Members who joined the East of England Ambulance Service NHS Trust Board after 31 March 2020:

Mrunal Sisodia OBE, Non-Executive Director

Juliet Beal, Director of Nursing, Clinical Quality and Improvement

Julie Thallon, Associate Non-Executive Director

Charitable Objectives for the Public Benefit

The Charitable Funds are managed to encourage charitable giving for the benefit of the East of England Ambulance Service NHS Trust patients and staff and to provide a safe, well administered fund for the receipt and investment of Charitable Funds.

Organisational Structure

The Trustee delegates responsibility for the day-to-day management of the Charitable Fund to officers within the Finance Directorate of East of England Ambulance Service NHS Trust.

Various procedures have been implemented to ensure the Charity's funds are received, applied and accounted for in accordance with accounting policies set out in note 1 to the accounts and comply with the Charity's Trust Deed, the Charities Act 2011 and Accounting and Reporting by Charities: Statement of Recommended Practice (FRS 102) applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland published on 16 July 2014.

Incoming Resources are subject to the controls of the NHS Trust's general receipting and recording procedure.

Relevant officers throughout the Trust are identified as "Gatekeepers". Requests for expenditure from the Charitable Fund generated by Gatekeepers are reviewed by the Finance Directorate under the Director of Finance and Commissioning and are approved only if expenditure will be made in accordance with the Charity's objectives, and criteria for expenditure and priorities set out in the Charitable Funds Strategy. The Head of Financial Services or Deputy Head of Financial Services approves expenditure up to £1,500, the Head of Finance approves expenditure up to £5,000 and the Director of Finance and Commissioning is required to approve all expenditure requests in excess of £5,000 but less than £25,000. Any expenditure request in excess of £25,000 must be approved by the Chief Executive, Director of Finance and Commissioning, and Charitable Funds Committee chair/member.

Governing Document

The governing document is the Trust Deed dated 27 October 1994 updated by supplemental deed of declaration dated 31 March 2010.

Activities 2019/20

The Trust administers a number of funds under the single umbrella registration. The funds for 2019/20 have been received from the public as unsolicited donations to the fund in general and on occasion to benefit a specific area of the Trust's operation. Income of £482,000 exceeds Expenditure of £434,000.

The main expenditure of the Charitable funds has been the provision of community based medical equipment such as community public access defibrillators, and the equipping and supporting of the Community First Responder groups who are volunteers operating throughout the six counties covered by the East of England Ambulance Service NHS Trust.

In the furtherance of charitable objectives to benefit the health of the population through the provision of patient welfare and amenities, £250,000 has been spent during the year to provide community public access defibrillators and cabinets, automated external defibrillators and other medical devices such as blood oxygenation monitors with community based first responder groups. A single project focussed on the replacement of community based defibrillator batteries contributed to half this expenditure. This ensures the distributed communities covered by the Charity have timely local access to life saving equipment.

In the use of funds for the benefit of National Health Service staff, East of England Ambulance Service NHS Trust staff and volunteers have benefited from the expenditure of £180,000 on staff welfare and amenities, including the provision of training equipment and materials, uniforms, TV licenses for stations, care packages, and £50 retirement gift contributions.

In ensuring the appropriate administration of the Charitable Fund, as well as compliance with Charity Commission requirements, the Fundraising Regulator and the Fundraising Preference Service, £4,000 has been expended on Governance costs, which comprises the independent examination of the annual accounts, recharge of the administration by the corporate Trustee, the East of England Ambulance Service NHS Trust, and expenses for the finance software costs.

Accumulated reserves have grown for the Charitable Fund in the current year 2019/20 by £48,000 and in the previous year 2018/19 by £54,000. In 2019/20 the Corporate Trustee has instigated a Charitable Funds Committee to oversee and provide guidance on how accumulated funds held in reserves will be utilised to meet the objectives of the Charity in a timely manner without excessive reserves being built up. This has seen a significant increase in levels of expenditure in 2019/20 in the furtherance of the charities objectives.

Whilst the annual report and accounts are dedicated to delivery throughout the whole of the 2019/20 financial year, it is important to outline the significant effort in the last months of the financial year and into the 2020/21 period, as a result of the need for the healthcare system and supporting charities and organisations to respond to the Covid-19 pandemic.

The Charitable Fund has experienced increased activities to support first responder groups who on top of their responding have directed their efforts towards broader community assistance. The Charitable Fund is registered with NHS Charities Together and in May 2020 has been awarded £72,000 in grants to enhance the well-being of NHS Staff, volunteers and patients impacted by COVID-19, as part of the COVID-19 response.

Grants and Legacies:

During 2019/20 £301,039 from 3 legacies have been received, being £168,000 from Megan Hilda Carter, £123,227 Margaret A Hemming and £9,812 Grace Kent. No legacies were received in 2018/19. Legacies are only recognised when probate is granted and amounts as well as settlement dates are known. The legacy from Megan Hilda Carter has provided the funding from which the community defibrillator battery replacement project has been funded, seeing 1000 community defibrillators batteries replaced.

During 2019/20 £3,581 of grants were received for the furtherance of specific expenditure by community first responder groups. No grants were received in 2018/19

Going Concern:

The trustees have considered the Charitable Trust's financial position at the time of signing the financial statements, and in particular the current issues caused by Covid-19 and its impact on the Charity and the wider economy. The Charity has remained operational throughout the pandemic providing vital services to NHS staff, patients and the wider community and also received £72,000 in grants in May 2020 from NHS Charities Together by way of additional Covid-19 related funding.

The Trustees have concluded that they have a reasonable expectation that the Charitable Trust has adequate resources to continue in operational existence for the foreseeable future, and at least twelve months from the date of signing these financial statements. Therefore they continue to adopt the going concern basis of accounting in preparing these financial statements. Further details can be found in the note 1.2.

Policies

Reserves Policy

The reserves policy is to encourage expenditure to benefit the purpose defined by the donor whilst protecting the funds which have a defined purpose and a committed expenditure profile. The unrestricted designated funds of the Trust cover three areas of purpose and control:

- 1) Community First Responder funds reserves are required to maintain the operational activities of responder groups, which can include training, medical and response equipment, vehicles and community defibrillators.
- 2) Ambulance Station funds reserves are required to support the wellbeing of staff and to enhance patient care, through for example wellbeing services, staff training and development, and provision of equipment or facilities in addition to that ordinarily afforded by the NHS.
- 3) Other designated funds reserves are required to support the continuation of specific directed groups such as cycle paramedics, chaplains, strategic fund and Daisy the vintage ambulance funds.

The Charity has 255 Community First responder funds, 29 Station funds and 20 other funds, alongside the General Fund.

An expenditure plan is required for all groups holding a balance of over £5,000, with excess balances designated to groups without plans swept to the general undesignated fund to ensure these accumulated funds are utilised in a timely manner towards the purposes of the Charity.

The level of free reserves is £955,000, which reflects £542,000 of Community First Responder Funds, £92,000 of Station funds, and £54,000 of Other designated funds, and the General Fund of £267,000.

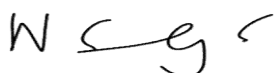

Investment Policy

The Trustee has determined that the reserves and working balances of the Charity will be maintained in a bank account specifically designed for Charity use with interest added without deduction of tax.

Risk

The Trustee has considered the financial, operational and compliance risks associated with the Charitable funds and is satisfied that the appropriate systems are in place to mitigate those risks.

Statement of Trustee's responsibilities

The Trustee is responsible for preparing the Trustee Report and financial statements in accordance with applicable law and United Kingdom Accountings Standards (United Kingdom General Accepted Accounting Practice).

The law applicable to charities in England & Wales requires the trustee to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charity and of the incoming resources and application of resources of the charity for that period. In preparing these financial statements, the trustee is required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in operation.

The Trustee is responsible for keeping accounting records that disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the financial statements comply with the Charities Act 2011, the applicable Charities (Accounts and Reports) Regulations, and the provisions of the Trust deed. The Trustee is also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Trustee is responsible for the maintenance and integrity of the charity and financial information included on the charity's website in accordance with legislation in the United Kingdom governing the preparation and dissemination of financial statements.

The Trustee confirms that, in exercising their powers and duties, they have complied with their duty to have due regard to the guidance on public benefit published by the Charity Commission.

By Order of the Trustee

Independent Examiner's Report to the Trustees of the East of England Ambulance Service NHS Trust Charitable Funds

I report to the charity Trustees on my examination of the accounts of the charity for the year ended 31 March 2020.

Responsibilities and Basis of Report

As the Trustees of the charity you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ('the 2011 Act').

I report in respect of my examination of the charity's accounts carried out under section 145 of the 2011 Act and in carrying out my examination I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the 2011 Act.

Independent Examiner's Statement

Since the charity's gross income exceeded £250,000 your examiner must be a member of a body listed in section 145 of the Act. I confirm that I am qualified to undertake the examination because I am a member of the Institute of Chartered Accountants in England and Wales, which is one of the listed bodies.

I have completed my examination. I can confirm that no matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

1. accounting records were not kept in respect of the charity as required by section 130 of the 2011 Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a 'true and fair' view which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

This report is made solely to the charity's Trustees, as a body, in accordance with Part 4 of the Charities (Accounts and Reports) Regulations 2008. My work has been undertaken so that I might state to the charity's Trustees those matters I am required to state to them in an Independent Examiner's Report and for no other purpose. To the fullest extent permitted by law, I do not accept or assume responsibility to anyone other than the charity and the charity's Trustees as a body, for my work or for this report.

Notes to the Accounts

Accounting Policies

1

1.1 Basis of preparation of financial statements

The financial statements have been prepared to give a 'true and fair' view and have departed from the Charities (Accounts and Reports) Regulations 2008 only to the extent required to provide a 'true and fair' view. This departure has involved following the Charities SORP (FRS 102) published on 16 July 2014 rather than the Accounting and Reporting by Charities: Statement of Recommended Practice effective from 1 April 2005 which has since been withdrawn.

The financial statements have been prepared under the historical cost convention with items recognised at cost or transaction value unless otherwise stated in the relevant notes to these accounts. The financial statements have been prepared in accordance with the Statement of Recommended Practice: Accounting and Reporting by Charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) issued on 16 July 2014 and Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland (FRS 102) and Charities Act 2011.

The charity constitutes a public benefit entity as defined by FRS 102.

1.2 Going concern

The trustees have considered the charity's position at the time of signing the financial statements, and in particular the current issues caused by Covid-19 and its potential impact on the charity and the wider economy.

The 2020/21 financial year will inevitably be impacted by the Covid-19 pandemic, however the Charity has remained operational throughout the pandemic providing vital services to NHS staff, patients and the wider community and also received £72,000 in grants in May 2020 from NHS Charities Together by way of additional Covid-19 related funding. The charity also holds substantial levels of free reserves.

Based on this, the trustees have concluded that they have a reasonable expectation that the charity will have adequate resources to continue in operational existence for the foreseeable future, and at least twelve months from the date of signing these financial statements. They therefore continue to adopt the going concern basis of accounting in preparing these

**Accounting Policies
continued**

1.3 Income

a) General

All income is recognised once the charity has entitlement to the income, it is probable that the income will be received and the amount of income receivable can be measured reliably.

b) Legacies

Legacies are recognised on a case by case basis following the granting of probate when the administrator/executor for the estate has communicated in writing both the amount and settlement date. In the event that the gift is in the form of an asset other than cash or a financial asset traded on a recognised stock exchange, recognition is subject to the value of the gift being reliably measurable with a degree of reasonable accuracy and the title to the asset having been transferred to the charity. £301k of legacies were received in 2019/20. £0k of legacies were received in 2018/19.

c) Investment Income

Investment income is recognised on the accruals concept. This relates to bank interest receivable. This is apportioned to funds on the basis of weighted fund balance over the period.

**Accounting Policies
continued**

1.4 Expenditure

a) General

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that settlement will be required and the amount of the obligation can be measured reliably.

All expenditure is accounted for on an accruals basis. All expenses including support costs and governance costs are allocated or apportioned to the applicable expenditure headings.

b) Charitable expenditure

Payments are made to third parties (including NHS bodies) in the furtherance of the funds held on trust's charitable objectives. They are accounted for on an accruals basis where the conditions for payment have been met or where a third party has a reasonable expectation that they will receive the payment. This includes payments made to NHS bodies. Payments are directly classified as patients welfare or staff welfare dependent on the nature of the transaction.

c) Governance costs

These are accounted for on an accruals basis and are recharges of administration costs from East of England Ambulance Service NHS Trust, software maintenance costs and independent examination fees. These are apportioned to funds on the basis of weighted fund balance over the period.

1.5 Structure of funds

Where there is a legal restriction on the purpose to which a fund may be put, the fund is classified in the accounts as a restricted fund. Funds where the capital is held to generate income for charitable purposes and cannot itself be spent are accounted for as endowment funds. Other funds are classified as unrestricted funds. Funds which are not legally restricted but which the Trustees have chosen to earmark for set purposes are classified as designated funds. The major funds held within these categories are disclosed on notes 6 and 7.

1.6 VAT

Irrecoverable VAT is included in resources expended.
