

# Oxford Geology Group

Oxfordshire's geological society for over sixty years

## Annual Report of Trustees 2019-2020

The Covid-19 Pandemic and related governmental regulations made the established activity of The Oxford Geology Group (OGG) impossible during this reporting period.

Online activity continued via the OGG website [www.ogg.rocks](http://www.ogg.rocks) and through our social media platforms. We have been revising and improving our public information pages, providing engaging reference and reading for all those interested in the Earth and planetary sciences. Our aim is to promote greater understanding of the abiotic world - we believe that when completed, our online material will be a useful reference for schools, colleges and the general public.

All other activity of the society was suspended during this period.
