Financial review Results

The net outgoing resources for the year amounted to £17,599 (2019: £27,160). The unrestricted fund has achieved a deficit for the year of £4,171 (2019: £13,733). The restricted fund deficit is partly due to the annual depreciation charge of £13,428 on those assets, the cost of which was funded and recognised as income in an earlier accounting period. As no related income was received in this financial year this cost is reducing the unspent balance brought forward from the previous accounting period.

Unrestricted funds have decreased the accumulated fund from £13,202 to £9,031. The level of restricted funds carried forward amounts to £538,210 which relates to buildings and other fixed assets purchased with the aid of grant funding. These funds are being reduced each year in accordance with the Charity's depreciation policy.

Reserves policy

The reserves policy of the charity recognises the need to hold reserves to ensure funds are available to continuing to run the activities of the Centre should the income levels fall. Reserves are also required to meet the future maintenance programme for the Centre building thus ensuring the facilities offered to service users is kept to a proper standard. A minimum level of reserves needs to be retained to ensure the trustees can operate their exit strategy and meet its legal commitments should the Charity is unable to continue due to a lack of a sustainable income stream. The level of available reserves, i.e. the total unrestricted reserves less amounts invested in fixed assets amounted to £3,411.00 The trustees are committed to maintaining current service levels for as long as the funding permits.

1. Accounting policies

Basis of preparing the financial statements

The financial statements of the charitable company, which is a public benefit entity under FRS 102, have been prepared in accordance with the Charities SORP (FRS 102) 'Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)', Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland applicable in the UK and Republic of Ireland' and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

The financial statements have been prepared on a going concern basis. The Trustees have reviewed and considered relevant information, including the annual budget and future cash flows in making their assessment. In particular, in response to the COVID-19 pandemic, the Trustees have tested their cash flow analysis to take into account the impact on the charity of possible scenarios brought on by the impact of COVID-19, alongside the measures that they can take to mitigate the impact. Based on these assessments, given the measures that could be undertaken to mitigate the current adverse conditions, and the current resources available, the Trustees have concluded that they can continue to adopt the going concern basis in preparing the annual report and accounts.
