## **CHAIR'S REPORT**

### For The Year Ended 31 March 2021

2020-2021 was one of the most challenging yet also one of the most successful years for the Bromley Children and Families Voluntary Sector Forum since our inception. In March 2020 we took the decision to close face-to-face services and take everything online.

The challenge of finding ways to continue supporting our members was met magnificently by our two wonderful staff members, supported as always by our dedicated Board. Securing a number of grants during the year, as well as focussing on developing new services and projects has allowed The Forum to grow again this year, both financially and in terms of services - a huge achievement.

Our Operations Manager Samantha Britnell has continued to innovate and drive forward digital developments; both for The Forum and by facilitating member organisations to support their most vulnerable and needy beneficiaries to stay connected during the pandemic and resulting lockdowns; for example, supporting Penge Chill and Chat group to provide internet and tech equipment to their Kinship Carers, and being able to provide one of our Parent Carer Network families with a laptop so they could access education and other vital services.

Despite COVID restrictions forcing us to cap our numbers attending, the annual Masonic Biker's Santa Run early in December 2020 proved a huge success, with our incredible friends from the South East Masonic Bikers collecting thousands of pounds for our team to spend in The Entertainer toy shop in Bromley. The Entertainer generously gave the forum a 25% discount which helped us to purchase hundreds of toys and games to share between 15 different charities including Bromley Children's project, Bromley Brighter Beginnings, Bromley Foodbank, Bromley Traveller & Gypsy project, Kinship Carers, CASPA, St Edwards, St Hilda's, Lay Witness for Christ International and Crystal Palace Community Trust. This wonderful initiative annually allows us, as a collective of amazing charities to get gifts to some of the most underprivileged children and families in the borough and to change their lives, even if just for a short time over the festive period.

The power of the Forum has always lain in the passion of those working within the sector being brought together to share knowledge and mutually support each other. In this difficult year, we managed to continue to do just that; through sheer determination and creative thinking; and our members have told us that they felt supported in what could otherwise have been a lonely and uncertain time.

We are committed to providing support to and advocating for the sector, without which many services would collapse and many hundreds of people across the borough would suffer greatly. The voluntary sector prevents health, justice and social care crises and has risen out of need, and our natural human desire to relieve need and hardship. The forum truly connects the Bromley Voluntary Sector and never has it been truer than this year that 'Together We Are Stronger'. I want to say an immense thank you to our Samantha and Sammy for driving forward all the developments that the Forum has seen this year and to the Board of Trustees for their wisdom, support and commitment.

# **REPORT OF THE TRUSTEES**

For The Year Ended 31 March 2021

The trustees present their report with the financial statements of the charity for the year ended 31 March 2021.

The trustees have adopted the provisions of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019).

## **OBJECTIVES AND ACTIVITIES**

### Significant activities

The Forum's activities for the year followed the objectives set in our Operational Plan and included:

### **1. Information**

**Outcome:** Whilst 2020 - 2021 continued to be a hugely challenging year globally, The BCFF stepped up locally to connect with our members and wider audience through the power of social media. Member groups were frequently updated about local services, provision and support available to enable them to better serve the people for whom their organisations represent.

As updates about local and national information changed so quickly The BCFF used our newly refreshed and redesigned social media to provide updates. We were able to continue to provide valuable information to our members and support that seemed otherwise not easily available. This included changes or updates to regulation around GDPR, local support and access to local and national funding opportunities - particularly regarding emergency funding.

## 2. Networking

**Outcome:** In previous years our members have told us that sharing information and good practice has been of benefit to those served by member groups, however the challenges of Covid have made this increasingly challenging for The Forum to deliver.

BCFF were unable to host face-to-face open forum sessions, these had previously been held quarterly and each session covered a particular subject, e.g. Safeguarding training for individual organisations. We were able to successfully move these online to deliver via Zoom -the frequency with which we were able to deliver the sessions increased to monthly and they were, in the majority, focused on Covid emergency topics. The Open Forum sessions allowed for organisations to ask question, benefit from peer-to-peer support and connect with other organisations (often from the third sector) to discuss relevant issues in what was and still is an unprecedented time.

This kind of networking is a vital and popular part of the work we do to bring the sector together.

Bromley Children & Families Voluntary Sector Forum, in partnership with Community Links Bromley worked to inform organisations about The Direct Line emergency Covid fund, making sure that all Bromley based third sector organisations were aware of the potential funding and provided tips, advice and support on how to apply for the funds. Our Development Officer, Samantha Baldwin continued to deliver on our new social media approach, focussing on increasing visibility of and access to the Forum, primarily through Facebook and Instagram.

### **3. Consultation and Representation**

**Outcome:** The London Borough of Bromley was enabled to consult organisations working with children, young people and families within the voluntary sector. The Forum represented children's, young people and family services effectively, (especially with regard to service provision in these challenging economic times). The Forum has and will continue to be a conduit by which the LBB can consult organisations working with children, young people and families. The strategic work done by both our Operations Manager and Development Officer has resulted in even greater connections with the LA and the Forum being considered an important partner in the borough.

It is the Forum's ambition to continue to increase its ability to proactively represent the needs of children, young people, and families in Bromley, offering support to its member groups as appropriate.

We continue to represent the interests of member organisations on the Bromley Children's Safeguarding Partnership, Voluntary Sector Strategic Network, Bromley MET Stop & Search Committee, and the Children's Executive Board.

### 4. Encouraging Good Practice -Training and resources (Workforce Development)

**Outcome:** Improved skills and knowledge for those working for member organisations whether paid staff or volunteers.

We continue to seek ways to support member groups increasing the skills and knowledge to serve children and young people across the Borough.

The Forum strives to encourage member groups to share training. We have previously seen member groups sharing training. Other groups have offered venues in exchange for a place on a training course. Whilst this usual approach has been challenging this year, acknowledging local and national restrictions we have

still been able to deliver training to some of the groups of people involved in our projects, most notably The Parent Carer Champion Network and Mottingham Youth Matters.

### 5. Administration, Finance/ Fundraising, Reporting and Governance

**Outcome:** Value for money, effective governance, financial security and efficient administration.

The Forum is a 'no-frills' network providing support and information for the benefit of local children's, youth and families voluntary organisations. We seek to keep our expenditure to a minimum and over the past year have moved all our meetings online minimising costs (Covid does have some benefits!). This is our fifth year of independence without any statutory funding, and we are grateful for the financial support we have received.

## **REPORT OF THE TRUSTEES** For The Year Ended 31 March 2021

This year we were awarded with The Mottingham Big Local funding and Mottingham Youth Matters. These programmes recruited young volunteers to represent Mottingham (MBLR boundary) to the wider voluntary sector as well as being key in providing the voices of young people and the challenges that they are facing in society today. BCFF coordinates and supports a youth co-ordinator and further volunteers in the planning of a monthly forum meeting with which we offer support to deliver the following:

- Identify key issues /challenges faced by the children and young people within the local community
- Design a 12 month and 3 year strategic plan
- Plan and deliver 2 community activities for the children/young people of Mottingham
- Plan and execute monthly meetings
- Train and support participating young people across IT and Social Media platforms. Our members continue to support us through donations.

BCFF were also awarded the Parent Carer champion Network and Mentor Support Programme Funding. This was a new partnership in conjunction with The LBB and Community Links to establish and support a new parent/carers champion network which will support parents of children and young people aged 11-24 years who re at risk of going missing, exploitation, gang affiliation and running county lines in Bromley. The project aimed at creating a safe space for parents/ carer who may be isolated, frustrated and lonely, things that often occur when their children exhibit behaviours that place them at risk and they often find it hard to get the right support and training.

Our Operations Manager post and creating of the Development Worker post has enabled the Forum to continue streamlining our database and reach out to more Bromley groups and organisations as well as to build our capacity to take on more diverse projects and seek and submit further funding applications to trusts and foundations. Our infrastructure continues to develop.

# Structure, governance and management

### Background

The charity is controlled by its governing document, a deed of trust, and constitutes an Charitable Incorporated Organisation.

Bromley's Children and Families Voluntary Sector Forum was established in the early 1990's as an independent network of voluntary and community organisations concerned with children, young people, and their families. The Forum acts as a primary point of access for a diverse range of organisations in the London Borough of Bromley for information, training, joint planning, consultation, and representation purposes. There are approx. 250 groups in membership, many of which are small and do not have the time or expertise to keep up to date with changes in legislation, good practice, or funding opportunities. A full list of membership can be found at www.bcfforum.org.

# Recruitment and appointment of new trustees

Trustees are appointed at the Annual Meeting based on nominations received from member groups. Consideration is given to specialist skills or knowledge, competence, and overall suitability. New Trustees receive information about their responsibilities and the aims of the charity. They are required to undergo a Disclosure and Barring Service check. Trustees meet every two months. The day to day running of the charity is undertaken by the trustees.

None of the Trustees has any beneficial interest in the charity. If the Forum is wound up, the members of the Forum have no liability to contribute to its assets and no personal responsibility for settling its debts and liabilities.

#### **Risk management**

Risks are identified, assessed and controls established throughout the year. The key controls used include:

- comprehensive strategic planning, budgeting and accounting.
- clear authorisation and approval levels.
- vetting procedures as required by law for the protection of children.
