REPORT OF THE TRUSTEES FOR THE YEAR ENDED 30TH SEPTEMBER 2021

The trustees who are also directors of the charity for the purposes of the Companies Act 2006, present their report with the financial statements of the charity for the year ended 30th September 2021. The trustees have adopted the provisions of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019).

OBJECTIVES AND ACTIVITIES

Objectives and aims

The Charity's principals are based on the Christian ideal, but our services are available to anyone regardless of gender, ethnic origin, religion or personal beliefs. Living Springs provides accommodation and support to families, young pregnant women and mothers/fathers with their babies. Assistance with parenting skills and life skills is given including assertiveness, budgeting, menu planning, cooking and social skills.

There has been no change in the charity's objects or policies during the period.

Significant activities

In planning our activities for the year, we kept in mind the Charity Commission's guidance on public benefit at our trustee meetings.

The year has not seen any significant activities that deem mention in these accounts and the work has proceeded as normal.

Volunteers

Due to the extremely sensitive work that we undertake and the stringent 'vetting' process that Volunteers are required to undergo, acquiring and using Volunteers can be difficult and complex. However, we do have a couple of regular Volunteers who continue to provide help and support in the life of Living Springs.

ACHIEVEMENT AND PERFORMANCE

Charitable activities

Individual work is undertaken with parents and/or children on a one-to-one basis, in order to assist them in working through painful issues of their past. Educational, emotional and counselling support is given to residents and young people in order to start the process of reaching their full potential. We frequently work with individuals who exhibit challenging behaviour or have a form of learning disability.

Safeguarding Statement

Living Springs has not had any serious safeguarding concerns or allegations of recent or historical abuse against officers, staff or volunteers or service users during this financial year.

Living Springs has met the statutory requirements as a charitable organisation and as a charity regulated by OFSTED. We are unaware of any other matters that would cause concern or risk of non-compliance.

REPORT OF THE TRUSTEES FOR THE YEAR ENDED 30TH SEPTEMBER 2021

ACHIEVEMENT AND PERFORMANCE

Internal and external factors

The amount of work undertaken by the charity can vary due to the level of Local Authority budgets, whereby they try to complete more family work 'in-house' to keep their costs lower. As this is our main income stream through the residential assessments, this can cause some fluctuations throughout the year.

Alongside this a large part of this year has been challenging due to Covid. We have tried to balance the working environment for staff and residents, while managing this risk. We have introduced general risk assessments and business continuity plans around Covid, which over the period have been revised on several occasions to account with government policy changes. For a period, we had to reduce the number of residents on site to manage our risk which has had a financial impact, coupled with the cost of extra PPE equipment and cleaning, and some changes in staffing required to keep people safe. We introduced new methods of training and communications to keep a constant review of the situation. However, we are confident that with there being some hope that we are turning the tide on Covid with vaccinations, lateral flow tests twice weekly by all staff, and other elements, things will start to pick up in the financial year.

We also offer Community-Based parenting assessments as well as residential accommodation but we have seen a steady decline for this service during this period. 'Spot Purchase' still prevails, which does not allow us to plan ahead, but by faith we continue to provide a positive service. However, this is one area the Chief Executive and Board have highlighted, and we are currently looking at how we can diversify our income streams.

As part of the quality of care we provide, Living Springs still invests finances raised through fundraising and gifts to provide services that sit outside the normal assessment and support provided, thus delivering an extra level of care for residents. This takes the form of offering individual counselling for all residents, provision of essential clothing items, art therapy and psycho-education, alongside extra activities both at the centre or away at other venues, together with trips out and events.

The 'Centre Director' role has now been disseminated into three components, Chief Executive, Responsible Individual and Residential Manager with other individuals taking on this separate roles.

We continue to execute the development plan of strengthening and expanding the management and staff teams alongside upgrading some of our facilities

The Trustees continue to be vigilant, but are very optimistic that from our firm foundation, we can meet any challenges ahead. Therefore with the internal structures and facilities available, the charity is in an excellent position to continue fulfilling its aims and objectives into the year ahead.

FINANCIAL REVIEW

Principal funding sources

The charity has continued to fund a large proportion of its activities from internally generated funds through its day to day activities commissioned by Local Authorities.

The number of partnerships formed with commercial companies, groups, organisations and churches, has continued to be positive. With the Centre Director moving on and recruitment retirement of the Centre Director and recruitment of a new Chief Executive alongside changes in the Board, this is an area we are targeting for growth in our next financial year.

REPORT OF THE TRUSTEES FOR THE YEAR ENDED 30TH SEPTEMBER 2021

FINANCIAL REVIEW

Reserves policy

The charity's policy on reserves is that their level should be maintained to the extent required to finance working capital requirements for the next 6 months and also to finance specific projects undertaken from time to time.

The charitable fund's at 30th September 2021 were as listed below.

General funds invested in fixed assets General funds in current assets - free reserves 1,506,257 476,070 1,982,327

FUTURE PLANS

LS Trading (Stourbridge) has had a difficult year with the closure of Café 105 due to Covid 19, alongside being under the lockdown and Tier 4 restrictions. With the restrictions in place it has been difficult to keep the work up with visitors using the Upper rooms. With government grants and support from others we are trusting that we shall get through this extraordinary period and get back to some normality. We still hold the aims and objectives for Café 105 and the Upper rooms, creating a platform to extend our charitable work with partners in and around Stourbridge. We also continue to partner with other organisations in the premises, specifically in the "Upper Room", where restrictions have permitted usage. This includes general counselling, arbitration services, "back office" accounting services, meeting rooms, prayer gatherings and other similar activities.

It continues to be a priority of Living Springs to deliver a high-quality residential assessment service, alongside also looking to expand our service with the aim of meeting the needs of an increased number of service users as well as diversifying our income streams. To achieve this aim, we are actively pursuing other options, one of these options could be supported housing again. This will enable us to utilise the 5 units we have set aside for the work of the residential centre, and then with the other 4 units we are exploring their use to undertake supported housing and community focused work. The heart of the Trust is to not only have a quality residential assessment centre but to look at maximising our assets and knowledge with helping others that fit our mission and vision. However, before moving in this direction we will need to undertake a full review of assets and the direction of future expansion and movement of the work with children and families.

The ongoing review of staff continues as we build the right team to deliver the service we desire.

2. ACCOUNTING POLICIES

Basis of preparing the financial statements

The financial statements of the charitable company, which is a public benefit entity under FRS 102, have been prepared in accordance with the Charities SORP (FRS 102) 'Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)', Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Companies Act 2006. Income

All income is recognised in the Statement of Financial Activities once the charity has entitlement to the funds, it is probable that the income will be received and the amount can be measured reliably.

Expenditure

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

Allocation and apportionment of costs

Costs are allocated between direct charitable and other expenditure according to the nature of the cost. Where items involve more than one category they are apportioned between the categories according to the nature of the cost; staff costs are allocated on the basis of staff time. A detailed analysis of the allocation of costs is given in notes 7 and 8.

The charity is exempt from VAT and any irrecoverable VAT is included in the relevant expenditure category.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Freehold property
Plant and machinery

- 1% on cost

Fixtures and fittings

- 10% on cost

Motor vehicles

- 50% on cost and 33% on cost - 25% on reducing balance

Included in cost or valuation of land and buildings is freehold land of £100,000 (2020 - £100,000) which is not depreciated.

All fixed assets held are in furtherance of the charity's objects.

In the opinion of the trustees, the market value of the land and buildings is in excess of the net book value, but in the absence of a recent valuation it is not possible to quantify the difference.
