***How the activities undertaken during the year contributed to the achievement of the aims and objectives.***

Our activities have enabled us to contribute to our objectives in the following ways:  
By providing our Youth sessions we have engaged with young people and helped them to develop their skills, capacities and capabilities via informal education methods.  
Our workshops have advanced young people's education by making them aware of important issues such as radicalisation and ways to stay safe online.  
Through our 1 to 1 work with young people, we have helped with relieving unemployment and enabling them to make better informed decisions.  
Our mobile youth bus has provided recreational and leisure time activities which are in the interest of social welfare and give young people a space to relax and engage with their peers in a safe and positive environment.  
We have worked closely with young people who have found themselves homeless and have made referrals to youth hostels and secured accommodation continue to support those young people in a one to one basis and provide a holistic service to meet their needs.

***Resources used in the activities undertaken during the year.***

Our main and biggest resource has been our mobile youth bus which allows us to travel to sites across Leicester and Leicestershire and provide youth work services.  
We have also developed a state of the art workshop which uses augmented reality to teach young people about radicalisation and far right extremism. This resource can be taken to schools and colleges and can educate large groups of young people.  
We have delivered Detached youth work in areas where anti social behaviour is prevalent and have provided a bridge for young people who are isolated and not accessing services to have support and be heard by negotiating on their behalf with funders.

***The main achievements and performance of the charity during the year.***

As a charity, we have continued to face cuts to funding The cuts have had a huge impact on our service and the mere fact that we are still here today is a testament to the dedication of our team. We have continued to draw down funding to enable us to deliver across the city and county and have secured funding although short term to engage with young people who are living in deprivation and poverty and provided essential support services.  
The Charity has also received international recognition for our radicalisation workshop which has been on both ITV and ABC Australian News channels. As well as being held up as best practice through the children's in need fundraising annual event.  
Streetvibe continue run a second youth centre allowing us to extend our reach and provide much needed youth services in (Coalville) Leicestershire, and have secured funding to run weekly youth work sessions in Hinckley in the New financial year.

**Streetvibe Young Peoples Services (SYPS) Ltd**  
**Company Registration Number - 06582276**

**The difference the charity's performance during the year has made to the beneficiaries of the charity.**

This year we have been able to make a difference to over 1300 individual young people via our various youth services. Our improved knowledge on issues that young people face has meant we were able to improve our services such as our radicalisation workshop which has seen hundreds of young people take part in this year alone.

Through our Detached and Outreach work we continue to deliver to those young people not accessing services. Young people have accessed support services and engaged positively with staff on issues affecting them as well as engaging in positive leisure activities and making the most of opportunities available to them.

**The degree to which the achievements and performance during the year have benefited wider society.**

By improving young people's skills and developing them we have seen a positive impact on the wider society. Many of the areas we work in are anti-social behaviour hotspots and our work in these areas has seen significant improvements in young people's behaviour. This has been recognised by local police as well as the local councils which have funded our services. we have advocated for young people and been able to secure funding for services that they have asked for in particular more youth centre activities and gave them a voice within their communities.

**How the achievements during the year measure up to the objectives set.**

Our achievements this year have met all our objectives set. We have managed to receive funding for projects across Leicester and Leicestershire and this has enabled us to increase our reach and improve our delivery.
