FOR THE YEAR ENDED 31 MARCH 2021

The trustees present their report and financial statements for the year ended 31 March 2021.

The financial statements have been prepared in accordance with the accounting policies set out in note 1 to the financial statements and comply with the charity's memorandum and articles of association (as amended 17 October 2019), the Companies Act 2006 and "Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)".

Objectives and activities

The NMC is the Centre of Excellence for people affected by neuromuscular conditions.

Charitable objects

The objects of the NMC are to promote and provide opportunities for people with a neuromuscular condition to live fuller lives through training, employment and physiotherapy, together with advice and support for themselves and their families and carers.

Mission

The NMC's mission is to work together with people affected by muscle diseases, creating an environment where full potential and positive wellbeing are achieved, through employment, training, support and physiotherapy.

Aims and activities

The NMC aims to be largely user led and to provide a range of services for people affected by muscle disease. Although service users are predominantly from within a 100 mile radius of Winsford, Cheshire, many attend the Centre from across the UK and Europe. The range of services includes:

- · Physiotherapy assessments
- Physiotherapy treatments
- Hydrotherapy
- Active exercise programmes
- Advice and support
- Supporting families in transition
- Provide personal care
- Support and breaks for carers
- Training courses in Graphic Design, Animation, Music and Photography
- · Other Training courses
- Employment opportunities in Graphic Design (in the Social Enterprise; NMC Design+Print), Administration and Fundraising.
- Provide transport for Students and Employees to enable maximum independence and opportunity.

The unique combination of services provided by the charity are offered directly to individuals and their families across the UK. Where practicable, physical management programmes are tailored to the needs of each individual, depending on their type of dystrophy and physical condition, through regular sessions of physiotherapy and hydrotherapy. As a 'centre of excellence' in the physical management of muscular dystrophy and related neuromuscular conditions, the charity offers help and advice to other organisations worldwide.

The charity has established a well-respected graphic design business, NMC Design+Print, in which the variety of skills and talents of the individuals can be employed, developed and rewarded under both salaried and permitted work arrangements. The NMC provides wheelchair-adapted transport for individuals attending the Centre.

FOR THE YEAR ENDED 31 MARCH 2021

NMC strategies - Strategy Overview for 2021-2022

We had 10 Strategic Priorities for the next 2 years, but these are very much subject to review and change in the wake of the pandemic;

1. Virtual Replication

We will explore, test and use the latest technology channels and IT to enable NMC to reach out and connect to people who are unable to physically come to the Centre. The aim is to seek to enable people to participate in, and benefit from, the fullest possible range of NMC support and activities remotely.

2. Reputation for quality

We will ensure that all of our work is always of the highest possible quality and, where appropriate, is at the leading edge in our field globally. We will ensure that we promote and share our expertise, mindful of our responsibility to help in the development of better understanding, treatment and support for those affected by neuromuscular conditions.

3. Strong relationships

We will maintain and strengthen relationships with key stakeholders. In particular we will focus on those who donate and invest in our charity. We will seek an even greater understanding of donors' motivations so that we can ensure that they remain feeling valued and connected to the cause they have invested in.

4. Partnering

To further seek out possible opportunities for partnership working, where that brings mutual benefit. Partnering is most likely to be with other charities where the pooling of resources might enable partners to extend their reach or impact.

5. Transition

To proactively seek to connect with more young people with neuromuscular conditions, and with their parents, siblings and other family. We will work to offer support for successful transition to adulthood. We will work to define "success" and we will develop a range of approaches that best enable transition. Our aim is for children and young people with neuromuscular conditions to grow to become fully independent adults and to be productive citizens contributing to our society in the best possible way.

6. Sustainable income

We will seek to ensure that there is sustainable secure growth in funding to meet our strategic aspirations. We will explore a wide variety of funding sources and approaches including considering the feasibility of reducing the proportion of our funding from statutory bodies. Part of this funding strategy reflects our determination to govern our own work drawing on our specialist knowledge and specialist skills.

7. Design and Print Social Enterprise

We will undertake an extensive review and refresh of the Design and Print operation. We will set out refreshed direction and goals to reflect changes in the both the competitive and operating environment.

We will review customer service, pricing and production.

We will ensure that the Social Enterprise, that is so much at the core of our charity, is managed, staffed and organised for maximum success and resilience.

8. Emotional and mental wellbeing service

Although we know NMC already has a hugely positive impact in these areas for some individuals in our community, the aim is to develop a more universally accessible range of services to better support more people. The new elements of work may include structured psychological and counselling services alongside things like support around diet and nutrition.

9. Accommodation

We will undertake a feasibility study to enable us to plan how we might be able to meet demand for accessible accommodation, in the vicinity of NMC, to suit those with neuromuscular conditions.

As part of this work we will consider the practicalities of buying a house as an additional resource for the use of our community.

FOR THE YEAR ENDED 31 MARCH 2021

10. NMC's 30th Birthday

We will plan to hold suitable celebrations in 2020 to reflect this major milestone for our charity. We will maximise the opportunities that the anniversary provides for publicising our work and the funds that are needed to sustain our work.

The coronavirus crisis has impacted on our ability to progress these strategic priorities. We have a great deal to adjust and respond to as we hopefully emerge from the crisis. It has impacted hugely on the priorities of the charity. We are planning for elements of the Strategic Plan such as Virtual NMC and Emotional and Mental Wellbeing Service to feature in our work. Aims like the creation of some NMC overnight accommodation is now highly unlikely to be progressed in the year ahead but remains a longer-term ambition. Our plan to celebrate 30 years of NMC was simply not possible during the pandemic.

Volunteer help

NMC has a strong group of volunteers working in:

- Fundraising mainly supporting events.
- Physiotherapy helping and supporting the professional Physiotherapists.
- Board of Trustees providing scrutiny, oversight, advice, guidance, and strategic direction.
- · Also, we have volunteers helping with carpentry, gardening, odd-jobs and building maintenance.

Public Benefit

The charity trustees consider that they have complied with their duty in section 17 of the Charities Act 2011 to have due regard to public benefit guidance published by the Charity Commission and that the benefits that the charity provides are not unreasonably restricted.

Achievements and performance

Performance against Objectives for 2020-21

Rather than list a series of specific plans for 2020-21, we set out to respond to the immediate challenges of the early days of the pandemic as best we were able. We then acknowledged that we would probably need to set about rebuilding the charity, as necessary, in the aftermath of the coronavirus crisis. We set out our response below;

- We will need to take stock of the charity's resources. The impact of the crisis on our team, our wider community, our income, and our reserves cannot be gauged at this point. As soon as we can gauge the impact, then the sooner we can start to develop our action plan.
- New approaches to fundraising will be developed to reflect any societal changes. We recognise, for example, that people may be less willing to be near others even after the crisis is 'over'. We will need to adapt our fundraising events to reflect this.
- We will need to carefully assess the clinical priorities for our Physiotherapy clients. We may have individuals who need more urgently to recommence hands on therapies. There may be remaining infection risks to manage in new ways for our team.
- We will need to carefully assess how the NMC community's needs and wants may have altered following the crisis.
- We will plan to expand and extend our reach through developing our 'Virtual NMC' offering.
- We recognise that many individuals will have suffered mental and emotional stresses and traumas as a result of the crisis. Our plans to develop and extend service in this area will be accelerated and expanded to respond to this forecast greater need.
- Agility, flexibility, and an acceptance of new realities will be central to NMC's work in 2020-21 and central to our success.

We have assessed, responded, and acted in all the ways we set out during the year.

Fundraising performance

- Trust and corporate income £355k
- Community donations £132k
- Events income £18k
- · Statutory income £243k
- Design+Print income £68k

FOR THE YEAR ENDED 31 MARCH 2021

Fundraising

The NMC employs fundraisers directly. We don't engage external fundraising consultants. The NMC would never employ 'chuggers' for street collections on its behalf. The fundraising team is complemented by committed volunteers to help raise the required funds.

NMC's Grants and Contracts Manager is a member of the Institute of Fundraising with a Diploma in Fundraising. The organisation received The Queen's Award for Voluntary Service for the high standards to which it adheres.

The NMC acknowledges and gives thanks for every donation it receives.

Plans for 2021-22

- We plan to take the best elements of the virtual communication tools that flourished during the pandemic and blend those with safe onsite physical meetings, conferences, and workshops. We strive to create a hybrid set of tools to enable bigger and better gatherings.
- We plan to enable more outdoor activities by utilising our substantial outdoor space more effectively
 and accessibly. As a practical step we intend to hire a marquee for the summer and encourage as
 much NMC activity as possible to be outside. We hope this will help many to overcome the anxiety
 they feel about venturing out of the home for what may really be the first time in a year.
- We are determined to get our accessible allotment fully up and running this year. We are recruiting a part time gardener to facilitate and enable many in our community to become involved in growing and nurturing plants.
- We have a much larger group of young people now as part of the NMC community. We have a "Coaching for Independence" team who have been incredibly supportive of younger people with neuromuscular conditions throughout the pandemic. We are committed to resourcing and prioritising this area of activity in the recovery phase, post-pandemic.
- Our Design and Print Social Enterprise has kept working throughout the pandemic. The talented team
 of designers have been equipped to work from home and, whilst not without challenges, this has
 worked remarkably well. The business is well placed to bounce back with a solid order book and
 many loyal customers. We are optimistic that the ahead will be a successful one based on vibrant
 early green shoots.
- We plan to carefully and cautiously expand the physiotherapy team to reflect growing demand and the gradual return of more and more people keen to access treatment and exercise.
- We plan to stage fundraising events again. During the pandemic we had some remarkable success
 with online versions of established events. We may well build on those experiences to give us a
 mixed portfolio of actual physical events and virtual online events.
- We are planning a substantial strand of activity to respond to people's mental health needs. Talking therapies, mindfulness sessions, facilitated supportive group sessions alongside a myriad of other friendship and wellbeing focused activities are planned.

All the above are of course dependent on the prevailing mood in society generally, and in the NMC community specifically, about the virus and levels of confidence about personal safety in situations with other people.

FOR THE YEAR ENDED 31 MARCH 2021

Financial review

- NMC's financial performance has been stronger than anticipated during the pandemic.
- The Government's Coronavirus Job Retention Scheme (Furlough) has underpinned and enabled our overall satisfactory financial performance.
- Design+Print revenues were decimated by the pandemic. Encouraging signs of recovery at the end of the year.
- The NMC has some assets in the form of the building it has on land leased from Cheshire West and Chester Council but no up to date valuation is available.
- NMC holds no other substantial asset beyond its minibuses, day to day office, physio and IT equipment.
- NMC has consistently maintained total unrestricted reserves at 3 month running costs throughout 2020-21.

Reserves policy

NMC recognises the need to build and maintain adequate reserves, to ensure that the charity has a financial buffer proportionate to its normal scale of operations. In doing so, this will reduce the financial risk to the charity and help ensure that its services are sustainable.

The policy sets out a goal of staying above the following thresholds:

- 1. A minimum amount of total unrestricted reserves of £250,000
- 2. A minimum amount of net current assets of £130,000 of which cash and marketable investments must not be less than £90,000

The overall total is equivalent to approximately 4 months of annual spend and approximately 6 months of annual payroll. The Trustees believe that this is a reasonable and proportionate "buffer" to retain against the risk of unseen problems.

The current reserves level is £1,250,636, with free reserves being £546,108. Reserves have been built to enable the NMC to properly fund services, and be agile when encountering changing circumstances during the potential uncertainty of the post pandemic environment.

Risk management

A register of risks is maintained and reviewed regularly by the Trustees.

The following risks have been identified as the most significant for the charity:

- Financial sustainability; recognising that maintaining income levels is essential to the charity's financial sustainability. The charity continues to monitor the risks associated with its diverse voluntary income streams
- Reputation and brand; the charity monitors the risks associated with all aspects of reputation and has put in place strategies to reach and engage with beneficiaries and other organisations.
- Recruitment and retention of staff: the charity aims to be an organisation where staff are supported and developed and where employees have a sense of fulfilment. During the year all managers participated in a bespoke management development programme to extend their skills.

FOR THE YEAR ENDED 31 MARCH 2021

Structure, governance and management

The Neuromuscular Centre (NMC) is a registered charity, incorporated as a company limited by guarantee. The charity registration number is 1023606 and the company registration number is 2806607. The NMC has a wholly owned dormant subsidiary, NMC Trading Limited.

The trustees, who are also the directors for the purpose of company law, and who served during the year were:

A Craig (Chair to 15 April 2021) (Resigned 15 April 2021)

G Edwards M Hawes A Jeffs I Martin

S McDowell (Resigned 15 April 2021)

D Okell (Chair from 15 April 2021)

M Roberts (not a director)

E Sands W Stothart

Appointment of trustees

The charity appointed its Board of Trustees from 1 April 2012. As vacancies arise new Trustees are appointed.

Trustee induction and training

Newly appointed trustees receive comprehensive induction including training on their duties and responsibilities under company and charity law and also an induction into the activities, operational plans and financial performance of the charity.

Organisation

The Board of Trustees is ultimately responsible for the management of the Neuromuscular Centre. The Board will meet quarterly. A Chief Executive, with delegated authority, is appointed by and accountable to the trustees for managing the day-to-day operations of the NMC and the delivery of operational plans.

The remuneration arrangements for all staff are reviewed annually by the Chair of Trustees and Chief Executive having benchmarked pay levels in the relevant employment roles and sectors and mindful of changes to the UK cost of living indices. The Trustee Board approve the overall remuneration settlement as part of the annual budget setting.

Auditor

The auditors, BWM, are deemed to be reappointed under section 487(2) of the Companies Act 2006.

Disclosure of information to auditor

Each of the trustees has confirmed that there is no information of which they are aware which is relevant to the audit, but of which the auditor is unaware. They have further confirmed that they have taken appropriate steps to identify such relevant information and to establish that the auditor is aware of such information.

FOR THE YEAR ENDED 31 MARCH 2021

Small company provisions

This report has been prepared in accordance with the special provisions relating to small companies within Part 15 of the Companies Act 2006.

On behalf of the board of trustees

D Okell (Chair from 15 April 2021)

Trustee

Dated: 3 August 2021

NEUROMUSCULAR CENTRE COMPANY LIMITED BY GUARANTEE STATEMENT OF TRUSTEES' RESPONSIBILITIES

FOR THE YEAR ENDED 31 MARCH 2021

The trustees, who are also the directors of NeuroMuscular Centre for the purpose of company law, are responsible for preparing the Trustees' Report and the accounts in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Company Law requires the trustees to prepare accounts for each financial year which give a true and fair view of the state of affairs of the charity and of the incoming resources and application of resources, including the income and expenditure, of the charitable company for that year.

In preparing these accounts, the trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the accounts; and
- prepare the accounts on the going concern basis unless it is inappropriate to presume that the charity will continue in operation.

The trustees are responsible for keeping adequate accounting records that disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the accounts comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The trustees are responsible for the maintenance and integrity of the charity and financial information included on the charity's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

NEUROMUSCULAR CENTRE COMPANY LIMITED BY GUARANTEE INDEPENDENT AUDITOR'S REPORT

TO THE TRUSTEES OF NEUROMUSCULAR CENTRE

Opinion

We have audited the financial statements of NeuroMuscular Centre (the 'charity') for the year ended 31 March 2021 which comprise the statement of financial activities, the balance sheet, the statement of cash flows and the notes to the financial statements, including significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including FRS 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland* (United Kingdom Generally Accepted Accounting Practice).

In our opinion, the financial statements:

- give a true and fair view of the state of the charitable company's affairs as at 31 March 2021 and of its incoming resources and application of resources, for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice;
 and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the charity in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the trustees' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the charity's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the trustees with respect to going concern are described in the relevant sections of this report.

Other information

The other information comprises the information included in the annual report other than the financial statements and our auditor's report thereon. The trustees are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon. Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of our audit:

- the information given in the trustees' report, which includes the directors' report prepared for the purposes of company law, for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the directors' report included within the trustees' report has been prepared in accordance with applicable legal requirements.

NEUROMUSCULAR CENTRE COMPANY LIMITED BY GUARANTEE INDEPENDENT AUDITOR'S REPORT (CONTINUED)

TO THE TRUSTEES OF NEUROMUSCULAR CENTRE

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the charity and its environment obtained in the course of the audit, we have not identified material misstatements in the directors' report included within the trustees' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of trustees' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit: or
- the trustees were not entitled to prepare the financial statements in accordance with the small companies regime and take advantage of the small companies' exemptions in preparing the trustees' report and from the requirement to prepare a strategic report.

Responsibilities of trustees

As explained more fully in the statement of trustees' responsibilities, the trustees, who are also the directors of the charity for the purpose of company law, are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, the trustees are responsible for assessing the charity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the charitable company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud, is detailed below.

Our approach to identifying and assessing the risks of material misstatement in respect of irregularities, including fraud and non-compliance with laws and regulations, was as follows:

- the engagement partner ensured that the engagement team collectively had the appropriate competence, capabilities and skills to identify or recognise non-compliance with applicable laws and regulations:
- we identified the laws and regulations applicable to the company through discussions with directors and other management;
- we focused on specific laws and regulations which we considered may have a direct material effect on the financial statements or the operations of the company, including the Companies Act 2006, taxation legislation and data protection, anti-bribery, employment and health and safety legislation:
- we assessed the extent of compliance with the laws and regulations identified above through making enquiries of management and inspecting legal correspondence; and
- identified laws and regulations were communicated within the audit team regularly and the team remained alert to instances of non-compliance throughout the audit.

NEUROMUSCULAR CENTRE COMPANY LIMITED BY GUARANTEE INDEPENDENT AUDITOR'S REPORT (CONTINUED)

TO THE TRUSTEES OF NEUROMUSCULAR CENTRE

We assessed the susceptibility of the company's financial statements to material misstatement, including obtaining an understanding of how fraud might occur, by:

- making enquiries of management as to where they considered there was susceptibility to fraud, their knowledge of actual, suspected and alleged fraud; and
- considering the internal controls in place to mitigate risks of fraud and non-compliance with laws and regulations.

To address the risk of fraud through management bias and override of controls, we:

- · performed analytical procedures to identify any unusual or unexpected relationships;
- · tested journal entries to identify unusual transactions;
- assessed whether judgements and assumptions made in determining the accounting estimates were indicative of potential bias; and
- investigated the rationale behind significant or unusual transactions.

In response to the risk of irregularities and non-compliance with laws and regulations, we designed procedures which included, but were not limited to:

- agreeing financial statement disclosures to underlying supporting documentation;
- · reading the minutes of meetings of those charged with governance; and
- enquiring of management as to actual and potential litigation and claims.

There are inherent limitations in our audit procedures described above. The more removed that laws and regulations are from financial transactions, the less likely it is that we would become aware of non-compliance. Auditing standards also limit the audit procedures required to identify non-compliance with laws and regulations to enquiry of the directors and other management and the inspection of regulatory and legal correspondence, if any.

Material misstatements that arise due to fraud can be harder to detect than those that arise from error as they may involve deliberate concealment or collusion.

A further description of our responsibilities is available on the Financial Reporting Council's website at: https://www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Other matters

This report is made solely to the charitable company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the charitable company's members those matters we are required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charitable company and the charitable company's members as a body, for our audit work, for this report, or for the opinions we have formed.

1 Accounting policies

Charity information

The NeuroMuscular Centre is a private company limited by guarantee incorporated in England and Wales and a charity registered with the Charity Commission for England and Wales. The registered office is Woodford Lane West, Winsford, Cheshire, CW7 4EH.

1.1 Accounting convention

The accounts have been prepared in accordance with the charity's memorandum and articles of association, the Companies Act 2006 and "Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)" (as amended for accounting periods commencing from 1 January 2016). The charity is a Public Benefit Entity as defined by FRS 102.

The accounts are prepared in sterling, which is the functional currency of the charity. Monetary amounts in these financial statements are rounded to the nearest £.

The accounts have been prepared on the historical cost convention. The principal accounting policies adopted are set out below.

The financial statements do not incorporate the results, assets and liabilities of the charity's wholly owned subsidiary, NMC Trading Limited. Consolidated accounts have not been prepared as these would not be materially different from the single entity financial statements as presented. The subsidiary ceased to trade on 1 April 2012 and has remained dormant throughout the period.

1.2 Going concern

At the time of approving the accounts, the trustees have a reasonable expectation that the charity has adequate resources to continue in operational existence for the foreseeable future. Thus the trustees continue to adopt the going concern basis of accounting in preparing the accounts.

Covid-19 has had a profound effect on the Neuromuscular Centre and the community it serves. The safety and wellbeing of our staff, and the individuals who access our on-site services is of paramount importance, and as a consequence of that and the quarantine rules, the Centre has been closed to the public. As a result, many of our employees have not been able to work, leading to them being furloughed. The Centre has accessed the Government's Job Retention Scheme for much welcomed support.

It has been vital to maintain a level of support to our community though, and in giving the Centre the ability to do so, a core staff has not been furloughed, allow support to continue through phone calls and digital technologies. This has highlighted the importance of our work in making timely, caring and professional interventions for people who have really struggled without the vibrant family atmosphere that under normal circumstances the Centre provides.

Whilst income has been negatively impacted, particularly from CCGs and from Fundraising Events, the Management Team has sought to minimise costs in order to reduce the impact of the virus.

At the time of approving the accounts and as detailed in the Trustees' report the Trustees have considered the impact of Covid-19 on the charity and the Trustees have a reasonable expectation that the charity has adequate resources to continue in operational existence for the foreseeable future. Thus, the Trustees continue to adopt the 'going concern' basis of accounting in preparing the accounts.

FOR THE YEAR ENDED 31 MARCH 2021

1 Accounting policies

(Continued)

1.3 Charitable funds

Funds held by the charity are:

Unrestricted general funds - these are funds which can be used in accordance with the charitable objects at the discretion of the trustees, with due regard to the reserves policy as described in the Trustees' Report.

Designated funds - these are funds set aside by the trustees out of unrestricted general funds for specific future purposes.

Restricted funds are funds which are to be used in accordance with specific restrictions imposed by donors or which have been raised by the charity for particular purposes. The aim and use of each restricted fund is set out in the notes to the financial statements.

1.4 Income

All income is included in the Statement of Financial Activities when the charity is legally entitled to the income and the amount can be quantified with reasonable accuracy.

Income from donations and grants, including capital grants, is included in income when these are receivable, except as follows:

- When donors specify that donations and grants given to the charity must be used in future accounting periods, the income is deferred until those periods.
- When donors impose conditions which have to be fulfilled before the charity becomes entitled to use such income, the income is deferred and not included in income until the preconditions for use have been met.

Income is deferred only when the charity has to fulfil conditions before becoming entitled to it or where the donor has specified that the income is to be expended in a future period.

When donors specify that donations and grants, including capital grants, are for particular restricted purposes, which do not amount to preconditions regarding entitlement, this income is included as restricted funds when receivable.

Voluntary income includes discretionary grants for projects, goods and services where no service agreement or contract exists.

Other grants, which have particular service requirements and which are provided in accordance with a contract or service level agreement are included in the Statement of Financial Activities under the heading Charitable Activities.

Interest is included when receivable by the charity.

FOR THE YEAR ENDED 31 MARCH 2021

1 Accounting policies

(Continued)

1.5 Expenditure

Expenditure reflects all amounts paid and accrued during the year. Expenditure includes any VAT which cannot be fully recovered, and is reported as part of the expenditure to which it relates. All costs are allocated between the expenditure categories of the Statement of Financial Activities (SOFA) on a basis designed to reflect the use of the resource.

Raising funds

These represent costs incurred in seeking voluntary contributions and do not include the costs of disseminating information in support of the charitable activities.

Charitable expenditure

Charitable expenditure comprises those costs incurred by the charity in the delivery of its activities and services for its beneficiaries. It includes both costs that can be allocated directly to such activities and those costs of an indirect nature necessary to support them. Support costs are allocated across the activities on the basis of expenditure incurred for each of the activities.

Governance costs

These represent costs associated with meeting the constitutional and statutory requirements of the charity and include the audit fees and costs linked to the strategic management of the charity.

1.6 Tangible fixed assets

Tangible fixed assets are initially measured at cost and subsequently measured at cost or valuation, net of depreciation and any impairment losses.

Individual fixed assets costing £1,000 or more are capitalised at cost, including any expenses of acquisition.

Depreciation is provided at rates calculated to write off the cost less estimated residual value of each asset over its expected useful life, as follows:

Short leasehold property Straight line basis over the life of the lease

Fixtures, fittings & equipment Straight line over 4 - 5 years

The gain or loss arising on the disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is recognised in net income/(expenditure) for the year.

1.7 Fixed asset investments

Fixed asset investments are stated at cost less provision for diminution in value.

1.8 Impairment of fixed assets

At each reporting end date, the charity reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any).

1.9 Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held at call with banks, other short-term liquid investments with original maturities of three months or less, and bank overdrafts.

FOR THE YEAR ENDED 31 MARCH 2021

1 Accounting policies

(Continued)

1.10 Financial instruments

The charity has elected to apply the provisions of Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instruments Issues' of FRS 102 to all of its financial instruments.

Financial instruments are recognised in the charity's balance sheet when the charity becomes party to the contractual provisions of the instrument.

Financial assets and liabilities are offset, with the net amounts presented in the financial statements, when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

Basic financial assets

Basic financial assets, which include debtors and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Financial assets classified as receivable within one year are not amortised.

Basic financial liabilities

Basic financial liabilities, including creditors and bank loans are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest. Financial liabilities classified as payable within one year are not amortised.

Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of operations from suppliers. Amounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade creditors are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.

Derecognition of financial liabilities

Financial liabilities are derecognised when the charity's contractual obligations expire or are discharged or cancelled.

1.11 Employee benefits

The cost of any unused holiday entitlement is recognised in the period in which the employee's services are received, if material.

Termination benefits are recognised immediately as an expense when the charity is demonstrably committed to terminate the employment of an employee or to provide termination benefits.

1.12 Retirement benefits

The charity offers defined contribution pension arrangements to an employers' portable scheme. Contributions are charged in the financial statements as incurred.

1.13 Taxation

The charity benefits from various exemptions from taxation afforded by tax legislation and is not liable to corporation tax on income or gains falling within those exemptions. Recovery is made of tax deducted from qualifying income and from receipts under Gift Aid.

The charity is also able to partially recover Value Added Tax. Expenditure that is not recoverable by the charity is recorded in the accounts inclusive of VAT.

FOR THE YEAR ENDED 31 MARCH 2021

2 Critical accounting estimates and judgements

In the application of the charity's accounting policies, the trustees are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised where the revision affects only that period, or in the period of the revision and future periods where the revision affects both current and future periods.

21 Retirement benefit schemes

Defined contribution schemes

The charity operates a defined contribution pension scheme for all qualifying employees. The assets of the scheme are held separately from those of the charity in an independently administered fund.

The charge to the statement of financial activities in respect of defined contribution schemes was £57,174 (2020 - £57,645). Contributions totalling £nil (2020 - £35) were payable to the fund at the balance sheet date and are included within creditors.

FOR THE YEAR ENDED 31 MARCH 2021

22 Restricted funds

The income funds of the charity include restricted funds comprising the following unexpended balances of donations and grants held on trust for specific purposes:

		Movement in funds	in funds		Movement in funds	n funds	
	Balance at 1 April 2019	Income	Income Expenditure	Balance at 1 April 2020	Income	Income Expenditure 31	Balance at 31 March 2021

Physiotherapy fund - a core service of the NMC, this fund ensures the department has modern equipment with which to provide innovative and specialist treatments.

Support worker fund - this role provides a range of services including equipment and adaptation advice, guidance on benefits and work assistance, and emotional support in times of need.

Transition & Development Fund - meeting the growing demand from younger people, NMC now provides services to support them into adulthood, with independence, work readiness and personal growth being key aims. The National Lottery Community Fund Coronavirus Community Support Fund provided funding for the return of Covid-19 safe services, specifically for specialist staff, PPE and additional costs incurred by changing delivery methods. The National Lottery Reaching Communities Fund enables the provision of services to enhance social connectivity for people affected by neuromuscular conditions across the North West.
