Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	(Previous year figures in parenthesis for comparison) SHELTER 24 (62) Dogs were kennelled for a total of 1125 (1,657) dog/days an average of 47 (27) days per dog at a total cost of £10,437 (£14,595.22). An average of £9.28 (£8.81) per dog day. VET CARE Accounts were settled for 67 (62) dogs at a total cost of £31,078.93 (£24,305.15). An average of £463.86 (£392) TRAVEL 34 (86) Dogs were transported a total of 8,031 (14,888) miles at a cost of £3,212.52 (£5,680.42). In the year 1 July 2020 – 30 June 2021 a total of 99 dogs were rehomed, slightly down on previous years. Due to the pandemic, there was a significant increase in the demand for dogs which enabled some owners to sell their dog privately rather than seek help from us.

Achievements against objectives set	Para 1.41	Our objective is to be able to assist and support any member of the public who is in difficulty with a Border Terrier. This may be through re homing or by providing whatever assistance may be required to enable the Border Terrier to remain in it's home if that course is deemed to be in the best interest of the dog as well as the owner. Whenever possible we achieve this objective.
Performance of fundraising activities against objectives set	Para 1.41	Fundraising is mainly initiated by our supporters. Government restrictions introduced in March 2020 remained in place through much of this financial year preventing, the holding of face to face gatherings. A number of very successful virtual fundraising events were held. Calendar sales, both our own as well as that of the BT Posse Group have remained strong.

Financial Review

Review of the charity's financial position at the end of the period	Para 1.21	Our financial position remains strong. Income has exceeded expenditure. We have been able to rehome a number of dogs directly, mostly where the adopters are known to us and in some cases using previous owners and adopters to do the transportation. We have been able to put more dogs into foster care thanks to volunteers being prepared to accommodate dogs in their own homes thereby reducing our kennelling costs. Veterinary costs have risen due to a higher number of dogs requiring medical attention, as well as the rise in the cost of vet care, some dogs having especially expensive conditions that have needed our assistance.
Statement explaining the policy for holding reserves stating why they are held	Para 1.22	General reserves are not restricted to or designated for a particular purpose. The level set is reviewed annually by the trustees, giving due consideration to the fact that expenditure can be unpredictable in the short term and that our main source of income is reliant almost solely on the goodwill of and donations from our supporters. Reserves are therefore set to protect the charity from a sudden decrease or cessation of income at such a level that we would be able to continue our work caring for Border Terriers in need of shelter or veterinary assistance for a period of 15 months.
Amount of reserves held	Para 1.22	£140,000
Reasons for holding zero reserves	Para 1.22	N/A
Details of fund materially in deficit	Para 1.24	N/A
Explanation of any uncertainties about the charity continuing as a going concern	Para 1.23	At the present time there are no uncertainties as to the charity continuing as a going concern. We are aware that it is likely we will see an increase in the number of dogs needing help post Covid-19. Our current level of reserves should be sufficient to see us through any such demands.
