Winchester Hospice Fundraising Charity – Annual Report and Accounts for the year ended 31 March 2021

Trustees' Report

The Trustees present the Charity's Annual Report and the Accounts of the Charity for the year ended 31 March 2021.

These accounts have been prepared by the Trustees under the Charities Act 2011, in the form set out in Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102).

Trustees of the charity

The Trustees who served the Charity during the year were as follows:

Nicholas John Vaughan (Chair)
John Angus Theophilus
Iain Harfield Steel
Mark Julian Byford
Elizabeth Jane Padmore
Amanda Jeanne Isbister
Simon James Cramp
Lara Judith Alloway
Nigel John Bewley Atkinson

The Trustees have complied with their duty to have due regard to the guidance on public benefit published by the Charity Commission in exercising their powers and duties.

Objectives and Activities

The charity provides support for the construction and commissioning of Winchester Hospice at Hampshire Hospitals NHS by renovating Burrell House. Winchester Hospice will be the home of the Palliative Care team, providing compassionate and specialist care for up to 10 inpatients as well as patients in hospital and their own homes.

The renovation of Burrell House was completed in September 2021 and the Hospice was opened in the same month. The charity will then focus on supporting the Palliative Care services offered by the Winchester Hospice by providing financial contributions towards the general running costs of the unit and further development of the facilities.

Introduction by the Chair

The charity was established on 3 December 2018 with the intention of funding the completion of the refurbishment works to Burrell House located on the campus of Winchester Hospital with a view to those works being completed at the beginning of 2021.

The building at Burrell House remains the property of Hampshire Hospitals NHS Trust ("the Trust") and the Trust is the contracting party for the refurbishment works. The proposal is to create a 10-bed state of the art hospice for the provision of palliative and end of life care but with the additional resources of the NHS Hospital in close proximity and also to provide a hub for outpatient care and care within the surrounding communities.

The contractor selected was appointed on 31 December 2019 and work commenced on site on 6 January 2020.

The overall capital and revenue costs of the refurbishment project and associated facilities together with staff costs have increased to £4.3m due to a variety of factors, including:

- the impact of the Covid-19 pandemic and Brexit on the cost and availability of materials and other resources, and delays to the project;
- the need to incorporate unforeseen items into the build, e.g. additional cladding as a result of changes to building regulations following the Grenfell inquiry;
- the addition of roof lights to ensure natural light in the corridors;
- the inclusion of specialist equipment not included in the initial refurbishment budget, but vital to ensuring the wellbeing of patients and their families, e.g. 'cuddle beds' for each bedroom;

Winchester Hospice Fundraising Charity – Annual Report and Accounts for the year ended 31 March 2021

- the inclusion of a year-round garden room as part of the garden aspect of the refurbishment project;
- the need to increase our contingency budget as part of our risk management.

The charity has a small but dedicated fundraising team who manage fundraising activities, including:

- fundraising events (both real and virtual);
- publication of our newsletters (most recently in November 2020 and May 2021);
- community engagement, including working with local businesses and community groups;
- volunteer training and engagement;
- promotional activities, e.g. website, Facebook, Twitter.

All staff are employed by Hampshire Hospitals Foundation Trust with the costs being recharged to the Charity. We also employ a freelance fundraiser to obtain funding from grant-making Trusts and Foundations.

In spite of the challenges of the Covid-19 pandemic, a number of fundraising activities were undertaken during the accounting period ended 31 March 2021. Some highlights include:-

- The Big Give in December 2020, which raised £25k
- A 'virtual Christmas tree' in December 2020, which raised £14k
- 'I love Winchester Hospice' event in February 2021, which raised £25k

The total raised for the Winchester Hospice Appeal in the financial year ending 31 March 2021 was £890,993, of which £708,768 was received including interest directly by the charity. The amounts not shown in the Charity accounts (£182,225) were paid directly to Hampshire Hospitals Charity and ring-fenced for the Winchester Hospice build.

The charity received gifts in the accounting period from the following Trusts/Foundations and companies, for which the trustees are extremely grateful:

- Child's Farm
- The W.G. Edwards Charitable Foundation
- The INEOS Foundation
- The Geoff & Fiona Squire Foundation
- Hampshire Medical Fund (specialist equipment)
- The Tuttiett Family Charitable Trust
- The Murray Family
- Hospice Aid UK
- The Garfield Weston Foundation
- The Damon de Laszlo Foundation
- The Thomas Roberts Trust
- The Kinsbourne Trust
- The Syder Foundation
- Howdens
- The D'Oyly Carte Charitable Trust
- The Bernard Sunley Foundation
- The Charlotte Bonham-Carter Charitable Trust
- Anonymous donor

We are delighted that we have been selected by the Bible Society as the recipient of the garden they are promoting at The Chelsea Flower Show in September 2021 which will then be delivered to the Hospice and provide an amazing and reflective space for patients, their families and staff.

The trustees have been overwhelmed with the support they have received from all the organisations, local authorities, trusts and grant making bodies. During a year when many have been affected by the

Winchester Hospice Fundraising Charity – Annual Report and Accounts for the year ended 31 March 2021

pandemic, the trustees have been humbled by the generosity of so many community groups and individuals who have donated to the hospice appeal. Their generous support means that the charity is on track to reach the fundraising target required to complete the refurbishment works.

The trustees appreciate that the completion of the refurbishment and the opening of the Hospice is only the initial stage in the work of the charity and thereafter they will be involved in providing additional funding for a proportion of the running costs, as well as equipment and facilities at the Hospice which cannot be provided by the NHS Trust.

The hospice refurbishment project has been impacted by the Covid-19 pandemic. The initial lockdown in March 2020 meant that the contractor had to halt work in line with government guidance. Work restarted on 18th May 2020; however, this pause in activity has delayed the opening of the hospice, which was originally scheduled for Spring 2021. The hospice refurbishment was completed in September 2021.

The Covid-19 pandemic has also had an effect on the fundraising events that we, and our community supporters, have been able to organise and many have had to be postponed or cancelled. A greater emphasis on virtual fundraising, the promotion of legacy giving, further applications to trusts and grant making bodies and encouraging members of the public to become regular donors has now taken the place of traditional fundraising events and will continue to do so until government guidance allows the resumption of normal activities.

The trustees would wish to formally acknowledge the tremendous support and assistance they receive from the ambassadors and volunteers who work for the charity in promoting its work within the local communities and who provide talks to local groups, work with local organisations and schools in promoting the charity's work and in providing their own fundraising events.

The Chair would like to pay tribute to the work and support of all of the trustees throughout the year who provide their services freely. They bring a considerable degree of skills to the work of the charity involving medical experience, fundraising, property management, marketing and broadcasting, legal and financial skills as well as many contacts within the local community.

Structure, Governance and Management

Governing document

The charity is controlled by its constitution dated 3rd December 2018 and constitutes a foundation Charitable Incorporated Organisation (CIO).

Recruitment and appointment of trustees

Under the requirements of the constitution apart from the first Trustees, every Trustee must be appointed for a term of three years by a resolution passed at a properly convened meeting of the Trustees. There must be at least three Trustees and a maximum of ten.

In selecting individuals for appointment as charity Trustees the charity Trustees must have regard to the skills, knowledge and experience needed for the effective administration of the charity.

The Trustees represent experience in accounting, business, health, local authority, communications and broadcasting, legal and fundraising and have extensive local business knowledge, contacts and experience in the provision of hospice and palliative care services in Winchester.

The recruitment process for new trustees involved an initial meeting with designated existing trustees which gave nominees the opportunity to ask technical, financial and strategic questions before formally confirming their interest in serving on the Board.

Applicants for trusteeships are then considered by the Board. Appointments are made regardless of gender, race, religion, creed or sexual orientation.

Winchester Hospice Fundraising Charity – Annual Report and Accounts for the year ended 31 March 2021

Each trustee receives a formal induction and also advice and information on their responsibilities as a trustee of the charity. This is normally provided by the Chair who is a qualified lawyer specialising in charity law and governance. Each trustee then also receives a site visit and meets the ambassadors and volunteers who work with the charity and all other members of staff.

Trustees are invited to join charity sector, fundraising or other related webinars and forums as sought or as opportunities arise.

Related parties

The charity works in close liaison with Hampshire Hospitals NHS Foundation Trust to ensure the continuing improvement in palliative care facilities.

Organisational Structure

The Trustees meet monthly and are responsible for the strategic direction and policy of the charity. The Trustees have separate committees which are responsible for fundraising events, reviewing the progress of the building works, marketing and overseeing the financial performance of the charity.

Public Benefit

In considering the objectives for the year under review and planning the charity's activities, the Trustees have considered the Charity Commission's Guidance on Public Benefit and are satisfied that the charity meets those requirements.

The Hospice when constructed will provide palliative care and support to those with life limiting conditions within a catchment area of some 140,000 inhabitants. The services will be free at the point of delivery to those individuals and their families and carers who require such care and assistance.

The Trustees have complied with the requirements of the Charities Act 2011 with regard to public benefit.

The activities and achievements in the furtherance of public benefit are set out below.

Our Care and services

Winchester Hospice Fundraising Charity objective is to raise the funds needed to build and open a hospice facility in Winchester, and support the ongoing financial costs of delivering the hospice services. The hospice will care for patients and families facing life-limiting illnesses living in Winchester and the surrounding area. It will support people with the care they need, when and where they need it, to help make every moment matter.

Palliative and end of life services will be provided in the inpatient facility (Burrell House) as well as out in the community in patients' homes.

Inpatient services

The inpatient service at Burrell House will provide round the clock specialist care for people in a homely and safe environment. Our team offers symptom control and palliative care and treatment to patients and support for families.

Day services

The day service will support and help patients with any symptoms they might have. Our team will help patients to live their life to the full and to support them with any concerns they may have.

The hospice will also provide a variety of outpatient services, such as chemotherapy and physiotherapy, along with complementary therapies and art and craft groups to offer relief, enable rehabilitation and give people a chance to meet and socialise with others.

Patient wellbeing and family support

As part of the philosophy of caring for the whole person, the chaplain and associated bereavement support organisations will be able to offer emotional and spiritual support to patients and their families both before and after death.

We will give information and advice to help carers with the challenges they face when caring for someone with a life-limiting illness.

Winchester Hospice Fundraising Charity – Annual Report and Accounts for the year ended 31 March 2021

Risk Management

The Board of Trustees has conducted a review of the major risks to which the Charity is exposed. A risk register has been established and is updated annually. The Board of Trustees have considered the major risks to which the charity is exposed and they have satisfied themselves that systems and procedures are in place to manage and mitigate those risks.

Significant areas of risk continue to be reviewed and are deemed to include:

- Covid-related restrictions and impacts on fundraising.
- Design changes and new design requirements (in part due to Covid) resulting in rising costs
- Delays due to Covid-related restrictions
- The impact of Brexit and delays in the supply chain for equipment and materials

Achievements and Performance

The main charitable activity is to fund the £4.3 million required to renovate Burrell House and turn it into a Hospice.

Community fundraising and awareness raising through communications continued to be the focus of the charitable trust activities. Covid had an impact on the planned events in the year with a number of events being postponed and only virtual events taking place during the year, some of the events organised by the Charity's office included:

Financial review

The gross incoming resources in the year were £708,768 (2020 - £1,309,534). These were used to pay the administration, and fundraising expenses of the charity totalling £556,496 (2020 - £95,865) producing a net surplus of £152,271 (2020 - £1,213,669). This leaves a balance on unrestricted funds carried forward of £1,365,940 (2020 - £1,213,669) at 31 March 2021.

The charity is dependent on the income received by way of donations and the Trustees of the Charity are extremely grateful to all donors for the funds received over the year. The charity also raises funds through the events that took place in the year.

The renovation of Burrell House is under way and the funds carried forward will be used to support Hampshire Hospitals NHS Foundation Trust make the payments to the contractors as and when payments are due.

Reserves Policy

Trustees reviewed the purposes for which we might hold reserves and the level of reserves required. Trustees are of the view that any capital works need to be fully funded and cannot be funded by reserves. A limited reserve is held at present to cover expenses which may be incurred within the following 6 months such expenses being in relation to the costs of the fundraising team members.

Our Future Plans

The charity plans to continue the activities outlined above in the forthcoming year. In addition, as we approach the end of the refurbishment project, we will begin to shift our focus towards raising funding support for the running costs of the hospice.

Fundraising

The Charity raises funds from members of the public by organising the events and activities detailed in this report. We comply with legal requirements and adhere to the Institute of Fundraising Code of Practice and guidelines. We have not received any complaints in relation to our fundraising activities.

Winchester Hospice Fundraising Charity – Annual Report and Accounts for the year ended 31 March 2021

Statement of Trustees' responsibilities

The Trustees are responsible for preparing the Trustees' Annual Report and the accounts in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

The law applicable to charities in England and Wales requires the Trustees to prepare accounts for each financial year which give a true and fair view of the state of affairs of the Charity and of the income and expenditure of the Charity for that period.

In preparing these accounts, the Trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable to the United Kingdom and Republic of Ireland (FRS 102);
- make judgments and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the accounts; and
- prepare the accounts on the going concern basis unless it is inappropriate to presume that the Charity will continue in operation.

The Trustees are responsible for keeping adequate accounting records that disclose with reasonable accuracy at any time the financial position of the Charity and enable the Trustees to ensure that the accounts comply with the Charities Act 2011, applicable Charity (Accounts and Reports) Regulations and the provisions of the Charity's constitution. The Trustees are also responsible for safeguarding the assets of the Charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Winchester Hospice Fundraising Charity – Annual Report and Accounts for the year ended 31 March 2021

Independent Examiner's Report

Independent Examiner's Report to the Trustees of Winchester Hospice Fundraising Charity.

I report to the charity trustees on my examination of the accounts of the charity for the year ended 31 March 2021 which are set out on page 10 to 16.

Responsibilities and basis of report

As the charity's trustees you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ('the Act').

I report in respect of my examination of the charity's accounts carried out under section 145 of the Act and in carrying out my examination I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

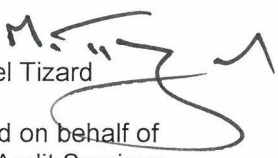

Independent examiner's statement

I confirm that I am qualified to undertake the examination because I am a member of the ICAEW which is one of the listed bodies.

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

1. accounting records were not kept in respect of the charity as required by section 130 of the Act; or
2. the accounts do not accord with those records [; or
3. the accounts do not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a 'true and fair view' which is not a matter considered as part of an independent examination

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

Winchester Hospice Fundraising Charity – Annual Report and Accounts for the year ended 31 March 2021

Notes to the accounts

1. Accounting Policies

Basis of preparation

These accounts have been prepared under the historical cost convention with items recognised at cost or transaction value unless otherwise stated in the relevant notes to these accounts.

The accounts have been prepared in accordance with the Statement of Recommended Practice: Accounting and Reporting by charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland (FRS 102) (Charities SORP 2019), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and the Charities Act 2011 and in accordance with the accounting policies noted below.

The charity constitutes a public benefit entity as defined by FRS 102.

The accounts are presented in sterling and are rounded to the nearest pound.

Assessment of going concern

The Trustees have assessed whether the use of the going concern assumption is appropriate in preparing these accounts. The Trustees have made this assessment in respect to a period of one year from the date of approval of these accounts.

The Trustees of the charity have concluded that there are no material uncertainties related to events or conditions that may cast significant doubt on the ability of the Charity to continue as a going concern. The Trustees are of the opinion that the charity will have sufficient resources to meet its liabilities as they fall due.

In making this decision, the Trustees have taken into consideration the risks and uncertainties arising from the Coronavirus pandemic.

Funds structure

Unrestricted income funds are general funds that are available for use at the Trustees discretion in furtherance of the objectives of the Charity and have not been designated for other purposes.

Restricted funds are those which are to be used in accordance with specific restrictions imposed by the donor or the result of a specific appeal.

The Charity has a combination of restricted and unrestricted funds.

Income Recognition

Income is recognised in the period in which the Charity has entitlement to the income, the amount of income can be measured reliably and it is probable that the income will be received.

Income comprises donations, grants and investment income.

Donations and grants

Donations and grants are recognised when the Charity has confirmation of both the amount and settlement date. In the event of donations or grants pledged but not received, the amount is accrued for where the receipt is considered probable. In the event that a donation or grant is subject to conditions that require a level of performance before the Charity is entitled to the funds, the income is deferred and not recognised until either those conditions are fully met, or the fulfilment of those conditions is wholly within the control of the charity and it is probable that those conditions will be fulfilled in the reporting period.

Tax reclaims on donations

Gift aid receivable is included in income when there is a valid declaration from the donor. Any gift aid amount received on a donation is considered to be part of that gift and is treated as an addition to the same fund as the initial donation unless the donor or the terms of the appeal have specified otherwise.

Winchester Hospice Fundraising Charity – Annual Report and Accounts for the year ended 31 March 2021

Taxation

The Charity is a registered charity, and as such is entitled to certain tax exemptions on income and profits from investments, and surpluses on trading activities carried on in furtherance of the Charity's primary objectives, if these profits and surpluses are applied solely for charitable purposes.

Expenditure Recognition

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the Charity to make a payment to a third party, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. All expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all costs related to the category.

- Expenditure on raising funds are those costs attributable to generating income for the Charity and those incurred in trading activities that raise funds.
- Expenditure on charitable activities includes all costs associated with the delivery of its activities and services for its beneficiaries. It includes both costs that can be allocated directly to such activities and those costs of an indirect nature necessary to support them.

Allocation of overheads and support costs

Support costs represent indirect charitable expenditure. In order to carry out the primary purposes of the Charity it is necessary to provide support in the form of personnel development, financial procedures, provision of office services and equipment and a suitable working environment.

Governance costs comprise the costs involving the public accountability of the Charity (including audit costs) and costs in respect to its compliance with regulation and good practice.

All support costs have been allocated to expenditure on charitable activities because any apportionment across the expenditure categories would be immaterial.

Cash at bank and in hand

Cash at bank and in hand represents such accounts and instruments that are available on demand or have a maturity of less than three months from the date of acquisition.

Creditors and provisions

Creditors and provisions are recognised when there is an obligation at the balance sheet date as a result of a past event, it is probable that a transfer of economic benefit will be required in settlement, and the amount of the settlement can be estimated reliably. Creditors and provisions are recognised at the amount the Charity anticipates it will pay to settle the debt.
