## **Valentine Charitable Trust**

### **Trustees' report**

**For the year ending 30 September 2020**

The Trustees are pleased to present their report together with the financial statements of the Trust for the year ending 30 September 2020. The financial statements have been prepared in accordance with the accounting policies set out in note 1 to the accounts and comply with the Charities Trust Deed and the Charities Act 2011 and the Statement of Recommended Practice: Accounting and Reporting by Charities 2005.

#### **REFERENCE AND ADMINISTRATIVE DETAILS**

The Valentine Charitable Trust is a registered charity (no 1001782).

#### **STRUCTURE, GOVERNANCE, MANAGEMENT**

The Trust was started by the late Miss Ann Cotton and is governed by its Trust deed dated 10 December 1990, last updated 1 November 1995.

Decisions are made by the board of Trustees, present and voting at duly constituted meetings. The Trustees meet once a quarter. The day to day administration of the charity is delegated to Preston Redman Solicitors under terms of reference issued by the Board of Trustees.

A full list of Trustees can be found on page 1. All Trustees served throughout the year and to the date of this report.

#### **Policy and procedures for recruiting, induction and training of Trustees**

The Trustees have the power to appoint new trustees. The Trustees have identified the need to be aware of the fact that the present Trustees will not remain in place indefinitely and that they should consider the recruitment of replacement or additional Trustees from time to time to ensure future continuity.

They will endeavour to identify likely candidates and try to recognise the qualities in them, which might benefit the future administration of the Trust. If suitable people are suggested and agreed by the Trustees they will be approached to ask whether they are willing and able to be considered for trusteeship.

When a new Trustee is appointed the existing Trustees will do their best to provide them with all background information on the Trust. They will also assist with any necessary guidelines and other education as required, on the duties, responsibilities and requirements which must be taken on by trustees. A review after 6 – 9 months will be conducted to establish whether additional information, help or advice is required by a new Trustee.

New Trustees, when appointed, will be asked to sign a self-declaration of willingness and eligibility to act and a list of appointments and positions which may give rise to conflicts of interest.

#### **Risk assessment**

The Trustees have examined the major strategic, business and operational risks which the Trust faces and confirm that systems have been established to enable regular reports to be produced so that the necessary steps can be taken to lessen these risks.

## Valentine Charitable Trust

### Trustees' report

For the year ending 30 September 2020 (continued)

#### OBJECTIVES AND ACTIVITIES

The charity's objectives as laid down in the charity's trust deed are to apply income and capital towards such charitable purposes as the Trustees may in their absolute discretion think fit. In particular, (but without limitation), (i) the provision of such amenities and facilities for the benefit of the public as are not provided from public funds and (ii) the protection and safeguarding of the countryside and wildlife and the control and reduction of pollution.

The main objective for the year was to maintain the real value of the investment and obtain income of greater than £750,000. Stock market volatility adversely impacted value which was not maintained, however, despite a fall in dividend income, the Trust's income objective was achieved.

The Trustees confirm that they have referred to the guidance contained in the Charity Commission's general guidance on public benefit when reviewing the Trust's aims and objectives and in planning future activities.

#### GRANT MAKING POLICY

The Trustees' donation policy is that they will aim to distribute the majority of the income each year to charitable organisations of their choice with a view to helping and supporting favoured charities on a regular basis whilst also making one-off donations for specific appeals, subject to the availability of funds and charitable requirements.

The Trustees have over recent years operated a policy of not considering applications unless they have what they consider to be an established relationship with the applicant. Despite that there have been occasions when the Trustees have been able to make grants outside that policy, particularly in the case of local applicants.

The likely income of the Trust after expenses is estimated to be in excess of £700,000 a year. That figure will vary from year to year but the Trustees aim to make distributions on a quarterly basis. The income cash flow may not be uniform over the year but capital cash can be used to iron out fluctuations.

The Trustees have identified the following general aims: -

The Trustees have been entrusted with the Charity's substantial assets and they propose to try and manage those to produce as large an income as reasonably possible commensurate with preserving the real value of the Charity's capital assets. They then propose to distribute the resulting income of the Charity after expenses by way of grants to other charities or organisations of an equivalent status.

The Trustees have concluded that to achieve the vision of the Charity they should adopt the following criteria when making grants. In setting out these criteria the Trustees are demonstrating how they propose to apply the vision of the Charity as its mission.

## Valentine Charitable Trust

### Trustees' report

For the year ending 30 September 2020 (continued)

#### *Grants to local charities*

Miss Cotton lived most of her life in Dorset, first at Broadstone and latterly at Canford Cliffs in Poole. Involvement in local projects appealed to her as she demonstrated while she was a Trustee of the Charity. The Trustees do not propose to set a physical limit on what they consider to be local but when dealing with charities with limited areas of interest, they will be likely to give preference to those which operate in Dorset.

The Trustees will also consider making grants to charities which, while not based in the local area, operate there.

#### *Grants to charities which have traditionally received small grants*

Over the years (the Charity was formed in 1991) the Charity has been in the habit of making relatively small grants to a number of charities on a regular basis. Many of these originated in Miss Cotton's time or are a direct reflection of her thoughts. The Trustees propose to continue these subject to appropriate review at the time each is considered to be repeated. The Trustees do however appreciate that circumstances change so the mere fact that a charity has received grants on a regular basis in the past does not mean there is an automatic decision to continue to do so.

#### *Grants to support objectives in other parts of the world*

The Charity has supported a number of small initiatives in the third and undeveloped world. The Trustees particularly like to look for projects which offer sustainability to local communities.

#### *Grants to one off appeals*

There are regularly one off appeals to provide funding for specific projects and the Trustees have regularly made donations to such appeals where they are for local facilities. However the Trustees are not keen on village halls or the fabric of church buildings.

#### *Grants for medical research and hospitals*

The Charity has made regular donations in these areas but, as a matter of policy, the Trustees look for guarantees that any donations the Charity makes to bodies or objects related to the National Health Service are for projects or equipment which have no likelihood of being provided out of central funds in the foreseeable future.

#### *Grants for core funding*

One of the recurrent themes of comments made to the Trustees by applicants concerns the problems of obtaining core funding. Apparently many grant making trusts have a policy of not providing core funding. The Trustees have decided that they are prepared to make donations towards the core funding of charities and make such grants on a repeat basis. However any repeat donations require a report from the applicant charity and a new application so that the Trustees can review the position. They take the view that if it has been right to support a particular charity once then, unless something changes, that motive can be followed again, albeit charities are encouraged to become self-reliant and/or seek funding from other sources so that they do not become solely dependent on the Valentine Charitable trust for their core funding in the long term

#### *Matched funding and pledges*

The Trustees regularly use the device of offering funding to a project conditional upon the applicant raising other funds before the donation will be forthcoming. Similarly offers of donations are sometimes made on the basis that they will only be made once the project actually proceeds. All such offers are subject to review up until the time they are actually made.

## Valentine Charitable Trust

### Trustees' report

For the year ending 30 September 2020 (continued)

#### *Social Investment funding*

Following Miss Cotton's death the Charity's assets were invested in a very narrow range of investments. To assist with diversification the Trustees developed what they term social investment funding. This involves either the purchase of premises which are then leased to an operating charity for its use; the lease is usually at a modest or nominal rent and for a relatively limited term, or the provision of a loan with an interest rate of between 0% and base rate to an operating charity to allow it to acquire property.

#### *Administration*

All applications will be acknowledged with standard letters, even those that are not appropriate for receiving a grant. This responsibility is delegated to the Trust's administrator who then provides a report to the next trustees' meeting.

The following general comments summarise some of the considerations the Trustees seek to apply when considering applications for funding.

The Trustees look for value for money. While this concept is difficult to apply in a voluntary sector it can certainly be used on a comparative basis and subjectively.

If the Trustees have competing applications they will usually decide to support just one of them as they believe that to concentrate the Charity's donations is more beneficial than to dilute them.

Regular contact with the charities to which donations are made is considered essential. Reports and accounts are also requested from charities which are supported and the Trustees consider those at their meetings.

The Trustees take great comfort from the fact that they employ the policy of only making donations to other charities or similar bodies. However they are not complacent about the need to review all donations made and the objects to which those have been given.

The Trustees are conscious that, particularly with the smaller and local charities, the community of those working for and with the charity is an important consideration.

The Trustees regularly review the classifications to which donations have been made so that they can obtain an overview of the Charity's donations and assess whether their policies are being implemented in practice. They are conscious that when dealing with individual donations it is easy to lose sight of the overall picture.

Charities are asked to formally acknowledge receipt of their grants and any cheques that are not presented in a timely fashion are discussed at a future quarterly meeting.

## **ACHIEVEMENTS AND PERFORMANCE**

#### **Financial review**

The attached accounts show total incoming income resources for the year of £909,448 (2019: £1,227,252) and resources expended of £1,283,169 (2019: £1,240,092) resulting in a deficit for the year, before considering movements in investments, of £373,721 (2019: £12,840).

The investment portfolio had realised losses of £715,938 (2019: £51,369 (gain)) and unrealised losses arising in the year of £2,054,505 (2019: £515,485 (gains)). This contributed to the decrease in the value of the overall trust fund from £36,991,612 to £33,847,448.

## Valentine Charitable Trust

### Trustees' report

For the year ending 30 September 2020 (continued)

#### Activities in furtherance of charitable objects.

During the year the charity made grants totalling £1,125,000 to 135 charities (2019: £1,068,500 to 137 charities). These are detailed in note 4.

The value of market rent not charged on the properties rented is approximately £60,000, which, although not a direct grant of cash, released funds to these charities for their core objectives.

#### Investments

The coronavirus pandemic has presented some particularly difficult conditions both for the Trust's investment managers and for many of the organisations which the Trust supports. This has resulted in a reduction of the capital value of the Trust's investment portfolios from £33,632,768 to £31,471,891, and its income. The Trustees decided that despite those reductions they would continue to support many of those applying for grants even though that meant making grants in excess of the Trust's income.

#### INVESTMENT POLICY

Under the terms of the trust deed the Trustees have wide powers of investment over the assets of the Trust.

The Trustees have delegated the investment management to Charles Stanley and Company Limited and Investec Wealth and Management Limited who are required to select investments which will give equal consideration to the production of an annual income and a level of capital growth to maintain the real value of the trust fund for the future. This strategy should produce a total return that allows the Trust to pursue its charitable objectives as fully as possible. The investment strategy should be one of medium risk.

The Trustees also reserve the right to invest capital monies in property or other investments.

The Trustees have agreed an ethical investment policy and instructed the Charity's brokers to follow that.

## Valentine Charitable Trust

### Trustees' report

For the year ending 30 September 2020 (continued)

#### RESERVES POLICY

The Trustees' policy is to review reserve levels on a regular basis and to maintain a level of reserves which will provide a stable base for the Trust's continuing activities while at the same time ensuring excessive funds are not accumulated.

There is generally, in the normal course of administration, a substantial cash balance of income in bank accounts which can be utilised to facilitate large donations for charitable purposes should the need arise. The Trustees meet quarterly and aim to maintain a cash balance of approximately £150,000 in the income fund to meet the commitments falling due in each forthcoming quarter. The income reserves at 30 September 2020 show a deficit of £38,385 (2019: £281,992 (surplus)). This is exceptional and is a reflection of the extreme circumstances created by the pandemic and the Trustees' decision to continue to make grants despite the impact on the Trust's cash position. This will be kept under review.

#### PLANS FOR FUTURE PERIODS

- To maintain the real value of the investment portfolio and of the income from it in the long term, with a current target income of £750,000.
- To continue to meet its primary objectives as stated on page 3.

#### TRUSTEES' RESPONSIBILITY AND INTERNAL CONTROL

Law applicable to charities requires the trustees to prepare financial statements, which give a true and fair view of the state of affairs of the Trust at the end of the financial year and of its incoming resources and application of resources for the year then ended. In doing so, the trustees are required to:

- Select suitable accounting policies and then apply them consistently
- Make judgements and estimates that are reasonable and prudent
- Prepare the financial statements on a going concern basis unless it becomes inappropriate to presume that the Trust will continue in the foreseeable future
- State whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements

The Trustees have overall responsibility for ensuring that the Trust has appropriate systems of internal controls, financial and otherwise. They are also responsible for keeping proper accounting records, which disclose with reasonable accuracy at any time the financial position of the Trust, and enable them to ensure that the financial statements comply with the Charities Act 2011. They are also responsible for safeguarding the assets of the Trust and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities and to provide reasonable assurance that:

- The Trust is operating efficiently and effectively;
- Its assets are safeguarded against unauthorised use or disposition;
- Proper records are maintained and the financial information used within the Trust is reliable; and
- The Trust complies with relevant laws and regulations.

## Valentine Charitable Trust

### Independent auditors' report to the Trustees For the year ended 30 September 2020

#### Opinion

We have audited the financial statements of the Valentine Charitable Trust for the year ended 30 September 2020 which comprise the statement of financial activities, balance sheet, cash flow statement and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and Republic of Ireland (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the charity's affairs as at 30 September 2020 and of its incoming resources and application of resources for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Charities Act 2011.

#### Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We are independent of the charity in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the trustees' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the trustees have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the charity's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

#### Other information

The trustees are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditors' report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

## **Valentine Charitable Trust**

### **Independent auditors' report to the Trustees For the year ended 30 September 2020**

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact.

We have nothing to report in this regard.

#### **Matters on which we are required to report by exception**

We have nothing to report in respect of the following matters in relation to which the Charities (Accounts and Reports) Regulations 2008 require us to report to you if, in our opinion:

- the information given in the Trustees' Annual Report is inconsistent in any material respect with the financial statements; or
- the charity has not kept sufficient accounting records; or
- the financial statements are not in agreement with the accounting records and returns; or
- we have not received all the information and explanations we require for our audit.

#### **Responsibilities of trustees**

As explained more fully in the Trustees' Responsibilities Statement set out on page 7, the trustees are responsible for the preparation of the financial statements and this has been delegated to Saffery Champness and for being satisfied that they give a true and fair view, and for such internal control as the trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the charity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the charity or to cease operations, or have no realistic alternative but to do so.

#### **Auditors' responsibilities for the audit of the financial statements**

We have been appointed as auditors under the Charities Act 2011 and report in accordance with regulations made under that Act.

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Valentine Charitable Trust

Independent auditors' report to the Trustees  
For the year ended 30 September 2020

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: [www.frc.org.uk/auditorsresponsibilities](http://www.frc.org.uk/auditorsresponsibilities). This description forms part of our auditors' report.

Use of our report

This report is made solely to the charity's trustees, as a body, in accordance with part 4 of the Charities (Accounts and Reports) Regulations 2008. Our audit work has been undertaken so that we might state to the trustees those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charity and the trustees as a body, for our audit work, for this report, or for the opinions we have formed.

## 1 Accounting Policies

### a) Basis of preparation

The accounts (financial statements) have been prepared in accordance with the Statement of Recommended Practice: Accounting and Reporting by Charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) issued on 16 July 2014 and the Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland (FRS 102) and the Charities Act 2011 and UK Generally Accepted Practice as it applies from 1 January 2015.

The Charity constitutes a public benefit entity as defined by FRS102.

The financial statements are prepared in sterling, which is the functional currency of the Charity. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been under the historical cost convention, with the exception of the investments which are held at market value.

### b) Going concern

At the time of approving the financial statements, the trustees have a reasonable expectation that the Charity has adequate resources to continue in operational existence for the foreseeable future. Thus the governors continue to adopt the going concern basis of accounting in preparing the financial statements.

### c) Fund accounting

All funds are unrestricted. Unrestricted funds are available for the Trustees to use in accordance with the charitable objectives.

### d) Income

All incoming resources are included in the statement of financial activities when the charity is legally entitled to the income and the amount can be quantified with reasonable accuracy.

### e) Expenditure

Resources expended are included in the statement of financial activities on an accruals basis, inclusive of any VAT, which cannot be recovered. Grants payable are accounted for when a legal or constructive obligation arises. A constructive obligation arises when the other party has a reasonable expectation of receipt.

### f) Conditional grants

Where payment of a grant is subject to a condition which is under the control of the Trust no commitment is recognised until the condition has been fulfilled. Where a grant is payable subject to a condition which is not under the Trust's control, a liability is recognised for the payment of the grant as soon as the Trust informs the recipient that the grant has been approved subject to condition. Such commitments are only reversed if and when it becomes clear that the condition will not be fulfilled.

## Valentine Charitable Trust

### Notes to the financial statements

For the year ended 30 September 2020 (continued)

**g) Tangible fixed assets and depreciation**

Tangible fixed assets comprise of freehold land and buildings and are stated at cost.

**h) Investments**

Investments are included at market value, as at the balance sheet date. Any investments where there has been a permanent diminution in value since the balance sheet date are included at the impaired value. Realised gains are calculated as the difference between market value at the date of disposal and market value at the previous balance sheet date (or date of acquisition if later). Unrealised gains are calculated as the difference between the market value at the balance sheet date and the market value at the previous balance sheet date (or date of acquisition if after).

**i) Allocation of support costs**

Support costs are allocated on the basis of time spent on particular activities.

**j) Social Investments**

Social investments are included at cost.

**k) Financial instruments**

The charity has financial assets and liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are recognised initially in the accounts at transaction price, including any transaction costs. At the end of each accounting period, basic financial instruments are recognised at amortised cost. For debt instruments this is calculated using the effective interest rate method.

**l) Critical estimate and judgements and key sources of estimation uncertainty**

In the application of the Charity's accounting policies, the trustees are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates are recognised in the period in which the estimate is revised where the revision affects only that period, or in the period of the revision and future periods where the revision effects both current and future periods.

in the trustee's opinion the net book value of the functional freehold land and buildings is not impaired. All the functional freehold land and buildings are used for charitable purposes. The Trustees considered whether it would be appropriate to instruct a formal revaluation of the property portfolio but did not deem it necessary at that point, but this will be kept under review, with due consideration given to material changes to market conditions.

14 Commitments

In addition the Trustees have approved annual grants which are subject and conditional to a final review before the grants will be paid. These grants are reviewed at each meeting and an annual update is sought on progress where appropriate. Additionally, the overall level of pledges is closely monitored each quarter to ensure sufficient funds remain available to support these on-going commitments. These grants have not been provided in the accounts and the aggregate value of these grants is as follows:-

	2020	2019
	£	£
One off pledges	65,000	66,000
