Structure Governance and Management

Governing Document

St Columba's Church Day Centre is a private company limited by guarantee without share capital. The company was incorporated on 12 October 1995 and its governing documents are its Memorandum and Articles of Association effective from that date as amended on 27 June 1996 and 26 June 1997. The company is registered as a charity with the Charities Commission. All of the directors are members of the company and along with company members guarantee to contribute £ 1 in the event of the company being wound up. No director has a beneficial interest in the company. Membership of the company is restricted to members of St Columba's Church.

The number of company members at 31 March 2021 was 25 (2020 - 25).

Appointment of Directors

The directors of the company are also charity trustees for the purposes of charity law. Under the requirements of the Memorandum and Articles of Association one third of the Board of Directors shall retire from office at the Annual General Meeting and may, if willing to act, be re-appointed. New Board Members must either be nominated by the Board or written notice, by some member of the company, must be given to the Secretary seven to twenty-one days prior to the date appointed for the meeting, of the intention to propose a person for election and signed by the person to be proposed confirming their willingness to be elected.

Directors at 31 March 2021 are listed on page 1. At the Annual General Meeting held by 'postal' vote in December 2020 Mr C A Gardner and Mrs R Metcalfe retired but were both re-elected.

Directors/Trustees Induction and Training

New directors/trustees will receive an induction pack including:

- a copy of the Memorandum and Articles of Association;
- a copy of the service contract with Wolverhampton City Council Social Services Department;
- a copy of the Charity Commission leaflet The essential trustee;
- a letter indicating the function of the Board of Directors and the frequency of meetings;
- a copy of the latest reports and financial statements.

New directors/trustees are also invited and encouraged to attend induction sessions led by the chairman/secretary for familiarisation with the documents and discussion/explanation of the roles and responsibilities associated with their appointment as directors/trustees. A visit to the Day Centre to meet the manager and staff and gain an overview of the day to day activities and operating procedures of the Centre is also arranged with further follow up visits during their period of office.

Organisational Structure

The Articles of Association allow the Board of Directors/Trustees to consist of not less than five and not more than fifteen members. The current board has seven members and meets bi-monthly with interim meetings if required to deal with specific items of business.

The Board is responsible for the oversight and strategic planning of the operation of the Day Centre and the operation of the organisation as a company and as a charity.

The day to day running of the Day Centre is delegated to a manager, appointed by the Board.

The treasurer, who is not a director/trustee, looks after financial aspects of the organisation with some day to day transactions being delegated to the manager.

The manager and treasurer attend board meetings to report, discuss and advise as necessary but have no voting rights.

Risk Management

The directors/trustees have policies in place to ensure compliance with regulations relating to the health and safety of staff, volunteers, service users, and visitors. These include procedures in the event of fire, illness/accident, suspected abuse and to ensure high standards in food hygiene and in the handling of any medicines. The Day Centre operates a no smoking policy.

Risk assessments are carried out in respect of any perceived hazards and procedures developed to minimise any potential risk. These are reviewed at least annually.

In accordance with the service agreement the company complies with the Working Time Directive, which came out on 1 October 1998 and the National Minimum Wage, which came into Force on 1 April 1999 and any subsequent updates.

The directors/trustees have also implemented policies for dealing with complaints, complements, grievance, discipline and equal opportunities.

In accordance with the Service Agreement, the Company has effected with Ansvar Insurance (A business division of Ecclesiastical Insurance Office plc) both public liability insurance and employer's liability insurance.

Related Parties

The Day Centre has a service agreement with the City of Wolverhampton Council (the Council). The 2019 agreement was extended until 30 December 2020 and was extended from that date until 30 September 2021. We continue to be listed on the Local Authority 'Approved List' of providers.

The Council purchases day care services from the Company through the Social Services Department on a per capita basis for people assessed as requiring the service. This system makes no allowance for client absences, for any reason, and the Day Centre is only paid for the actual attendances although we will be obliged to keep the client's place open for them. From 1 April 2020 to 31 March 2021 the Local Authority paid \pounds 24.15 per place taken by one of their clients.

From April 2020 to March 2021 the City of Wolverhampton Council made sustainability payments to the Day Centre to give support during the Coronavirus Pandemic. The directors gratefully acknowledge this support during the year.

The Board wish to place on record its thanks to St Columba's Church for continuing to provide premises rent-free, and acknowledges its responsibilities in co-operating with the Church in the upkeep and maintenance of the facilities on site.

Objectives and Activities

When planning the activities for the year the Board of directors/trustees have considered the Charity Commissioners' guidance on public benefit. The principal activity of the Company is the provision of day care service to elderly and disabled people, for those referred by the Social Services Department of Wolverhampton City Council and who are accepted by our staff as suitable users of the service.

The objectives of the company are to provide support and assistance to the frail and vulnerable older people in order to:

- enable service users to remain in their own homes for as long as possible;
- maximise the independence, health and well being of service users;
- give practical support and respite to carers;
- alleviate loneliness and isolation;
- provide opportunities to enable service users to maintain existing skills and interests, or to develop new ones and to exercise choice;
- enhance the service user's quality of life.

Objectives and Activities - continued

The strategies employed to achieve the company's objectives include the provision of:

- social and recreational activities which are interesting and stimulating and which assist in maintaining or improving social, psychological or physical functions;
- respite for carers;
- assistance with personal care, provided in a sensitive manner to ensure self respect is maintained;
- information, advise and practical support relevant to the needs of service users and their carers, in liaison with other agencies;
- transport to and from the Day Centre and other venues, where appropriate;
- a main meal, beverages and other light refreshment.

A small number of volunteers mainly from St Columba's Church are encouraged to visit the Day Centre on a regular weekly basis to assist in social interaction and help operate a 'tuck shop' trolley including essential toiletries and other small items.

Achievements and Performance

The operation of the Day Centre during the year to 31 March 2021 has been severely impacted by the Coronavirus (COVID - 19) pandemic. With a long period of closure, in line with advice from the Government and the City of Wolverhampton Council, normal operations were not possible. A detailed risk assessment was undertaken and adaptations such as screens for tables and protective equipment for staff were in place prior to re-opening.

The staff received training on the Risk Assessment prior to the re-opening in October 2020. All staff were offered and accepted the COVID vaccination arranged by the City of Wolverhampton Council for those working in adult social care.

Although not able to be open during much of the year the Manager maintained telephone contact with members and was available at the Day Centre to receive incoming calls. When fully open the Day Centre provides daily a main meal, also beverages and other light refreshments to elderly and disabled people within the local area who attend. During their visits the users are encouraged to take part in a variety of activities designed to reflect the needs and interests of each day's participants.

The Manager and all her staff continue to maintain a high level of care. They are to be commended for their work and their commitment to the Day Centre and the users. We thank them most sincerely during a difficult year.

In March 2020 (at the point of closure for Lockdown 1) there were 17 service users on the Social Services list taking up 34 places and 35 independent users taking up 58 places at the Day Centre.

In October 2020 when the Day Centre re-opened, shortly before Lockdown 2 in November 2020, there were 13 service users on the Social Services list taking up 27 places and 12 independent users taking up 16 places at the Day Centre.

Financial review

The deficit of income over expenditure for the year, at the Day Centre, was £ 11,702 (2020 deficit £ 10,791). The directors/trustees are aware of the pressure of reduced funding, but rises in costs of salaries, pension costs, food, energy and fuel for the ambulance all of which are expected to result in future deficits. Accordingly the directors/trustees are appraising revenue and costs for the forthcoming year with a view to ensuring that a deficit is not recorded.

Stated reserves policy

Unrestricted funds are needed:-

- (a) to provide funds which can be designated for specific projects to enable them to be undertaken at short notice, and
- (b) to cover administration fund-raising and support costs without which the Centre could not function.

The directors/trustees consider it prudent that unrestricted reserves should be sufficient:-

- (a) to avoid the necessity of realising fixed assets held for the Centre's use, and
- (b) to cover one years administration fund raising and support costs.

The directors/trustees are of the opinion, after careful consideration of all relevant facts, that the unrestricted reserves during the year to 31 March 2022 should not fall below \pounds 10,000.

Plans for future periods

On 23 March 2020 the Day Centre temporarily closed to users on the advice of the Government and the Council due to the Coronavirus (COVID-19) pandemic. At the time of closure, the impact of COVID-19 on the operation of the Day Centre was unknown.

The Day Centre re-opened for a few weeks in October 2020 thereafter it remained closed beyond 31 March 2021.

After a long period of closure, the Day Centre is re-building the number of members attending. The aim is to further increase the overall attendance, within the shortest possible time, but within a COVID safe environment.

The directors/trustees and manager will continue to monitor the attendance numbers, referrals and income from both Local Authority and independent users and to advertise the facility to appeal to more private users.

The directors/trustees are responsible for keeping proper accounting records that disclose, with reasonable accuracy at any time, the financial position of the company and that enable them to ensure that the financial statements comply with the Companies Act 2006 and Accounting and Reporting by Charities: Statement of Recommended Practice. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The directors report is prepared in accordance with both the Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2015) and the exemptions available to companies subject to the small companies regime within Part 15 of the Companies Act 2006.

NOTES TO THE ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2021

1. PRINCIPAL ACCOUNTING POLICIES

a. Basis of preparation

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland (FRS102) (effective 1 January 2015) – (Charities SORP (FRS 102)), the Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland (FRS 102) and the Companies Act 2006.

The Day Centre meets the definition of a public benefit entity under FRS 102. Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy notes.

b. Preparation of the financial statements on a going concern basis

The Day Centre reported a net cash outflow of £ 5,671 in the year to 31 March 2021. The outflow resulted principally from operating costs exceeding income. Cash of £ 62 was used on acquiring fixed assets in the year. The directors/trustees are monitoring performance and cash reserves throughout the year and adjusting prices for services when necessary. During this period of Government and Local Authority austerity funding from Wolverhampton City Council has been frozen or decreased. Action is taken as required to compensate for this loss in income by generating funds by encouraging more private elderly citizens to use the facilities and services of the Day Centre and various fund raising activities.

c. Depreciation

Depreciation is provided at rates calculated to write off the cost of fixed assets, less their estimated residual value, over their expected useful lives.

At each balance sheet date, the company reviews the carrying amount of its tangible fixed assets to determine whether there is an indication that any items have suffered impairment loss. If any such indication exists, the recoverable amount of an asset is estimated in order to determine the extent of the impairment loss, if any.
