Trustees report for 2021

The Incorporated Trustees of the RSPCA South West Somerset Branch (the Branch) present their annual report and financial statements of the charity for the year ended 31 December 2021. The financial statements have been prepared in accordance with the accounting policies set out in note 1 to the accounts and comply with the Charity's constitution, the Charities Act 2011 and the Charities Statement of Recommended Practice (FRS 102) applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland published 16 July 2014.

Auditors

As the annual turnover of the charity is below the audit threshold of £1,000,000 the Branch accounts do not require an audit but an independent examination. This is undertaken by Gill Freeman of Milsted Langdon LLP, Motivo House, Alvington, Yeovil, BA20 2FG.

Membership

Members living in the Branch area who join the National Society automatically become members of the Branch. At 31 December 2021 the Branch had 105 members (2020: 98). Each member is entitled to a vote at the Branch annual general meeting after completing three months membership, and at any extraordinary general meeting which might be held.

Organisational Structure, Governance and Management

Constitution

The South West Somerset Branch is a separate charity registered with the Charities Commission on the 24 April 1962. It is constituted as an unincorporated association. The charity operates as an autonomous branch of the National Society subject to its rules for branches (as updated in 2012).

Organisational Structure

The Branch is governed by a committee of trustees who are elected at the AGM. All trustees are briefed on their responsibilities as trustees prior to their acceptance of the role.

The trustees hold regular meetings at which decisions are made. Day to day running of the Branch is delegated to the Branch Manager, and the day to day running of the shops is delegated to the Shop Managers.

Incorporation of the Charity Trustees

As an unincorporated institution, the Branch could not own the property directly and could only enter into agreements through the trustees. The trustees therefore applied to the Charity Commission to incorporate themselves as a body corporate (under Part 12 of the Charities Act 2011). The Charity Commission considered that the incorporation of the trustees would be in the interests of the Branch and granted the certificate of incorporation on 24 September 2020.

The name of the corporate body is "Incorporated Trustees of the RSPCA South West Somerset Branch".

RSPCA South West Somerset Branch

Trustees report for 2021

Related party relationships

The Branch operates within a national network of organisations that pursue the same objectives and which are collectively known as the Royal Society for the Prevention of Cruelty to Animals (the RSPCA).

The network comprises independent branches operating within a defined geographical area for the purposes of fundraising and the provision of animal care facilities and treatments. A regional structure also exists that is overseen on a national basis. This structure provides a team of specialist Inspectors and coordinates the policies and objectives of the branches. Representatives of the branches, regional and national organisations meet on an annual basis as a forum to consider all issues affecting animal welfare; and to develop policies for the future pursuit of their common aims.

The Branch also has links with other organisations committed to the same objectives.

Risk Management

The trustees actively review the risks, which the Branch faces on a regular basis through regular meetings of the trustees that cover operational and financial reviews. The main risks to which the charity is exposed have been identified as:

- Inability to operate animal and fundraising facilities because of fire or other destruction.
- Loss of key personnel.
- Loss of reputation through error or fraud.
- Loss of income through error, fraud or outside forces.
- Insufficient funds to cover the costs of animal welfare activities.
- Insufficient trustees to continue.
- Insufficient volunteers to fundraise.
- Risk of claims against volunteers.
- Risk of claims by volunteers or the public.
- Adverse publicity.
- Risk of adverse performance of investment markets in respect of the share portfolio held.

The trustees were satisfied that adequate control systems were in place to manage the risks as far as practicable and as far as could reasonably be anticipated.

Trustee induction and training

Every prospective trustee is provided with information about the work of the Branch and invited to attend one or more trustee meetings as an observer. Training is offered as appropriate to trustees; however with many volunteers working full or part time, requests for take up tends to be low.

Key management personnel remuneration

The trustees consider that the board of trustees comprise the key management personnel of the charity in charge of the directing and controlling of the charity. The operation of the charity on a day to day basis is delegated to the Branch Manager. All trustees give up their time freely and no trustee remuneration was paid in the year. Details of trustee expenses and related party transactions are disclosed in note 11 to the accounts.

RSPCA South West Somerset Branch
Charity number: 205655
Accounts for the year ended 31 December 2021

Trustees report for 2021

Trustees are required to disclose all relevant interests and register them and in accordance with the charity's policy, withdraw from decisions where a conflict of interest arises.

Objectives and activities for the public benefit

The objects of the Branch are to promote the work and objects of the National Society, whose vision is a world where all animals are respected and treated with compassion and whose mission is to prevent cruelty, promote kindness and alleviate suffering of all animals.

The trustees have reviewed the outcomes and achievements of the Branch objectives and activities for the year to ensure they remain focussed on the charity's aims and continue to deliver benefits to the public. The trustees have complied with the duty under the Charities Act 2011 to have due regard to public benefit guidance published by the Charity Commission. This can be illustrated as follows:

Advancement of animal welfare

Under the Charities Act 2011, the advancement of animal welfare is recognised as a distinct statutory charitable purpose. This legislation and the Animal Welfare Act 2006 indicate an acceptance by society that treating living creatures with compassion has a moral benefit for the public as a whole. Whilst this public benefit is clear, it is sometimes difficult to quantify and must be balanced against any detriment.

The Branch animal welfare work, although local in nature, benefits society at large and also aims to help people in need with the care of their animals. The next section of this report highlights the main Branch activities and demonstrates the benefit provided to the public (*in italics*). All our charitable activities, as described in more detail in the following pages of this report, focus on promoting kindness and preventing or suppressing cruelty to animals and are undertaken to further these purposes for the public benefit.

Charitable activities pursued for the public benefit

1. We support our local Inspectors by providing funds for the emergency treatment of animals which they consider will suffer as a result of inaction by the owners, or where the owners cannot be identified, or the animal has strayed or been abandoned and by taking in free of charge, mistreated or abandoned animals in emergency. This includes pets whose owners suffer ill health or financial difficulties or pass away. **In 2021 we provided all our local Inspectors with welfare vouchers which they can use to financially assist clients with the veterinary care of their animals. This helped 76 animals.** *The National Society's inspectorate (as well as providing education, information and advice) rescue animals in distress and enforce laws against the cruel mistreatment of animals in England and Wales by bringing prosecutions. This work is key to 'the prevention or suppression of cruelty' part of the RSPCA objects and promotes humane sentiments towards animals which involves moral benefit to humankind as a whole.*

2. We provide subsidised veterinary treatment for animals which are sick or injured and belong to local people on low incomes. We do this through a voucher scheme in association with veterinary practices within the Branch area. This service is currently administered by two dedicated volunteers. **In 2021 we issued veterinary welfare vouchers in support of 430 local animals.** *This work benefits those on means tested benefits by giving them financial help to obtain care for companion animals in need of veterinary treatment.*

RSPCA South West Somerset Branch
Charity number: 205655
Accounts for the year ended 31 December 2021

Trustees report for 2021

3. We provide subsidised neutering and micro-chipping of companion animals for those in the Branch area on low incomes. We do this through a voucher scheme in association with veterinary practices within the Branch area and through specific neuter campaigns. **In 2021 we helped to neuter 140 animals.** *This work helps to control cat/dog populations through neutering and benefits those on means tested benefits by giving them financial help to neuter and micro-chip companion animals, thereby promoting responsible pet ownership.*

4. We support through funds the neutering, vaccination, micro-chipping and initial veterinary costs of stray dogs collected by local authority dog wardens within the Branch area; which if unclaimed by their owners are subsequently re-homed through the local animal welfare charity, St Giles Animal Rescue. **In 2021 we helped with support for 12 stray dogs.** *This work benefits our local community (including local authorities) by preventing animals straying and posing a risk to themselves and to people through road traffic accidents.*

5. We have the use of facilities to take dogs and cats into RSPCA Brent Knoll Animal Centre courtesy of our neighbouring Branch in North Somerset and we are also able to take advantage of spare capacity at RSPCA West Hatch Animal Centre. *Whilst we recognise that companion animals provide measurable benefits to people's physical and mental health, we consider the provision of pets as subsidiary to the main charitable aim of this service, which is to reduce animal suffering.*

6. We support West Hatch Animal Centre by offering equipment or funds by request. *The public benefits from knowing that we are assisting wildlife and companion animals in desperate need of care and compassion within the Branch area.*

7. We respond to enquiries (both direct and via the society's national control centre) from the public about animals locally. *The public benefits from knowing that we can intervene to assist animals in need.*

8. Within the terms of our governing document, we support the National Society, other RSPCA Branches and other local animal welfare charities by providing funds or loans for use in major building projects, such as kennels. *The public benefits from increased local resources for dealing with mistreated or abandoned animals including pets of owners who suffer ill health or financial difficulties or pass away.*

9. We provide volunteering opportunities for those who wish to support our work, including trusteeship, retailing, fostering and fundraising. *This benefits local people and companies by providing the possibility of doing work which is compassionate and rewarding.*

10. We offer free animal care advice by the provision of leaflets and booklets from information points within our Branch charity shops. *The public benefits through the promotion of responsible pet ownership.*

Trustees report for 2021

Review of activities and achievements

Impact of COVID-19

The Branch has been impacted by the effects of Covid-19 and this has adversely impacted income for the year as the retail shops have had to close for extended periods. The Branch has made use of the Government's Job Retention Scheme and obtained £45,159 in business grants as well as reviewing costs and making reductions where possible. We would like to thank our shop landlords who have agreed to significant rent reductions in the lockdown periods and some thereafter.

We have continued to review our processes to ensure our shops are Covid secure and adapt as government guidance and restrictions have changed throughout the year.

We would like to thank all our staff and volunteers for their hard work throughout the year in making our shops Covid secure and their continued support throughout another difficult year as shops have opened and closed in line with Government restrictions.

Our shops have continued to stay open after the initial closure during the first quarter of 2021 reopening on April 4th 2021. Reflective of the rest of the high street, sales have been challenging but progressed through 2021 and we are hopeful that this will continue to allow us to rebuild our shop income. The trustees and Branch Manager are monitoring the position and taking action where appropriate and with the level of reserves are satisfied that the charity remains a going concern. The Branch started to generate income through online sales at the end of October 2021 and have seen a strong start, so this is an area which we hope to grow through 2022.

Significant activities

This year the Branch has supported:

- Locally owned animals through our Veterinary Voucher scheme.
- Animals via our local Branch Inspectorate voucher scheme fund.
- Stray dogs from our area at St Giles Animal Rescue Centre.
- West Hatch Wildlife Centre.

The Branch has also continued fundraising through:

- Our RSPCA charity shops.
- Collection boxes situated in local businesses.
- Online appeals via our website.
- Online sales from charity shop donations.
- Contact with local businesses to source donations/grants.

Trustees report for 2021

Financial review

Retail

Our fundraising shops at Bridgwater, Chard, Taunton and Wellington provide the main source of operational income for the Branch, however due to Covid-19 restrictions they were closed for the first quarter of 2021. In October 2021 the Branch started to sell items online to match public spending and shopping habits, this has provided additional revenue from donations.

Net income from the retail operation was £1,526 (2020: net loss £47,112).

Non-retail

Other income received by the Branch amounted to £209,453 (2020: £133,286) which represented an increase in income of £76,167. Included in this other income is £66,067 (2020: £80,798) of government grants received as a result of the coronavirus pandemic and legacy income of £103,014 (2020: £16,429). Of this legacy income £102,826 is due to be received by the Branch in June 2022 and the trustees have designated funds of £52,000 at 31 December 2021 for an education hub at West Hatch in anticipation of the funds being received. The branch spent £74,273 (2020: £97,567) on providing animal welfare in the year, and received an emergency fund repayment from central RSPCA of £9,668. In overall terms net income of £154,978 was generated in the year compared to a net loss of £20,245 in 2020.

Fundraising

The Branch benefits from the funds raised through collection boxes situated at various premises in South West Somerset. Our thanks are extended to all the organisations, businesses, individuals and volunteers who have supported our fundraising efforts this year. We also receive a small amount of donations via 'Give as you earn' and monthly supporter donations.

Reserves Policy

The Branch aims to hold sufficient reserves to be able to continue the charity's work for the foreseeable future by holding at least two years running costs. The trustees consider it prudent that, given the uncertainty of the income stream from year to year which is dependent on shop sales, unrestricted reserves should be sufficient to cover ongoing operational and support costs. Any additional funds held are to be applied to run animal welfare programmes. At 31 December 2021, the charity held £756,760 (2020: £601,390) of free reserves of which £52,000 have been designated for the education hub at West Hatch.

Investment Policy

The Branch holds several longer term savings bonds and deposits, the income from which is used to support the work of the Branch. At 31 December 2021 these investments had a market value of £62,000.

The Branch also holds an investment portfolio managed by Rowan Dartington. At 31 December 2021 these investments had a market value of £207,787.

RSPCA South West Somerset Branch
Charity number: 205655
Accounts for the year ended 31 December 2021

Trustees report for 2021

Future Developments

The Branch will continue with the following:

- Offer a subsidised veterinary welfare voucher scheme for local animals.
- Provide a local Inspectorate fund for animal neutering and welfare vouchers.
- Offer support to the RSPCA West Hatch Animal centre.
- Support the neutering, vaccination and initial veterinary costs of stray dogs from our Branch area which come into the care of St Giles Animal Rescue at St Giles Kennels, Wrantage.
- Work with our neighbours at RSPCA North Somerset branch to rehome animals from our Branch area via Brent Knoll Animal Centre and with the National Society to rehome via the West Hatch Animal Centre.

Statement of trustee's responsibilities

The charity trustees are responsible for preparing a trustees' annual report and financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting practice).

The law applicable to charities in England and Wales requires the charity trustees to prepare financial statements for each year which give a true and fair view of the state of affairs of the charity and of the incoming resources and application of resources of the charity for the period. In preparing those financial statements, the trustees are required to:

- Select suitable accounting policies and then apply them consistently;
- Observe the methods and principles in the applicable Charities SORP;
- Make judgements and estimates that are reasonable and prudent;
- State whether applicable accounting standards and statements of recommended practice have been followed, subject to any material departures disclosed and explained in the financial statements; and
- Prepare the financial statements on a going concern basis unless it is inappropriate to presume that the charity will continue in business.

The trustees are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the charity and to enable them to ensure that the financial statements comply with the Charities Act 2011, the applicable Charities (Accounts and Reports) Regulations, and the provisions of the constitution.

The trustees are also responsible for safeguarding the assets of the charity and taking reasonable steps for the prevention and detection of fraud and other irregularities.

The trustees are responsible for the maintenance and integrity of the charity and financial information included on the charity's website in accordance with legislation in the United Kingdom governing the preparation and dissemination of financial statements.

Independent examiners

A resolution to reappoint Gill Freeman of Milsted Landon LLP as independent examiner was proposed and agreed at the Annual General Meeting (AGM) held on 1 July 2021.

Approved and signed on behalf of the trustees by

Karen Gigg

Independent examiner's report to the trustees of RSPCA South West Somerset Branch

I report to the trustees on my examination of the accounts of RSPCA South West Somerset Branch for the year ended 31 December 2021.

Responsibilities and basis of report

As the charity trustees you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ('the Act').

Having satisfied myself that the accounts of the Charity are not required to be audited under Section 144(2) of the Charities Act 2011 and are eligible for independent examination, I report in respect of my examination of the Charity's accounts carried out under section 145 of the Charities Act 2011 and in carrying out my examination i have followed the applicable Directions given by the Charity Commission under section 145(5)(b) of the 2011 Act.

Independent examiner's statement

Since the Charity's gross income exceeded £250,000 your examiner must be a member of a body listed in section 145 of the 2011 Act. I confirm that I am qualified to undertake the examination because I am a member of ICAEW, which is one of the listed bodies.

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

1. accounting records were not kept in respect of the Charity as required by section 130 of the Charities Act 2011; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a 'true and fair view which is not a matter considered as part of an independent examination; or
4. the accounts have not been prepared in accordance with the methods and principles of the Statement of Recommended Practice for accounting and reporting by charities.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

Notes to the financial statements

1 Accounting policies

Basis of preparation

The accounts (financial statements) have been prepared under the historical cost convention with items recognised at cost or transaction value unless otherwise stated in the relevant note(s) to these accounts. The financial statements have been prepared in accordance with the Statement of Recommended Practice: Accounting and Reporting by Charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (Charities SORP (FRS 102) effective from 1 January 2019), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and the Charities Act 2011.

RSPCA South West Somerset Branch meets the definition of a public benefit entity under FRS 102.

The trustees consider that there are no material uncertainties about the charity's ability to continue as a going concern nor any significant areas of uncertainty that affect the carrying value of assets held by the charity.

Going concern

In light of the ongoing impact of the Coronavirus "COVID-19" pandemic, the trustees have reviewed and stress tested the financial position for the next twelve months. Following this review, the trustees consider there to be little impact on the Charity's ability to act as a going concern.

The trustees have reviewed the supply chains, key customers and the capital resources available and consider that the charity has adequate resources in place to continue trading for the next twelve months.

Funds structure

Unrestricted income funds are general funds that are available for use at the trustee's discretion in furtherance of the objectives of the Charity. Unrestricted funds include designated funds where the trustees, at their discretion, have created a fund for a specific purpose.

Further details of each fund are disclosed in note 20.

Income recognition

All income is recognised once the charity has entitlement to the income, it is probable that the income will be received and the amount of the income receivable can be measured reliably.

RSPCA South West Somerset Branch
Charity number: 205655
Accounts for the year ended 31 December 2021

Notes to the financial statements

Donations are recognised when the charity has been notified in writing of both the amount and settlement date. In the event that a donation is subject to conditions that require a level of performance by the charity before the charity is entitled to the funds, the income is deferred and not recognised until either those conditions are fully met, or the fulfillment of those conditions is wholly within the control of the charity and it is probable that these conditions will be fulfilled in the reporting period.

Income from the sale of donated goods in the shops operated by the charity is recognised once sold due to there not being a practical method of valuing the goods being donated by the general public.

Legacy gifts are recognised on a case by case basis following the grant of probate when the administrator/executor for the estate has communicated in writing both the amount and settlement date. In the event that the gift is in the form of an asset other than cash or a financial asset traded on a recognised stock exchange, recognition is subject to the value of the gift being reliably measurable with a degree of reasonable accuracy and the title to the asset having been transferred to the charity.

Interest on funds held on deposit is included when receivable and the amount can be measured reliably by the charity; this is normally upon notification of the interest paid or payable by the bank. Dividends are recognised once the dividend has been declared and notification has been received of the dividend due.

Expenditure recognition

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable settlement is required and the amount of the obligation can be measured reliably.

All expenditure is recognised on an accruals basis. All costs, including support costs and governance costs are allocated to the applicable expenditure heading that aggregate similar costs to that category. Where costs cannot be directly attributed to particular headings they have been allocated on a basis consistent with the use of resources, with central staff costs allocated on the basis of time spent, and depreciation charges allocated on the portion of the asset's use. Other support costs are allocated based on the spread of staff costs.

Government grants

Government grants are recognised on an accruals basis. They are recognised in income on a systematic basis over the periods in which the entity recognises the related costs for which the grant is intended to compensate.

Irrecoverable VAT

Irrecoverable VAT is charged against the expenditure heading for which it was incurred.

RSPCA South West Somerset Branch
Charity number: 205655
Accounts for the year ended 31 December 2021

Notes to the financial statements

Cost of raising funds

The costs of generating funds consist of costs incurred in attracting voluntary income, the management of investments and those incurred in trading activities that raise funds.

Charitable activities

Charitable expenditure comprises those costs incurred by the Charity in the delivery of its activities and services for its beneficiaries. It includes both costs that can be allocated directly to such activities and those costs of an indirect nature necessary to support them.

Support costs

Support costs include central functions and have been allocated to activity cost categories on a basis consistent with the use of resources, for example, allocating property costs by floor areas, or per capita, staff costs by the time spent and other costs by their usage.

Governance costs

These include the costs involving the public accountability of the charity and its compliance with regulation and good practice. These costs include costs related to independent examination, strategic management and Trustee's meetings and reimbursed expenses.

Taxation

The Charity is considered to pass the tests set out in Paragraph 1 Schedule 6 of the Finance Act 2010 and therefore it meets the definition of a charitable company for UK corporation tax purposes. Accordingly, the Charity is potentially exempt from taxation in respect of income or capital gains received within categories covered by Chapter 3 Part 11 of the Corporation Tax Act 2010 or Section 256 of the Taxation of Chargeable Gains Act 1992, to the extent that such income or gains are applied exclusively to charitable purposes.

Tangible fixed assets

Individual fixed assets costing £150 or more are capitalised and valued at historical cost.

Depreciation and amortisation

Depreciation is provided on tangible fixed assets so as to write off the cost or valuation, less any estimated residual value, over their expected useful economic life as follows:

Fixtures, fittings and equipment	25% reducing balance
Motor vehicles	25% reducing balance

RSPCA South West Somerset Branch
Charity number: 205655

Notes to the financial statements

Fixed asset investments

Investments are a form of basic financial instrument and are initially recognised at their transaction value and subsequently measured at their fair value as at the balance sheet date using the closing quoted market price. The statement of financial activities includes the net gains and losses arising on revaluation and disposals throughout the year.

The charity does not acquire put options, derivatives or other complex financial instruments.

The main form of financial risk faced by the charity is that of volatility in equity markets and investment markets due to wider economic conditions, the attitude of investors to investment risk, and changes in sentiment concerning equities and within particular sectors or sub sectors.

Realised gains and losses

All gains and losses are taken to the Statement of Financial Activities as they arise. Realised gains and losses on investments are calculated as the difference between the sales proceeds and their opening carrying value or their purchase value if acquired subsequent to the first day of the financial year. Unrealised gains and losses are calculated as the difference between the fair value at the year end and their carrying value. Realised and unrealised investment gains and losses are combined in the Statement of Financial Activities.

Stock

Stock is valued at the lower of cost and estimated selling price less costs to complete and sell, after due regard for obsolete and slow moving stocks. Cost is determined using the first-in, first-out (FIFO).

Goods donated by the general public to be sold in the shops operated by the charity are not included in the value of stock due to there being no practical method of determining the value prior to sale.

Financial instruments

The charity only holds basic financial instruments as defined in FRS 102. The financial assets and financial liabilities of the charity and their measurement basis are as follows;

Financial assets - trade and other debtors are basic financial instruments and are debt instruments measured at amortised cost. Prepayments are not financial instruments.

Cash at bank - is classified as a basic financial instrument and is measured at face value.

Financial liabilities - trade creditors, accruals and other creditors are financial instruments, and are measured at amortised cost. Taxation and social security are not included in the financial instruments disclosure definition. Deferred income is not deemed to be a financial liability, as the cash settlement has already taken place and there is an obligation to deliver services rather than cash or another financial instrument.

Accounts for the year ended 31 December 2021

Notes to the financial statements

Pensions

The charity operates a defined contribution pension scheme for employees. The assets of the scheme are held separately from those of the charity. Any annual contributions are charged to the Statement of Financial Activities.

Notes to the financial statements

11 Trustees remuneration and expenses

The trustees all give freely their time and expertise without any form of remuneration or other benefit in cash or kind (2020: £nil).

During the year, no trustees have received reimbursement for any expenses incurred (2020: £nil).

12 Staff costs

The aggregate payroll costs were as follows;

	2021	2020
	£	£
Wages and salaries	117,741	111,022
Social security costs	2,241	1,878
Pension contributions	1,489	3,610
	<u>121,471</u>	<u>116,510</u>

The number of persons (including senior management team) employed by the charity during the year expressed as a head count were as follows:

	2021	2020
	No	No
Full time and part time	9	8
	<u>9</u>	<u>8</u>

No employee received emoluments of more than £60,000 during the year.

At 31 December 2021	456	4,855	5,311
At 31 December 2020	609	5,094	5,703

14 Fixed asset investments

	Total £
Market value brought forward at 1 January 2021	195,218
Add: additions to investments at cost	30,720
Disposals at carrying value	(33,952)
Net gain on revaluation	15,801
Market value as at 31 December 2021	207,787
Investments at fair value comprised:	
Equities	207,787
National Savings Bonds	62,000
Market value as at 31 December 2021	269,787

All investments are carried at their fair value. Investment in equities and fixed interest securities are all traded in quoted public markets, primarily the London Stock Exchange. The basis of fair value for quoted investments is equivalent to the market value, using the bid price. Asset sales and purchases are recognised at the date of the trade at cost (that is their transaction value).

The significance of financial instruments to the ongoing financial sustainability of the charity is considered in the financial review and investment policy sections of the Trustees' Annual Report.

Liquidity risk is anticipated to be low as all assets are traded and the commitment to intervention by central banks and market regulators has continued to provide for orderly trading in markets and so the ability to buy and sell quoted equities and stock is anticipated to continue. The charity's investments are mainly traded in markets with good liquidity and high trading volumes. The charity has no material investment in markets subject to exchange controls or trading restrictions.
