Achievements and Performance

Para 1.20	We give our users independence to use and enjoy all the shopping, leisure and health facilities within Romford and further afield. They benefit from their retained independence and reduced isolation, whilst the local economy also benefits from their spending power, which would otherwise be lost.	

Additional information (opt	ional)	
Achievements against objectives set	Para 1.41	Our services were significantly affected by the Covid-related closures but re-opened in a Covid safe way at the earliest opportunity following each closure. Achievements this year relates more to survival than statistics. In the last year our equipment - electric scooters, electric wheelchairs and manual wheelchairs - was used on a total of 4430 times. A programme of replacing our older equipment was suspended due to the need to constrain expenditure.
Performance of fundraising activities against objectives set	Para 1.41	Trustees' financial strategy is to raise sufficient funds to ensure the continued viability of the charity. As such Trustees have not set objectives or fundraising targets. There has been limited fund raising in the last year due to the impact of Covid. In the last year £4,525 was raised.

Financial Review			
	SORP reference		
Review of the charity's financial position at the end of the period	Para 1.21	From a financial point of view, we have weathered the problems of closedown very well. This is mainly due to the financial support provided through government schemes. Without this the charity would have had to draw on reserves to a significant degree. The bank balance at the end of the year was £106,950. Total Income was £41,880, and our Expenditure was £50,583. Our reserves exceed the Trustee's Policy on Reserves which is to maintain one year's operating costs.	
Statement explaining the policy for holding reserves stating why they are held	Para 1.22	The Trustee's policy is to transfer funds not required for short term use to an interest-bearing account with Metro Bank. The Trustee's policy on reserves is to maintain a sum equal to one year's operating costs, as a reserve. This is to ensure the longer term financial stability of the charity in the current economic uncertainties. This will need careful monitoring as income will be significantly reduced until user numbers recover.	
Amount of reserves held	Para 1.22	£108,194 (greater than one year's operating costs)	
Reasons for holding zero reserves	Para 1.22	Havering Shopmobility holds reserves.	
Details of funds materially in deficit	Para 1.24	No funds are in deficit.	
Explanation of any uncertainties about the charity continuing as a going concern	Para 1.23	Covid restrictions has significantly reduced the routine hire of our equipment during closedown periods and has been slow to recover since lockdown restrictions have eased. This has had a consequent impact on income. The charity has sufficient reserves that this will not affect the financial viability of the charity in the short term but will need to be monitored for the future, and strategies developed accordingly.

Havering Shopmobility 2021/22 accounts. Independent Examiner's Report to the Charity Commission.

Charity Name & Number: Havering Shopmobility 1051614 1st April 2021 – 31 March 2022 Accounting year:

Opening statement:

As the nominated Independent Examiner for Havering Shopmobility's 2021/22 accounts I confirm that:

- The charity is not a Company.
- The charity's gross income is less than £250,000
- The charity is not VAT registered.
- The charity's governing document (its constitution) does not require "accrual" accounts nor professional auditing/examination.
- The accounts have been prepared on a "receipts & payment" basis.
- The charity's trustees have elected to have an Independent Examination of the accounts.
- I, acting as the Independent Examiner, declare that I am neither a trustee nor do I have any close relationship with any trustee of the charity.

This report should be read in conjunction with the Charity Commission's reporting form CC16a.

I am confident that the Charity Commission's end of year accounts reporting form CC16a accurately reflects the accounts maintained by Havering Shopmobility throughout the 2021/22 accounting year. Further, I confirm that the CC16a form includes the end of year statement figures for the charity's Current and Deposit bank accounts.

The charity's personnel have fully cooperated with my examination of the accounts and provided all the relevant documentation that I requested (the account income and expenditure spread sheets; bank statements; Petty Cash record etc,).

Like many other organisations, tthe Covid19 pandemic has had a significant impact on Havering Shopmobility's finances. Havering Shopmobility provide the public with the opportunity to hire mobility aids (eg. electric "buggies") so that they can utilise the shopping and other amenities of Romford town centre. As such, their main source of income comes from registration and user fees. However, user numbers have not yet returned to pre-Covid level and as a result, the charity has recorded a financial loss for this financial year.

Havering Shopmobility's 2021/22 total income was £41,880 (of which £8.800 was Government support) with outgoings of £5,375 resulting in an operating loss of £9,495.

The reduction in user numbers (and income) is probably due to several factors over which they have no control such as changes in shopping habits, the trend towards out of town shopping centres, and on-line shopping etc. which are also affecting many businesses on the high street.

Fortunately, the charity has sufficient reserves to "weather" this year's loss. However, the Trustees are aware of the situation and are in the process of making operational changes to address the issues.

As required by the Charity Commission's guide lines, the bank balance shown for both the start and end of the financial year has been declared as a "net" amount ie. the bank balance as shown on the bank statement less:

- Any un-presented cheques (there are none, since the charity has adopted electronic payments)
- Any other liabilities against the charity (eq. unpaid bills) of which there are none.

Dated: 9th Aug 2022

There have been no asset sales during this accounting period. However, the electric mobility equipment has been written down (depreciated) by approx 20% primarily due to ageing.
