### TRUSTEES' REPORT

### FOR THE YEAR ENDED 31ST MARCH 2020

The Trustees present their report and accounts for the year ended 31st March 2020. The accounts have been prepared in accordance with the accounting policies set out in note 1 to the accounts and comply with the Constitution and applicable law.

### STRUCTURE, GOVERNANCE AND MANAGEMENT

### Governing document

The trust was formed through a declaration of trust dated 18 September 1997. It was registered as a Charitable Incorporated Organisation (CIO) on 20th October 2016 under charity number 1169797, formally a charity registered under charity number 1071282.

### How the service was founded

City and East London Bereavement Service was originally founded in 1984 by Dr Colin Murray Parkes, O.B.E., who is an internationally renowned expert in the care of the bereaved and who worked as a Consultant Psychiatrist in Tower Hamlets for many years.

### Appointment of Trustees

The Board of Trustees has power to appoint additional Trustees as it considers fit to do so.

The Trustees in office in the year are set out on page 6. The Trustees have no beneficial interest in the organisation other than as members.

### Organisation

The Trustees meet regularly in order to manage the affairs of the charity. Day to day running of the charity is the responsibility of the director who manages the staff and reports directly to the Board of Trustees.

### Charity Staff:

Director - Sheridan Parsons

Counselling Coordinator - Amy Westwick (until February 2019)

Sessional Workers and Supervisors (part-time) – Trish Blundell, Marcia Haley. Christina Fraser-Jones (from January 2020)

### Volunteers

Our Volunteer Counsellors deliver the vast majority of the one-to-one counselling sessions. Each of our 8 Volunteer Counsellor commits to offer counselling for up to 3 clients per week.

Over the course of this year this equates to just over 1000 hours of counselling sessions that were offered to clients.

All our Volunteer Counsellors attend clinical supervision as part of their role within the organisation. Therefore, all Volunteer Counsellors give at least four hours per week of their time. They are there to support bereaved people at what can be the most difficult time in their lives.

We actively recruit Volunteer Counsellors from the local area as we believe that they can be a more effective link to the community and understand the needs of local groups. We also have a number of counsellors who speak more than one language so we are able to provide counselling in a number of different languages, without the need for interpreters.

Our Volunteer Counsellors are professional, thoughtful, and hardworking and we wish to thank them all for their support over the past year. Without their commitment we would not be able to deliver the services we do.

### TRUSTEES' REPORT (Cont/d)

### FOR THE YEAR ENDED 31ST MARCH 2020

### Public Benefit statement

In shaping our objectives for the year and planning our activities, the trustees have considered the Charity Commission's guidance on public benefit, including the guidance 'public benefit running a charity (PD2). The achievements and activities above demonstrate the public benefit arising through the Charity's activities.

### ORJECTIVES AND ACTIVITIES

The objects of The City & East London Bereavement Service are the relief of those who are psychologically, emotionally or otherwise distressed by death or terminal illness in the London Borough of Tower Hamlets, including patients of the Barts Health NHS Trust.

### Specialist Bereavement Care for Tower Hamlets

We are the only specialist bereavement counselling service in Tower Hamlets. 25% of the clients who access the service do so because of a sudden or traumatic loss, for example:

- · the death of a child
- · unexpected or untimely deaths
- deaths due to car crash, murder or suicide.

There continues to be a trend of clients presenting with more complex needs. This is partly due to increased pressure on other statutory services and longer waiting times, and partly due to the complexity and contextual factors of clients' grief.

Whatever the cause of their bereavement, many of the people who access support and counselling are in enormous distress, and struggling to cope with day to day life. Many reported an increase in their own physical ill-health problems. There can be a marked increase in their use of alcohol, tobacco and non-prescription drugs. They are also likely to be receiving some form of medication for depression, anxiety and/or panic attacks, stress or poor sleeping, seeing other specialist health services and visiting their GP more often. As counselling progresses we expect to see a reduction in all of these areas of concern.

Many of the people referred to us are experiencing social isolation. This may be as they become older, or because family members and friends are dispersed and they don't have support close by. Equally they may feel that no one understands and they are finding it hard to interact with others.

### What we offer to the community

We continue to offer counselling services:

### 1:1 Counselling

One to one counselling sessions account for the majority of sessions we deliver. Clients are aged 18 or over, and live in Tower Hamlets or the surrounding area. Clients can either access up to 12 sessions of free counselling if the death occurred in the Barts Health NHS Trust or via the self-funded route. If self-funding, clients can access up to 24 sessions. Sessions are offered on a sliding scale based on income.

### Pre-Bereavement Counselling

We also provide pre-bereavement counselling to a range of clients with family or friends with life-limiting illnesses.

### **Couples Counselling for Bereaved Parents**

This service offers bereaved couples the opportunity to meet with a counsellor who can support them following the death of their child. The counselling provides an opportunity to talk about the circumstances of the child's death, the impact grief is having on them individually and in their relationship. Depending on the ago of the child who has passed away, the counselling may also focus on any anxieties they might have about having another child.

### TRUSTEES' REPORT (Cont/d)

### FOR THE YEAR ENDED 31ST MARCH 2020

### Early Bereavement Support Service

Given the number of referrals the service was receiving in the very early weeks and months after the bereavement, this year we have developed a new service called The Early Bereavement Support. We were aware that many people were being referred, or referring themselves to the service within the first few weeks or months following their bereavement. It is recognised that starting counselling too early can interfere with the natural process of grief and the type of support required at this time is different. The Early Bereavement Support and offers a psychoeducational approach. It is more flexible, so it may be a one-off session, it may be two or three sessions spread over a few months. Some of the issues that clients have been supported on include:

- Going back to work
- o Talking to children to understand and support their grief
- o Practical tasks following the death and managing these
- Managing family dynamics

# Advice and Consultancy to Local Professionals

We have seen an increase in those seeking advice and making referrals from statutory services such as Social Care, Community Mental Health teams. Where these are not appropriate referrals for Celbs, signposting information for other services is given.

### Networking and Partnership

We have greatly benefited from working with the following groups as they continue to think about how best to meet the needs of bereaved people that they serve:

St Joseph's Hospice; The Carers Centre Tower Hamlets; Tower Hamlets Social Care; The Bereavement Committee at Barts Health NHS Trust; The Volunteers Centre Tower Hamlets; Cruse; Mind; Compass Wellbeing; Down to Earth Project (Quaker Social Action); Crossroads Counselling.

#### Training

We have developed a range of trainings which have been attended by our Volunteer Counsellors and external therapists. These build on our specialist knowledge and include topics such as Working with Parents following still birth, miscarriage and death and Supporting clients through Trauma.

### ACHIEVEMENTS AND PERFORMANCE

### Operating without NHS East London Trust funding

The Trustees are especially pleased that we have continued to operate service through such a significant change. This was the first full year of operating without a grant from NHS East London Trust.

This was achieved through significant changes to the delivery of the service that included:

- Revision to contractual relationships and working hours for key staff.
- Changes to the premises we deliver counselling to our clients, and changes to administration staff and support for initial assessments.
- We had to reduce the number of volunteer counsellors from 19 to 8, given our reduced budgeted income by about 85% in real terms from 2018. (The 2019 accounts still included some funding overhang for NHS East London Trust.)
- That we have managed to maintain reserves at a similar level is a testament to the effort by our team and the hard decisions that have been taken.

The Trustees are also aware that this comes at a cost for the local community, with diminished counselling slots and longer waiting times given our reduced funding. Please see the The section on future development section that outlines how we are looking to address some of these issues in the longer term.

### TRUSTEES' REPORT (Cont/d)

### FOR THE YEAR ENDED 31ST MARCH 2020

This year we have developed the following new services:

### **Fundraising**

- o This year we have sought to confirm the funding arrangements to secure the future of the organisation.
- o Ultimately this has meant we have diversified our funding streams and introduced a self-funded pathway
- We were extremely fortunate to have 5 runners running for CELBS in the London Marathon
- We have held a quiz night.
- We are extremely grateful to The Marie Celeste Samaritan Society who have continued to provide a grant that allows us to continue to offer free sessions to those whose loved ones have died at the Royal London Hospital.

### The main activities during 2019/20:

Over the year, Celbs has continued to deliver a specialist, responsive and much needed service to the local community. We have seen a consistent demand for our service, and as this report includes the beginning if the Covid-19 pandemic, we have seen unprecedented demand for our service. The number of Volunteer Counsellors has remained consistent over the year. We have made the transition to offering all sessions remotely as a result of the pandemic, either via telephone or Zoom. This included supervision session for the Volunteer Counsellors. This was no small undertaking and involved liaising with training institutions, as well as ensuring that the Volunteer Counsellors felt enabled and supported delivering sessions this way. Most importantly the high quality of the therapeutic services has not diminished. We consistently receive very positive feedback from clients.

### Service Developments during 2019-2020

Many of our clients report that it is hard to solely rely on family and friends during their grief. For some, this support is not available to them. This has been even more acute due to the restrictions of the pandemic. Given the restrictions on funerals this has also impacted on how clients grieve. We anticipate seeing more complex grief reactions over time. For many of our clients having someone they can talk to, share their feelings and emotions, knowing this is without judgment and confidential is in itself hugely beneficial. Having a safe space to talk about the circumstances of the death, to reflect on day to day life in the context of grief and to help the client adjust to their future is the framework for the counselling sessions. Self care is an important aspect of the counselling.

We would anticipate that they see the client's visits to the GP reduce over the coming months as a result of accessing counselling. We are also aware that clients report being able to manage day to day life more easily, return to work, reduce or cease taking medication for anxiety, depression and sleep as a result of accessing counselling.

Our website has been updated and redesigned over this year.

We are delighted that our organisation accreditation with the British Association of Counselling and Psychotherapy was successful for a further 5 years until July 2024.

### **FUTURE PLANS AND DEVELOPMENTS**

- To develop our funding streams, including long term funding. This will also include being responsive to new funding opportunities due to the pandemic.
- To look at sustained funding to allow us to develop our infrastructure and to grow the service as client demand continues to increase
- To look at opportunities to partner with other organisations and seek funding for paid counsellors to support these services.
- This includes exploring opportunities to deliver some of our services from the Bromley by Bow Centre more generally.
- Establish a plan for accelerating access to the service by those, unable to access it through virtual means during the COVID pandemic.

### **SUMMARY & CONCLUSION**

The Trustees are especially pleased that we have continued to operate the service through such a significant change and continue to deliver public benefit to those who wish to access the service.

### TRUSTEES' REPORT (Cont/d)

### FOR THE YEAR ENDED 31ST MARCH 2020

Over the year we have embedded our services to ensure that we continue to offer professional, specialist and timely bereavement counselling to the residents of Tower Hamlets and the surrounding area. The services we offer ensure that at different times during their period of grief, clients are able to access appropriate support.

Our governance structure is open and transparent, working closely with the range of stakeholders during both a significant change for the charity and the wider community, in addition to the COVID pandemic.

We've also had a number of clients come to us finding it extremely difficult to access Bereavement counselling services through regular NHS pathways. Please also note that we provide training to the local community to help with the appropriate signoposting to our service.

Given the resources available to us we continue to offer incredible value to the local community. But with increased funding we would be able to even offer better value. Serving our clients in a timely manner and through a wider range of means.

We continue to receive excellent feedback from our clients who are appreciative of the professional and compassionate approach they experience. This has also been externally validated by the BACP this year.

The charity is in a good position to embed practices and procedures and to develop the range of services we offer to strengthen what we are able to offer the residents of Tower Hamlets.

We would like to thank everyone involved in the continuing success of CELBS, from our team of Trustees to our committed staff, supervisors and volunteers who provide a vital service for the bereaved residents of the City and East London.

### **FINANCIAL REVIEW**

The Statement of Financial Activities showed a net deficit of £5,470 (2019 – Surplus- £3,225) for the year and reserves stand at £31,533 (2019 - £37,003).

### **Funding**

We wish to thank the following organisations that have given us financial support this year:

. The Marie Celeste Samaritan Society

Thank you also to the many clients and supporters of Celbs who have kindly given us donations.

### **COVID-19 IMPACT**

Whilst the pandemic was only just starting at the end of this reporting year, it has had a profound impact on how we operate, We initially closed the service from 13th March 2020 for 10 weeks.

When we re-opened we implemented:

- Virtual channels to deliver our services, with appropriate training on various communication tools to our staff, Supervisors and VCs
- Revised safeguarding measures and management of client notes and paperwork
- We continue to be able to do Initial assessments within 2 weeks (having cleared our waitlist at reopening), however, wait times for counselling have gone up to nearly 4 months and we continue to see significant demand.

These new measures work for 88% of our clients, however, there a number of clients who either don't have access to appropriate hard/software, don't have the ability to independently use that hard/software, or don't have a quiet space to be able to take 50 minutes for a 50-minute counselling session on a regular basis.

# TRUSTEES' REPORT (Cont/d)

# FOR THE YEAR ENDED 31ST MARCH 2020

### Risk Management

The Board of Trustees has considered the major risks to which the charity is exposed and has reviewed these risks and established systems and procedures to manage them. A risk assessment is conducted annually at the February meeting to review the major risks faced by the charity and to ensure that the trustees (aring as directors of the charitable company) have a sound knowledge of the charity and are in an informed position regarding its operations.

### Reserves Policy

It is the policy of the Trustees to maintain reserves at a sufficient level to enable activities in the medium term. Reserves are at a level to guarantee the continuation of activities despite any unexpected shortfalls in income.

The level of unrestricted reserves as at 31st March 2020, was £31,533, which represents approximately seven months running costs. The Trustees are aware of the need to increase the level of reserves.

### STATEMENT OF TRUSTEES' RESPONSIBILITIES

The Trustees are responsible for preparing the Trustees' Annual Report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

The law applicable to charities in England & Wales requires the Trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charity and of the incoming resources and application of resources, including the income and expenditure for that period. In preparing these financial statements, the Trustees are required to:

- select suitable accounting policies and then apply them consistently;
- . observe the methods and principles in the Charities SORP:
- · make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charitable company will continue in business.

The Trustees are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the financial statements comply with the Charities Act 2011, the Charity (Accounts and Reports) Regulations 2008 and the provisions of the Trust Deed. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

# TRUSTEES' REPORT (Cont/d)

### FOR THE YEAR ENDED 31ST MARCH 2020

### **APPROVAL**

This report was approved by the Trustees on 5th March 2021 and signed on its behalf.

Mr David Flood

Chair of the Board of Trustees

City and East London Bereavement Service

# INDEPENDENT EXAMINER'S REPORT TO THE TRUSTEES OF CITY & EAST LONDON BEREAVEMENT SERVICE

I report to the trustees on my examination of the accounts of the above charity ("the Trust") for the year ended 31 March 2020

### Responsibilities and basis of report

As the charity's trustees, you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ("the Act").

I report in respect of my examination of the Trust's accounts carried out under section 145 of the 2011 Act and in carrying out my examination, I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

### Independent Examiner's statement

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination which gives me cause to believe that in, any material respect:

- . the accounting records were not kept in accordance with section 130 of the Charities Act; or
- · the accounts did not accord with the accounting records; or
- the accounts did not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a 'true and fair' view which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

### NOTES TO THE ACCOUNTS

### FOR THE YEAR ENDED 31ST MARCH 2020.

### 1. ACCOUNTING POLICIES

The principal accounting policies are summarised below. The accounting policies have been applied consistently throughout the year and in the preceding year.

### 1.1 Basis of preparation of accounts

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (Refictive 1 January 2015) – (Charity SORP (FRS 102) Revised), The Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)

The City & East London Bereavement Service meet the definition of a public benefit entity under FRS 102.

The accounts (financial statements) have been prepared under the historical cost convention with items recognised at cost or transaction value unless otherwise stated in the relevant note(s) to these accounts.

### 1.2 Preparation of accounts on a going concern basis

The Charity's Financial Statements show net deficit of £5,470 for the year and free reserves of £31,533.

### 1.3 Income

Income is recognised when the Charity has entitlement to the funds, any performance conditions attached to the item(s) of income have been met, it is probable that the income will be received and amount can be measured reliably.

- (a) Income received by way of grants and donations are included in full in the Statement of Financial Activities when received, unless they relate to a specified future period, in which case they are deferred.
- (b) Income from charitable activities received by way of revenue grants and donations are credited to restricted incoming resources on the earlier date of when they are received or when they are received by unless they relate to a specified future period, in which case they are deferred.
- (c) Grants and donations of general nature which are not conditional on delivering certain levels of service are included as part of Grants, Donations and Legacies as shown under note 2. Performance related grants and donations which have conditions for a specific outcome are include as Income from Charitable Activities as shown in Note 3:
- (d) Capital grants for the purchase of fixed assets are credited to restricted incoming resources on the earlier date of when they are received or receivable. Deprecation on the related fixed assets is charged against the restricted fund.
- (e) Income from charitable activities include income recognised as earned (as the related goods and services are provided) under contract.
- (f) Investment income is included when receivable.

### 1.4 Volunteers and donated services and facilities

Donated professional services and donated facilities are recognised as income when the charity has control over the item, any conditions associated with the donated item have been met, the receipt of economic benefit from the use by the charity of the item is probable and that economic benefit can be measured reliably. In accordance with the Charities SORP (FRS 102), the general volunteer time is not recognised and refers to the trustees' annual report for more information about their contribution.

On receipt, donated professional services and donated facilities are recognised on the basis of the value of the gift to the charity which is the amount the charity would have been willing to pay to obtain services or facilities of equivalent economic benefit on the open market; a corresponding amount is then recognised in expenditure in the period of receipt. No such donations were received during the year.

### NOTES TO THE ACCOUNTS

### FOR THE YEAR ENDED 31ST MARCH 2020

### 1.5 Expenditure recognition and irrecoverable VAT

Expenditure is recognised once there is a legal or constructive obligation to make a payment to a third party, it is probable that settlement will be required and the amount of the obligation can be measured reliably.

Expenditure is classified under the following activity headings:

- (a) Cost of raising funds includes staff time used to raise grants and donations and their associated support costs.
- (b) Expenditure on charitable activities includes the costs directly associated with providing bereavement services to further the purposes of the Charity and their associated support costs.

Irrecoverable VAT is charged as a cost against the activity for which the expenditure was incurred.

### 1.6 Allocation of support costs

Support costs are those functions that assist the work of the charity but do not directly undertake charitable activities. Support costs include back office costs, finance and administration personnel, payroll and governance costs which support the Trust's programmes and activities. These costs have been allocated between cost of raising funds and expenditure on charitable activities. The basis on which support costs have been allocated are set out in note 6.

### 1.7 Funds structure

The general fund comprises those monies, which may be used toward meeting the charitable objectives of the company at the discretion of the Management Board.

The restricted funds are monies raised for, and their use restricted to, a specific purpose or donations subject to donor imposed conditions.

### 1.8 Tangible fixed assets

Tangible fixed assets are stated at cost less depreciation. Individual fixed assets costing £200 or more are capitalised at cost.

Depreciation is provided at rates calculated to write off the cost or valuation of fixed assets, less their estimated residual value, over their expected useful lives on the following bases.

Furniture and fittings Office equipment Over 5 years straight line Over 3 years straight line

### 1.9 Cash at bank and in hand

Cash at bank and in hand includes cash and short term cash deposits.

### 1.10 Creditors and provisions

Creditors and provisions are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors and provisions are normally recognised at their settlement amount after allowing for any trade discounts due.

### 1.11 Financial instruments

The Trust only has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value with the exception of bank loans which are subsequently measured at amortised cost using the effective interest method.

### NOTES TO THE ACCOUNTS

### FOR THE YEAR ENDED 31ST MARCH 2020

### 1.12 Taxation

The Charity is a registered charity and, therefore, is not liable for Income Tax or Corporation Tax on income derived from its charitable activities, as it falls within the various exemptions available to registered charities.

### 1.13 Judgement and key sources of estimation uncertainty

In the application of the company's accounting policies, the charity is required to make judgments, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underling assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised where the revision affects only that period, or in the period of the revision and future periods where the revision affects both current and future periods.

### 1.14 Cash flow statement

The charity qualifies as a small charity and advantage has been taken of the exemption provided by SORP (FRS 102) as amended by Bulletin 1, not to prepare a cash flow statement.

### 2. GRANTS AND DONATIONS

	4,577	28,232	638	33,447	63,422

Expenditure in 2020 £33,447 (2019 - £63,422) was charged to unrestricted funds.

### 6. ANALYSIS OF SUPPORT AND GOVERNANCE COSTS

The Charity initially identifies the costs of its support functions. It then identifies those costs which relate to the governance function. Governance costs and other support costs are apportioned separately between charity's key activity undertaken (see note 5) in the year. All the general support and governance costs are allocated to activities at different percentages, based on staff time and the number of service delivery hours attributable to each activity.

THE STATE OF THE S	G	eneral	Governance
