Trustees Report

The trustees, who are directors for the purposes of company law, present their annual report together with the financial statements of the charitable company for the year ended 30 June 2020.

Objectives and activities

Objects and aims

- * to advance the holy tradition of the Orthodox Christian faith for the benefit of the public in accordance with its statements of belief.
- * to advance the Orthodox Christian faith in Norfolk and the United Kingdom for the benefit of the public through the holding of prayer meetings, lectures, public celebrations of religious festivals producing and/or distributing literature to enlighten others about the Orthodox Christian faith.
- * providing services of worship, religious teaching facilities or services to allow believers to practice their faith or follow its doctrines.
- * to maintain St Seraphim's Chapel.
- * maintain the traditions of Orthodox Christianity and to honour Archimandrite David its founder.
- * to promote traditional Orthodox iconography.
- * distribute materials relating to the life and teaching of St Seraphim of Sarov.
- * to develop collections that reflect the heritage of St Seraphim's (held for the benefit of the public and the long term) in a museum environment. To document, preserve, display, interpret, and maximise access to the building, collection and garden, thereby promoting the public's understanding and enjoyment and spiritual growth.

Objectives, strategies and activities

Developing the volunteer workforce is a priority for the Trust and at the beginning of the year advertisements were placed for various roles.

The new Icon Gallery has been very popular and has proved to be an additional source of income in donations and purchase of leaflets and cards.

Under the Our Heritage project the Trust launched three Icon painting taster workshops in the summer of 2019. These were well received and the classes for 2020 were soon fully booked.

Review of the Forward plan began in January 2020 as part of the process of reviewing all the documents for museum accreditation re-application. Encouraged by the growing popularity and visitor interest in the Icon Gallery and iconography classes, plans have been identified for developing the lower ground floor so that fundraising could be focused on a shop and workshops in those rooms as well as space for volunteers to work and rest. The development has been costed.

The Trustees recognise however, that with further progress and as they move towards meeting their objectives, the Trustee Board must also be developed so that it can meet the new challenges it is creating, as well as plans for succession, steps are being taken to recruit a new Trustee and to consider the part that local volunteers can play in the managing of St Seraphim's.

However, along with all other public places St Seraphim's plans and activities have been affected by the pandemic this year. Our Volunteer Co-ordinator left in early March prior to the lockdown for health reasons. We closed to the public in March. The post was advertised in early March but recruitment had to be placed on hold. The icon painting classes due to begin in April were postponed.

Trustees Report

During the first lockdown period we were successful in raising two grants aimed at supporting charities to pay their outgoing costs and remain viable while closed to the public. One was from Heritage Lottery Emergency fund from which we received a very welcome £7,148 This is to help with re-opening. It will pay for PPE materials for visitors and volunteers when on site; contribute towards the cost of a gardener as the payback are unable to come to work in the garden because they are not allowed to travel in the vans; shelving so the archives and documents can be readily accessed by volunteers; 2 laptops for volunteers to use on the documents and archives as well as running costs for 4 months. This grant has also covered the painting of the front windows, and platform windows which had deteriorated quite badly.

A Next Steps grant from SHARE museums awarded us £3,142. This has paid for new fitted units for the volunteer hut including the work of the carpenter, as well as some gardening hours.

Alterations have been made to the workspace in the main building to enable social distancing in two rooms for volunteers working on the archives. Shelves have been installed and documents organised on them. The sink unit from the former kitchen was removed and shelves put up in their place. This is now the office.

Although closed to the public since March we have recruited two new volunteers. They, together with two volunteers who for some time have been working on the archives, will receiving online training through our partnership with Norfolk Records Office. Our volunteers have signed up for the Cataloguing, Digitisation and Oral History online courses.

The Trustees identified a plan for re-opening St Seraphim's to the public in stages. Focusing on the garden and social distancing we have applied for the cost of a garden room which if successful will create extra space so that the postponed iconography classes can be held with social distancing in the beautiful garden surrounding. It will also provide a venue for crafts, talks and activities to enhance the mental well-being of local people and groups who already use the garden regularly.

We have a new publication, The Orthodox Platform, which a volunteer edited, spending hours in the process on this task. Another volunteer compiled the booklet in 2017 using the archives here. The Wells and Walsingham Light Railway supporters group paid for the booklet to be published, and will half the number (125) of the copies to sell on the WWLR.

This has proved to be a challenging year due to ill health and the pandemic, but one which nonetheless could prove to have constructive outcomes.

Fundraising disclosures

In 2018 the trust was awarded an Our Heritage HLF grant of £78,600, for a fixed term volunteer coordinator to increase the volunteer workforce and to set up a permanent display of icons.

Public benefit

Activities undertaken to further public benefit are detailed in the objectives, strategies and activities paragraphs above.

The trustees confirm that they have complied with the requirements of section 4 of the Charities Act 2011 to have due regard to the public benefit guidance published by the Charity Commission for England and Wales.

Trustees Report

Financial review

Policy on reserves

Free reserves at 30.6.20 amounted to £35,205 (2019: £20.044).

The Trustees consider the organisation needs reserves of £5,000 to be able to continue in operation for 6 months should income generation prove difficult.

The organisation also has a loan from Tridos Bank. The outstanding balance is £2,722. The trustees consider this amount should be retained in order to make the loan repayments as they fall due.

The balance of the reserves is being accumulated for the renovation of the downstairs.

Being able to open a gallery and iconographer's studio would provide a sustained source of income for the organisation.

Structure, governance and management

Nature of governing document

The charity is controlled by its governing document, a deed of trust, and constitutes a limited company, limited by guarantee, as defined by the Companies Act 2006. Amendments were made to the governing document on 23rd November 2010 and 27th September 2011.

Major risks and management of those risks

Risk management

The trustees have a duty to identify and review the risks to which the company is exposed and to ensure appropriate controls are in place to provide reasonable assurance against fraud and error. The trustees continue to examine and take account of potential risks at each meeting.

Statement of Trustees' Responsibilities

The trustees (who are also the directors of St Seraphim's Trust for the purposes of company law) are responsible for preparing the trustees' report and the financial statements in accordance with the United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice) and applicable law and regulations.

Company law requires the trustees to prepare financial statements for each financial year. Under company law the trustees must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the charitable company and of its incoming resources and application of resources, including its income and expenditure, for that period. In preparing these financial statements, the trustees are required to:

- select suitable accounting policies and apply them consistently;
- observe the methods and principles in the Charities SORP;

Trustee

- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charitable company will continue in business.

The trustees are responsible for keeping adequate accounting records that are sufficient to show and explain the charitable company's transactions and disclose with reasonable accuracy at any time the financial position of the charitable company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Approved by the trustees of the charity on 14 January 2021 and signed on its behalf by:
Mr J S Downing

Independent Examiner's Report to the trustees of St Seraphim's Trust

I report on the accounts of the charity for the year ended 30 June 2020 which are set out on pages 7 to 18.

Respective responsibilities of trustees and examiner

The trustees (who are also the directors of the company for the purposes of company law) are responsible for the preparation of the accounts. The trustees consider that an audit is not required for this year under section 144(2) of the Charities Act 2011 (the 2011 Act) and that an independent examination is needed.

Having satisfied myself that the charity is not subject to audit under company law and is eligible for independent examination, it is my responsibility to:

- examine the accounts under section 145 of the 2011 Act;
- to follow the procedures laid down in the general Directions given by the Charity Commission under section 145(5)(b) of the 2011 Act; and
- to state whether particular matters have come to my attention.

Basis of independent examiner's report

My examination was carried out in accordance with the general Directions given by the Charity Commission. An examination includes a review of the accounting records kept by the charity and a comparison of the accounts presented with those records. It also includes consideration of any unusual items or disclosures in the accounts, and seeking explanations from you as trustees concerning any such matters. The procedures undertaken do not provide all the evidence that would be required in an audit and consequently no opinion is given as to whether the accounts present a 'true and fair view' and the report is limited to those matters set out in the statement below.

Independent examiner's statement

In connection with my examination, no matter has come to my attention:

- (1) which gives me reasonable cause to believe that in any material respect the requirements:
 - to keep accounting records in accordance with section 386 of the Companies Act 2006; and
 - to prepare accounts which accord with the accounting records, comply with the accounting requirements of section 396 of the Companies Act 2006 and with the methods and principles of the Statement of Recommended Practice: Accounting and Reporting by Charities

have not been met; or

(2) to which, in my opinion, attention should be drawn in order to enable a proper understanding of the accounts to be reached.

For the financial year ending 30 June 2020 the charity was entitled to exemption from audit under section 477 of the Companies Act 2006 relating to small companies.

Directors' responsibilities:

- The members have not required the charity to obtain an audit of its accounts for the year in question in accordance with section 476; and
- The directors acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of accounts.

These accounts have been prepared in accordance with the provisions applicable to companies subject to the small companies regime.

The financial statements on pages 7 to 18 were approved by the trustees, and authorised for issue on 14 January 2021 and signed on their behalf by:

Mr J S Downing					
Trustee					

Notes to the Financial Statements for the Year Ended 30 June 2020

1 Charity status

The company is a charity limited by guarantee and consequently does not have share capital. Each of the trustees is liable to contribute an amount not exceeding £10 towards the assets of the charity in the event of liquidation.

2 Accounting policies

Summary of significant accounting policies and key accounting estimates

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

Statement of compliance

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2015) - (Charities SORP (FRS 102)), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and the Companies Act 2006.

Basis of preparation

St Seraphim's Trust meets the definition of a public benefit entity under FRS 102. Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy notes.

Going concern

The trustees consider that there are no material uncertainties about the charity's ability to continue as a going concern nor any significant areas of uncertainty that affect the carrying value of assets held by the charity.

Exemption from preparing a cash flow statement

The charity opted to early adopt Bulletin 1 published on 2 February 2016 and have therefore not included a cash flow statement in these financial statements.

Income and endowments

All income is recognised once the charity has entitlement to the income, it is probable that the income will be received and the amount of the income receivable can be measured reliably.

Donations and legacies

Donations are recognised when the charity has been notified in writing of both the amount and settlement date. In the event that a donation is subject to conditions that require a level of performance by the charity before the charity is entitled to the funds, the income is deferred and not recognised until either those conditions are fully met, or the fulfilment of those conditions is wholly within the control of the charity and it is probable that these conditions will be fulfilled in the reporting period.

Notes to the Financial Statements for the Year Ended 30 June 2020

Grants receivable

Grants are recognised when the charity has an entitlement to the funds and any conditions linked to the grants have been met. Where performance conditions are attached to the grant and are yet to be met, the income is recognised as a liability and included on the balance sheet as deferred income to be released.

Expenditure

All expenditure is recognised once there is a legal or constructive obligation to that expenditure, it is probable settlement is required and the amount can be measured reliably. All costs are allocated to the applicable expenditure heading that aggregate similar costs to that category.

Raising funds

These are costs incurred in attracting voluntary income, the management of investments and those incurred in trading activities that raise funds.

Charitable activities

Charitable expenditure comprises those costs incurred by the charity in the delivery of its activities and services for its beneficiaries. It includes both costs that can be allocated directly to such activities and those costs of an indirect nature necessary to support them.

Support costs

Support costs include central functions and have been allocated the charities activities.

Governance costs

These include the costs attributable to the charity's compliance with constitutional and statutory requirements, including independent examination, strategic management and trustees's meetings and reimbursed expenses.

Taxation

The charity is considered to pass the tests set out in Paragraph 1 Schedule 6 of the Finance Act 2010 and therefore it meets the definition of a charitable company for UK corporation tax purposes. Accordingly, the charity is potentially exempt from taxation in respect of income or capital gains received within categories covered by Chapter 3 Part 11 of the Corporation Tax Act 2010 or Section 256 of the Taxation of Chargeable Gains Act 1992, to the extent that such income or gains are applied exclusively to charitable purposes.

Tangible fixed assets

Individual fixed assets costing £300.00 or more are initially recorded at cost, less any subsequent accumulated depreciation and subsequent accumulated impairment losses.

Depreciation and amortisation

Depreciation is provided on tangible fixed assets so as to write off the cost or valuation, less any estimated residual value, over their expected useful economic life as follows:

Asset classLand and buildings

Furniture and equipment

Depreciation method and rate

2% on cost 25% on cost

Notes to the Financial Statements for the Year Ended 30 June 2020

Stock

Stock is valued at the lower of cost and estimated selling price less costs to complete and sell, after due regard for obsolete and slow moving stocks. Cost is determined using the first-in, first-out (FIFO).

Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and call deposits, and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of change in value.

Borrowings

Interest-bearing borrowings are initially recorded at fair value, net of transaction costs. Interest-bearing borrowings are subsequently carried at amortised cost, with the difference between the proceeds, net of transaction costs, and the amount due on redemption being recognised as a charge to the Statement of Financial Activities over the period of the relevant borrowing.

Interest expense is recognised on the basis of the effective interest method and is included in interest payable and similar charges.

Borrowings are classified as current liabilities unless the charity has an unconditional right to defer settlement of the liability for at least twelve months after the reporting date.

Fund structure

Unrestricted income funds are general funds that are available for use at the trustees's discretion in furtherance of the objectives of the charity.

Designated funds are unrestricted funds set aside for specific purposes at the discretion of the trustees.

Restricted income funds are those donated for use in a particular area or for specific purposes, the use of which is restricted to that area or purpose.

Financial instruments

Classification

Financial assets and financial liabilities are recognised when the charity becomes a party to the contractual provisions of the instrument.

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the charity after deducting all of its liabilities.

Notes to the Financial Statements for the Year Ended 30 June 2020

Recognition and measurement

All financial assets and liabilities are initially measured at transaction price (including transaction costs), except for those financial assets classified as at fair value through profit or loss, which are initially measured at fair value (which is normally the transaction price excluding transaction costs), unless the arrangement constitutes a financing transaction. If an arrangement constitutes a financing transaction, the financial asset or financial liability is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Financial assets and liabilities are only offset in the statement of financial position when, and only when there exists a legally enforceable right to set off the recognised amounts and the charity intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Financial assets are derecognised when and only when a) the contractual rights to the cash flows from the financial asset expire or are settled, b) the charity transfers to another party substantially all of the risks and rewards of ownership of the financial asset, or c) the charity, despite having retained some, but not all, significant risks and rewards of ownership, has transferred control of the asset to another party.

Financial liabilities are derecognised only when the obligation specified in the contract is discharged, cancelled or expires.
