Summary of the objects of the charity set out in its governing document

The objects of the charity ('the objects') are:

The relief of those in need, by reason of youth, age, ill-health, disability, financial hardship or other disadvantage, through the provision of essential services within Barlby and surrounding area, in any manner which now is or hereafter may be deemed by law to be charitable.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

The work performed by the charitable trust has complied with the Charity Commission guidance on public benefit throughout.

Primarily, BRIGHT (Barlby Region Independent Group Helpers Trust) has provided hot meals/sandwich lunches to the vulnerable/less fortunate people within our local community. However, the work of BRIGHT is not restricted to the provision of this service, but also other assistance, such as:

- Pharmacy and prescription collection/delivery (working with local GPs)
- Shopping trips for essentials and larger orders
- Support for those being discharged from hospital until such time as they receive in-home care (even if this is just a hot meal to come home to)
- Local access to a foodbank
- Welfare calls including regular contact as part of deliveries (this has been a significant benefit of the project in terms of boosting mental health etc)
- Being that friendly, regular contact they can reach out to
- Signposting and referral to other/more appropriate service providers
- Assistance with administration and completion of claims for financial and other support

We have received many calls for assistance from the local authority/GPs as they know they can be guaranteed an immediate response.

Volunteers are DBS checked.

Summary of the main achievements of the charity during the year

During the period to 31st March 2021 the charity delivered over 8,000 meals to members of the community, with the funding coming from the National Lottery Community Fund, local authorities, local businesses and grant-making trusts along with donations from members of the local community. A large team of local volunteers ensured that these meals were delivered promptly and provided that "friendly and regular" doorstep contact, especially through the initial days of national lockdown.

BRIGHT (Barlby Region Independent Group Helpers Trust) was born out of the Coronavirus pandemic. In March 2020 it was clear that there were a large number of elderly and/or vulnerable people in the community who had no local source of help. BRIGHT and its volunteers came together to offer this much needed support to their neighbours who were shielding, self isolating or too scared to leave their homes for fear of contracting Covid-19.

In the early days grant funding became available to help local community groups. BRIGHT's initial aim was to provide a daily meal service to ensure that its service users received one hot evening meal and

sandwiches/fruit for lunch. This continued throughout the early part of lockdown. As restrictions were starting to lift the lunchtime sandwich was replaced with bread/ingredients. This planned approach was to allow people to regain some form of independence.

It soon became apparent that there were members of the community who had "slipped the net" and even in pre-pandemic times were at times struggling to support themselves. BRIGHT's offering was tweaked to provide a rapid, first response service for those in need until such time that they could be signposted to other/more appropriate "social" services, whilst ensuring the most vulnerable were being cared for.

The work of BRIGHT is not restricted to the provision of the meal delivery service, but also other assistance services:

- Pharmacy and prescription collection/delivery (working with local GPs)
- Shopping trips for essentials and larger orders
- Support for those being discharged from hospital until such time as they receive in-home care (even if this is just a hot meal to come home to)
- Local access to a foodbank
- Welfare calls including regular contact as part of deliveries (this has been a significant benefit of the project in terms of boosting mental health etc)
- Being that friendly, regular contact they can reach out to
- Signposting and referral to other/more appropriate service providers
- Assistance with administration and completion of claims for financial and other support

We receive many calls for assistance from the local authority/GPs as they know they can be guaranteed an immediate response.

It is the aim of the Charity to continue with this worthwhile and valued service to members of the community whilst efforts are being pointed in the most efficient way to ensure the maximum number of people can be supported.

The trustees are extremely grateful for the many hours of help and support given by the dedicated team of volunteers who ensured the work of BRIGHT was able to continue and also to the various organisations that provided the financial support to carry out these tasks.

Section E

Financial review

Brief statement of the charity's policy on reserves

The charity has maximised the use of its resources to ensure the beneficiaries are at the forefront of our minds, whilst maintaining a safe level of working capital to ensure support is available at all times.

Details of any funds materially in deficit

No funds are in deficit

Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

The largest source of funding was from the National Lottery Community Fund as part of its dedication to Covid-19 support and recovery. Other sources of funding have been local authorities (whose residents have benefited from the work of the charity), local businesses and members of the community who have been keen to support the work.

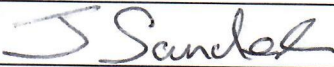

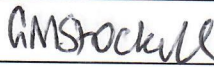

This funding has been directed to the immediate need to ensure the support to members of the community who were left isolated due to Covid-19 lockdown rules. The charity is still working with many of these people and securing alternative means of financial support.
