Trustees' annual report

For the year ended 31 March 2021

The trustees present their report and the audited financial statements for the year ended 31 March 2021.

Reference and administrative information set out on pages 1 and 2 forms part of this report. The financial statements comply with current statutory requirements, the memorandum and articles of association and the Statement of Recommended Practice – Accounting and Reporting by Charities: SORP applicable to charities preparing their accounts in accordance with FRS 102.

Objectives and activities

Purposes and aims

The trustees review the aims, objectives and activities of the charity each year. This report looks at what the charity has achieved and the outcomes of its work in the reporting period. The trustees report the success of each key activity and the benefits the charity has brought to those groups of people that it is set up to help. The review also helps the trustees ensure the charity's aims, objectives and activities remained focused on its stated purposes.

The trustees have referred to the guidance contained in the Charity Commission's general guidance on public benefit when reviewing the charity's aims and objectives and in planning its future activities. In particular, the trustees consider how planned activities will contribute to the aims and objectives that have been set.

The principle activities are:

- a) to identify victims of human trafficking, build bridges of trust with them and safely remove them from situations of exploitation
- b) to assess victims needs and make recommendations to safe house providers in the short term and to assist survivors with finding jobs and building community in the longer-term
- to secure criminal and civil justice for victims and advocate for access to housing and health services, and for the cancellation of debts created by traffickers
- d) to train frontline professionals such as the police, social services, housing providers and outreach programmes to identify victims and/or work appropriately with them

Through its activities, Retrak provides public benefit in the following areas:

- The prevention and relief of oppression and exploitation imposed by Human Trafficking
- The advancement of awareness amongst the general public of the prevalence of Human Trafficking
- Improving the response from front line professionals working with potential victims of Human Trafficking for identifying and reporting potential victims
- Working with commercial entities to identify and remove forced labour and other forms of exploitation from their supply chains

Trustees' annual report

For the year ended 31 March 2021

Although many of Retrak's activities are complex and span a number of its objectives, Retrak summarises its activities under 4 broad headings.

- Prevention
- Rescue
- Restoration
- Reformation

The following paragraphs report our successes and achievements under the four headings identified above.

Achievements and performance

The charity's main activities and who it tries to help are described below. All its charitable activities focus on 2021 and are undertaken to further Retrak's charitable purposes for the public benefit.

The charity is committed to helping street-connected children, who are incredibly vulnerable to trafficking, and who are often targeted by predatory gangs who force them into sexual exploitation, domestic servitude and forced labour.

Our work is centred around four core strands: preventing exploitation, rescuing victims, restoring lives and reforming society.

Retrak is part of Hope for Justice and the charitable activities of the group reached just under 200,000 people during 2020–2021. This includes nearly 5,000 adults and children who were themselves victims of human trafficking or modern slavery or vulnerable to it – this is by far the highest number we have ever reached in a single year.

Like everyone around the world, we were affected by COVID-19 throughout 2020-21. But through careful planning and safety measures at our centres, including at those where we directly care for survivors, we were able to continue providing our life-changing support, and even expand the number of regions and countries in which we work.

PREVENTING EXPLOITATION:

We have continued to work closely with families and communities to prevent highly vulnerable children separating from their families through migration or trafficking.

Globally, we trained 13,883 people in 2020–21, including 1,272 practitioners in the Global South. One example took place in Kisenyi district, a slum in Uganda's capital, Kampala. We partnered with another charity called Child's i Foundation and the British Council's Active Citizens programme to provide training for 35 leaders in the community during a two-day workshop, focused on child sexual exploitation. All the attendees signed a commitment to support activities that will end sexual abuse and sexual exploitation in the Kisenyi community. We believe this will lead to great change.

Trustees' annual report

For the year ended 31 March 2021

We also went above and beyond to help those at risk who had become even more vulnerable due to Covid-19. Working in partnership with other organisations, we helped rescue hundreds of children from city streets in Uganda during the national lockdown. We set up emergency shelters and access to medical treatment, blankets and food. Those testing positive for the virus were isolated. When the lockdown ends, the children will be assessed as to their trafficking risk and transferred into our care, or that of another NGO, before beginning their journeys to more permanent family-based care.

Our Self-Help Groups continued to transform the lives of entire families. Senia, who was struggling to feed her family, now runs a successful business. Senia and her labourer husband live in Ethiopia with their four children. It was difficult to make ends meet on their income, and saving was impossible. She worried that her children would feel pressured to leave home and end up in exploitative situations. Then Senia met a Retrak Community Development Worker doing proactive outreach work, and heard about our Self-Help Groups.

When she first joined the group, Senia had no money to contribute. To support her, the group began saving coffee beans daily, which Senia sold at the end of each week. After six months Senia had saved money, and the group provided her first loan, with which she began to sell fruit. In time she was able to pay back the loan, and took a second one to expand her business. With good progress and growth achieved, she paid the second loan back. The third, fourth and fifth loans allowed Senia to begin selling vegetables as well as fruit, buy a cart for her husband, and finally to rent a shop.

RESCUING VICTIMS:

We continued to work alongside police, governments and community partners to ensure that children were removed from unsafe situations.

During this period, we were overjoyed to be part of the biggest single-day rescue operation in our history. At the end of March 2021, our staff in Uganda worked with partners including the police to prepare for major raids on illegal brothels and other locations where girls and young women were being trafficked and abused.

The operations saw more than 50 girls rescued in a single day, 17 of whom were taken in for aftercare by our Lighthouses. The other girls received care from a partner charity. The intelligence gathered led to at least 13 arrests for human trafficking offences, including two brothel owners.

We played a vital role in dismantling a syndicate in Uganda that trafficked teenage girls for commercial sex, domestic servitude, forced marriage, street vending and labour. The criminal network was unearthed thanks to the work of one of our village Child Protection Committees. Three teenage girls were brought to one of our Lighthouses for care, and the support they needed to give evidence about what happened to them. This intelligence led to an undercover sting operation co-ordinated between Retrak and the police. The trafficker was arrested and gave information that implicated many people, including respected members of the community, as well as organised criminals.

Trustees' annual report

For the year ended 31 March 2021

More victims were also rescued in a local town, where they were being collected to travel on to Kampala. The Head of Anti-Trafficking at the Department of Police passed a message to our team saying: "Retrak, thank you so much for supporting the process of investigations on this trafficking case!"

RESTORING LIVES:

In Ethiopia, a 14-year-old boy had been living on the streets and vulnerable to traffickers, when a motorbike crash left him with a serious leg injury. But today, Ali* is able to walk and play with his friends, after we provided vital medical treatment.

At the time of the crash - when Ali was learning to drive - he was living with a neighbour, after Ali's parents both remarried and disowned him. Ali felt guilty because he could see that the cost of medical treatment would exhaust his guardian's savings.

So he went to Ethiopia's capital to try to earn money by begging. He was very vulnerable to being trafficked, but luckily our outreach workers found him, and he joined our Canaan Lighthouse. When he arrived, he was using crutches and could not walk unaided.

We arranged for an orthopedic surgeon to assess his injury, plus tests which confirmed he had damaged ligaments. He began physiotherapy to restore movement in his legs. Ali said: "I have now finished my medication and can walk again. I can play and dance with my friends, take part in sports and activities. I am very healthy again. I feel hopeful, very happy and thankful for everything that Retrak has done for me."

REFORMING SOCIETY:

During 2020–21, Retrak worked alongside governments and academics as part of a pioneering UK Space Agency project to improve the response to human trafficking. The project, known as Antitrafficking using Satellite Technology for Uganda's Sustainability (ASTUS), led by the University of Nottingham, utilises Earth Observation technology from satellites to support anti-trafficking efforts in Uganda. The project aims to use space technology to track the prevalence of this crime, to map vulnerability hotspots and to estimate the numbers of men, women and children being trafficked.

Global summary

Working together, below are just some of the global highlights Hope for Justice (including Retrak) has achieved during the year 2020-2021:

This year, our work reached an incredible 192,667 children and adults.

This is how we helped them:

4,844 People rescued, helped through outreach or provided with aftercare after rescue

Trustees' annual report

For the year ended 31 March 2021

21,170 People had formal training or engaged with our community prevention work 166,653 People attended awareness events or received indirect support from us

Other key results this year:

- 12,114: Number of children whose caregiver benefited from our Community Prevention
 Programmes
- 1,810: Number of children cared for at a Lighthouse after having been trafficked or at-risk of trafficking
- 915: Number of children reintegrated into family settings (this includes older teenagers supported into independent living when reuniting them with family was unsafe or impossible)
- 2,132: Number of vulnerable children and adults helped through outreach services
- 271,644: Number of meals served to children in our care
- 5,151: Number of women participating in our Self-Help Groups
- 13,883: Number of people trained, globally
- 466: Number of potential modern slavery cases referred to Hope for Justice Hubs for investigation
- 1,905: Number of unlocked padlocks added to our Freedom Wall...every one representing a real life changed by our work

Fundraising

Fundraising

The issue of ethical fundraising remains an area of concern for the public. Retrak does not employ the services of a 3rd party fundraiser and we are committed to ensuring that our own internal practices meet the highest standards. Further detail about our fundraising during the year is included in our Financial Review below.

Retrak is registered with the Fundraising Regulator, whose standards we applaud and work hard to uphold, and we have invested significantly this year to ensure that we comply with General Data Protection Regulation (GDPR) legislation which came into force on 23rd May 2018.

Retrak is not aware of any failure to comply with the standards and has received no complaints in relation to fundraising activity.

As above Retrak will only contact individuals who have indicated that they are willing to be contacted and this will be in the form of thanking the individual for donating or as an update on our programme activities and current issues surrounding modern slavery, rather than a request for donations.

Trustees' annual report

For the year ended 31 March 2021

Financial review

During 2020/21 Retrak continues to expand its operations in Africa by increasing the number of frontline staff delivering services and bolstering the management team within the group to improve governance and oversight.

Income

Income for the year ended 31st March 2021 was £2.54m (2020 £2.22m) being a 14.7% increase comparative to the previous year.

- Restricted income increased by 19.4% with income of £2.48m (2020 £2.07m) the improvement in restricted income being a result of attracting significant new funding and maintaining relationships with existing funders.
- Unrestricted income meanwhile decreased by 52.1% with income at £69k (2020 £145k) the
 reduction in unrestricted income was a result of the restructuring of fundraising activities
 such that income is now primarily recorded in the accounts of Hope For Justice.

Overall we continue to attract a wide range of major donations on a multi-year basis from businesses, trusts and foundations, meanwhile we have many loyal supporters who continue to fund our work. Without you, we would not be able to continue to prevent exploitation, rescue victims, restore lives or reform society. All the successes in this report are a testimony to your generosity and vision. Thank you so much for continuing to trust us to use your generous donations wisely.

Expenditure

Expenditure decreased by 4.3% with the figure at £2.15m (£2.24m). This is due to reduction in restricted expenditure during COVID-19 restrictions which limited delivery of activities during the year.

Net Result for the year

The net result for the year was a surplus of £397k (2020 deficit £25k) which was due to grant income received in year which is held in reserves until the following year.

The Trustees confirm that the performance during the year was in line with expectation, and that retained reserves continue to remain strong with a healthy balance sheet position at year end.

Reserves policy and going concern

Retrak has a policy for holding unrestricted reserves, for two primary reasons:

- To enable the charity to fund unexpected expenditure, for example when projects overrun or unplanned events occur, and
- 2 To fund shortfalls in income, when income does not reach expected levels.

As at March 2021 the reserves policy was that unrestricted reserves should be at least one month's operating expenditure.

Trustees' annual report

For the year ended 31 March 2021

Using the total expenditure as a basis the trustees have calculated that one-months operating expenditure is £178,925. The unrestricted reserves figure as at 31 March 2021 was £300,240 (2020 £377,797) representing 1.7 months of expenditure and therefore the reserves held at 31 March 2021 are in line with this policy.

Restricted reserves represent income received but not yet expended in accordance with donors' wishes. Some restricted donations are given to fund multi-period projects. These are recorded in the period when the donation is received or receivable. The expenditure from restricted funds is recorded in the period when the funds are used for the restricted purpose. This means that in some accounting periods, there will be significant restricted reserves carried forward to future periods and in some accounting periods, there may be an excess of restricted expenditure over restricted funds received in that period

The Trustees are reviewing the current policy in order to consider the needs and appropriate size of designated reserves for specific future uses, as well as maintaining sufficient other unrestricted funds for contingency purposes. .

During the pandemic, the Group has managed to maintain its levels of revenues and minimise its cost base and has therefore maintain its reserve levels. The culmination of all of the above response to the pandemic has meant that the trustees have full confidence in the management team and their response and that Retrak is well placed to continue to deliver its activities for the foreseeable future.

COVID-19

The impact of the global pandemic has impacted the financial statements for the year ended 31 March 2021 however no revision of any estimates or valuations has been required.

Staff & client safety is the primary concern of Retrak. As such the management review and follow advice from regional and national governments to minimise unnecessary contact and following all health & safety guidelines where contact is deemed necessary as part of our activities.

The organisation was quick to act and planned in advance of lockdown, to enable staff to work remotely and there has been no downtime in general office administration, partnership fundraising and reporting, both internal & external. A number of activities, though, have been adversely affected:

- Physical fundraising events
- Fundraising trips to visit programme activities
- Training
- Community engagement activity reduced
- · Lighthouse capacity reduced
- Reintegration with families as a result of both has been reduced

Trustees' annual report

For the year ended 31 March 2021

The management have been able to pivot its approach to these areas to address the cost base and alternative income streams, to include:

- Specific campaigns such as #Keephopealive raised in excess of £400,000
- Move to online & virtual events
- · Increased use in virtual meetings in lieu of travel and physical meetings
- Increase use of social media to reach new audiences and promote our message
- · Use of the UK government Job Retention Scheme to fund furloughed staff

Where COVID-19 has had a positive impact on income streams is the approach from Trust & Foundation donors who gave Restricted Donations. In some circumstances, these donors have allowed the restrictions on the donation to be lifted partially or even completely. There have also been new funds made available in light of COVID-19 and Retrak has been successful in a number of these applications.

Lastly, Retrak has seen a significant increase in its volunteer base. This has arisen as people who have been furloughed look to make use of their spare time. The volunteers have been able to work in a number of roles depending upon their skill base and this has allowed us to spend much more resource targeting applications for Trusts & Grants as well as using back office and administration roles.

Plans for the future

It is still the intention of the board for all the transactions of Retrak to be within Hope for Justice and for Retrak to become a dormant entity. This can happen once existing grants have expired

Structure, governance and management

Constitution

Retrak is a company limited by guarantee (company number 6424507), governed by its Memorandum and Articles of Association which were adopted on its incorporation on 12 November 2007. It is registered as a charity with the Charity Commission (charity number 1122799).

Membership is open to all individuals and organisations who apply to the charity in the form required by the trustees and are approved by the trustees. There are currently 6 members each of whom has agreed to contribute £10 in the event of the charity winding up.

Retrak became a wholly owned subsidiary of Hope for Justice on 1st April 2020.

Method of appointment or election of trustees

Trustees are appointed by the members retire after three years' service at the AGM. New trustees undertake an induction process in order to brief them of their obligations under charity and company law, the structure, activities and processes of the charity and to meet key employees. Trustees are voluntary and receive no remuneration or financial benefit.

Trustees' annual report

For the year ended 31 March 2021

Organisational structure and decision making

The trustees approve the strategic direction and the annual budget of the charity and meet approximately four times a year. The Chief Executive Officer has responsibility for running the organisation on behalf of the trustees and leads the Executive Team. This team recommends strategy to the trustees and provides day-to-day management, including accountability and oversight in all legal, contractual and financial responsibilities relating to the charity's business.

Risk management

The trustees take the identification of operational, financial and reputational risk seriously. The trustees have put in place structures to ensure that the many and varied risks Retrak is exposed to are identified, addressed as appropriate and monitored effectively.

The day to day running of the organisation, and therefore the identification, reporting and mitigation of risk is tasked to the CEO and the Executive Team. The Executive execute their responsibilities through a robust risk identification procedure which has been refined over a number of years. In turn, the Executive Team recognises that risk identification is only as good as the embedding of risk recognition and reporting of our staff, so regular training is provided to reinforce the process. The ultimate outputs from incident reporting are a number of focused risk registers which are maintained and reviewed on a regular basis. The topic of risk is a standing item on Executive Team meeting agendas.

The most significant risks last year were:

COVID 19 there was huge uncertainty going into the year, but our plan around cost control, and donor involvement as well as a move to digital channels, meant we were able to build reserves for what remains an uncertain future. In addition, due to the dedication of our staff, the frontline activities were affected only in a limited nature.

Programme quality. Our programmes continues to grow and expand in depth and breadth, we will cross-pollinate our programme knowledge and experiences to ensure we deliver 'best of breed' throughout.

Reduction in Global Economy. The impact of COVID 19 on the Global economy as well as our own activities was unknown. It is though that this should remain a high risk as there is concern that the impact will be delayed as subsequent spikes are felt worldwide as different countries deal with the pandemic at differing speeds.

The main risks to be managed in the year ahead:

Security & safeguarding – This is such an important area that a role of Head of Security & Safeguarding has been created. This is to cover both our staff and those in our care. In addition, Hope for Justice has joined the Misconduct Disclosure Scheme as recommended by the Charities Commission. As frontline activities grow in new areas and new countries and there is continuing

Trustees' annual report

For the year ended 31 March 2021

unrest in some of the countries in which we have a presence, it is key focus and will form a significant part of our reviews and training.

Reduction in Global Economy. There is the risk of income reduction due to the income/wealth of donors, investment income value for trusts and foundations as well as the reduction in Government spending on aid. The strategy of the Group is continually being reviewed by the Executive team and ensures that opportunities for growth are managed, as is the effectiveness and cost base of programmes in the light of potential reduced income.

Programme quality. This is an ongoing risk and our programmes continue to grow and expand in depth and breadth and we continually review the strategy for delivery and location so we deliver the "best of breed" throughout.

The trustees are supported by three sub-committees comprised of main trustee board members, special advisers and executives:

The Risk and Compliance Sub-Committee which has a brief to review and monitor programmatic and operational risks

The Finance Sub-Committee - which inter alia has a brief to review and monitor financial risks. The People and Culture Sub-Committee - which has been set up post year end to consider and review all aspects affecting staff and the culture within Hope for Justice.

During this financial year, the Risk and Compliance Sub-Committee and the Finance Sub-Committee each met twice. Both committees have met after the year end.

The trustee membership of each committee is shown on page 1.

Statement of responsibilities of the trustees

The trustees (who are also directors of Retrak for the purposes of company law) are responsible for preparing the trustees' annual report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Company law requires the trustees to prepare financial statements for each financial period which give a true and fair view of the state of affairs of the charitable company and of the incoming resources and application of resources, including the income and expenditure, of the charitable company for that period. In preparing these financial statements, the trustees are required to:

- Select suitable accounting policies and then apply them consistently
- Observe the methods and principles in the Charities SORP
- Make judgements and estimates that are reasonable and prudent
- State whether applicable UK Accounting Standards and statements of recommended practice have been followed, subject to any material departures disclosed and explained in the financial statements

Trustees' annual report

For the year ended 31 March 2021

 Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in operation

The trustees are responsible for keeping adequate accounting records that disclose with reasonable accuracy at any time the financial position of the charitable company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

In so far as the trustees are aware:

- There is no relevant audit information of which the charitable company's auditors are unaware
- The trustees have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditors are aware of that information

The trustees are responsible for the maintenance and integrity of the corporate and financial information included on the charitable company's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

Members of the charity guarantee to contribute an amount not exceeding £10 to the assets of the charity in the event of winding up. The total number of such guarantees at 31 March 2021 was 5 (2020: 6). The trustees are members of the charity but this entitles them only to voting rights. The trustees have no beneficial interest in the charity.

Auditors

Crowe U.K. LLP have expressed their willingness to continue in that capacity.

The trustees' annual report has been approved by the trustees on 26 November 2021 and signed on their behalf by

R Camp Chair

Opinion

We have audited the financial statements of Retrak ('the charitable company') and its subsidiaries ('the group') for the year ended 31 March 2021 which comprise the Consolidated Statement of Financial Activities, the Balance Sheets, the Consolidated Statement of Cash Flows and notes to the financial statements, including significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the group's and the charitable company's affairs as at
 31 March 2021 and of the group's income and expenditure, for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006 and the Charities and Trustee Investment (Scotland) Act 2005 and Regulations 6 and 8 of the Charities Accounts (Scotland) Regulations 2006 (amended).

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the group in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the trustees' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the charitable company's or the group's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the trustees with respect to going concern are described in the relevant sections of this report.

Other information

The trustees are responsible for the other information contained within the annual report. The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion based on the work undertaken in the course of our audit

- the information given in the trustees' report, which includes the directors' report prepared for the purposes of company law, for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the directors' report included within the trustees' report have been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In light of the knowledge and understanding of the group and charitable company and their environment obtained in the course of the audit, we have not identified material misstatements in the directors' report included within the trustees' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 and the Charities Accounts (Scotland) Regulations 2006 requires us to report to you if, in our opinion:

- · adequate and proper accounting records have not been kept; or
- · the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of trustees' remuneration specified by law are not made; or
- · we have not received all the information and explanations we require for our audit

Responsibilities of trustees

As explained more fully in the trustees' responsibilities statement set out on page 12, the trustees (who are also the directors of the charitable company for the purposes of company law) are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the charitable company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the charitable company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

We have been appointed as auditor under section 44(1)(c) of the Charities and Trustee Investment (Scotland) Act 2005 and under the Companies Act 2006 and report in accordance with the Acts and relevant regulations made or having effect thereunder.

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Details of the extent to which the audit was considered capable of detecting irregularities, including fraud and non-compliance with laws and regulations are set out below.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Extent to which the audit was considered capable of detecting irregularities, including fraud

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We identified and assessed the risks of material misstatement of the financial statements from irregularities, whether due to fraud or error, and discussed these between our audit team members and significant component audit teams. We then designed and performed audit procedures responsive to those risks, including obtaining audit evidence sufficient and appropriate to provide a basis for our opinion.

We obtained an understanding of the legal and regulatory frameworks within which the charitable company and group operates, focusing on those laws and regulations that have a direct effect on the determination of material amounts and disclosures in the financial statements. The laws and regulations we considered in this context were the Companies Act 2006, the Charities Act 2011 and The Charities and Trustee Investment (Scotland) Act 2005 together with the Charities SORP (FRS 102). We assessed the required compliance with these laws and regulations as part of our audit procedures on the related financial statement items.

In addition, we considered provisions of other laws and regulations that do not have a direct effect on the financial statements but compliance with which might be fundamental to the charitable company's and the group's ability to operate or to avoid a material penalty. We also considered the opportunities and incentives that may exist within the charitable company and the group for fraud. The laws and regulations we considered in this context for the UK operations were antifraud, bribery and corruption legislation, employment legislation and Health & Safety legislation. We also considered compliance with local legislation for the group's overseas operating segments.

Auditing standards limit the required audit procedures to identify non-compliance with these laws and regulations to enquiry of the Trustees and other management and inspection of regulatory and legal correspondence, if any.

We identified the greatest risk of material impact on the financial statements from irregularities,

including fraud, to be within the timing of recognition of grant and voluntary income and the override of controls by management. Our audit procedures to respond to these risks included enquiries of management and the Finance Sub-Committee about their own identification and assessment of the risks of irregularities, sample testing on the posting of journals, reviewing accounting estimates for biases, reviewing regulatory correspondence with the Charity Commission, reading minutes of meetings of those charged with governance and sample testing of grant and voluntary income.

Owing to the inherent limitations of an audit, there is an unavoidable risk that we may not have detected some material misstatements in the financial statements, even though we have properly planned and performed our audit in accordance with auditing standards. For example, the further removed non-compliance with laws and regulations (irregularities) is from the events and transactions reflected in the financial statements, the less likely the inherently limited procedures required by auditing standards would identify it. In addition, as with any audit, there remained a higher risk of non-detection of irregularities, as these may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls. We are not responsible for preventing non-compliance and cannot be expected to detect non-compliance with all laws and regulations.

Use of our report

This report is made solely to the charitable company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006, and to the charitable company's trustees, as a body, in accordance with Regulation 10 of the Charities Accounts (Scotland) Regulations 2006. Our audit work has been undertaken so that we might state to the charitable company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charitable company and the charitable company's members as a body and the charitable company's trustees as a body, for our audit work, for this report, or for the opinions we have formed.

1 Accounting policies

1.1 Statutory information

Retrak is a charitable company limited by guarantee and is incorporated in England & Wales. The registered office address is The Lexicon 3rd Floor, Mount Street, Manchester M2 5NT

1.2 Basis of preparation

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019) – (Charities SORP FRS 102), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (September 2015) and the Companies Act 2006.

Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy or note.

These financial statements consolidate the results of the charitable company and its wholly-owned Ugandan subsidiary the Tigers Club Project Limited on a line by line basis. Transactions and balances between the charitable company and its subsidiary have been eliminated from the consolidated financial statements. Balances between the two companies are disclosed in the notes of the charitable company's balance sheet. A separate statement of financial activities, or income and expenditure account, for the charitable company itself is not presented because the charitable company has taken advantage of the exemptions afforded by section 408 of the Companies Act 2006.

1.3 Public benefit entity

The charitable company meets the definition of a public benefit entity under FRS 102.

1.4 Going concern

At 31 March 2021, the group had net assets of £1.08m, which is sufficient for six months of activity at historic levels. The directors have prepared detailed trading and cash flow forecasts which show the group being able to operate for the foreseeable future without seeking borrowings or overdrafts. This included the effects of COVID-19 and assumptions that historic funding levels would be reduced as individual donations reduced (as individuals are impacted by any recession) and events are cancelled (due to social distancing requirements). The use of the Coronavirus Job Retention Scheme and the significant reduction in operating costs in the first quarter of the year to 31 March 2021, have mitigated some of the potential income reduction.

The directors are satisfied that the group can continue to operate and pay its debts as they fall due, and have prepared the accounts on the going concern basis accordingly.

It is still the intention of the board to merge the activities of Retrak fully into Hope for Justice. This can only happen once certain existing grants within Retrak have expired. Once all activities are migrated into Hope For Justice the intention is to make Retrak a dormant entity. The accounts are prepared on a Going Concern basis as all activities will continue for the foreseeable future.

For the year ended 31 March 2021

1.5 Judgements and key sources of estimation uncertainty

In the application of the group's accounting policies, the directors are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based upon historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised where the revision affects only that period, or in the period of the revisions and future periods where the revision affects both current and future periods.

Impairment of non-current assets

The determination of whether there are indicators of impairment of the group's tangible assets. The factors taken into consideration in reaching such a decision include the economic viability and expected future financial performance of the asset.

There are no estimates or assumptions which have a significant risk of causing a material adjustment to the carrying amount of any assets or liabilities.

1.6 Income

Income is recognised when the charity has entitlement to the funds, any performance conditions attached to the income have been met, it is probable that the income will be received and that the amount can be measured reliably.

For legacies, entitlement is taken as the earlier of the date on which either: the charity is aware that probate has been granted, the estate has been finalised and notification has been made by the executor(s) to the charity that a distribution will be made, or when a distribution is received from the estate. Receipt of a legacy, in whole or in part, is only considered probable when the amount can be measured reliably and the charity has been notified of the executor's intention to make a distribution. Where legacies have been notified to the charity, or the charity is aware of the granting of probate, and the criteria for income recognition have not been met, then the legacy is a treated as a contingent asset and disclosed if material.

1.7 Interest receivable

Interest on funds held on deposit is included when receivable and the amount can be measured reliably by the charity; this is normally upon notification of the interest paid or payable by the bank.

1.8 Fund accounting

Restricted funds are to be used for specific purposes as laid down by the donor. Expenditure which meets these criteria is charged to the fund.

Unrestricted funds are donations and other incoming resources received or generated for the charitable purposes.

Designated funds are unrestricted funds earmarked by the trustees for particular purposes.

For the year ended 31 March 2021

1.9 Expenditure and irrecoverable VAT

Expenditure is recognised once there is a legal or constructive obligation to make a payment to a third party, it is probable that settlement will be required and the amount of the obligation can be measured reliably. Expenditure is classified under the following activity headings:

Costs of raising funds relate to the costs incurred by the charitable company in inducing third parties to make voluntary contributions to it, as well as the cost of any activities with a fundraising purpose

Expenditure on charitable activities includes the direct costs of delivering projects undertaken to further the purposes of the charity and their associated support costs

Irrecoverable VAT is charged as a cost against the activity for which the expenditure was incurred.

1.10 Allocation of support costs

Resources expended are allocated to the particular activity where the cost relates directly to that activity. However, the cost of overall direction and administration of each activity, comprising the salary and overhead costs of the central function, is apportioned on the following basis which are an estimate, based on staff time, of the amount attributable to each activity.

Where information about the aims, objectives and projects of the charity is provided to potential beneficiaries, the costs associated with this publicity are allocated to charitable expenditure.

Where such information about the aims, objectives and projects of the charity is also provided to potential donors, activity costs are apportioned between fundraising and charitable activities on the basis of area of literature occupied by each activity:

Governance costs are the costs associated with the governance arrangements of the charity. These costs are associated with constitutional and statutory requirements and include any costs associated with the strategic management of the charity's activities.

1.11 Operating leases

Rental charges are charged on a straight line basis over the term of the lease.

1.12 Tangible fixed assets

Items of equipment are capitalised where the purchase price exceeds £500. Depreciation costs are allocated to activities on the basis of the use of the related assets in those activities. Assets are reviewed for impairment if circumstances indicate their carrying value may exceed their net realisable value and value in use.

Depreciation is provided at rates calculated to write down the cost of each asset to its estimated residual value over its expected useful life. The depreciation rates in use are as follows:

Where fixed assets have been revalued, any excess between the revalued amount and the historic cost of the asset will be shown as a revaluation reserve in the balance sheet

Freehold property	25% straight line
Leasehold property	5% straight line
Motor vehicles	25% straight line
Fixtures and fittings	33% straight line
Computer equipment	33% straight line

For the year ended 31 March 2021

The value of land is not depreciated.

1.13 Investment properties

Investment properties are measured initially at cost and subsequently included in the balance sheet at fair value. Investment properties are not depreciated. Any change in fair value is recognised in the statement of financial activities and any excess of fair value over the historic cost of the investments will be shown as a fair value reserve in the balance sheet. The valuation method used to determine fair value will be stated in the notes to the accounts.

Investments in subsidiaries

Investments in subsidiaries are at cost.

1.14 Stocks

Stocks are stated at the lower of cost and net realisable value. In general, cost is determined on a first in first out basis and includes transport and handling costs. Net realisable value is the price at which stocks can be sold in the normal course of business after allowing for the costs of realisation. Provision is made where necessary for obsolete, slow moving and defective stocks. Donated items of stock, held for distribution or resale, are recognised at fair value which is the amount the charity would have been willing to pay for the items on the open market.

1.15 Debtors

Trade and other debtors are recognised at the settlement amount due after any trade discount offered. Prepayments are valued at the amount prepaid net of any trade discounts due.

1.16 Cash at bank and in hand

Cash at bank and cash in hand includes cash and short term highly liquid investments with a short maturity of three months or less from the date of acquisition or opening of the deposit or similar account. Cash balances exclude any funds held on behalf of service users.

1.17 Creditors and provisions

Creditors and provisions are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors and provisions are normally recognised at their settlement amount after allowing for any trade discounts due.

The charity only has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value with the exception of bank loans which are subsequently measured at amortised cost using the effective interest method.

For the year ended 31 March 2021

Analysis of staff costs, trustee remuneration and expenses, and the cost of key management personnel

Staff costs were as follows:

	2021 £	2020 £
Salaries and wages	700,225	771,833
Pension contributions	4,345	9,806
Social security costs	68,296	76,809
	772,866	858,448

No employees earned over £60,000 during the year (2020: 0).

The total employee benefits including pension contributions of the key management personnel were £0 (2020: £88,754). Salaries of key management personnel are included in the accounts of Hope For Justice (Company Number 6563365). Retrak's other UK based staff were transferred onto the Hope For Justice payroll with effect from 1st April 2021.

The charity trustees were not paid or received any other benefits from employment with the charity in the period (2020: £0). No charity trustee received payment for professional or other services supplied to the charity, or reimbursement of travel and subsistence costs (2020: £0).

6 Staff numbers

The average number of employees (head count based on number of staff employed) during the year was as follows:

	2021	2020
	No.	No.
Raising funds		1
Charitable activities	247	212
Support	-	1
Governance	:=:	1
	:5	
	247	215

7 Related party transactions

There are no related party transactions to disclose for 2021 (2020: none).

Notes to the financial statements

For the year ended 31 March 2021

There are no donations from related parties which are outside the normal course of business and no restricted donations from related parties.

8 Taxation

The group is exempt from corporation tax as all its income is charitable and is applied for charitable purposes.

All of the above assets are used for charitable purposes.

For the year ended 31 March 2021

10 Subsidiary undertaking

The Tiger Club Project Limited is a subsidiary charity of Retrak. The company is registered in Uganda as a company limited by guarantee. It is considered a subsidiary for financial reporting purposes as 75% of the Board are Retrak representatives.

The purpose for the company has been to hold title to land in Uganda that is used within the charitable operations of Retrak's branch in Uganda. The land is the only asset on the company's balance sheet and the company was not otherwise trading and so has no turnover or profit to report.

There are no other transactions to disclose with the subsidiary. The fair value of the asset is £102,543 (2020 £102,543)

11 Parent charity

The parent charity's gross income and the results for the year are disclosed as follows:

	Gross income Result for the year			2021 £ 2,544,618 397,515	2020 £ 2,217,747 (25,252)
