3. Objectives and activities

The Objects of the Church are:

- to advance the Christian faith in such ways and in such parts of the United Kingdom or the world as the Trustees from time to time may think fit; and
- to relieve sickness and financial hardship and to promote and preserve good health by the provision of funds, goods or services of any kind, including through the provision of counselling and support in such parts of the United Kingdom or the world as the Trustees from time to time may think fit; and
- to advance education in such ways and in such parts of the United Kingdom or the world as the Trustees from time to time may think fit.

Summary of the main activities undertaken for the public benefit in relation to these objects:

The effect of Covid continued to impact the activities of Wyesham Christian Fellowship, but restrictions reduced and it became possible to do more. Employing a full time Pastor, it continued to care for individuals both in and out of the church family while conducting activities that were increasingly permitted. These are detailed under Achievements and Performance below. They included weekly activities such as Sunday Church Services, Sunday School, and community Coffee Mornings and Craft groups which provide opportunities for worship, prayer, learning about the bible, hearing the gospel, and being encouraged to follow Jesus Christ as well as enjoying company and fun. With other churches Wyesham Christian Fellowship held an open-air service. Services and other activities continued to be held on-line and then increasingly in person when permitted. Other activities of a more occasional nature were conducted either presenting the Christian faith or building relationships by helping projects that benefited the local community.

Additional activities involved ministries among those struggling with basic necessities for themselves or for their families or elderly needing help or some escape from loneliness and developing contacts and helping with Alcoholics and Drug Addicts. Numerous individuals who were in need whether due to age, illness, or life controlling habits have been supported throughout the year by church members, both through financial and where possible practical support. This included taking traditional Christmas lunches to the homes of people in need due to age, loneliness or infirmity.

The Church also gave to works by other bodies both locally and beyond that were beneficial to the communities within which they operated. Through different groups the Church supported organised development and emergency relief in the third world areas and partnered other local churches in maintaining a Food Bank for those in need in the Monmouth area.

In carrying out their responsibilities the Trustees of the charity have complied with their duty to keep in mind the guidance on public benefit published by the Charity Commission, and in particular the specific guidance on charities for the advancement of religion.

4. Achievements and performance

Weekly Sunday services have included worship, bible teaching with groups for children, youth and adults in the morning, and prayer. These services have been made available online for those unable to come to the church.

Weekly midweek activities included working with another church to produce school assemblies for children (5-11 years old).

Weekly Coffee Mornings primarily for older members of community were held and a weekly internet café run for all who need help and access to computer facilities so they can acquire training or contact government and other agencies where needed.

Pastoral care for people within the community has been provided, including to young people contacted through refreshments given on the streets of Monmouth on Saturday nights. Up to September the church employed an apprentice Youth & Community Worker for 4 days a week who also participated in schools' work which included close co-operation with another local church.

We were involved in helping people in financial difficulty via the charity "Christians Against Poverty" and gave individual assistance where appropriate.

The Food Bank in Monmouth and area has also been supported.

Summary of the charity's policy on reserves:

The Charity holds in reserves such funds as are required to cover future commitments and provision against unforeseen liabilities. At the year-end there were no such commitments.
