

Mid-Suffolk Light Railway Company

Annual Report of the Board of Trustees from October 1st October 2019 to September 30th 2020

Introduction

The Mid-Suffolk Light Railway Company is a company limited by guarantee managed by a board of trustees elected by its members. Membership is open to all on payment of an annual subscription or as a life member. The company is also a registered educational charity.

The principal objects of the company are defined in its memorandum of association which states:

The company is established to advance the education of the public with regard to a history of Suffolk, and the Mid-Suffolk Light Railway in particular, by collecting, preserving, interpreting and documenting material evidence and associated information by the maintenance of a museum for items of historic railway interest, and by the restoration, maintenance and operation of a demonstration railway and the display and demonstration of railway equipment, operations and engineering crafts and in the furtherance of the foregoing objective the company will be vested with the powers of operation of the Mid-Suffolk Light Railway.

To fulfil these aims the company administers the Mid-Suffolk Light Railway Museum at Brockford Station, Wetheringsett, Stowmarket, Suffolk. The museum site together with just over nine hundred metres of former railway route is currently held on a thirty year lease signed on the 1st November 2012.

The company is a member of the Heritage Railway Association, the Association of Independent Museums, the Association of Suffolk Museums and Community Action Suffolk

Personnel and management

The Board of Trustees met four times during the above period.

Due to Covid-19 a restricted annual general meeting of the company was held on 9th July 2020 at Brockford. At that meeting the following Trustees whose term of office had expired, were extended for one year. The Trustees affected were Mr D. Bates, Mrs R. Weller & Mr W. Wicks,

Following the meeting the Board consisted of ten trustees.

There was one co-option to the Board and no resignations from the Board during the reporting period

Following the Annual General Meeting the Trustees were:

Mr J. Stark	Chairman
Mr I Meigh	Vice Chairman
Mr. C. Baddeley	Company Secretary
Mr. J. Price	Treasurer.
Mr D. Bates	
Mr S. Davies	
Mr. J. Holmes	
Mr M. Watkins	
Mrs R. Weller	
Mr W. Wicks	

There were no other Trustees during the reporting period.

The board continues to complete its short, medium and long term plans to advance the company objectives. Railway track construction and maintenance, locomotive and rolling stock restoration and maintenance and the maintenance of the railway buildings continue to be led by project leaders operating to a budget and reporting to the board on a regular basis.

Membership

Membership numbers have remained stable during this period and are still over 500. Existing members have generally continued to renew their membership, often including generous donations with their subscriptions.

The museum closed to the public in September 2019 but additional steam events, the five Santa Special days & New Year's Steaming, were held in December 2019/January 2020. The museum was then unable to open for the remainder of the normal operating season

The scheme providing local residents, on application, special tickets giving free entry to the museum, except for special events, will continue to be offered on re-opening

Finance

The company's gross income including donations, restoration appeals and Covid-19 support payments was £89,640

The Middy Trading Company transferred £24,100 from their trading profits for the year.

The company operated without a financial reserve.

A Summary of Accounts for the year ended 30th September 2020 is provided separately

Achievements

We were fortunate to be one of the recipients of a generous legacy and in September 2017 received an interim payment of £99,450 with a further payment still to be made. A committee has been established to recommend which projects should be supported.

The Santa Specials operated on six days in 2019, the 7th, 8th, 14th, 15th, 21st & 22nd of December 2019 attracting 1,544 adults and children. An increase on 2018 due to the extra day with all trains fully booked again leaving people unable to obtain places. The New Years Day 2020 Steam and Historic Lighting Exhibition attracted 313 visitors. No other events could take place within the reporting period.

Due to the Covid-19 restrictions there were no Driver Experience days in 2020.

The operating year 2019 - 2020 saw all three locomotives running, with the TRAM 2525, Bagnall 2565 and Y7 985 all being used for visitor open days. The diesel locomotives were also used for shunting and works trains, with the Ruston 165 and Fowler being available, whilst the Ruston 48 is stored out of service awaiting new wheels. Maintenance work was carried out on all operating locomotives throughout the year, and work on 1604's boiler continued at the contractor's works.

Members continue to donate towards the cost of renting the industrial unit at Brockford where it provides essential workshop and storage space, enabling restoration work to be carried out under cover. Restoration of the Permanent Way Van and the Haughley Hut commenced and, within the regulations, essential work continues to be carried out for other departments. Tools and equipment continue to be acquired, some by donation, to assist with the restoration work.

Maintenance was undertaken on all vehicles in the fleet in accordance with MSLR procedures. Coach 13 had refurbishment work and painting carried out to exterior and interior panelling over the winter period. The Midland brake van No.2 was commissioned and entered service for the first time. The Moy wagon was lifted and had repair work undertaken to the axle box horn guides and under frame, as well as a having a refurbished vacuum brake cylinder fitted.

The restoration shed has filled quickly and space is at a premium. A full machine shop and two steam locos (1604 and Y7 985) are taking up most of the space. A re-organisation of the machine shop to optimise space usage is underway and will be followed by a re-organisation of the workbenches and tool storage racks. This will improve working space further. The bracket crane for the large lathe and a roof vent are still on the “wish list”.

Work is continuing on 1604 with an axle box lubrication system being put together. This is a custom design installation as 1604 was not originally fitted with axle box lubrication as witnessed by the wear seen when refurbishment was taking place. The smokebox, regulator valve assembly and ash pan are being shipped to M. Mayes in Yaxham for fitment to the overhauled boiler. Washout plugs, mudhole doors and a fusible plug have already been provided for the boiler. Other work has included some preparation work on the cab to aid painting at a later date.

The Y7 is in the shed and has been stripped to enable boiler removal for its 10 year overhaul. The boiler has been shipped to the North Norfolk railway for overhaul. The 1604 team at the MSLR will undertake renovation of the underframe and cab in the restoration shed.

Other work carried out in the shed includes improvements to the axlebox guides on the MOY wagon, brake gear improvements on the Mid-Suffolk brake van and a custom designed Annett lock (requested by the P Way department) for the new ground frame at Dovebrook. Two wheelsets and a brake cross shaft from the Southwold railway have been re-gauged and are awaiting collection.

The Bagnall has passed its boiler inspection, has been steam tested successfully and is now ready for the restart of steam days.

The tram has had a boiler washout and is awaiting boiler inspection.

The 1604 team has nine volunteers at present. The Covid lockdowns have reduced the number of volunteers that can attend to perform tasks to around four but it is hoped that the others will return when things are back to normal.

Permanent Way. The year has seen much good work done. The small team of volunteers has changed over 70 sleepers in addition to the usual routine maintenance of points and joints. We have been able to invest in some new tooling as well as being beneficiaries of donated equipment. The facing point lock installed in the previous year has now been fully commissioned. The stockpile of track materials is being progressively sorted through to identify components for the extension and for possible disposal to other heritage operators.

The web site continued to be maintained by Mr J. Reeve as webmaster.

The Museum was re-accredited by the Arts Council in March 2016 for a period of three years, but along with all other museums our accreditation has been continually extended due firstly to changes in the process and now COVID. The earliest we will be invited to re-apply is now April 2022, and we remain fully accredited in the meantime. Despite the lockdown, the archivists are continuing to manage the Museum’s collection in conformance with the SPECTRUM standards, and have been able to work on improving documentation and procedures, as well as answering numerous queries from researchers.

The management structure, with six management committees reporting to the Board, involves more of the volunteers in the operation and scheduled Trustee meetings normally occur on alternate months, however for the reporting period this has been limited to four scheduled trustee meetings.

The safety management system was reviewed and up-issued. A suite of revised procedures covering the safe operation and maintenance of the railway demonstration line, locomotives and rolling stock were implemented, and a revised version of the Operating Manual was issued to all volunteers involved with the operation of the railway demonstration line

The remaining elements of the Line Extension project have now been divided into three phases. Phase 2 is the building of a footpath crossing and the laying of the associated track. Phase 3 is the laying of the track to the end of the line extension, and Phase 4 is the building of a Middy-style halt at the end of the extension. Work to complete Phase 2 was postponed due to the coronavirus pandemic and will now be undertaken by TES2000 in Spring 2021.

To improve emergency access from the halt at the current end of the line, planning permission was sought and obtained to build a new footpath together with a footbridge over a stream.

Recorded volunteer working hours in 2019/2020 have decreased due to the restrictions in 2020 to 8,189 hours, from 23,551 the previous year, although figures are likely to be under recorded due to offsite work not being fully logged.

Due to the prevailing restrictions the refreshment room, bar and shop have all been closed for the period although essential maintenance has continued on these facilities.

The 100 Plus Club organised by David Chappell, has been well supported by the members and has been raising funds for many years. The popular Mid-Suffolk Light Railway talks given by John Stark to local organisations publicizing the railway, earning valuable income and attracting new members and visitors have been suspended and will restart when restrictions are lifted. The Board of Trustees are very appreciative of work done carrying out these fund raising activities.

Following the 2019 season much effort in the closed season went into maintenance of the site and buildings, preparation of the permanent way and rolling stock and planning events for 2020 within our permitted annual limit of 30 steam events. The Santa Specials and New Year's Day steaming provided a valuable source of income in the closed season. However due to the Covid-19 restrictions, all events planned for the period March to November 2020 were cancelled, although limited essential maintenance and repairs continued through 2020

Middy Trading Company

The Middy Trading Company is an incorporated company in its own right. Its purpose is to raise funds by various means including commercial activities to provide funding support for the Mid-Suffolk Light Railway Company. The Santa Specials are formally run by the MTC under licence from the MSLR.

During the reporting period the Middy Trading Company transferred £24,100 to the Mid-Suffolk Light Railway Company. The Board of Trustees values greatly the vital contribution that the Middy Trading Company makes to the success of the Mid-Suffolk Light Railway Company.

Conclusion

The years 2019/2020 have again seen the company continue to make good progress despite the restrictions during most of 2020. The Santa Specials in December 2019 and the special event day in January 2020 helped bring in additional sources of income which, along with the generous donations, membership subscriptions and the sleeper & locomotive restoration appeals, have provided essential funding for work on the line extension and enhancement of the Museum. Prudent financial management and the receipt of Covid-19 support payments have ensured that the Railway remains financially secure.

The rental of an industrial unit continues to facilitate restoration and storage of artefacts and the restoration of our steam locomotive 1604 continues in the Restoration Shed

Relationship with the local communities remains good and the scheme to provide local residents with free entry is being continued.

The continued progress of the museum is dependent on the support of the members and especially on the active volunteers and the Board again wish record their thanks. It is also vital for our future development that we attract new members and that more choose to become active volunteers. The planned projects and expansion of events impose a heavy load on the existing volunteers and unless more can be found, particularly those willing to take on the responsible management roles, future expansion of the railway will be difficult. Currently there are around one hundred active volunteers but more are needed and would be very welcome.

I report to the trustees on my examination of the accounts of the above charity ("the Trust") for the year ended 30 09 2020

Responsibilities and
basis of report

As the charity trustees of the Trust, you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ("the Act").

I report in respect of my examination of the Trust's accounts carried out under section 145 of the 2011 Act and in carrying out my examination, I have followed the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

Independent
examiner's statement

I have completed my examination. I confirm that no material matters have come to my attention (other than that disclosed below *) in connection with the examination which gives me cause to believe that in, any material respect:

- accounting records were not kept in accordance with section 130 of the Act or
- the accounts do not accord with the accounting records

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in order to enable a proper understanding of the accounts to be reached.
