# Our Aims and Objectives

# Purpose and Activities

Our charity's purpose, as set out in the objects contained in the company's memorandum of association, is to promote humane behaviour towards Border Collie dogs by providing appropriate care, protection, treatment and security of Border Collies which are in need of care and attention by reasons of sickness, maltreatment, poor circumstances or ill usage and to educate the public in matters pertaining to Border Collie welfare in general and the prevention of cruelty and suffering among Border Collie dogs.

The aims of the charity are to ensure the future and survival of the Border Collie as a breed known for its intelligence, working ability and loyalty by providing a better understanding of the Border Collie, its needs and training in both working and companion homes by promoting effective education about the specific needs of Border Collies, and to provide sanctuary, both physical and mental for dogs, of a Border Collie type who are in difficulties, especially where they are unsuitable for rescue organisations and re-homing programmes.

#### Ensuring our work delivers our aims

The Charity was established with the benefit of a legacy from the estate of the late Bernard Mahon to support the work which was being undertaken by Barbara Sykes to promote the Border Collie and to provide a safe haven for dogs who were suffering from mistreatment or abuse, as originally publicised in the Freedom of Spirit magazine.

Ine main emphasis of the work of the Trust to date, has been to deal with the large number of rescue cases which are being referred for assistance, with the benefit of the legacy from the late Helen Clark the emphasis now is to locate permanent accommodation to ensure the long term viability of the Trust.

#### The focus of our work

During the year, we have continued to deal with the impact of the Covid-19 pandemic which has impacted on both the way the Trust operates to keep staff staff and the ability to raise funds from our usual events. We have continued with the increased number of Kennel Assistants hours to support and assist in the care and training of the dogs in the care of the Trust so that the Chief Executive can spend more time promoting the work of the Trust and assisting the band of devoted fund raising volunteers.

The relationship with the ISDS (International Sheep Dog Society) which initially started by providing valuable information for their archive history of the breed website has now grown so that we are the only rescue organisaion which they officially recognise and provide a link to on their website and in normal years the Trust is invited to undertake fundraising at their events.

#### How our activities deliver public benefit

Our main activities and how we try to help the Border Collie breed are described below. All our charitable activities are focused on the promotion of the Border Collie breed, and providing sanctuary and training for dogs who will either be re-homed into a supportive working or companion home, with appropriate financial assistance for those older dogs who require additional veterinary care, or who will remain housed by the Trust for the remainder of their lives.

The year has been impacted by the on-going Covid 19 pandemic which has impacted the way the staff had to operate to keep them safe and resulted in an uprecedented number of adoption enquiries. We did not follow a lot of rescues by doing virtual rehoming, we still kept our dogs as long as needed to assess them correctly and to put them on training programmes. Due to Covid we were unable to have our usual fund raising events or to take our stand to the major shows.

#### Rescue Dogs

With the number of abandoned and unwanted dogs continuing to escalate each year our kennels assistants have worked hard to ensure that our limited accommodation available has been used to full potential with 956 dogs now accepted by the Trust to date, we took in 50 dogs from pounds and homes, 39 were rehomed during the year, one old dog and one which after a full assessment and an opinion from the vet they were too aggressive for rehoming or to safely accommodate in sanctuary due to severe aggression pts, nine dogs went forward to the following year

All dogs are fully assessed by veterinary professionals, microchipped and most are neutered while in the care of the Trust, and potential adopters are checked and are required to spend time with the dogs at the charity's base before they are allowed to take a dog away on either a short term foster basis or longer term adoption.

Where dogs are older, with greater age related veterinary care requirements, the charity may provide appropriated financial assistance with costs in cases of hardship.

#### Training and Promotion

The Charity has produced a video which has allowed it to be able to undertake a wider range of educational activities, particularly with young people and to assist in fund raising by showing the work undertaken at meetings and seminars.

The charity is grateful to the ISDS (International Sheep Dog Society) for their recognision of the Trust and allowing it to provide educational material and undertake fundraising at all its major events. The Trust also regularly promotes its work and views through the website, seminars and events.

Where possible, the charity has also continued a programme of training events, aimed mainly at other rescue organisations, to ensure that they are able to accommodate and provide as safe a haven as possible for any Border Collies that they are caring for.

#### **Principal Funding Sources**

The largest source of funds has been the legacy from the late Helen Clark.

To ensure the Trust can continue to operate, the charity has been working to attract donations from individuals who we are able to contact through the website and functions the Trust attends together with continued support from supporters of the Trust, many donated with the benefit of gift aid.

Given the continued demand for the services offered by the Charity and the reduced level of reserves available to support its continuing work we now have a very able volunteer who has submitted a number of applications to charitable trusts to see if they are able to provide financial support with both revenue and capital projects.

We are grateful for the continued support from the Rose Animal Sancutary, the Hobson Trust and the Ostachini Family Trust and other grant givers who continue to support the day to day work of the Trust. Which allows the continued higher staff establishment which means we are able to support each dog more fully, ensuring where possible they are available for rehoming sooner.

The Trust is also well supported by a number of volunteers who donate their time and effort to directly assist the Trust, through work in looking after or exercising the dogs in the Trust's care, assisting with transport or undertaking a range of other duties, or who have donated goods or services which can be auctioned to produce funding for the Trust.

#### **Investment Powers & Policy**

Following the receipt of the Mahon and Clark legacies, amounts are currently invested in deposits with two major UK banks and in two Charities Common Investment Fund and the Board have agreed a prudent investment policy of continued use of bank deposits, Charity Investment funds where not covered by governmental guarantees spread over a range of banks, and in National Savings and gilt edged securities.

#### Reserves Policy

The Board of Management has examined the charity's requirement for reserves in light of the main risks to the organisation. It has established a policy whereby unrestricted funds not committed or invested in tangible fixed assets held by the charity should cover at least a year's expenditure.

Now that the Trust is running on a firm footing, and income and expenditure almost match the trustees are considering the future of our work and have set up Project Expansion to start to build up funds for the next phase of our development.

#### **Plans for Future Periods**

The charity plans to expand its activities in future years with an increased emphasis on the provision of training and advice with work continuing on rescue dogs and the care of those in the Trust's long term care.

The option to extend the lease of the land on which the kennel accommodation was built for a further seven years to 26th October 2022 means that the Trust needs to consider how to secure the medium to long term future of the Trust. Work has been on-going to identify options on alternative premises which could be utilised to not only provide permanent accommodation but also a trading income to subsidies the work of the Trust and how this could be financed. One option was investigated fully in the year, incurring professional fees, but we were unable to agree a purchase price.

The Board has been expanded to allow the skills and resources necessary to take the Trust forward so it will eventually be able to operate when the founding Trustees retire.

With more and more dogs in need of rescue space than ever before with our limited accommodation and facilities we are unable to cater for all the dogs needing to come into our care. The Trust's training and rehoming programmes for dogs from both private homes and the dog pounds has been so successful that with more kennels, better facilities and more trainers and training space we could not only accommodate more dogs but could prepare them for rehoming much sooner than at present. The Trust provides back up and training for all its adopters and at present there are only outdoor facilities making it very difficult to provide the service that is needed to ensure that each adopter fully understands the dog they are adopting.

Expansion to improved and larger facilities would mean the Trust could cater for more dogs, prepare them for rehoming in a shorter time and could provide facilities being the base for sanctuary dogs and ones that need more intensive training. The expansion would provide the opportunity to take in dogs that left in the homes or the dog pounds are put to sleep. At present we can only cater for a very small percentage of these dogs.

#### Structure, Governance and Management

#### Governing Document

The organisation is a charitable company limited by guarantee, incorporated on the 27th June 2007 and registered as a charity on the 14th November 2007. The company was established under a Memorandum of Association which established the objects and the powers of the charitable company, which were updated on the 8th November 2008 at the request of the Charity Commission, and is governed under its Articles of Association. In the event of the company being wound up members are required to contribute an amount not exceeding £1.

#### Recruitment and Appointment of the Board of Directors

Under the requirements of the Memorandum and Articles of Association the members of the Board of Management can continue to serve indefinitely.

The Board of Management include individuals skilled in the care of Border Collies, the provision of training and information and the management and administration of charities as well as a broad mix of general business skills. The requirements of the charity are regularly reviewed and additional members will be sought if and when any additional skills or experience are required.

#### Trustee Induction and Training

The induction of the newer Trustees has been impacted by the Covid-19 pandemic, with limited ability to travel and spend time involved in the day to day operations of the Trust. However, as a business case for new premises has been built up they have been actively involved through undertaking specific functions and through a number of virtual meeting. All Trustees are encouraged to identify any additional training requirements which would be beneficial to the work of the charity, and if appropriate courses can be identified, they will be funded from the funds of the charity.

#### Risk Management

The Board of Management has conducted a review of the major risks to which the charity is exposed. A risk register has been established which is updated at least annually. Where appropriate, systems and procedures have been established to mitigate the risks the charity faces. Internal control risks are minimised by the implementation of procedures for the authorisation of all transaction and projects.

Procedures are in place to ensure compliance with health and safety of staff, volunteers, clients and visitors to the charity's premises and those attending training events which have had to be reviewed and updated in response to the Covid 19 pandemic.

Full registration is maintained for the various databases held by the charity with the Information Commissioner's Office and a policy of insurance is held with the NFU Mutual Insurance Company for the major risks facing the charity.

#### **Organisation Structure**

The Board of Directors meet formally as and when required, at least annually, with other decisions made through the use of virtual meetings using appropriate electronic means of communication and evidenced as necessary by written resolution signed by a quorum of Directors.

# Notes forming part of the Financial Statements for the year ended 30th June 2021

#### 1 Accounting Policies

The principal accounting policies adopted, judgements and key sources of estimation uncertainty in the preparation of the Financial Statements are as follows:

#### a. Basis of accounting

The Financial Statements have been prepared in accordance with the Accounting and Reporting by Charities: Statement of Recommended Practice applicable in the UK and Republic of Ireland (FRS102) (effective 1st January 2015) - (Charities SORP (FRS102)), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS102 and the Companies Act 2006.

The Freedom of Spirit Trust for Border Collies meets the definition of a public benefit entity under FRS102. Assets and liabilities are initially recognised at historical cost or transactional value.

## b. Preparation of the accounts on a going concern basis

The Trust reported a reasonable surplus for the year and has transferred funds to the Project Expansion Fund. The Trustees believe that this does not adversely affect the Trust and on this basis the charity is a going concern.

#### c. Incoming resources

All incoming resources are included in the Statement of Financial Activities when the charity is entitled to the income and the amount can be quantified with reasonable accuracy. The following specific policies are applied to particular categories of income.

Legacies are included when the charity has been notified of the gift and the amount is reasonably certain.

Grants are recognised when the matching expenditure is incurred.

Voluntary income is received by way of donations and gifts and is included in full in the Statement of Financial Activities when received.

Donated services and facilities are included at the value to the charity where this can be quantified. The value of services provided by volunteers has not been included in these accounts.

Gift aid is recognised as a debtor in respect of all appropriate gifts recognised in the accounts.

Interest on funds held on deposit is included when receivable and the amount can be measured reliably; this is normally upon notification of the interest paid or payable by the Bank.

#### d. Fund accounting

Unrestricted funds are available to spend on activities that further any purposes of the Trust. Designated funds are unrestricted funds which the trustees have decided at their discretion to set aside for a specific purpose.

# Notes forming part of the Financial Statements for the year ended 30<sup>th</sup> June 2021 (cont.)

#### e. Resources expended

Costs of generating funds comprise the costs associated with attracting voluntary income.

Charitable expenditure comprises those costs incurred by the charity in the delivery of its activities and services for its beneficiaries. It includes both costs that can be allocated directly to such activities and those costs of an indirect nature necessary to support them.

Governance costs include those costs associated with meeting the constitutional and statutory requirements of the charity and include accountants' fees and costs linked to the strategic management of the charity.

All costs are allocated between the expenditure categories of the Statement of Financial Activities on a basis designed to reflect the use of the resource. Costs relating to a particular activity are allocated directly; others are apportioned on an appropriate basis as set out in Note 3

#### f. Tangible fixed assets and depreciation
