Trustees Report (2019 – 2020)

The end of the financial year has been overshadowed by Covid19 Pandemic. Friendship Zone and all other organisations residing at our community and training centre had faced a total collapse. However, as always, we are continuing to enjoy the patronage of AEP UK Ltd, enabling us to develop our services and low cost rent of premises to like minded organisations at 60 Gold Street, Northampton.

Prior to Covid19 Pandemic Friendship Zone had demonstrated and still demonstrates to the world that hard work and an innovative approach can be the basis for unparalleled success. Friendship Zone has proven that an innovative business model based upon a firm belief in its services can outperform bigger competitors.

Unfortunately due to Covid19 Pandemic our project Vote2Give had to be suspended until further notice, it did prove to be a success and has enabled us to distribute in excess of £66000 in micro grants to a range of registered charities across the UK, supporting an array of causes. By utilising social media websites such as Twitter and Facebook, we have been able to raise awareness of Vote2Give, the charities is has supported and also use our social media platform to help communicate the fundraising efforts of the public.

Our training and community centre in the town centre of Northampton continued to be a great success until the Covid19 Pandemic, but suffered significant reduction in its revenues due the latter. In overall income generated by the rental revenues continued to secure our charity self-sufficient future, positively affecting cash flow and continuous investment into our main core social networking activities and increasing the amount of micro grants given out.

The number of people benefiting from our superbly located community and training centre, which houses like minded organisations providing various types of community beneficial services reached thousands. It is an excellent example of how a registered charity can survive without asking for money, but earning it by providing cost effective services for the benefit of the community.

We continue to enjoy the tenancy of Diversity Training in our training centre. Diversity Training sees hundreds of people to take part in, or enquire about the training programs and support they offer. Other tenants residing at our community and training centre offer community beneficial services of the following kind: immigration advice, music therapy, helping disabled people into employment and training, care support, improving personal health, community DJ, employment

and recruitment services, support of people in third countries through trade and children presents supply. However it should be noted that not all of the mentioned services will be able to survive the Covid19 Pandemic.

In conclusion, while as always we are extremely proud of our achievements over the last year and were excited to see our projects continue to grow over the next twelve months, Covid19 Pandemic has severely affected our operations and revenues. The next 12 months will be reassessment year to see which direction Friendship Zone should move and what services provision to prioritise!
