ELEVA FOUNDATION LTD

TRUSTEES' REPORT

FOR THE YEAR ENDED 31 MARCH 2020

The trustees present their report and financial statements for the year ended 31 March 2020.

The accounts have been prepared in accordance with the accounting policies set out in note 1 to the accounts and comply with the charity's constitution, the Charities Act 2011 and Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019).

Objectives and activities

The charity's objects are to relieve the needs of children worldwide who are living in poverty, do not have access to education, or have experienced a manmade or natural disaster or other humanitarian crises by the provision of grants to charities and/or other organisations working to relieve such needs.

The trustees have paid due regard to guidance issued by the Charity Commission in deciding what activities the charity should undertake.

We have a collaboration with Unicef. We are impressed with their reach, transparency and experience in eliciting long term sustainable change. We aim to help them to achieve even more for the hardest to reach children by providing support for:

- long term, sustainable development of emerging nations
- ensuring that children are at the forefront of policy and planning; and
- their rapid, impactful emergency relief.

Achievements and performance

During the reporting period, the Eleva Foundation continued its support of Tanzania Maternal & New-born Health, Solar-Powered Piped Water Systems in Zimbabwe, Benin Nutrition and Madagascar WASH, as well as donating to the Children's Emergency Fund and the Yemen Emergency Appeal. We added one further programme: Routine Immunisation in the Democratic Republic of the Congo, where we also contributed towards the Covid-19 response. This year we also donated to Soccer Aid for Unicef 2020.

More information on these programmes can be found on the Eleva Capital website at: <https://www.elevacapital.com/en/eleva-foundation>

During the reporting period, our funding has been allocated as follows:

ELEVA FOUNDATION LTD

TRUSTEES' REPORT (CONTINUED)

FOR THE YEAR ENDED 31 MARCH 2020

Tanzania Maternal and Newborn Health: £500,000

In the regions of Mbeya, Kibondo and Zanzibar, this programme aims to provide 60,000 mothers and babies with access to improved new-born care services and information as part of Unicef's global 'Every Child Alive' initiative.

With our investment, the initiative in Tanzania is employing a strategy of 'People, Place, Product & Power', including recruitment of skilled birth attendants, provision of equipment for health facilities and provision of advice to mothers and families.

Our funding to date is £900,000. This is our second year of funding this three-year programme.

During the first year of implementation, the programme laid the foundations for developing relationships with local governments, which were necessary to enable the provision of training for health workers, the assessment of health facility supply needs, and the improvement of transportation links between communities and health facilities.

By investing in this programme, the Eleva Foundation will contribute to the goal of reducing new-born deaths in Tanzania by 40 per cent. Tanzania currently has one of the highest child mortality rates in the world, with one in twenty children dying before they reach their fifth birthday.

Solar-Powered Piped Water Systems in Zimbabwe: £319,244

One in three people in Zimbabwe's rural populations do not have access to safe drinking water. The Eleva Foundation's WASH investment in Zimbabwe aspires to reach 25,000 people with safe and clean water supply by using solar energy to rehabilitate piped water systems.

Adaptive and sustainable water, sanitation, and hygiene (WASH) technologies such as solar-powered piped water systems present an incredible opportunity to reach rural communities with a safe and immediate water supply. Harnessing solar energy will reduce the carbon footprint of the schemes and provide a cost-effective and long-term water solution for rural communities. In addition, having water readily available at a closer distance improves children's overall health, nutrition status and their ability to learn as they need not spend time collecting water but can devote time to education instead.

With our investment, Unicef is working with local communities and the government of Zimbabwe to rehabilitate 18 existing boreholes and construct new piped water systems that can be extended to service communities, health facilities and schools. Community members are being trained to support the operation and maintenance of the systems.

2020 is the third year of support for this three-year programme. Our funding to date is £957,733.

The programme's progress has been good so far, with all four piped water schemes in Bubi and Umuza districts now rehabilitated and providing 6,820 people with improved access to safe water. Potential sites for the remaining 14 water schemes have also been identified, and local Water Point Committees have been established and provided with training.

ELEVA FOUNDATION LTD

TRUSTEES' REPORT (CONTINUED)

FOR THE YEAR ENDED 31 MARCH 2020

Benin Nutrition: £400,000

In Benin, 32 per cent of children are stunted due to malnutrition.

By investing in this programme, the Eleva Foundation hopes to ensure that 833,000 children receive the optimum balanced diet they need within the 1,000-day window from conception to their second birthday. This is especially important for proper brain and body development and to prevent stunting – an irreversible condition which can seriously affect a child's future learning and earning potential.

Unicef is providing a package of critical services which is expected to avert 9,000 cases of stunting, 85,400 cases of maternal anaemia and 1,000 child deaths. Unicef's work is improving the nutrition situation in Benin by implementing a series of tried and tested communications activities to promote optimal nutrition. To complement this, the programme is also providing treatment for children suffering from severe acute malnutrition, micronutrient powder fortification for 32,000 children aged 6-23 months and deworming tablets for over 800,000 children.

This year we contributed another £400,000 to this programme, bringing our total to £800,000. Half of our contribution this year was matched by the Power of Nutrition, unlocking an additional £200,000 for children.

This programme builds on the success of a similar programme previously supported by the Eleva Foundation in Liberia. With our support, Unicef once again aims to provide very young children with a well-nourished start in life by improving the supply of quality nutrition services and increasing demand for these within communities.

Madagascar WASH: £400,000

Nearly 60 per cent of people in Madagascar do not have access to clean, safe water. This is worsened by intense periods of drought. This programme aims to provide water infrastructure for use in multiple ways as a solution to increasing the availability of this vital resource.

Our investment is helping to provide 16,000 people with safe water for use at home, school and for farming and irrigation purposes. This will help reduce the spread of water-borne diseases and prevent malnutrition, while at the same time improving agricultural yields, earning potential and the overall health of the population, building greater sustainable systems within communities.

With the Eleva Foundation's investment, Unicef is working to install manual pumps in 100 villages in Madagascar to create multiple use water systems. Users are also being trained to operate the systems and carry out maintenance.

Our funding for this programme to date totals £658,941 and this is the second year of our investment.

ELEVA FOUNDATION LTD

TRUSTEES' REPORT (CONTINUED)

FOR THE YEAR ENDED 31 MARCH 2020

Yemen Emergency: £267,756

Five years of conflict in Yemen have brought food insecurity, disease outbreaks and internal displacement. 24 million people in the country are in need of humanitarian assistance and over 368,000 children under five are suffering from severe acute malnutrition. On top of this, the arrival of coronavirus threatens to push even more families into poverty.

Given the urgency of the situation in Yemen, the Eleva Foundation elected to give £267,756 to Yemen in this funding period. Our total contribution over two years is £458,815.

These funds are being used to support Unicef's emergency response in Yemen. Our contribution of £267,756 is enough to provide a full course of treatment of high-energy peanut paste for 6,289 malnourished children. These ready-to-eat lifesavers can bring a child back to health. Or it could provide vaccines for 446,460 children. To illustrate the scale of our commitment, this is equivalent to 63 percent of Unicef's entire aim for measles vaccines in under one-year olds in Yemen.

Routine Immunisation in the Democratic Republic of the Congo: £500,000

During the reporting period, the Eleva Foundation elected to support a one-year Unicef programme in the Democratic Republic of the Congo, which will ensure that 191,662 children under 12 months old will be vaccinated over a 12-month period.

One in five children in the DRC do not receive any of the vaccines they need to be protected against vaccine-preventable diseases like yellow fever, polio, and measles. Without vaccines, these diseases can cause death in young children.

With the Eleva Foundation's support, Unicef will help tackle and prevent disease outbreaks, mitigate the impacts of the coronavirus pandemic on vaccination and routine health services and keep measles and other diseases out of the country. With this investment, five children's lives could be saved every minute by using vaccines.

The programme is also raising awareness about the importance of vaccinations and good hygiene in preventing the spread of diseases.

ELEVA FOUNDATION LTD

TRUSTEES' REPORT (CONTINUED)

FOR THE YEAR ENDED 31 MARCH 2020

The Covid-19 Response in the Democratic Republic of the Congo: £75,000

When the coronavirus pandemic was announced in March 2020, Unicef mounted a leading Public Health response to tackle Covid-19 around the world. The DRC required additional funds to cope with the impact of the virus and the Eleva Foundation invested £75,000 to this cross-sectoral Covid-19 response in DRC.

This investment contributed to the supply of personal protective equipment, risk communication and community health education, and provided tests and treatment into the country. It helped ensure a continuity of services - for example, rolling out remote education, keeping child protection and mental health services accessible; and allowing health, vaccination, and nutrition services to run safely but unimpeded.

The Children's Emergency Fund: £50,000

Even before the novel coronavirus pandemic upturned the lives of children everywhere, conflict, poverty, malnutrition, and climate change were already causing a significant increase in the number of children across the globe who urgently need humanitarian assistance. Now, the pandemic is making the situation even worse.

The increasingly borderless nature of crises faced by children has never been more apparent. Displacement and forced migration, climate extremes and health crises affect children no matter where they are.

To help these children, the Eleva Foundation continued its commitment to support Unicef UK's Children's Emergency Fund with another contribution of £50,000. Our total support for this fund is now just over £900,000.

The Children's Emergency Fund is absolutely critical for enabling support for silent and underfunded humanitarian situations. It also plays a critical role in disaster risk reduction—an approach which emphasises taking action before a predicted disaster occurs.

So far in 2020, the Children's Emergency Fund has supported Unicef's work in emergency situations in Afghanistan, Burkina Faso, Chad, Haiti, Niger, South Sudan, Venezuela, and many more.

Soccer Aid for Unicef 2020: £450,000

This year, the Eleva Foundation gave £450,000 towards Soccer Aid for Unicef 2020. Soccer Aid for Unicef is the world's biggest celebrity football match. This additional investment from the Eleva Foundation was highly significant as it was double matched by the UK government and by Gavi, the Vaccine Alliance. This means that the £450,000 gift from Eleva transformed into £1.35million, tripling the impact for children across the world.

The funding will go towards constructing solar-powered water networks across Malawi and will pump safe, clean water straight to communities, schools, and health centres so that 80,000 children can stay safe and healthy and able to play. It will help build children's corners, so children have safe spaces to get protection from violence, find support to stay in school, get counselling, or simply play.

In addition, GAVI and Unicef will continue to deliver life-saving vaccines to almost half the world's children – Eleva's investment will contribute to that goal. Once a Covid-19 vaccine is available to distribute, the match funding generated by the Eleva Foundation investment will help ensure that these vaccinations are disbursed around the world, particularly to the poorest countries.

In summary, Eleva's funding will help Unicef address some of the challenges resulting from coronavirus e.g., continuing to provide clean water and sanitation facilities; ensuring access to education either in schools or remotely, and continuing to provide life-saving vaccinations.

ELEVA FOUNDATION LTD

TRUSTEES' REPORT (CONTINUED)

FOR THE YEAR ENDED 31 MARCH 2020

Financial review

As a Partner in Eleva Capital LLP ("the LLP"), the charity receives a share of the profit each year of that entity. The LLP is part of a wider group comprising four Eleva entities ("the Group"). The principal activity of the Group remains the provision of investment management services through Eleva Capital SAS, and the year to 31 March 2020 represents the Group's fifth full year of trading.

During the financial year, the LLP allocated profits of £2,980,422 to the Eleva Foundation. During the year, the charity allocated £319,244 to Solar Powered Piped Water Systems in Zimbabwe, £400,000 to Madagascar WASH, £500,000 to Tanzania Maternal and New-born Health and £400,000 to Benin Malnutrition. It allocated £267,756 to the Yemen Emergency, £50,000 to the Children's Emergency Fund, £500,000 to Routine Immunisation and £75,000 to the Covid-19 response in the Democratic Republic of the Congo, and £450,000 to Soccer Aid for Unicef 2020. £18,422 was not allocated during the year and will be carried forward to future programs.

The charity aims to keep administrative expenditure to a minimum, and to distribute substantially all of the income it receives during the year to specific Unicef projects and/or emergency funding. It is not the charity's policy to maintain cash reserves. In the event of a significant variation in funding, year on year, charitable distributions will be adjusted accordingly.

Since inception, Eleva Capital LLP has allocated profits amounting to £7,440,654 to the Eleva Foundation.

The trustees have assessed the major risks to which the charity is exposed, and are satisfied that systems are in place to mitigate exposure to the major risks.

Structure, governance and management

The charity is a Charitable Incorporated Organisation established by its constitution on 17 February 2015.

The trustees who served during the year and up to the date of signature of the financial statements were:

Mrs Kirsty Bendahan
Ms Andrea Morrall

Day to day administration of the charity and all decision making, including decisions on those projects to fund, are dealt with by the trustees.

ELEVA FOUNDATION LTD

STATEMENT OF TRUSTEES' RESPONSIBILITIES

FOR THE YEAR ENDED 31 MARCH 2020

The trustees are responsible for preparing the Trustees' Report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

The law applicable to charities in England and Wales requires the trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charity and of the incoming resources and application of resources of the charity for that year.

In preparing these financial statements, the trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in operation.

The trustees are responsible for keeping sufficient accounting records that disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the financial statements comply with the Charities Act 2011, the Charity (Accounts and Reports) Regulations 2008 and the provisions of the trust deed. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The trustees' report was approved by the Trustees

ELEVA FOUNDATION LTD

INDEPENDENT AUDITOR'S REPORT

TO THE TRUSTEES OF ELEVA FOUNDATION LTD

Opinion

We have audited the financial statements of Eleva Foundation Ltd (the 'charity') for the year ended 31 March 2020 which comprise the statement of financial activities, the balance sheet, the statement of cash flows and the notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland* (United Kingdom Generally Accepted Accounting Practice).

In our opinion, the financial statements:

- give a true and fair view of the state of the charity's affairs as at 31 March 2020 and of its incoming resources and application of resources, for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Charities Act 2011.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the charity in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the trustees' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the trustees have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the charity's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

Other information

The trustees are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

ELEVA FOUNDATION LTD

INDEPENDENT AUDITOR'S REPORT (CONTINUED) TO THE TRUSTEES OF ELEVA FOUNDATION LTD

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters in relation to which the Charities (Accounts and Reports) Regulations 2008 require us to report to you if, in our opinion:

- the information given in the financial statements is inconsistent in any material respect with the trustees' report; or
- sufficient accounting records have not been kept; or
- the financial statements are not in agreement with the accounting records; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of trustees

As explained more fully in the statement of trustees' responsibilities, the trustees are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the charity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

We have been appointed as auditor under section 144 of the Charities Act 2011 and report in accordance with the Act and relevant regulations made or having effect thereunder.

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: <http://www.frc.org.uk/auditorsresponsibilities>. This description forms part of our auditor's report.

Other matter

Your attention is drawn to the fact that the charity has prepared financial statements in accordance with "Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)" (as amended) in preference to the Accounting and Reporting by Charities: Statement of Recommended Practice issued on 1 April 2005 which is referred to in the extant regulations but has now been withdrawn.

This has been done in order for the financial statements to provide a true and fair view in accordance with current Generally Accepted Accounting Practice.

ELEVA FOUNDATION LTD

INDEPENDENT AUDITOR'S REPORT (CONTINUED) TO THE TRUSTEES OF ELEVA FOUNDATION LTD

Use of our report

This report is made solely to the charity's trustees, as a body, in accordance with part 4 of the Charities (Accounts and Reports) Regulations 2008. Our audit work has been undertaken so that we might state to the charity's trustees those matters we are required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charity and the charity's trustees as a body, for our audit work, for this report, or for the opinions we have formed.

ELEVA FOUNDATION LTD

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 MARCH 2020

1 Accounting policies

Charity information

Eleva Foundation Ltd is a Charitable Incorporated Organisation in England and Wales established by its constitution on 17 February 2015. The address of the registered office is given in the charity information on page 2 of these financial statements. The registered charity number is 1160524. The CIO registration number is CE002680.

1.1 Accounting convention

These accounts have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102), the Charities Act 2011 and UK Generally Accepted Accounting Practice as it applies from 1 January 2019. The charity is a Public Benefit Entity as defined by FRS 102.

The financial statements are prepared in sterling, which is the functional currency of the charity. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared under the historical cost convention. The principal accounting policies adopted are set out below.

1.2 Going concern

The trustees have assessed whether the going concern basis of preparation continues to be appropriate, based on whether there are any material uncertainties related to events or conditions that may cast significant doubt on the ability of the company to continue as a going concern. This assessment has been required in the light of the significant uncertainty around the short to medium term impact of the spread of the Covid-19 virus.

At the time of approving the financial statements the trustees believe that all appropriate measures have been or will be taken to ensure that the company will be able to continue its operations for at least the next 12 months and thus conclude that the going concern basis remains appropriate.

1.3 Charitable funds

Unrestricted funds are available for use at the discretion of the trustees in furtherance of their charitable objectives.

Restricted funds are subject to specific conditions by donors as to how they may be used. The purposes and uses of the restricted funds are set out in the notes to the financial statements.

1.4 Incoming resources

Income is recognised when the charity is legally entitled to it after any performance conditions have been met, the amounts can be measured reliably, and it is probable that income will be received.

Cash donations are recognised on receipt. Other donations are recognised once the charity has been notified of the donation, unless performance conditions require deferral of the amount. Income tax recoverable in relation to donations received under Gift Aid or deeds of covenant is recognised at the time of the donation.

Legacies are recognised on receipt or otherwise if the charity has been notified of an impending distribution, the amount is known, and receipt is expected. If the amount is not known, the legacy is treated as a contingent asset.

ELEVA FOUNDATION LTD

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 MARCH 2020

1 Accounting policies (Continued)

1.5 Resources expended

Expenditure is included on an accruals basis.

Charitable activities - Charitable activities include expenditure associated with the objects of the charity and also include support costs relating to these activities.

1.6 Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held at call with banks, other short-term liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

1.7 Financial instruments

The charity has elected to apply the provisions of Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instruments Issues' of FRS 102 to all of its financial instruments.

Financial instruments are recognised in the charity's balance sheet when the charity becomes party to the contractual provisions of the instrument.

Financial assets and liabilities are offset, with the net amounts presented in the financial statements, when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

Basic financial assets

Basic financial assets, which include debtors and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Financial assets classified as receivable within one year are not amortised.

Basic financial liabilities

Basic financial liabilities, including creditors and bank loans are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future receipts discounted at a market rate of interest. Financial liabilities classified as payable within one year are not amortised.
