The charity is controlled by its governing document, a deed of trust, and constitutes a limited company, limited by guarantee, as defined by the Companies Act 2006.

Organisational Aims, Objectives and Activities.

The 3Gs strategic aim is to enable people in the area to live a better quality of life and make the area a happy, safe environment where people work together and are proud to belong to their community.

Operation objectives and activities focuses on three main priorities:

- 1) Working with our schools and agencies concerned with the education and well-being of our children to ensure that the children of today do not grow up to be the socially excluded of tomorrow.
- 2) Working with the adults of today to develop their capacity to become the informed, self-reliant, self-assured, enterprising, active and co-responsible citizens that they now need to become if they are to escape social exclusion.
- 3) Working with agencies that provide programmes and services to residents to ensure that they develop an understanding and capacity to meet the underlying needs of residents as well as being pro-active in equipping residents to become informed and assertive customers.

We actively recruit and train volunteers to develop their skills to empower others and to feel confident themselves to establish new projects to benefit their community.

Public Benefit

The Trustees are aware that the Charity has a responsibility under the Charities Act to demonstrate that it has charitable aims that meet the public benefit requirement and are therefore charitable. The Trustees confirm that they have had regard to the Charity Commission's guidance on public benefit and that they comply with S17 Charities Act 2011 in respect of having due regard to public benefit when considering, planning and implementing the activities of the charity. As Trustees, we believe that the aims of our organisation are charitable and for the public benefit. Furthermore, in our view, no detriment or harm arises from our charity carrying out its work and we are not aware of any widespread views among others that such detriment or harm might arise.

3Gs Development Trust Limited is a community owned organisation set up to enable community members to have a say in what goes on in their area. We continue to provide a varied programme of support in all the above communities to ensure that public benefit is at the forefront of everything we do.

Details of the work we have undertaken during the year ended 31st March 2021 to achieve and fulfil the aims of the charity are detailed below in the Achievements and Performance section.

Achievements and Performance

Summary of the key achievements during the year. These include;

- Improvements in the health and well-being of the community
- Improvements in the financial well-being of the community
- Improvements in community-learning and personal development

Financial Review

The Trustees have identified that the charity needs to accumulate free reserves equivalent to one month's operating expenditure. This amount is necessary to ensure the uninterrupted delivery of service by the charity and maintenance of efficient systems of administration and management. At the current level of activity this equates to a required balance of free reserves of £3,102. The current level of free reserves is £Nil. (See note 8).

Income for the year is £131,361 (2020: £300,480). The reduction is due to the majority of capital funding being in 2020 and not repeated in 2021.

Restricted Funds is currently £523,894. Of this £438,569 relates to asset funds.

The policy of the company is to generate income relating to the delivery of its charitable objectives which will allow it to accumulate free reserves until the target level has been achieved. The trustees are confident that through careful budget monitoring and planning and use of the clinics contributing to our income generation strategy that the level of free reserves will increase year on year.

The Trustees are committed to strengthening its governance and to recruiting an additional number of directors with the skills and values that will contribute to taking the organisation forward. We intend engaging in board development sessions with Development Trust Association, VAMT and Welsh Co-operative Centre towards embedding the Asset Based Community Development (ABCD) model of service delivery into our approach to engaging, supporting and empowering the communities who we are proud to work with serve and support

Plans for future

The organisation and our prime asset the Clinic building has benefited from WG 21st Century Schools Capital Investment Programme to the tune of £248,000 capital funding which completed the clinic redevelopment works has been successful. This is significant as the remaining works, included completion of the rental spaces on the 1st floor and the recording studio. In the clinic Business Plan, rental of these spaces was among our main income streams. The opportunities now presented through the redevelopment and re-purposing of the 'Old Gurnos Clinic' – now called the 'Creative Industries' Training Centre which will provide Arts, Culture and Media Programmes to the local community and agencies including training facilities 'Creative Industries' is recognised as the 'fastest growing economic sector in Wales' (Welsh Government Stats).

This is a very financially positive development and will assist the charity in becoming a mainly self-funded organisation.

The medium to long-term aim for the Trust is to become less reliant on grant funding and we continue to develop our business plan to help us towards this goal.

2021-2022 will remain a challenging year for the 3G's but a far more optimistic and positive year as we plan for growth and development post the Coronavirus Pandemic. We are delighted to be a key partner with Wellbeing Merthyr (Leisure Trust) in their successful UK Government funded Community Renewal Fund application for Creative Industry development across Merthyr Tydfil. The Creative Clinic will be one of the CRF Hubs and we will receive a mix of capital funding and revenue which will mean a part time development post and part time technician post will be located at the Clinic to develop our programme of creative industry courses and classes.

We are fully engaged in the Calon Las Community Zone & Hub Developments again and the intention is that we will be the lead applicant within the next year for a sizeable application to the Lottery to build

staffing capacity within the 3Gs to deliver against our business plan priorities as well as support and develop the Calon Las Hub.

We are starting to explore opportunities for community learning and skill building for young people and adults within the local community building on the investment from Welsh Government into the Clinic to provide first class opportunities in our amazing state of the art digital attic and recording studio facilities. We have a number of partners and potential funds to support this initiative for the benefit of our communities.

We are slowly starting to see local partners and those further afield access and use the Clinic again as COVID restrictions allow and we are hosting a local social entrepreneur as a base for her fitness classes. We are receiving regular enquiries in respect of room hiring which will only contribute positively to our income generation strategy. The MVH youth team, Barnardos parenting support service and Barnardos young carers group are all making use of the fantastic space and rooms we have on offer at the Creative Clinic building which is so fantastic to see.

1 Principal Accounting Policies

Organisational Status

The financial statements of the charitable company, which is a public benefit entity under FRS 102, have been prepared in accordance with the Charities SORP (FRS 102) 'Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)', Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

The organisation is a private company limited by guarantee and a registered charity. Both registered in England & Wales. The directors are the trustees and are set out on page 3, they form a board of trustees which sets the strategic direction of the charity and monitors the performance of the organisation against its goals. The aims and objectives and rules for governance are set out in the charitable company's Memorandum and Articles of Association.

Income

All incoming resources are included in the statement of financial activities when the charity is entitled to the income and the amount can be quantified with reasonable accuracy.

The following specific policies are applied:

Voluntary income received by way of grants, gifts or donation is included in full on receipt unless it is subject to a condition when it is treated as deferred income.

Government Grant Income is included in full on receipt unless it is subject to a condition when it is treated as deferred income.

Deferred Income. Income or grants received in advance are held as deferred income and carried forward to future accounting periods to be released when the defined purposes of the work or project have been completed, approved or certified.

Gifts In Kind are included in the income and expenditure account where they are applied in carrying out charitable activities, where the company would otherwise have to purchase the donated facility and the benefit is both quantifiable and material. The quantifiable benefit is shown as both incoming and expended resources within the appropriate funds

Where the gift is an asset it is treated as income and taken to stock or fixed assets as appropriate.

The value of services provided by volunteers is not quantified.

Investment Income is included when receivable.

Trading Income is recognised when earned.

Government Grant Income comprises specific project related direct support. See Incoming Resources for amounts.

Expenditure

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all costs related to that category. Where costs cannot be directly attributed to particular headings they have been allocated on a basis consistent with the use of resources.

Charitable expenditure comprises those costs incurred by the charity in the delivery of its activities and services for its beneficiaries. It includes the costs that can be attributed directly to those activities and those costs of an indirect nature necessary to support them.

All expenditure is allocated between the categories of the SoFA on a basis designed to reflect the use of the resource. Costs relating to a particular activity are allocated directly, others are apportioned between categories on a basis that fairly reflects their usage.

The 3G's Development Trust

Notes to the Accounts

for the year ended 31-March-2021

Pension Costs. Contributions are made to the employees own personal pension schemes, together with contributions made to the employees government work place pension scheme. The pension cost charge represents those contributions payable to the individual schemes.

Taxation The charity is exempt from corporation tax on its charitable activities.

Depreciation is provided on tangible fixed assets at the following annual rates in order to write off each asset over its estimated useful life:

Buildings	2% On Cost
Improvements to buildings	10% On Cost
Plant & machinery	25% On Cost

Tangible Fixed Assets are included in the balance sheet at historic cost less accumulated depreciation. Grant receipts which fund fixed asset acquisitions are taken to restricted funds and the appropriate depreciation charge is made against those funds over the expected useful life of the asset.

Fund Balances. The balances held by the charity are separated between restricted and unrestricted funds. Balances on restricted funds are subject to specific restrictive conditions imposed from the funding source. Unrestricted funds are available to be utilised by the trustees in the furtherance of the general objectives of the charity. Designated funds are those unrestricted funds set aside for a specific purpose by the Board.

Leased Assets. Fixed assets acquired under finance leases are included in the balance sheet at historic cost less accumulated depreciation. The present value of future rentals is shown as a liability. Interest payable in each period is charged as an expended resource in proportion to the amount outstanding under the lease. Operating lease rentals are charged as expended resources as incurred.

Redundancy payments

Redundancy payments are calculated using the HMRC redundancy calculator and are accounted for in the period to which they relate.

Debtors and creditors receivable/payable within one year. Debtors and creditors with no stated interest rate and receivable or payable within one year are recorded at transaction price.

Going Concern.

Again the Charity remains in a precarious financial position but the trustees remain hopeful that the new 'Creative Industries' Training Centre, will generate income and increase general reserves.

These accounts indicate that the charity had £Nil free reserves as at 31st March 2021.

The Trustees are confident that the charity can overcome its difficulties, and have therefore prepared the accounts on a going concern basis.
