### **Achievements and performances**

During this current year more boxes have been sent to countries around the world with lesson plans in to get the children started. Follow-up calls are still being made to get a feedback of what the children have achieved and are achieving.

Working with schools in lockdown over zoom has been a great achievement. We have now added the support of providing glasses for children with Albinism so that they are included in society.

It really does show that simple items used as educational tools can really make a difference in changing the lives of the visually impaired.

We are again so grateful to everyone who has supported us in reaching out and allowing Sightbox to achieve what it is set out to do by changing peoples lives.

Sightbox Trust is a charity working with blind and visually impaired children in the UK and around the world. We make sure that no one is left alone to work with these children without having a DBS certificate

# **Objectives and activities**

The objectives are to make sure that visually impaired and blind children are included in society especially in education. Sightbox allows this to happen and mobility, confidence, independence and team building is strengthened with the educational tools for Sightbox.

Simple items like a running tether, parachute canopy, various balls with bells in, boccia with grid allow all of this to happen.
