REPORT OF THE TRUSTEES for the Year Ended 30 November 2020

The trustees who are also directors of the charity for the purposes of the Companies Act 2006, present their report with the financial statements of the charity for the year ended 30 November 2020. The trustees have adopted the provisions of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ircland (FRS 102) (effective 1 January 2019).

OBJECTIVES AND ACTIVITIES

Objectives and aims

The Charity's objectives are:

- (a) to promote community participation in healthy recreation by providing facilities for the playing of rugby league and other sports capable of improving health;
- (b) to provide and assist in providing facilities for sport, recreation and other leisure time occupation of such persons who have need for such facilities by reason of their youth, age, infirmity or disablement, poverty or social and economic circumstances or for the public at large in the interests of social welfare and with the object of improving their conditions of life;
- (c) to advance the education of children and young people through such means as the trustees think fit in accordance with the law of charity; and
- (d) for the general purposes of such charitable bodies or for such other exclusively charitable purpose in each case as the trustees may from time to time decide.

ACHIEVEMENT AND PERFORMANCE

Charitable activities

Wigan Warriors Community Foundation continues to receive excellent support from Wigan Rugby League Club, its partners and the commitment and expertise of its personnel. The Covid-19 pandemic created many challenges for the Foundation and staff have worked hard to navigate through uncertain and difficult circumstances and continued to provide a support mechanism to vulnerable community groups. The demand for support from the Foundation has been very high across all areas and it has continued to support those most at need.

Financial performance during 2020 has been satisfactory for the Foundation, but has been pervasively impacted by the Covid-19 pandemic. The accounts report a small operating profit, however, turnover has decreased from the previous year due to the pandemic and the ability to deliver a number of programme areas. The Foundation has relied on support mechanisms from the government and other grant funding during this period to continue with a limited delivery model. The Foundation continues to deliver programmes across Sport, Wellbeing, Health and Education that support the local community. The continuation of certain funding without any restrictions has enabled the foundation to continue a number of delivery areas effectively. This funding, together with other project based funding has allowed the foundation to continue with its stated aim of delivering Sport, Health & Wellbeing to the local community.

Despite the challenges of the pandemic, the Foundation has been successful in securing a range of new and additional funding streams during the year, including delivery of a number of new programmes to children and young people to combat school holiday inactivity and hunger alongside funding to evolve support for members of the community with Physical and Learning disabilities. Private sector sponsorship has declined as a direct result of the pandemic as many partners had a significant level of uncertainty about their own business operations beyond 2020.

Whilst the pandemic has proven a very significant challenge for the Foundation, the strong commitment to overcome these challenges alongside the commitment of staff to adapt their working practices has created a positive on-going ethos and operation overall. The Foundation is on a strong road to recovery post the Covid Pandemic and continues to make great strides with its aspirations, objectives and positive trading position into 2021 and beyond.

REPORT OF THE TRUSTEES for the Year Ended 30 November 2020

FINANCIAL REVIEW

Reserves policy

The charity recorded an operating surplus of £10,996 (2019 - surplus of £4,967), whilst the reserves of the Community Foundation were £44,632 at 30 November 2020. The Trustees have carefully monitored the position and will continue to take appropriate actions to increase the reserves. The Trustees continue to seek new sources of unrestricted income to increase the reserves to an appropriate level. This is to help provide sufficient funds to cover management, administration and support costs. As the financial budget and funding strategy are developed, the Trustees will set a longer term target for reserves.

In the Trustees' opinion, in order to facilitate the smooth running of the charity's operations, an appropriate level of reserves sufficient to maintain working capital 3-6 months of operating costs is required. The Trustees will continue to try to achieve this level in the next three years, by generating surpluses from trading, wherever possible.

FUTURE PLANS

The stated targets for the Foundation for the future are to continue to target a growth in grant funding for the delivery of specific projects, and to increase the provision of education delivery through the provision of physical education delivery and resources in local schools. Ultimately the Foundation will aim to support more members of the local community across all programme areas delivered.

Income

All income is recognised in the Statement of Financial Activities once the charity has entitlement to the funds, it is probable that the income will be received and the amount can be measured reliably.

Expenditure

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

Support costs

Support costs are those functions that assist the work of the charity but do not directly relate to charitable activities. Support costs include office costs, finance, insurance, investment management fees and governance costs which support the charity activities.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Branded Equipment - 25% on cost Motor vehicles - 25% on cost Computer equipment - 25% on cost

Tangible fixed assets are stated at cost less depreciation and impairment,

Impairment of assets

At each reporting date assets are reviewed to determine whether there is any indication that those assets have suffered an impairment loss. If there is an indication of possible impairment, the recoverable amount of any affected asset is estimated and compared to its carrying amount. If the recoverable amount is lower, the carrying amount of the asset is reduced to its recoverable amount and an impairment loss is recognised immediately in the profit or loss.

If an impairment loss is subsequently reversed, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but not to exceed the amount that would have been determined had no impairment loss been recognised for the asset in prior periods. A reversal of an impairment loss is recognised immediately in the profit or loss.
