Governing Document

The directors of the company ("The Trustees") subject to the Companies Act 2006 and the Charities Act 2011 and the Memorandum and Articles are responsible for the management of and the exercise of all powers pertaining to the Charity.

The charity is constituted such that unless otherwise decided by ordinary resolution the maximum number of Trustees shall be twelve and the minimum number be three. At the time of incorporation it was agreed that the initial number of Trustees would be eight.

New Trustees are appointed after election following a private or public Invitation at any qualifying Board meeting of the Charity.

The Trustees have appointed a Management Committee who are responsible for the operational management of the Charity. Both the project Manager and Project Supervisor are members of the management committee.

The accounts comply with current statutory requirements and the charity's governing documents.

Objectives and Activities

The Charity's objects are, in the area of West Cornwall particularly in the District of Penwith, to:

Relieve poverty through the provision of household furniture and goods to those persons resident in the area of benefit that have need of such items by reason of their necessitous circumstances;

Advance education, training or retraining particularly among unemployed people so as to develop work skills, gain work experience and encourage social integration; and

Protect and preserve the environment by educating the public in the benefits to the environment of sustainable waste practices including recycling, carrying out research into sustainable waste management practices and disseminating the useful results of that research.

The objectives of the Charity are met principally by:

The sourcing by donation from the local community and the delivery to the local community in necessitous circumstance of furniture; white goods and electrical goods in exchange for donation by a furniture collection and delivery service staffed by the Project Co-ordinator and/or volunteers.

The provision of volunteer training placements within the Charity managed and supervised by the Project Co-ordinator and/or the Trustees. Placement maybe either solely managed or operated by the Charity or in partnership with one or more external organisations.

The conduct of public talks, fund raisers; community education visits by the Project Co-ordinator and/or the Trustees and volunteers.

Achievements and Performance

A number of significant developments occurred in 2019/20. The new Manager, who was appointed last year, has done particularly well given the difficult conditions encountered towards the end of his first year in office. It is largely due to his good management that GOFA has responded so well to the challenges of the COVID pandemic. Until the first period of lockdown, GOFA's employees and volunteers continued to provide an excellent level of service to people in need in its catchment area. The throughput of furniture and other goods had continued to increase, meaning that more people were being helped. However, the lockdown meant that GOFA was fully closed during the last months of the financial year, with its staff furloughed.

Community Involvement and Support:

The Charity has an ever expanding set of linkages with other community organisations and our thanks this year in no particular order are attributed to:

- Chapel St Methodist Church
- Bosence Farm Community
- Adult Social Care
- LiveWest (formerly known as Devon & Cornwall Housing)
- Penwith Community Development Trust
- Cornwall College
- Bolitho Mental Health Trust
- The YMCA
- Job Centre Plus
- Pentreath Industries
- West Cornwall Women's Aid

These organisations have been critical to the successful targeting of our expanded service both in servicing the community with electronic and household goods but also in the recruitment and support of volunteers and training placements.

We would also like to acknowledge the support of Cornwall Council and Penzance Town Council.

Financial review

During the year ending 30 June 2020 the charity continued to develop its services. Unfortunately due to the COVID-19 pandemic the total income decreased to £65,633 (2019 £72,780) and this includes Furlough grants of £11,556. It ended the year with an overall deficit of £15,261 which created a net decrease in funds. The deficit relates to unrestricted funds and is covered by sufficient funds brought forward from previous years.

No material debt has been incurred and there have been no significant disposals in the year.

At the date of these accounts no fund was known to be materially in deficit. The month-end balance in GOFA's current account in February 2020 was £54,430 while that in June was £47,138. This indicates that the deficit was indeed associated with the costs incurred during the period of lockdown due to COVID-19, including full payment of furloughed staff, expenditure on rent, insurance and other unavoidable monthly charges together with some investment in the building infrastructure.

Plans for future periods

Despite the deficit due to the COVID-19 pandemic, the achievements of the Charity in the financial year remain a consequence of the efforts of the paid employees, volunteers and support organisations, who have given time, skill and financial assistance to the Charity.

We have faced difficult challenges in 2020. Such difficulties have continued into the current financial year. Nevertheless, our Charitable objectives are sound, the need for our service unfortunately remains urgent and managerial changes and remuneration restructuring during the past year have been successful.

The trustees have considered the impact and implications that the coronavirus outbreak has had and continues to have on the charity. Financial reserves fell further in the first month of this financial year (July 2020) due to the costs of making GOFA's operation COVID-safe before re-opening to the public. However, subsequently, finances remained stable up to the latest lockdown in January 2021. The charity is currently closed and all staff have been furloughed again. It is believed that the charity has sufficient reserves to support the charity into the future.

Plans to increase warehouse space by locating a container in the area in front of the warehouse were submitted for planning permission last year and this was granted. However, these plans needed to be revised for practical reasons and new plans were submitted for permission to erect a good quality shed. Permission has now been granted and this work is scheduled to go ahead. Advertising our service and making our Project more prominent to service users continues to be a priority. We look forward to meeting our challenges with our Board and Management committee and our dedicated team of employees and volunteers.

Public Benefit

The trustees confirm that they have referred to the guidance contained in the Charity Commission's general guidance on public benefit when reviewing the Trust's aims and objectives and in planning future activities and projects.

Reserves Policy

The trustees have examined the charity's requirements for reserves in light of the main risks to the organisation. It has established a policy whereby the unrestricted funds not committed or Invested in tangible fixed assets held by the charity should equate to 3 months of the annual core costs. The estimated core costs are currently £16,500 and the trustees therefore consider the designated fund is sufficient at 30 June 2020. The trustees wish to continue the process of prudent provision for the future and have introduced a designated fund towards the cost of replacing the van in the future. The Vehicle is essential to the operation of the service. At 30 June 2020 the balance on this fund was £13,663. The trustees have also introduced a 'property reserve', this reserve represents funds set aside to be able to look at the options of purchasing a lease at a later date, to ensure the future of the charity. At the year end the balance on the fund was £30,000.. The reserves are needed to meet the working capital requirements of the charity and the trustees are confident that at this level they would be able to continue the current activities of the charity in the event of a significant drop in funding.

Responsibilities of the Trustees

Company law requires the Trustees to prepare financial statements for each financial year which give a true and fair view of the state of the affairs of the charitable company as at the balance sheet date and of its incoming resources and application of resources, including income and expenditure, for the financial year. In preparing those financial statements, the management committee should follow best practice and:

- select suitable accounting policies and then apply them consistently;

- observe the methods and principles in the Charities SORP;

- make judgements and estimates that are reasonable and prudent;

- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;

- prepare the financial statements on the going concern basis unless it is inappropriate to assume that the company will continue on that basis.

The trustees are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the charitable company and to enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

This report has been prepared in accordance with the special provisions of Part 15 of the Companies Act 2008 applicable to the small companies regime and follows the recommendation in Accounting and Reporting by Charities: Statement of Recommended Practice.

2021 and signed by its order. This report was approved by the board on .!..Mr D Feice Trustee

Good Old Furniture Available (GOFA) **Independent Examiner's Report** to the trustees of Good Old Furniture Available (GOFA)

I report on the accounts of the charitable company for the year ended 30 June 2020, which are set out on pages 7 to 14.

Respective responsibilities of trustees and examiner

The trustees (who are also the directors of the company for the purposes of company law) are responsible for the preparation of the accounts. The charity's trustees consider that an audit is not required for this year under section 144(2) of the Charities Act 2011 (the 2011 Act) and that an independent examination is needed.

Having satisified myself that the charity is not subject to audit under Part 16 of the Companies Act 2006 and is eligible for independent examination, it is my responsibility to;

- examine the accounts under section 145 of the 2011 Act;

- to follow the procedures laid down in the General Directions given by the Charity Commission under section 145(5)(b) of the 2011 Act; and

- to state whether particular matters have come to my attention.

Basis of independent examiner's report

My examination was carried out in accordance with the General Directions given by the Charity Commission. An examination includes a review of the accounting records kept by the charity and a comparison of the accounts presented with those records. It also includes consideration of any unsual items or disclosures in the accounts, and the seeking of explanations from you as trustees concerning any such matters. The procedures undertaken do not provide all the evidence that would be required in an audit and, consequently, no opinion is given as to whether the accounts present a 'true and fair view' and the report is limited to those matters set out in the statement below.

Independent examiner's statement

In connection with my examination, no matter has come to my attention:

- which gives me reasonable cause to believe that, in any material respect, the requirements

(a) to keep accounting records in accordance with section 386 of the Companies Act 2006; and

(b) to prepare accounts which accord with the accounting records, comply with the accounting requirements of the Companies Act 2006 and with the methods and principles of the Statement of Recommended Practice; Accounting and Reporting by Charities have not been met; or

- to which, in my opinion, attention should be drawn in order to enable a proper understanding of the accounts to be reached.

1 Accounting policies

Basis of preparation

The accounts of the charitable company, which is a public benefit entity under FRS 102, have been prepared under the historical cost convention in accordance with the Financial Reporting Standard Applicable in the UK (FRS 102), the Accounting and Reporting by Charities:Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK (FRS 102) (Charities SORP)), the Charitles Act 2011 and the Companies Act 2008.

Good Old Furniture Available (GOFA) meets the definition of a public benefit entity under FRS 102. Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy notes.

Reconcillation with previous Generali Accepted Accounting Practice

In preparing the accounts, the trustees have considered whether in applying the accounting policies required by FRS 102 and the Charities SORP FRS 102 the restatement of comparitive items was required. No restatements were required.

Income

Voluntary income includes donations, legacies and grants that provide core funding or are of a general nature is recognised where there is entitlement, certainity of receipt and the amount can be measured with sufficient reliability.

Investment income is recognised on a receivable basis.

Expenditure

Liabilities are recognised as soon as there is a legal or constructive obligation committing the charity to the expenditure. All expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all costs related to the category.

Charitable expenditure comprises those costs incurred by the charity in the delivery of its activities and services for its beneficiaries. It includes both costs that can be allocated directly to such activities and those costs of an indirect nature necessary to support them.

Support costs

Support costs include central functions and have been allocated to activity cost categories on a basis consistent with the use of resources, for example, allocating property costs by floor areas, or per capita, staff costs by the time spent and other costs by their usage.

Depreclation

Depreciation has been provided at the following rates in order to write off the assets over their estimated useful lives.

Equipment Motor Vehicles Shelving & Racking Building Improvements Stacking and Handling Equipment 20% reducing balance method 25% reducing balance method 15% reducing balance method 5% straight line method 15% reducing balance method

Individual fixed assets costing £1,000 or more are initially recorded at cost.

Leasing and hire purchase commitments

Assets held under finance leases and hire purchase contracts, which are those where substantially all the risks and rewards of ownership of the asset have passed to the company, are capitalised in the balance sheet and depreciated over their useful lives. The corresponding lease or hire purchase obligation is treated in the balance sheet as a liability.

The interest element of the rental obligations is charged to the profit and loss account over the period of the lease and represents a constant proportion of the balance of capital repayments outstanding.

Rentals paid under operating leases are charged to income on a straight line basis over the lease term.

Pensions

The charity operates a defined contribution pension scheme. Contributions are charged to the statement of financial activities as they become payable in accordance with the rules of the scheme.

Debtors

Trade and other debtors are recognised at the settlement amount due after any trade discount offered. Preyments are valued at the amount prepaid net of any trade discounts due.

Cash at bank and In hand

Cash at bank and cash in hand includes cash and short term highly liquid investments with a short maturity of three months or less from the date of acquisition or opening of the deposit or similar account.

Creditors and provisions

Creditors and provisions are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors and provisions are normally recognised at their settlement amount after allowing for any trade discounts due.

Financial Instruments

The charity only has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value.

Fund accounting

Unrestricted funds are donations and other incoming resources receivable or generated for the objects of the charity without further specified purpose and are available as general funds.

Restricted funds are subject to specific conditions by donors and grant making bodies as to how they may be used. The purposes and uses of the restricted funds are set out in the notes to the accounts.
