018-19. This is due to several factors summarised broadly into:

- Kelmscott and Morris; Past Present & Future: development and the delivery phase
- Burlington House rental costs plus related legal and professional costs.

Expenditure on raising funds which comprise Development Office costs, Lucerna cost of sales and room hire running costs were higher than last year. In the previous two years, the Head of Development concentrated on raising match funding for the KM PPF project. Consequently, the staff time associated with the fund raising was charged to the KM PPF project. In the year under review most of their time has been devoted to other projects other than the KM PPF. Cost of sales for the trading subsidiary was in line with lower sales due to the shorter season.

Conservation (note 7)

Total conservation costs were £771,377 lower than in 2019 at £1,051,140. The development phase commenced in November. Costs incurred in the capital works have been capitalised as assets under construction i.e. £815,353 this year compared to last year £104,368. The expenditure on KM PPF included in the Statement of Financial activities is £84,137 (2019 - £176,477). A grant from the NLHF supports 77% of the allowable expenditure on the KMPPF project. The NLHF grant is receivable on the amounts expended. The grant is included in note 2, 'Donations, grants and legacies', of the financial statements under 'Restricted Funds'.

The refurbishment of the Kelmscott cottages was completed and, in the year, £23,000 (2019-£90,000) was spent on the refurbishment.

Support costs attributed to conservation work were lower than in the previous year because of the backlog in rent included in the previous year's Burlington House rental costs: £212,000 in last year's rental costs related to years 2014 to March 2018. Details of the lease is on page 13 under the topic 'Burlington House lease renewal'.

During 2019-20, the Society awarded conservation grants totalling £37,851 compared with £50,197 the previous year. The Society's policy on conservation grants is stated on page 22.

Research (note 7)

The cost to maintain and run the Library, its core services and functions, as funded by the Society's Unrestricted Fund was £137,057 (£174,308 in 2018-19) before support costs, representing 6.1% (7.4% in 2018-19) of the Society's total resources expended. The Library is a vital resource of the Society. The Society's policy on making research grants is detailed on page 22.

Research grants awarded from the Restricted Funds during the year amounted to £148,654 (£134,854 in 2018-19). This increase in grants was due to grants made from the Beatrice de Cardi Fund (£51,321: was £36,385 in 2018-19); Janet Arnold Fund (£29,684: was £21,181 in 2018-19) and Hugh Phillips Fund was a decrease from £39,974 in 2018-19 to £29,198.

Dissemination (note 7)

Total expenditure under dissemination was £714,017 compared with £454,274 in the previous year. The costs in this section vary depending on how staff time is focused on the various activities. With the exception of the *Antiquaries Journal*, work on publications was funded by grants, bequests and donations. A transfer was made from the Hugh Phillips fund of £65,000 (£55,000 in 2018-19) to cover the net cost of producing the journal. Other notable transfers made (see note 11) are:

- a transfer of £60,777 (£35,000 in 2018-19) from the General fund to the Tercentenary fund to cover the deficit
- A transfer of £100,564 from the General fund to Bicentenary restricted income to cover the deficit.
- a transfer of £95,000 from the general reserve being the £90,000 drawdown for the cottages refurbishment and £5,000 general.

Fixed Asset Additions

During the year the Society upgraded its website & the membership record management system at a total cost of £24,300. Assets under construction shown in note 13 to the financial statements

relate to the KMPPF project. The amount spent as at year-end was £815,353 (£104,368 in 2018-19); this was spent on the on-going building of the learning centre.

Kelmscott Manor incorporating Lucerna Ltd

Appendix 1 shows the operational results of Kelmscott Manor with a deficit of £82,463 (surplus of £998 in 2018-19) after Burlington House (BH) staff costs in managing Kelmscott operations (£10,406; was £11,520 in 2018-19) and BH support costs of £27,648 (£35,023 in 2018-19). The deficit is most due to the fact that the Manor traded two months short of a normal season. This was to allow mostly preparatory work for the capital works under the Km PPF programme.

Revaluation of Investments

Unrealised losses on investments were £644,570 (gains in 2018-19 of £436,162). Investments are valued at market value. The investment property, which comprises the Kelmscott cottages and agricultural land, was valued by Ross Kent MRICS FAAV of Carter Jonas LLP as at 31 March 2019.

Actuarial Losses on Defined Benefit Pension Schemes

The Society participates in the Universities Superannuation Scheme (USS). Under the accounting rule FRS 102, the Society must recognise its share of the pension scheme deficit from 1 April 2015. Using the modeller provided by USS, the Society has charged the Statement of Financial Activities and increased the pension provision by £121,128 (£1,198 in 2018-19).

FUTURE PLANS

The key aims of the Society for 2020 to 2021 include the following:

Enabling the Society to Achieve its Objectives

Coronavirus COVID-19

The Society will continue to adapt and manage the impacts of the COVID-19 pandemic on its operations with the health and welfare of Fellows, staff and the public as its primary concern. In conjunction with the Society's Health and Safety consultant and within government restrictions we managed a limited re-opening of Burlington House for lectures and use of the library from September 2020. The Society has also invested in digital technology to enable live-streaming of lectures and events to Fellows and the public around the world. The Society will seek additional grant funding from government, local authorities, and other funding bodies to assist with loss of income caused by the COVID-19 pandemic.

Burlington House Lease and Rent

The Society will continue to engage with the landlord (the Ministry for Housing, Communities and Local Government) and its agents on a mutually satisfactory solution to our long-term tenure of Burlington House. However, the Society will also start to make plans to move to alternative accommodation should negotiations with the landlord continue to be unproductive.

Conservation

Kelmscott Manor

Government restrictions on social distancing will cause delays to *Kelmscott and Morris: Past, Present and Future* (KMPPF) project capital works programme and the removal to storage of the contents of the house. The lack of public facilities and restrictions on social distancing mean that the Manor will remain closed to the public during 2020. The major re-opening to the public following completion of the capital works that was scheduled for 2021 will now be postponed until April 2022, although some limited public access may be possible during 2021.

The Society will conclude the purchase of the freehold of 10 acres of land, including the visitor car park, from the Church Commissioners.

Research

Grants

The Society will continue to support its grant-giving programme and will build on its success in seeking additional funds from sponsorship, donations and legacies.

Library and Library Strategic Plan

The Society will continue to be implementing the Library and Collections Strategic Plan to improve the visibility and accessibility of the Society's Library and Museum collections by cataloguing and being made available through a single, cross-collection portal.

The Society will make on-line periodicals available to the Fellowship by subscribing to the JSTOR service.

Dissemination

Monograph programme

Work will continue on the publication of three monographs: *The Inventory of King Henry VIII* (vol. III); *Landscape and Settlement in the Vale of York*; and *Isurium Brigantum: An Archaeological Survey of Roman Aldborough*. The latter two monographs are expected to be published in the spring / summer 2020.

We will continue to make our back-catalogue of monographs available digitally through OAPEN and ADS.

Public exhibitions and events at Burlington House

The exhibition at Burlington House planned for July and August 2020 entitled *Love of the Past:* William and & Jane Morris at Kelmscott Manor will be postponed until the summer of 2021 due to the COVID-19 pandemic. The exhibition will be aimed at raising funds to support the KMPPF project.

Other public events will be held during 2020 subject to COVID-19 restrictions.

Digital dissemination of lectures and meetings

The Society will invest in upgrading our IT and audio-visual facilities to enable live streaming of lectures and meetings at Burlington House and from other remote venues. This will open-up the Society's activities a global audience in real-time.

Governance

The Society will complete the reform of the Statues and Orders dealing complaints relating to the conduct of Fellows. The Society will hold (subject to Government restrictions) an Extraordinary General Meeting on 26 September 2020 accordance with Statute 18 where a motion to amend the Statutes and Orders will be voted on by the Fellowship.

Reserves Policy

The Society's activities are funded either from the Unrestricted Fund or Restricted Funds donated for specific purposes, but all need a continuity of income provided by a consistent and preserved capital base. A significant factor affecting the general policy towards reserves is that, during its existence and in fulfilment of its objectives, the Society has built up significant holdings of manuscripts, books, pictures, artefacts and other objects of antiquarian importance. It also employs the specialist staff required to manage the care and use of these collections. The provision of sufficient capital to provide the income to allow for the continued growth and maintenance of and access to these collections is therefore a prime objective. The policy is kept under review, but Council wishes, as far as possible, to maintain and increase the current levels of capital and income.

Total funds of the Society and its subsidiaries at the year-end amounted to £17,871,830 (£18,203,552 in 2018-19). This includes endowment capital funds of £5,312,357 (£5,594,099 in 2018-19), restricted capital funds of £4,823,678 (£4,938,088 in 2018-19) and unspent restricted income funds totalling £1,528,221 (£884,734 in 2018-19). Free reserves at the year-end amounted

to £959,798 (£1,243,300 in 2018-19), representing retained unrestricted income reserves, excluding an amount of £325,863 (£361,473 in 2018-19) for the book value of intangible and tangible fixed assets, an amount of £5,488,630 (£5,706,975 in 2018-19) for long-term investments and an amount of £252,210 (£131,082 in 2018-19) for the pension provision (see note 22 in the Financial Statements. The amount included a cash balance of £696,000 (£655,000 in 2018-19) from the unrestricted capital drawdown held by Sarasin & Partners at year-end.

The free reserves at the year-end of £959,798 (£1,243,300 in 2018-19) were higher than the policy target for free reserves of £260,787 because of the cash raised from the capital liquidation to meet Burlington House rent demands and other costs as explained below (under 'Investment Policy') as well as to ensure adequate cashflow for the KMPPF project. The free reserves target is defined as three months' expenditure of Unrestricted Funds (before other recognised gains/losses).

Investment Policy

The Society's holdings are managed by Sarasin & Partners LLP within their Charity Authorised Investment Funds. These funds are structured to minimise risk by maintaining a balance between fixed interest and equities (see below). Since the Society does not have a segregated portfolio, income is received net of management charges, which are in the region of £18,000 a quarter. Sarasin's performance is reviewed by the Finance Committee, which reports to Council. The policy of the Council of the Society is to maintain the invested capital of the Society for both the long-term benefit and the present activities of the Society.

Considering the Society's policy, together with the expected return and risks relative to the liabilities on different types of investment, the Council believes that it is appropriate to the aim of achieving steadily growing income and capital appreciation to maintain and improve upon the value in real terms and provide long-term protection from inflation. The agreed structural asset allocation for the portfolio is a benchmark composite comprising of a 90% allocation to the Sarasin Endowments Fund and a 10% allocation to the Sarasin Income and Reserves Fund. This benchmark composite thus produces an asset allocation as follows:

	Benchmark	Low	High
	%	%	%
Cash -1 Month LIBOR	0.5	0.0	10.0
Government Bonds – BofAML Gilts All stocks Index	10.25	0.0	35.0
Corporate Bonds - BofAML Sterling Corporate Bond	9.75	0.0	35.0
Total Bonds & Cash	20.5	5.0	35.0
UK Equities – MSCI UK Investable Market Index (IMI)	19.0	9.0	29.0
International Equities (£ Hedged) – MSCI All countries World ex-UK (Local Currency) (GBP)	9.0	26.0	56.0
International Equities – MSCI All Countries World ex UK	37		

Total Equities	65.0	45.0	75.0
UK Property – MSCI All Balanced Property Fund Index – One Quarter Lagged	4.5	0.0	10.0
Alternatives	10.0	0.0	20.0
Total	100.0		
Sterling Weighting	63.0	52.5	100.0

At 31 March 2020, the Society's listed investments had a market value of £14,002,572 (£14,644,315 in 2018-19)

The Society operates a Total Returns policy, which permits a small amount of capital to be withdrawn each year. The current maximum percentage is 1.5% of funds. During the year there was no drawdown made (the drawdown in 2018-19 was £655,000). The Finance Committee continues to monitor the capital withdrawals and Council reviews the Total Returns policy when the budget for each year is prepared, to ensure that the long-term stability of the Society is preserved.

Grant-making Policy

A primary objective of the Society, and one that reflects its Royal Charter of 1751, is its support for research into the cultural heritage of the UK and overseas, and for communicating the research results. It is vital that the Society's research and publications programme meets the needs of both its Fellowship and the wider research community, particularly the individual researcher. Thus, in a climate of reduced public expenditure, the Society can make a more strategic contribution to the support of UK and international research relating to the cultural heritage.

The Society also invites applications for support of the conservation of historic buildings, mainly churches, through its Morris Fund, which was formed in 1939 following the death of May Morris, the younger daughter of William Morris, FSA. Under the terms of her will, the Society received her residuary estate 'for the purpose of providing a fund for the protection of ancient buildings', so perpetuating one of her father's chief interests. May Morris required that grants should be made only to works that are carried out in accordance with the principles of the Society for the Protection of Ancient Buildings (SPAB).

Details of how to apply for research and conservation grants, together with relevant documentation, are available on the Society's website (www.sal.org.uk/grants).

LEGAL STRUCTURE, GOVERNANCE AND MANAGEMENT

Organisation

The present Society can trace its origins back to 1707. It received a Royal Charter in 1751 and was given accommodation in Somerset House in the Strand by order of the Treasury and with royal consent in 1781. The Society moved to Burlington House, Piccadilly, in 1874. The premises are currently occupied under a lease agreed with the then Office of the Deputy Prime Minister (ODPM) in 2005. It is registered as a charity with the Charity Commission for England and Wales (number 207237).

The Society's premises at Burlington House contain a specialist library, meeting rooms, an important collection of antiquities, manuscripts and paintings, and the administrative offices of the Society. The Society has Accredited Museum status for its historic collections at Burlington House and for its collections at Kelmscott Manor, in Oxfordshire, the former summer home of William Morris, Fellow, and leader of the English Arts and Crafts movement.

The Society is composed of an elected college of more than 3,000 Fellows, drawn from scholars and practitioners working in the fields of archaeology, architectural and art history, museum studies, conservation and cultural resource management, together with ecclesiastical, documentary, heraldic, musical and linguistic study – the common theme being the study of the material past. The Society plays a significant role in encouraging scholarship nationally and internationally and performs advisory and advocacy roles in matters involving the historic environment and the wider cultural heritage. As an independent charity and a leading non-governmental organisation in its sector, the Society is uniquely placed to encourage and facilitate public debate on the management, conservation, presentation and wider understanding of the cultural heritage. It nominates representatives to the Council of the National Trust and appoints Trustees to the British Museum and to the Sir John Soane's Museum in London. It advises the All-Party Parliamentary Groups concerned with culture and heritage.

Council (Trustees) and advisory committees

The Society is governed by its Royal Charter and Statutes (revised 2015–16). The main governing body of the Society is the Council, which can consist of between twelve and twenty-one members (Trustees) elected by Fellows, including the President, Treasurer, Director and Hon. Secretary, who act as Honorary Officers. It meets four times a year to set the broad strategy and business planning of the Society, to approve grant-making, investment of reserves and risk-management policies, and also to monitor performance in all areas of activity.

Council is advised by nine advisory committees made up of expert Fellows and advisers. These are: Finance, Research, Publications, Library and Collections, Kelmscott, Morris Fund (conservation grants), and Policy. Each committee oversees the delivery of an aspect of the Society's strategic objectives. Membership of the Committees is listed on the Society's website (https://www.sal.org.uk/about-us/governance/documents/).

To facilitate effective operations, the General Secretary (Chief Executive Officer) has delegated authority, within terms of delegation approved by Council, for implementing the Strategic Business Plan and for all day-to-day operational matters.

Appointment and training of Council members (Trustees)

In order to meet the requirement of Statute 4.4 that one third of the Ordinary Members of Council retire each year, the following, who were the longest serving members of Council but who had not completed their three years of office, were asked to retire and immediately be co-opted to complete their agreed terms (until the 2020 AGM):

- Dr John Maddison;
- Dr Elizabeth Hallam-Smith;
- Dr Alan Lloyd.

At the Annual General Meeting, dated 30 April 2019, the following Fellows were elected as trustees

- Vincent Gaffney
- Sam Lucy

At the same meeting, Dr Holly Trusted retired from Council.

Due to the COVID -19 restrictions, the Annual General Meeting will be postponed from 23 April to 26 September 2020, when the new trustees for 2020-21 will officially become members of Council. They will be:

- Ms Nathalie Cohen MA
- Professor John Hines DPhil
- Professor Martin J Millett DPhil, FBA

Council keeps the expertise and skill requirements for its membership under review and aims to ensure that it is both reflective of the interests of the Fellowship of the Society and has the

business competence to administer the charity effectively. Shortly after their election, new members of Council undergo formal induction to brief them on their legal obligations under charity law, the governance of the Society, the committee and decision-making process, the strategic and business plan, accounting and risk-management cycles, and on the recent financial performance of the charity. During the induction day, new Trustees meet senior staff and other Trustees. Several Trustees also attend seminars held by our investment managers Sarasin & Partners on investment strategy.

Contribution of volunteers

The Society is dependent on voluntary help to assist with the documentation and conservation of its historic resources (Library, archives and museum collections) and to assist with the opening of Kelmscott Manor for public enjoyment and education.

In the period of this report, approximately 108 volunteers contributed to the operation of Kelmscott Manor. Their input included stewarding and guiding on general open days, group visit and study days; assisting with inventory and basic collections-related projects; and attending training sessions. In addition, the Manor's Volunteer Research Group contributed to new interpretation and displays, and its Volunteer Education Group delivered a number of drop-in family sessions.

The Society's staff

In 2019–20, the Society employed on average 24 full-time equivalents under the overall leadership of the General Secretary, and these are split between the Society's apartments at Burlington House and Kelmscott Manor.

Staff work within authority and powers delegated to them by Council to deliver the Society's strategic and day-to-day objectives at both locations. At Burlington House, along with the General Secretary, our mainly full-time staff maintain and manage the Library and the collections, provide general administration, financial services and governance, and deliver our programmes of publication, communications and development.

Council regularly reviews the appropriateness of all staff posts to ensure that the Society is operating as effectively as possible in achieving its objectives as required by our charitable status and Royal Charter.

At Kelmscott Manor, the focus for our staff, most of whom work only during the open season, is on maintaining the Kelmscott Estate, and ensuring that it functions well as an attraction for visitors. During the period when the Manor is open, much effort is expended, together with the volunteer

team, on ensuring that visitors to Kelmscott receive a proper welcome through the provision of services, including the restaurant and shop. We also employ staff, with assistance from Burlington House as needed, to keep the estate, its collection and its garden maintained, and to administer the property and manage its finances. Council acknowledges with gratitude the work of our staff at both locations during the past year.

Remuneration of senior staff

The Society has salary bands for assistants, officers, management and senior management. When a new senior management appointment is made the salary is determined by researching market rates for the post. All senior management salaries are approved by Finance Committee and Council.

Subsidiary relationships

The Society is the sole registered member of Lucerna Ltd, a company limited by guarantee, which operates the shop, collects admission fees and provides refreshment facilities to the public at Kelmscott Manor, the Society's historic house in Oxfordshire.

Risk management

Council has an annual process for reviewing the major risks to which the Society is exposed. The process for reviewing risk accords closely with the Strategic Business Plan. It has established systems and procedures to identify, prioritise and manage those risks. Particular attention has focused on the new Burlington House lease and the nature of the Society and its activities.

The Society has ongoing processes, which operate throughout the financial year for identifying, evaluating and managing the principal risks and uncertainties faced by the Society and its subsidiaries in undertaking their activities. When it is not able to address risk issues using internal resources, the Society takes advice from external experts with specialist knowledge. Policies and procedures within the Society are reviewed by the relevant Committee. Financial and investment risks are monitored and assessed by the Finance Committee. Training courses and other forms of career development are available, when requested, to members of staff to enhance their skills in risk-related areas.

Council, which has the ultimate responsibility for managing any risks faced by the Society, has reviewed the processes in place for managing risk and the key identified risks to which the Society and its subsidiaries are exposed, and has concluded that robust systems are in place to manage these risks. The Society's Risk Register records risks identified by senior management and Council, and the measures put in place to mitigate these risks. The Register is reviewed by senior

management each quarter, and by Council every six months. The principal risks and uncertainties faced by the Society and its subsidiaries and the corresponding mitigation measures are described as follows:

	RISK IDENTIFICA	ATION	RISK MANAGEMENT		
Strategic Action	Risk Description	Consequence	Control Procedure	Responsibility	
Maintain and develop Burlington House as a viable entity and improve the intellectual and financial contribution of the properties to the Society	Very rapid escalation of rent under renewed lease to January 2025.	Tenure of BH in jeopardy; rapid escalation of rent.	Courtyard Societies have met with representative of the Secretary of State to open discussions on securing a long-term lease or freehold.	General Secretary and Council	
n	Society has to re-locate after 2024-2025.	Re-location would have significant financial consequences and will change the nature of the Society and its activities, and potentially limit public access to our Library and Collections.	Council has decided to make contingency plans for relocation.	General Secretary and Council	
Human Resources	Pension fund deficit leading to unsustainable contributions.	By 2020/21 contributions could be as high as 35.6% of the wage bill. There is further exposure and a liability of between £5-6m, if the Society ceased operations. Other risks can be posed by the withdrawal of big universities players resulting in a weakened covenant.	Finance Committee monitoring the negotiations but its out of the Society's hands.	Treasurer/Gen eral secretary and Finance Committee	

FUNDRAISING ACTIVITIES

We receive most of our funds in the form of restricted (projects) or unrestricted (general support) grants from institutional funders – primarily charitable trusts, foundations, private individuals and government in the form of gift aid. In 2019/20 the charity raised £969,790 (2018/19 - £773,748) from sponsored activities (restricted donations), of this amount £868,127 (2018/19 - £635,405) relate to the Kelmscott Manor: Past, Present and Future Project, £20,230 (2018/19 - £57,000)

raised for publication, amounts raised for future KM exhibition - £3,360 (2018/19 - nil), and £78,073 (2018/19 - £81,343) raised for other Restricted Funds. £8,923 (2018/19 - £79,546) was raised in unrestricted donations and grants. Please refer to note 2 of the accounts for details.

Although raising funds from the public still represents a small percentage of our income, we are compliant with the Charities (Protection and Social Investment) Act 2016, including the guidance outlined by the Charity Commission for England and Wales (CC20 and CC15d) regarding trustee duties and reporting, respectively. We have never received a complaint regarding our fundraising approach from the general public, or any corporates, institutions or foundations with whom we engage. All staff and others working on our behalf follow the Code of Fundraising Practice as outlined by the UK's Fundraising Regulator. We do not employ any third-party organisation to conduct fundraising activities on our behalf. All corporate partnerships are agreed before after a full due diligence and conflict of interest check has been passed and the relationship is based on a contract stipulating clear monitoring and reporting requirements. In 2018/19 we will review all our fundraising systems and approaches to ensure that they are fully compliant with the European Union General Data Protection Regulations 2016/679.

Approval of Annual Report of Council

The Annual Report of Council set out on pages 1 to 30 was approved by the Council on 20 October 2020.

Paul Drury

Members of Council

Stephen Dunmore

STATEMENT OF COUNCIL'S RESPONSIBILITIES

The Council is responsible for preparing the Report of the Council and the financial statements in accordance with applicable law and regulations.

Charity law requires the Governing Body to prepare financial statements for each financial year. Under that law the Governing Body has prepared the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law), including Financial Reporting Standard 102: The Financial Reporting Standard Applicable in the UK and Republic of Ireland (FRS 102).

Under charity law, the Governing Body must not approve the financial statements unless it is are satisfied that they give a true and fair view of the state of affairs of the College and of its net income or expenditure for that period. In preparing these financial statements, the Governing Body is required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charity's Statement of Recommended Practice (SORP):
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards, including FRS 102, have been followed, subject to any material departures disclosed and explained in the financial statements;
- state whether a SORP applies and has been followed, subject to any material departures that are explained in the financial statements.
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Society will continue in business.

The Council is responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the Society and enable it to ensure that the financial statements comply with the Charities Act 2011 and the provisions of the Royal Charter. It is also responsible for safeguarding the assets of the Society and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

INDEPENDENT AUDITOR'S REPORT TO THE COUNCIL OF THE SOCIETY OF ANTIQUARIES OF LONDON

Opinion

We have audited the financial statements of the Society of Antiquaries for the year ended 31 March 2020 which comprise the Group Statement of Financial Activities, the Group and Charity Balance Sheet, the Group Cash Flow and the related notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including FRS 102 'The Financial Reporting Standard Applicable in the UK and Ireland' (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the charity's affairs as at 31 March 2020, and of its incoming resources and application of resources, for the year then
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Charities Act 2011.

This report is made solely to the charity's trustees, as a body, in accordance with Chapter 3 of Part 8 of the Charities Act 2011. Our audit work has been undertaken so that we might state to the charity's trustees those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to any party other than the charity and charity's trustees as a body, for our audit work, for this report, or for the opinion we have formed.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the trustees' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the trustees have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the charity's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

Other information

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The trustees are responsible for the other information. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information,

INDEPENDENT AUDITOR'S REPORT TO THE COUNCIL OF THE SOCIETY OF ANTIQUARIES OF LONDON (continued)

we are required to report that fact.

We have nothing to report in this regard.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Charities Act 2011 requires us to report to you if, in our opinion:

- the information given in the Trustees' Annual Report is inconsistent in any material respect with the financial statements; or
- · the charity has not kept adequate accounting records; or
- the financial statements are not in agreement with the accounting records and
- we have not received all the information and explanations we required for our audit.

Responsibilities of trustees

As explained more fully in the trustees' responsibilities statement set out on page 30, the trustees are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the charity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the charity or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements We have been appointed as auditor under section 144 of the Charities Act 2011 and report in accordance with regulations made under section 154 of that Act.

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs (UK) we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purposes of expressing an opinion on the effectiveness of the charity's internal

INDEPENDENT AUDITOR'S REPORT TO THE COUNCIL OF THE SOCIETY OF ANTIQUARIES OF LONDON (continued)

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the trustees.
- Conclude on the appropriateness of the trustees' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the charity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the charity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the audit of financial statements section of our report. We are independent of the charity in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

1 Accounting policies

The following policies have been adopted consistently in dealing with all material items in the financial statements.

Accounting basis and standards

The financial statements have been prepared under the historical cost convention with items recognised at cost or transaction value unless otherwise stated in the relevant note(s) to these accounts. The financial statements have been prepared in accordance with the Statement of Recommended Practice: Accounting and Reporting by Charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) issued on 16 July 2014 and the Charities Act 2011.

The charity constitutes a public benefit entity as defined by FRS 102. The financial statements are produced in sterling which is the functional currency of the charity. Monetary amounts are rounded to the nearest pound.

The trustees consider that there are no material uncertainties about the Charity's ability to continue as a going concern.

Preparation of the accounts on a going concern basis

The trustees have assessed whether the use of the going concern basis is appropriate and have considered possible events or conditions that might cast significant doubt on the ability of the Society to continue as a going concern. The trustees have made this assessment for a period of at least one year from the date of approval of the financial statements. In particular the trustees have considered the impact of the coronavirus pandemic.

The onset of lockdown immediately stopped the ability of the Society to offer library services, lectures, room hire and other events, which form a significant part of our services. The main income streams were not immediately affected apart from the planned Kelmscott Exhibition and Room Hire income which adversely affected by the lockdown. The exhibition income and associated costs have been deferred to the future. In May 2020, the Society drew down capital under the Total Returns Policy to counter the loss of income in the financial year.

On this basis the trustees consider that the Society has adequate resources to continue in operational existence for the foreseeable future and for this reason they continue to adopt the going concern basis in preparing the annual financial statements.

Subscriptions

Fellows' subscriptions cover a calendar year to 31 December. They are time apportioned over the accounting periods to which each calendar year relates. Sums received in respect of subscriptions compounded in accordance with the Society's statutes are included in the Statement of Financial Activities in the year in which they are received. No reserve has ever been made for any unexpended balance as the amounts involved are not material.

Investment income

Investment Income is recognised when received by the investment managers.

Allocation of expenditure

The allocation of expenditure is based on staff costs incurred by charitable objective. Figures given in notes 7 and 7a include the cost of staff for that activity. Support costs have then been allocated in proportion to the staff cost incurred.

Governance costs

Governance costs relate to the direct costs associated with the constitutional and statutory requirements of the charity and include the costs of external audit, secretariat and other constitutional related costs.

Grants payable

These are charged to the relevant fund in the Statement of Financial Activities in the period in which the commitment is made and communicated to the recipient.

Intangible fixed assets and amortisation

Expenditure in excess of £1,000 of a capital nature is capitalised and amortisation on intangible fixed assets is provided at rates estimated to write off the cost, less the estimated residual value, of each asset over its expected useful life, as follows:

Website management software

3 years

Tangible fixed assets and depreciation

Expenditure in excess of £1,000 of a capital nature is capitalised and depreciation on tangible fixed assets is provided at rates estimated to write off the cost, less the estimated residual value, of each asset over its expected useful life, as follows:

Building improvements - general 10 years
Building improvements - Burlington House refurbishment over the term of the lease
Boiler - Burlington House 15 years
Building improvements at Kelmscott 25 years
Lift 25 years
Furniture, fittings and equipmen 4 - 5 years
Computer equipment 4 years

No depreciation is charged on the Kelmscott cottage held for investment purposes as this is shown at fair value. No value is attributed in the balance sheet to the Society's library, pictures or antique furniture at Burlington House, as most of these items were acquired or donated over many decades and reliable cost information or value at the time of donation is not available. Purchases of new library items are accounted for in the period in which the expenditure is incurred.

Investments

The Society's investments are included in the financial statements at their mid-market values at the balance sheet date. Realised and unrealised gains and losses on investments are added to, or deducted from, the appropriate fund in the balance sheet

Cottages on the Kelmscott Estate are not depreciated but are shown at their open market values as the Society receives rental income therefrom.

Operating leases

All leases are regarded as operating leases and payments made under them are charged to the Statement of Financial Activities as incurred.

1 Accounting policies (continued)

Financial Instruments

The company has elected to apply the provisions of Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instrument Issues' of FRS 102 to all of its financial instruments. Financial instruments are recognised in the group balance sheet when the group becomes party to the contractual provisions of the instrument. Financial assets and liabilities are offset, with the net amounts presented in the financial statements, when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

With the exceptions of prepayments and deferred income, all other debtor and creditor balances are considered to be basic financial instruments under FRS 102. See notes 16 and 17 for the debtor and creditor notes.

Judgements and key sources of estimation uncertainty

In the application of the company's accounting polices, the directors are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised where the revision affects only that period, or in the period of the revision and future periods affects both current and future periods.

The most significant estimates and assumptions which affect the carrying amount of assets and liabilities in the accounts relate to:

Defined benefit pension provision - The provision brought forward and the charge for the current financial year were calculated using modellers provided by the pension provider (USS). Any judgements made when completing these have supporting documentation.

Heritage assets

The Society's museum collections and Kelmscott Manor are maintained principally for their contribution to knowledge and culture and therefore fall within the definition of heritage assets under Financial Reporting Standard 102 and the Charities SORP. Substantially all of these items have been donated to the Society over many years and reliable cost/valuation information is not available, and the cost of obtaining current valuations would be onerous when compared with any additional benefit that might be derived in assessing the stewardship of the Society's assets. In addition, it is considered inappropriate to apply conventional valuation techniques to these assets, due to the uniqueness of and association with particular individuals or periods in history, making them irreplaceable in terms of recreating the same service potential. Consequently, heritage assets acquired prior to 30 September 2010 are not recognised in the financial statements. Further information on the Society's collections is given in the Trustees' Annual Report.

Additions to heritage assets since 1 October 2010 are capitalised at cost, or valuation at the time of their donation, if this can be ascertained with sufficient reliability. The capitalisation threshold for additions to heritage assets is £10,000. See note 15 for more information.

The Society of Antiquaries of London heritage assets fall into three broad collections: the library, the museum collections at Burlington House, and the museum collection at Kelmscott Manor. Each of these is considered in turn, below:

All items in these collections are accessible to the public either on public display or to view by appointment. Items are also loaned out to other exhibitors.

The Library

The Library comprises historic books and printed materials dating from the late 15th century, manuscripts dating from the 10th century, and the Society's archive. The archive holds papers and documents relating to the Society's history from its foundation in 1707.

The majority of the items in the Library have been bequeathed or given to the Society since its foundation. Other items were purchased.

The Museum Collection at Burlington House

The museum collection consists of objects of historic or associational significance owned by the Society of Antiquaries of London, namely: archaeological artefacts, monumental brasses, clocks, paintings, seal impressions and casts, medals, regalia, prints and drawings, and historic items of furniture associated with the Society's history. There are around 40,000 objects in the collection. The majority of the objects in the museum collection at Burlington House have been bequeathed or given to the Society since its foundation. Other objects were purchased.

The Museum Collection at Kelmscott Manor

The museum collection at Kelmscott Manor represents the applied and decorative arts produced or collected by William Morris, Dante Gabriel Rossetti and Jane and May Morris, and the pre-Morris occupancy of the Manor. The collection consists of: textiles, ceramics, metalwork, paintings, prints and drawings, historic furniture, and books. There are around 800 objects in the collection.

The museum collections at Burlington House and Kelmscott Manor are Accredited as awarded by the Arts Council. In order to meet the requirements for Accreditation policies and procedures for the management of the collections are in place and were approved by Council. These are all available on the Society's website at https://www.sal.org.uk/museum-collection/museum-policies/

Acquisitions and disposals

Acquisitions are only made and gifts only accepted in accordance with the Collections Development Policy. New gifts and bequests are accepted and accessioned into the collections following the approval of the Library and Collections Committee, and reported to Council. Significant and substantial gifts are included in the annual report.

Disposals will only take place in accordance with the Collections Development Policy. The Collections Development Policy is available on the Society's website at https://www.sal.org.uk/museum-collection/museum-policies/

1 Accounting policies (continued)

Stock

The stock of goods for resale is stated at the lower of cost and net realisable value. The majority of the Society's stock of publications are learned journals, research reports and occasional papers which are issued to Fellows. Unissued copies are available for resale, but no value is attributed to them as the demand is uncertain.

Pension scheme contributions

The Society participates in the Universities Superannuation Scheme. The scheme is a hybrid pension scheme, providing defined benefits (for all members), as well as defined contribution benefits. The assets of the scheme are held in a separate trustee-administered fund. Because of the mutual nature of the scheme, the assets are not attributed to individual institutions and a scheme-wide contribution rate is set. The institution is therefore exposed to actuarial risks associated with other institutions' employees and is unable to identify its share of the underlying assets and liabilities of the scheme on a consistent and reasonable basis. As required by Section 28 of FRS 102 "Employee benefits", the institution therefore accounts for the scheme as if it were a wholly defined contribution scheme. As a result, the amount charged to the profit and loss account represents the contributions payable to the scheme. Since the Society has entered into an agreement (the Recovery Plan) that determines how each employer within the scheme will fund the overall deficit, the Society recognises a liability for the contributions payable that arise from the agreement (to the extent that they relate to the deficit) and therefore an expense is recognised.

Reserves accounting policy

Unrestricted funds are those which are not subject to restrictions and any surpluses arising may be applied in furtherance of any of the Society's objectives.

Restricted funds are subject to restrictions imposed by the donor. These are accounted for separately from unrestricted funds and details are given in notes 20 and 21.

Permanent endowment funds are those that are held on trust to be retained for the benefit of the Society as a capital fund and details are given in note 19.

Consolidation

The Society is the sole registered member of Lucerna Limited, a company limited by guarantee, which operates the shop, collects admission fees and provides refreshment facilities to the public at Kelmscott Manor. The company pays its taxable profit to the Society under Gift Aid. Consolidated accounts have been prepared in accordance with the Statement of Recommended Practice on Accounting and Reporting by Charities. No separate Statement of Financial Activities for the Society is presented as permitted by the Charity Commission.

7c Analysis of grants	Total 2020	Total 2019
Restricted funds	£	£
Grants to individuals	71,082	67,305
Grants to institutions	104,273	116,486
Unspent/unclaimed grants released	(2,580)	(14,000)
	172,775_	169,791

The highest grant awarded in 2019-20 was £14,920 to an organisation (2018/19 was £14,907 to an organisation).

8 Income deferral

Membership subscription can be paid annually in advance on the 1st January each year. Therefore at the year end three quarters of membership income paid in this way is deferred at the year end.

9 Employee information

	2020	2019
The average number of persons employed by the Society during the period was:		
Library and museum	6	5
Administration and management	7	7
Publications	1	1
Development	1	1
Kelmscott Manor	15	15
	30	29

Staff at Kelmscott Manor are predominately part time and working patterns reflect the seasonal nature of the activities. Only three members (2018/19-3) of staff have a Full Time Equivalent ("FTE") exceeding 0.7.

	2020	2019
	£	£
Their total remuneration was:		
Wages and salaries	676,621	653,421
Social security costs	59,378	57,255
Pension costs	108,610	96,811
	844,609	807,487

The number of employees during the year whose gross pay and benefits (excluding employer pension contributions) fell within the following bands was:

£60,001 - £70,000 £70,001 - £80,000	2020 - 1	2019 1
Pension paid on behalf of these employees were	14,487	12,471

Key management

Total remuneration paid to key management was £328,585 (2018/19 - £329,977)

Key management are considered to be the General Secretary, Head of Library and Collections, Head of Finance and Operations, Head of Development and the Property Manager at Kelmscott.

Trustee remuneration and expenses

No remuneration has been paid to the members of Council, nor any persons connected with them, other than the reimbursement to 9 (2018/19 - 10) members of their travelling expenses totalling £3,488 (2018/19 - £1,330) incurred when attending meetings or when on other Council business.

10 Pension scheme

The Society participates in Universities Superannuation Scheme. The assets of the scheme are held in a separate trustee-administered fund. Because of the mutual nature of the scheme, the assets are not attributed to individualinstitutions and a scheme-wide contribution rate is set. The Society is therefore exposed to actuarial risks associated with other institutions' employees and is unable to identify its share of the underlying assets and liabilities of the scheme on a consistent and reasonable basis. As required by Section 28 of FRS 102 "Employee benefits", the Society therefore accounts for the scheme as if it were a defined contribution scheme. As a result, the amount charged to the profit and loss account represents the contributions payable to the scheme. Since the Society has entered into an agreement (the Recovery Plan) that determines how each employer within the scheme will fund the overall deficit, the Society recognises a liability for the contributions payable that arise from the agreement (to the extent that they relate to the deficit) with related expenses being recognised through the profit and loss account.

The total cost charged to the Statement of Financial Activities is £22,9738 (2018/19: £98,009) comprising pensions contributions of £108,610 and a £121,128 increase to the pension deficit provision (2018/19 - £98,009 and £1,198).

The latest available complete actuarial valuation of the Retirement Income Builder section of the Scheme is at 31 March 2018 (the valuation date), which was carried out using the projected unit method. A valuation as at 31 March 2020 is underway but not yet complete.

Since the Society cannot identify its share of USS Retirement Income Builder (defined benefit) assets and liabilities, the following disclosures reflect those relevant for those assets and liabilities as a whole.

The 2018 valuation was the fifth valuation for the scheme under the scheme-specific funding regime introduced by the Pensions Act 2004, which requires schemes to adopt a statutory funding objective, which is to have sufficient and appropriate assets to cover their technical provisions. At the valuation date, the value of the assets of the scheme was £63.7 billion and the value of the scheme's technical provisions was £67.3 billion indicating a shortfall of £3.6 billion and a funding ratio of 95%.

A new deficit recovery plan was put in place as part of the 2018 valuation, which requires payment of 2% of salary over the period 1 October 2019 to 30 September 2021 at which point the rate wii increase to 6%. The 2020 deficit recovery liability plan reflects this plan. The provosion figures have been produced using the following assumptions as at 31 March 2019 and 2020.

	2020	2019
Discount rate	2.59%	2.44%
Pensionable salary growth	n/a	n/a
Pension increases (CPI)	4.20%	2.11%

The main demographic assumption used relates to the mortality assumptions. These assumptions are based on analysis of the Scheme's experience carried out as part of the 2018 actuarial valuation. The mortality assumptions used in these figures are as follows:

	20	20	
Mortality base table	Pre-retirement: 71% of AMC00 (duration 0) for males and 112% of AFC00 (duration 0) for females.	Pre-retiremer 71% of AMC0 males and 11 (duration 0) for	00 (duration 0 12% of AFC00
	Post retirement: 97.6% of SAPS S1NMA "light" f males and 102.7% of RFV00 for females.		PS S1NMA "li
Future improvements to mortality	CMI_2017 with a smoothing parameter of 8.5 and a long terr improvement rate of 1.8% pa for males and 1.6% pa for females.		8.5 and a lor ment rate of
ne current life expectancies on retirement at age 65 are:			
		2020	2019

19 Permanent endowment funds (continued)

The permanent endowment funds represent capital funds which have been donated or bequeathed to the Society, the income from which is to be applied for specific purposes which fall within the Society's objects. The permanent endowment funds do not contain any power to convert capital into income except by application to the Charity Commissioners.

The nature and purpose of each of the funds is as follows:

Stevenson and Somers Clarke Funds

The income from these funds is for the general purposes of the Society.

Robert Garraway Rice Fund

The income from this fund is to be applied to the general purposes of the Society with special reference to the Research Fund, including prehistoric archaeology such as subscriptions to excavations, and to works and papers dealing with the same; also for promoting and assisting genealogical research. The income is therefore transferred to the Research Fund and grants are awarded accordingly.

William Lambarde Memorial Fund

The income from this fund is applied for the provision of a travelling scholarship or scholarships in archaeology or otherwise for the promotion of antiquarian studies.

William and Jane Morris Fund

This was formed in 1939. Its income is devoted primarily to grants for the conservation of churches and their fittings, although secular buildings are not excluded. The fund was augmented in 2004 by the transfer to it of the assets of the Lesley David Trust (registered charity number 262760).

Tessa and Mortimer Wheeler Fund

This was reconstituted in 1976, and provides travel grants to students of archaeology.

Hugh Phillips Fund

The income from this fund is appropriated to the Bicentenary (Publications) Fund and to the Research Fund, both at the discretion of the Council, but with the proviso that research grants awarded therefrom are to be made to increase the knowledge of life and customs of the British Isles in any period prior to AD 1800.

Janet Arnold Fund

This was formed in 2002 and is to fund research into the history of dress.

Margaret and Tom Jones Fund

The fund was formed during 2007 following the receipt of a bequest of £421,589 from the estate of Mrs Margaret Jones. The terms of the bequest specify that the income arising from the fund is to be utilised to provide funding for research grants to support projects relating to the methods or results gained from the archaeological excavations at Mucking, Essex.

Beatrice de Cardi Fund for Archaelogical Research

Thanks to the generous bequest of the late Beatrice de Cardi, FSA, the Society's grant programme will be extended to include archaeological research in the region defined by Baluchistan, the United Arab Emirates (UAE), the Sultanate of Oman, and Saudi Arabia.

20 Restricted capital funds (continued)

The restricted capital funds have arisen from specific allocations and appeals by the Council for the purposes set out below. They are distinguished from permanent endowment funds by the fact that, if necessary, Council has the power to spend the capital of these funds.

Research Fund

The Research Fund, set up in 1889, provides grants to support archaeological and documentary research within the Society's fields of interest.

Within the Research Fund, the Joan Pye Awards have been established to assist scholars who have completed a post-graduate research degree with further work, in the fields of pre-historic and Roman archaeology within the United Kingdom. The Hugh Chapman Memorial Research Fund provides awards for projects dealing with the Western Roman Empire, and archaeological and antiquarian matters in London and its environs.

John Evans Fund

The John Evans Fund was founded by a legacy from the estate of John Evans, a former president. Although the legacy was not subject to any legal restrictions, his letter of wishes expressed a strong desire for it to be added to the capital of the Research Fund. Accordingly, Council has resolved to invest the funds in the Research Fund. The income arising from the invested funds is credited to the Research Restricted Income Fund.

Bicentenary (Publications) Fund

The Bicentenary (Publications) Fund, established after the Bicentenary of the Royal Charter in 1951, provides for the cost of the Society's publication series.

Kelmscott Funds

Kelmscott Manor and Estate was bequeathed to the Society under the terms of the Will of Miss May Morris. The Manor is not valued in the accounts because it is of a heritage nature. The invested funds have arisen following the disposal of part of the Estate property, which is required to be spent on the maintenance and conservation of historic buildings. Although the capital can be spent under the terms of the Will, currently it is invested and only the income is utilised to maintain Kelmscott Manor.

The cottages on the Estate are let on an arms' length basis, and therefore they have been included at their open market value at the balance sheet date.

The restricted income fund incorporates the activities of Lucerna Ltd through which the trading activities at Kelmscott Manor are conducted. A combined income and expenditure account, which incorporates the activities of Lucerna Limited, is set out in Appendix One.

Gravett Fund

This fund has been created from a bequest from Kenneth Gravett, Fellow. The terms of the bequest permit both capital and income to be spent on the Society's library. Currently the income is credited to a restricted fund which is used for library activities.

Tercentenary Fund

This fund was created following the launch of the Tercentenary Campaign to assist in the delivery of the Society's objectives and to widen public access to its resources, facilities and knowledge.
